

NSX

NATURAL PROGRESSION

WITH PRECISION CRAFTED PERFORMANCE AS THE TOUCHSTONE and innovation as its tenet, new ways were created to engineer, design, build and produce an iconic, exotic sports car. The culture of forward-thinking and the goal of building a pinnacle supercar merged to allow innovation as a natural phenomenon, resulting in several world-first technologies in the car itself and its manufacturing processes.

BALANCE OF POWER

A USEFUL LENS FOR EXAMINING NSX is the principle of Interwoven Dynamics; it's the theme of balanced integration found in every aspect of the car. It reveres its past, but is imminently future-forward; equally at home on open roads and on the track; unabashedly beautiful and meticulously engineered. Ultimately, it's a New Sports eXperience that can only be called NSX.

A high-angle, close-up view of the front interior of a sports car. The seats are upholstered in red leather with black perforated inserts and red stitching. The center console and door panels are also red. The dashboard and steering wheel are black. A small 'NSX' badge is visible on the dashboard. The overall lighting is dramatic, highlighting the textures and colors of the interior.

THAT FEELING OF EMOTIONAL CONNECTEDNESS

reflects both the power of **dreams** and driven creativity that fuels the craft of engineering. Reignited in a new generation of engineers, that connection brought forth a new vision: to honor the car's lineage by creating a boldly evolved NSX for a new century.

A close-up, black and white photograph of a carbon fiber woven texture, likely a car part. The texture is a fine, repeating diamond pattern. A sharp, diagonal line runs across the frame, separating the textured area from a smoother, out-of-focus area in the upper left. The lighting creates highlights and shadows that emphasize the three-dimensional quality of the weave.

MATERIAL DECISIONS

Carbon fiber is brutally strong and beautifully lightweight – augmenting performance, styled for the street.

TOTAL AIRFLOW MANAGEMENT

The body is sculpted for performance – every line serves a purpose, including 10 intakes that provide air cooling as well as aerodynamic performance.

《《 HONDA NSX TECHNICAL SPECIFICATIONS 》》

POWER UNIT

Sport Hybrid SH-AWD Power Unit	Front wheels: Mechanically independent from rear power unit components, two electric motors (Twin Motor Unit); Rear wheels: Twin-turbocharged V-6 gasoline engine with one Direct Drive Motor and 9-speed Dual Clutch Transmission (DCT)
--------------------------------	---

ENGINE

Type	Twin-turbocharged DOHC V6
Layout	Longitudinally mid-mounted
Displacement	3,493 cc
Max. Power	507PS (373 kW) / 6,500 – 7,000 rpm
Max. Torque	56.1kg-m (550N.m) /2,000 – 6,000 rpm
Bore and Stroke	91.0mm x 89.5mm
Compression Ratio	10.0:1

FRONT TWIN MOTOR UNIT (TMU)

Max. Power	37PS (27kW) + 37PS (27kW) / 4,000 rpm
Max. Torque	7.4kg-m (73N.m) + 7.4kg-m (73N.m) / 0 – 2,000 rpm

DIRECT DRIVE MOTOR

Max.Power	48PS (35 kW) / 3,000 rpm
Max. Torque	15.1kg-m (148 N.m) /500 – 2,000 rpm

ADDITIONAL POWER UNIT CONTROLS

Integrated Dynamics System	Four-mode system: Quiet Sport Sport + Track
Hill Start Assist Idle-Stop System	

DIMENSIONS & CAPACITIES

Length (mm)	4,487
Height (mm)	1,215
Width (mm)	1,939
Wheelbase (mm)	2,630
Track (front/rear) (mm)	1,657/1,617
Curb Weight (kg)	1,777kg
Fuel Tank Capacity (L)	Approx.59L

BODY / SUSPENSION

Front Suspension Type	Double-wishbone, double joint lower control arm
Rear Suspension Type	Multi-link
Front Brake Calipers	Brembo Aluminum mono block
Rear Brake Calipers	Brembo Aluminum mono block
Front Wheels	19 x 8.5J
Front Tires	245/35ZR19
Rear Wheels	20 x 11J
Rear Tires	305/30ZR20

ACTIVE SAFETY FEATURES

Vehicle Stability Assist (VSA) with Traction Control
Anti-Lock Braking System (ABS)
Electronic Brake Distribution (EBD)
Tire Pressure Monitoring System (TPMS)

PASSIVE SAFETY FEATURES

Single-Stage Driver, Dual-Stage Passenger, Multiple-Threshold Front Airbags (SRS)
Front Side Airbags
Side Curtain Airbags

EXTERIOR FEATURES

Remote Keyless Smart Entry System
Jewel Eye® LED type Headlamp with Auto-On/Off
Carbon Fiber Roof

INTERIOR & COMFORT / CONVENIENCE

Dual-Zone Automatic Climate Control System and Air Filtration
Push Button Start
Active Sound Control (ASC)
Leather-Wrapped Steering Wheel

SEATS

Seats	Perforated leather and Alcantara®-trimmed with 4-way power adjusters with 4-way power lumbar and 2-position memory
-------	--

AUDIO & TECHNOLOGY

7-Inch Display Audio	Electrostatic Touch-Screen and Customizable Feature Settings
Audio System	Premium Audio system: 9 speakers, including subwoofer

INSTRUMENTATION

Digital Speedometer	TFT Screen
Tachometer	TFT Screen
Coolant Temperature Indicator	Analog Gauge

OPTION: FOR PREMIUM SPORT VERSION

Carbon Fiber Exterior Sport Package	Carbon fiber front spoiler, side sills, rear diffuser; Dark chrome exhaust finisher
Carbon Fiber Engine Cover	
Carbon Ceramic Brake Disks	
Carbon Fiber Rear Spoiler	
Exclusive Aluminum Alloy Wheels	
Interior Carbon Fiber Sport Package	Includes carbon fiber meter visor and steering wheel garnish, aluminum foot rest and sport pedals
Alcantara® Headliner	

Specification are subject to change without prior notice
