

GENESIS

# GENESIS G70

# GENESIS G70

GENESIS G70 has been born, embodying the brand's unique philosophy,  
design language and technology that is ultimately geared at bringing positive changes to customers' lives.

Download the augmented reality (AR) smartphone application.  
Scan images on pages that feature the icon on the left  
to get more detailed information and images of G70 in AR.

# ATHLETIC ELEGANCE

Style is perfected through the balance and harmony of details.

Experience the overwhelming attention to detail of G70,

including the elegant exterior lines that fully capture G70's dynamic and sporty energy,

to the thoughtful, cutting-edge technology that has been integrated into a sophisticated interior.

2.0T Supreme with full options (Beige and green two-tone)

2.0T Supreme with full options (Graceful gray)

Sleek headlamps merge with wide hood lines and distinctive character lines to create a lasting impression.  
Elegant side lines conceive rich volumes that convey impressive power.  
A playfully ascending trunk end, combined with a sporty bumper, completes G70's dynamic beauty.

2.0T Supreme with full options (Graceful gray)

2.0T Supreme with full options (Graceful gray)

3.3T Sport Supreme with full options (Lapis blue)

3.3T Sport Supreme with full options (Lapis blue)

Headlamps with black and copper bezel details and dark chrome garnishes are instant eye-catchers, while 19" wheels and Brembo brakes spur the excitement of high-performance driving. A bold and dynamic rear bumper, fitted with dual mufflers, reveal the undeniable presence of the 3.3T Sport.

3.3T Sport Supreme with full options (Lapis blue)

2.0T Supreme with full options (Beige and green two-tone)

2.0T Supreme with full options (Beige and green two-tone)

2.0T Supreme with full options (Beige and green two-tone)

Quilted seats with reinforced bolsters to improve waist and shoulder support offer optimal comfort. G70's interior exudes GENESIS' unique values and philosophy, materialized by the consistent use of delicately-stitched fine leather and exquisite, real aluminum finishing.

3.3T Sport's distinctive mood and the values it seeks can be immediately detected in the unique stitch colors and patterns of the upholstery alone, while the excitement of fun driving begins the moment one steps into a 3.3T Sport. The details that meet each fingertip, along with a wide layout of features surrounding the driver seat are enough to stir excitement even before the journey begins.

3.3T Sport Supreme with full options (Sport red)

3.3T Sport Supreme with full options (Sport gray)

# BALANCED PERFORMANCE

True performance is attained when details are perfected.

Power and safety optimized for dynamic driving, cutting-edge technology that borders on autonomous driving, and thoughtful convenience features that place priority on the comfort of its driver.

G70 offers impeccable details that are awe-inspiring.

THE MELDING OF A SOLID BODY  
AND AN ELECTRONIC ALL-WHEEL DRIVE SYSTEM

Advanced high strength steel (AHSS) \_ G70 offers the highest degree of car body rigidity in its class by increasing the average strength of the body, expanding the use of structural adhesives, and strengthening joint structures. It reduced the weight of the hood, front bumper beam, engine room strut bar, and package tray center panel by using aluminum and maximized passenger safety with a body structure that effectively absorbs shocks in the event of a collision.

※ Advanced high strength steel: Classification of Advanced high strength steels

Electronic all-wheel drive system (HTRAC) \_ HTRAC ensures a stable drive while accelerating and turning, and even while driving on slippery roads. It balances braking power between the left and right wheels, as well as power between the front and rear wheels, depending on road and driving conditions. The rear differential housing (2WD and 4WD) is made of aluminum to reduce weight.

# PERFECT SYNERGY BETWEEN EXPLOSIVE POWER AND AERODYNAMIC PERFORMANCE

**01.**  
**Aerodynamic performance** \_ Ground clearance, vehicle height, rear glass angle, and the height and slanting of the trunk have been carefully fine-tuned. In addition, a full length under cover that shields the lower part of the vehicle minimizes air resistance and delivers best-in-class aerodynamic performance (drag coefficient of CD 0.28).

**02.**  
**Drive mode control system** \_ Drivers can switch between Comfort, Eco, Sport, Smart, or Custom driving modes according to personal preference or driving situation. G70 offers exceptional driving and riding comfort by optimizing power distribution for each driving mode.

**03.**  
**8-speed automatic transmission / Shift-by-wire (SBW)** \_ A 2nd-generation rear-wheel 8-speed electronic automatic transmission with improved weight and efficiency renders a sophisticated response and smooth transmission. The Electronic shift-by-wire lever is light and compact, and a cushion-like finish on the top of the knob offers a luxurious grip.

**04.**  
**2.2 diesel engine** \_ A compound purifying catalyst reduces exhaust fumes and nitrogen oxides. A high-efficiency turbocharger, variable oil pump (2-wheel drive), and reinforced noise absorption ensure stable power, outstanding fuel economy, and cabin silence.

**202** Maximum output PS/3,800 rpm **45.0** Maximum torque kg-m/1,750~2,750 rpm

**05.**  
**2.0 turbo gasoline engine** \_ A low-to-mid-speed twin-scroll turbocharger, electric CVVT, and continuously operating VCM generate high torque even at low speeds, balancing drivability and silence to maximize driving pleasure.

**252** Maximum output PS/6,200 rpm **36.0** Maximum torque kg-m/1,400~4,000 rpm  
※ Maximum output with the Sport package: 255 PS / 6,200 rpm

**06.**  
**3.3 V6 turbo gasoline engine** \_ A middle phase air intake CVVT system and twin-turbo with an integrated exhaust head and electronic thermostat render the dynamic driving sensation of a high-performance sports sedan.

**370** Maximum output PS/6,000 rpm **52.0** Maximum torque kg-m/1,300~4,500 rpm

※ The diesel engine uses a selective catalytic reduction system that requires periodic replenishment of an aqueous urea solution.

# THE UNIQUE SYSTEMS AND DIFFERENTIATED DRIVING EXPERIENCE OF 3.3T SPORT

01.  
7" TFT LCD cluster \_ The engine oil temperature gauge, torque gauge, turbo booster gauge, lap timer (shows the best and the 3 most recent lap times), and G-Force (shows the current top, bottom, left, and right gravity acceleration or G values) can be seen through the cluster which also amplifies the enjoyment of high-performance driving with differentiated content.

02.  
Electronicaaly controlled suspension (ECS) \_ Driving stability and ride comfort are achieved simultaneously with shock absorbers that adjust damping force according to road surface and driving conditions.

03.  
Brembo brakes \_ To deliver the differentiated image and overpowering driving performance of a high-performance sports sedan, 3.3T Sport is equipped with Brembo brakes, offering superior quality and braking performance.

※ In addition to 3.3T Sport, specifications above apply to the 2.0T Sport package

# GENESIS' ACTIVE SAFETY CONTROL COMES EVEN CLOSER TO FUTURISTIC AUTONOMOUS DRIVING TECHNOLOGY

01. **Highway driving assist (HDA)** \_ An automated system helps control the speed of the car and keep the vehicle in the lane while driving on the highway by using comprehensive information such as distance from the car ahead, lanes, and navigation-based speed limit, eliminating the need to step on the brakes or the accelerator during long distance travel or while driving through congestion.

A. Longitudinal (headway distance) control   B. Lateral (lane keeping) control  
C. Highway-specific control

※ To ensure safety, drivers should hold on to the steering wheel while using the Highway driving assistance function.  
※ Driving assist features (such as Forward collision-avoidance assist) are meant to help drivers on specific high-risk driving situations. Please refer to the user's manual for operational details.

02. **Driver attention warning (DAW)** \_ A comprehensive system analyzes driving patterns of the driver and the vehicle's position in the lane to operate a 5-stage warning system. It posts pop-up messages and sets off warning signals to encourage the driver to rest when it detects driver fatigue or inattentive driving.

03. **Blind-spot collision warning (BCW)** \_ Two radars installed on the rear of the vehicle detect and warn the driver of fast-approaching vehicles in blind spots or on the side of the back of the car.

04. **Lane keeping assist (LKA)** \_ A camera installed on the front of the vehicle monitors and alerts the driver of accidental lane departures, and it assists steering the vehicle back into the lane.

05. **Smart cruise control with stop & go (SCC)** \_ Sensors automatically maintain a speed set by the driver while keeping a safe distance from cars in front. In the event of a full stop, the vehicle restarts automatically as long as the car in front departs within 3 seconds. In addition, the vehicle decelerates temporarily if cruising above the navigation-based speed limit in a highway warning zone.

# ADVANCED TECHNOLOGY THAT COMBINES SAFETY AND CONVENIENCE

01. **Forward collision-avoidance assist (FCA)** \_ Comprehensive monitoring of front radar and camera signals warns the driver of potential forward collisions or collisions with pedestrians, applying the brakes if warranted. This high-tech preventive safety system takes into consideration not only the safety of other vehicles but of pedestrians as well.

02. **Low beam assist-dynamic (LBA-D)** \_ Headlamps steer automatically to the left or the right together with the steering wheel, improving visibility and reducing blind spots while driving at night.

03. **High beam assist (HBA)** \_ Sensor monitors headlamps of oncoming (or tail lamps of preceding) vehicles and brightness of surroundings to switch between high beam and low beam automatically, promoting the safety of the driver as well as oncoming (or preceding) vehicles while driving at night.

04 & 05. **Head-up display (HUD)** \_ Vehicle information is projected on the front windshield through an 8" image with optimized brightness for excellent visibility even during the day.

**Parking distance warning (PDW F/R)** \_ Sensors mounted on the front and rear of the vehicle track distance from obstacles and sound an alarm to assist drivers while parking.

06. **Surround view monitor** \_ 4 HD cameras mounted on the front, sides, and rear of the vehicle show the surroundings in real time. Markings on the video image show distance from obstacles in the front and the back, and video projections of the back show the vehicle's anticipated trajectory when moving in reverse.

07. **9-airbag system** \_ Advanced airbags in the driver and front seats regulate the degree of inflation and timing of deployment according to the occupant's weight, position, and force of collision. 9airbags, including a driver's knee airbag, front and rear side airbags, and curtain airbags, minimize injuries.

※ Driving assist features (such as Forward collision-avoidance assist) are meant to help drivers on specific high-risk driving situations. Please refer to the user's manual for operational details.

# CONVENIENCE THAT RESULTS FROM THE THOUGHTFUL ORCHESTRATION OF DETAILS

01.  
**Server-based speech recognition system** \_ A server-based speech recognition service that uses Kakao's integrated AI platform (Kakao I) replaces the cumbersome process of navigating through the navigation screen to search for business names, addresses, and nearby gas stations with simple voice recognition.

02 & 03.  
**Smartphone connectivity (Apple CarPlay, MirrorLink support)** \_ An integrated infotainment system connects with smartphones to enable use of smartphone functions (navigation, audio, telephone, etc.).  
**Wireless smartphone charging system** \_ Smartphones can be conveniently charged without connecting wires and drivers who vacate the vehicle without their smartphones are given an alert.

04.  
**Lexicon premium sound** \_ 15 Lexicon speakers with the latest QuantumLogic surround sound technology are positioned optimally for the best acoustic performance. Real stainless steel midrange speaker grilles reproduce a clear voice range that is close to the original sound. Subwoofers installed on the bottom of the driver's seat and front seat provide the deepest and richest bass sound experience.

05.  
**Intelligent driver's seat** \_ An 8-way power seat, 4-way power lumbar support, 2-way power bolster, and 2-way electric cushion extension optimize seat adjustments to conform to the driver's body and posture and maximize comfort. Seat positions are displayed on the AVN screen for more convenient operation.

**Smart posture control system** \_ Seat, steering wheel, outside mirror and head-up display positions are automatically adjusted by feeding the driver's biometric information (height, seated height, and weight) into the system, which also analyzes the driver's driving posture. Health-related information, such as lumbar load and strain under the present driving posture can also be checked at any moment.

06.  
**Seat folding system (6:4 type)** \_ Ergonomic seat design provides a comfortable ride in long distance travel. A practical, 6:4 split, rear seat folding function facilitates the loading of long leisure equipment or bulky luggage.

※ Kakao I is Kakao's integrated AI platform that combines diverse technologies such as voice engine, visual engine, speech engine, and recommended engine. ※ Apple CarPlay™ is a registered trademark of Apple Inc.  
※ Compatibility between the Wireless smartphone charging system and specific smartphone models has to be verified with the manufacturer.

G70's overwhelming attention to detail embodies the true value of GENESIS.

3.3T Sport Supreme full options (Lapis blue)

# ADVANCED / SUPREME

225/50R17 Bridgestone tires & wheels  
(basic specification for 2.2D)

225/45R18 Bridgestone tires & wheels

**2.0T Supreme** (Carbon metal)  
with HTRAC and Wide sunroof

**2.2D Supreme** (Racing gray)  
with Wide sunroof, Signature design selection 2, and Genesis active safety control package 2

Full LED headlamps

Glossy chrome-coated radiator grille

Detachable LED turn signals (front)

Outside mirrors with LED turn signals

Double-jointed soundproof glass (front)

7" TFT LCD cluster

Heated steering wheel

8" navigation system

Dual full auto air conditioning system

Electric parking brake (EPB)

Puddle lamps with GENESIS logo

LED rear combination lamps

LED High-mounted stop lamp

Smart trunk system

Single twin tip muffler

Electronic chromic mirror (ECM)

Electric front seat

Front seat warming & air cooling ventilation

Rear seat warmer

Metal door scuffs

※ Navigation map update services are guaranteed for up to 8 years after the purchase and may be discontinued due to company circumstances.

# SPORT ADVANCED / SPORT SUPREME

225/40R19 (front) & 255/35R19 (rear)  
Michelin summer tires & wheels\*

Full LED headlamps\* (Black & copper bezels)

Dark chrome-coated radiator grille\*

Dark chrome-coated bumper garnish\*

Dark chrome-coated side fender garnish\*

7" TFT LCD cluster\* (Sport contents)

Dark chrome-coated surround molding\*

Dark red LED rear combination lamps\*

Dual mufflers\*

Brembo brakes\*

Metal pedal & Footrests\*

**3.3T Sport Advanced** (Royal blue)  
with HTRAC, Wide sunroof, and Brembo brakes

**3.3T Sport Supreme** (Blazing red)  
with Wide sunroof and Genesis active safety control package 2

Electric tilt & telescopic steering wheel

Black suede headlining

Wide safety sunroof

Gray stitched Nappa leather

Red stitched Nappa leather

Integrated memory system (IMS)

Driver seat electric bolsters

Driver seat electric seat extension

※ \* 3.3T Sport specifications applicable to the 2.0T Sport package as well. \* Brembo brakes may generate noises that are characteristic to their function. Brake pads are consumable parts not covered under warranty conditions.

MEMBERSHIP

MOBILITY CARE

5 year, 100,000 km warranty  
- General and body parts, as well as engine/powertrain components

3 year, 60,000 km free replacement of key consumables  
- Engine oil set (3.3T Sport and 2.0T: 6 times; 2.2D: 3 times),  
air conditioner filters (3 times), wiper blades (2 times),  
navigation updates (3 times)

※ Frequency is in accordance to manufacturers' guidelines and may differ between vehicle models.

Home-to-home pickup & delivery service  
- 3.3T Sport and 2.0T: 6 times; 2.2D: 3 times

Genesis Body Care Services  
- A unique, exterior body damage protection service that covers sheet metal, paint, and replacement costs on a new vehicle.

※ Except for warranty coverage, all services are only for original buyers who enroll in the Genesis Membership Program, available to individual, corporate, and private or corporate rental/lease clients.

Genesis Butler Service  
- For private Genesis customer only (EQ900, G80, G70)  
- Offer personalized consulting channel by an assigned Genesis service manager (9 a.m~18 p.m, Weekdays)  
- Offer service alerts for the replacement of wearable parts/upon receipt of a transmission of an error code  
※ Tel. 080-700-6000

Complimentary 5-year subscription to Genesis Connected Services  
- Complimentary use of basic services (Remote control, Safety and security, Vehicle maintenance, Navigation) for 5 years from the initial purchase.  
- Concierge service is a supplementary paid service available through Genesis Connected Services.

Quick and convenient vehicle maintenance through Genesis Connected Services and Home-to-Home service

- 24/7 service companion  
Vehicle diagnosis through Genesis Connected Services and counseling through MMS and website (service appointment suggestion when care is needed).  
  
- Preemptive maintenance  
Notification and scheduling of regular maintenance and parts replacement through Genesis Connected Services based on the vehicle's mileage.

GENESIS CONNECTED SERVICES

Experience the extraordinary value of advanced technology that protects the car and driver and provides a more comfortable and safer life.

Control your vehicle with your smartphone (Remote control): Drive in comfort even during a hot summer day by presetting your destination and pre-cooling your parked car remotely with your smartphone.

Always there when needed (Safety and security): If an accident causes your airbag to deploy, your vehicle will be automatically located and police, medical care, and insurance agents will be mobilized according to need.

1-step automatic breakdown detection and convenient maintenance service scheduling (Vehicle maintenance): Vehicle breakdowns are monitored in real time and regular vehicle assessments are conducted on designated dates. If breakdowns are detected, professional counseling is made readily available and maintenance service can be conveniently scheduled for a desired date and location.

Smart destination search and route navigation using real-time traffic information (Navigation): Drivers are guided to the optimum route to reach a desired destination quickly and conveniently avoiding congestion based on real-time traffic information.

\*Kakao I™ is Kakao's integrated AI platform that combines diverse technologies such as voice engine, visual engine, speech engine, and recommended engine.  
\*Kakao I Inside™ is a technology branding logo applied to products or services that make full or partial use of Kakao I's technology.  
\*Kakao I certification is given to products that use "Kakao I" technology that have proven to provide users with novel experiences or made life more convenient.

Personal assistance for a more convenient automotive experience (Concierge): Pressing the Genesis Connected Services button on the Inside rear-view mirror and stating a destination will prompt the "smart assistant" to automatically activate the navigation system and guide you safely and conveniently to your destination.

Basic services: remote control, security, vehicle management, navigation, Genesis Connected Services App  
Paid additional services: Concierge  
Genesis Connected Services Customer Service: 1899-5100

GENESIS BODY CARE SERVICES

Alleviates concerns about unexpected repair costs and car insurance premium increases resulting from damage to the vehicle's exterior after purchase.

- For Individuals and private business owners that purchase a new GENESIS G70 directly from authorized dealers (Excludes rental, lease, and company vehicles)

- Enrollment: Application upon delivery of a new vehicle

Area	Body Care Basic	Body Care Plus	Body Care Package
Enrollment Fee	100,000 points	160,000 points	250,000 points
Coverage	Body exterior	Body exterior	Body exterior (+ windshield, tires)
Coverage Limit	Up to KRW 1.5 million	Up to KRW 1.5 million	Up to KRW 1.5 million
Coverage Period	1 year or 20,000 km, whichever comes first	2 years or 40,000 km, whichever comes first	2 years or 40,000 km, whichever comes first
Frequency Limits	3 times	3 times	3 times

Remarks  
  
Windshield:  
1 time up to KRW 1 million  
Tires:  
1 time, 1 tire, up to KRW 400,000  
(1 year or 20,000 km, whichever comes first)

- Repair locations: Authorized service network  
(service centers operated directly by the company or bluehands)

※ Please refer to the Genesis website for details (coverage, procedures, etc.).

GENESIS VIRTUAL GUIDE

Genesis Virtual Guide is a mobile manual designed to help Genesis owners better understand and utilize the key features of Genesis based on AR, VR, and 3D content. Explore the key components, and functions that Genesis vehicle offers via Genesis Virtual Guide.

[Key Features]

1. AR (augmented reality) : When the camera places upon the engine compartment, descriptions of each component appear at its exact location.

2. Button scanner : A button scanner recognizes the button images in the vehicle interior and provides each function and feature.

3. 360 VR (virtual reality) : A 360 panoramic view VR enables users to check the interior and functions of a vehicle.

4. Dashboard : Provides explanations about each warning light, signal light, and LCD message.

[Download]

Search and download the Genesis Virtual Guide via Play Store (Android) or App Store (iOS). Or scan the QR code provided below.

SPECIFICATIONS

Units: mm, \* based on 225/40R19 tires in the front and 255/35R19 tires in the back

Maintain constant speeds for driving efficiency. | Fuel efficiency figures are for standard mode. Actual figures may vary depending on factors such as road conditions, driving patterns, vehicle load, ambient temperature, and maintenance status. | Vehicles portrayed in this publication may have optional features and differ from actual vehicles purchased. | Options, colors, and specifications shown in this publication may change to improve the appearance and performance of the vehicle. | For detailed information and notes on the specifications, please refer to the users' manual. | Engine performance figures are net values. Net values are based on a new measuring system legally imposed by the Korean Ministry of Transportation since 1997 that takes into account the resistance of exhaust gases, which may lead to a slight decrease from conventional gross output figures. | Leather seats make partial use of artificial leather. | GENESIS is sold exclusively through regional branches, official distributors, and certified car masters to ensure reliable product quality and pricing nationwide. | Failure to use genuine parts specified by GENESIS (engine oil, transmission oil, etc.) or usage of low-grade fuel may result in critical damage to the vehicle. | For more information on new technology and new specifications presented in this publication, please refer to the users' manual.

This publication shows top models and options to help customers' understanding.

Options apply differently according to the trim, package, power train, and exterior color selected. Please refer to the monthly price list for detailed specifications for each model.

GENESIS
