Accord Sedan EX-L shown in Satin Silver Metallic.

# sedan

GETTING THERE IS HALF THE FUN.

The fun begins the moment you get in and doesn't let up until you reach your destination. Spacious,

spirited and ingeniously crafted, Accord sets the

standard for every other family sedan in its class. Then again, Accord has appeared on Car and

Driver's list of "10 Best Cars" for no fewer than 15 out of 19 years, including the last four.

Poised, powerful and fun to drive, a vehicle that does everything exceedingly well. There's nothing quite like Accord Sedan. Experience its agility from inside the quiet 5-passenger interior. A place where comfort and control complement one another beautifully to provide an inspired driving environment. Let the powerful VTEC™ engine move you, and relax in the knowledge that it has been designed for reduced maintenance, with no major tune-up required for the first 160,000 km\*. Now channel that power to the road. Accord Sedan is a family car made for the driver in you — offering an experience that could only be described as

Accord Sedan EX-V6 interior shown in Ivory Leather (U.S. model shown).

exhilarating. A trait it owes in part, to Honda's legendary racing heritage and advanced technology. Choose the model that suits your lifestyle perfectly. From the well appointed, and thoughtfully designed 4-cylinder LX, Special Edition and EX-L, to the very powerful and lavish Special Edition V6 and EX-V6. Now let the fun begin.

\*Does not apply to fluid, filter changes, tire rotations, inspections and lubrications. See your owner's manual for details.

The advanced fully independent Double-Wishbone/Multi-Link Suspension System is designed to help isolate the wheels from the body so the springs and HPV shock absorbers can effectively cushion you from the road for a more enjoyable ride.

Accord's 2.3-litre 4-cylinder engine features an innovative, Honda-designed Second-Order Balance System that minimizes engine vibration and noise, resulting in a smoother, quieter ride.

Honda VTEC™ (Variable valve Timing and lift Electronic Control) technology gives Accord strong low-end torque and plenty of high rpm power. The result is less stress on the engine, more power, greater fuel efficiency and lower emissions.

Accord Coupe EX-L shown in Satin Silver Metallic.

# coupe

TOTAL FUN. ZERO GUILT.

Aggressive, breath-taking and every bit as exciting to look at as it is to drive. The 2002 Accord Coupe is an ingenious blend of elegance and sportiness, wrapped in sleek, sensual styling and crafted with legendary Honda quality and refinement. From the effortless yet seductive way it delivers its power, to its unmatched poise with which it sweeps around bends. It's a package so complete, so sophisticated and so satisfying, it can only be described as exhilarating. Listen to the powerful VTEC™ engine sing under your control. Launch it into gear and experience its precise handling. Your Coupe always delivers a precise and responsive feel. The pulse-quenching drive is further enhanced from an environment of complete comfort and control – a sporty and spacious interior where every feature has been carefully designed and positioned for your driving fun. With Accord Coupe, it's all about you, the road and

Accord Coupe EX-V6 interior shown in Charcoal Grey Leather (U.S. model shown).

the things you love to do. Choose from the stylish and well-appointed 4-cylinder Special Edition and EX-L, or the racy EX-V6. Then experience the fun first hand and start looking at the road altogether differently.

*The Honda Progressive Valve (HPV) shock absorbers soak up small bumps and remain firm against body lean in corners so that you experience precision handling with a crisp, exciting ride.*

*The 4-Wheel Double-Wishbone Suspension is designed to keep your tires level with the road for excellent traction. Specially designed control links maintain wheel position precisely for accurate steering. And front and rear stabilizer bars help minimize body roll through even the most vigorous of turns.*

*Designed and tested on the world's most challenging racetracks, the 60-degree, 200 horsepower, 3.0 litre V6 engine provides the optimum in performance and handling.*

The interior of every Accord is generously proportioned with plenty of head- and legroom for driver and passengers alike. Trunk space is also cavernous making both the Sedan and Coupe ideal travelling companions. Controls are also easy to use, and large analog gauges convey important information at a glance. Whether you're driving the EX-V6 Sedan or Coupe,

standard amenities abound. The leather trimmed seats offer unparalleled comfort and the leather trimmed door panel inserts and leather-wrapped steering wheel round out the elegant look of the cabin. The front seats are also heated, and the driver's seat features an adjustable lumbar support, 8-way power positioning, and a power height adjustment. Power windows,

Accord Sedan EX-V6 interior shown in Ivory Leather.

heated power mirrors, cruise control and a power moonroof make driving all the more fun. There's even a remote keyless entry system that lets you operate the power door locks from up to 15 metres away. And after a long day on the road, the Homelink® Remote System lets you open your garage doors from the comfort of your driver's seat.

For extra-long or odd-sized cargo, the trunk pass-through with lock is ideal. Standard on all Sedans, it folds down to form an armrest with dual beverage holders, giving you access to an extremely versatile and spacious trunk with 399 litres of cargo space.

# interior

GET IN ON THE FUN.

Available on all Special Edition and EX models, the power moonroof with tilt feature provides the freedom to let in as much or as little of the outdoors as you want with just one push of a button.

The automatic climate control on EX-V6 models keeps your cabin at the comfort level that's just right for you, and your air conditioning comes with a micron air-filtration system that helps prevent allergens and dust from intruding upon the cabin.

Make your drive even more entertaining with hours of uninterrupted music. Available on all EX models, the 6-disc In-dash CD changer with 6 speakers lets you pump out all of your favourite tunes.

# safety

LET THE STARS BE YOUR GUIDE.  
ALL FIVE OF THEM.

NHTSA FIVE-STAR SAFETY RATING

To help protect the driver and front passenger, Accord comes standard with dual-stage front airbags (SRS) that deploy at one of two rates for enhanced safety. Standard on the EX-L and V6 models, dual-stage side airbags (SRS) with passenger height and position sensors provide additional protection.

Accord's stylish exterior hides a strong, rigid safety cage designed to help protect occupants against impacts from many angles. Impact-absorbing front and rear crush zones are further strengthened by side-impact protection in the doors, roof, floor and cowl section of the unit-body frame.

For more confidence, stability and security on the road, Accord V6 models are equipped with a Traction Control System (TCS) to assist you in maintaining traction while driving slowly on loose or slippery surfaces. The TCS monitors the speed of all four wheels. When it senses a front wheel losing traction, it applies braking to that wheel.

At Honda, the only thing more important than creating a vehicle that's fun to drive, is creating one that is ingeniously safe to drive. That's why every Accord is built with multiple safety features that have resulted in a frontal dual 5-star safety rating by the U.S. National Highway Traffic Safety Administration (NHTSA). Your safety begins with a reinforced-steel body. Add to that dual side impact beams and computer-designed crush zones in the front and rear to help absorb and redirect impact energy around the cabin. All Accords also come with a collapsible steering column, 3-point seatbelts for every seating position with

Accord Sedan EX-L shown in Eternal Blue Pearl.

pretensioners in the front, dual-stage front airbags (SRS) and side airbags (SRS) on all EX-L and V6 models with passenger height and positioning sensors. In the rear of the Sedan, child-seat tether anchors and an additional LATCH (Lower Anchors and Tethers for Children) System helps ensure a more secure and easier installation of compatible child seats to help keep the little ones safe. In every Accord you'll also find an Immobilizer Theft-Deterrent System that makes it virtually impossible to start the vehicle without the correct ignition key. On all Special Edition and EX models, a 4-Wheel Anti-Lock Braking System (ABS) enhances control during sudden braking.

Accord Coupe Special Edition shown in Firepepper Red Pearl.

# engineering

WHAT DRIVES US IS WHAT DRIVES YOU.

One of the reasons that Honda is the largest engine manufacturer in the world is because we build every product with you in mind. We call it customer-driven engineering. It is born out of our passion for racing – a challenging spirit that has led to nine world championships over the last 30 years. And because the racetrack gives our engineers the chance to push the limits of automotive technology, we've been able to achieve numerous ingeniously engineered advances in performance, dependability and safety. Like the legendary Honda

VTEC™ (Variable valve Timing and lift Electronic Control) technology that helps deliver more power while minimizing engine stress and providing greater fuel efficiency and lower emissions. For strength and durability, advances in forged steel and aluminum alloys help reduce weight and enhance performance. Honda also leads the crusade on fuel economy and clean air by designing every 2002 vehicle to meet or beat California's stringent Low Emission Vehicle (LEV) standard.

## accessories

Personalize your Accord with Genuine Honda Accessories. Each one is engineered to meet Honda's exacting standards. Ask your Dealer for the complete Genuine Accord Accessories Catalogue.

*Make a bold and distinctive statement to your Accord with high-strength aluminum alloy wheels that are as durable as they are good looking.*

*Add the distinctive touch of gold and enhance the sleek, sophisticated styling of your Accord with the gold plated emblem kit.*

*Accentuate the aerodynamic styling and add a sporty flair to your Accord with a colour coordinated, factory designed rear spoiler.*

*Protect the rear quarter panels from mud and road debris with custom fitted rear splash guards made of injected-moulded polymers.*

## other available accessories ▶

All-Weather Floor Mats • Cargo Net • Cassette Player • CD Changer • Leather Shift Knob • Leather Steering Wheel Cover • Nose Mask (Half and Full) Security System • Ski Sleeve • Trunk Tray • Wood-Grain Steering Wheel • Wood-Grain Trim Kit

The Honda No Nonsense Warranty covers all power train components in your new Honda. This includes manufacturing defects on almost everything essential to the basic operation of the vehicle. For 5 years or 100,000 km, the power train warranty also covers items from the engine block and transmission, to smaller but important items such as the water and fuel pumps as well as the drive shafts. Audio components are covered for 3 years. And your car's body is protected for 3 years against surface corrosion and for 5 years against perforation due to corrosion. Plus, we offer 100% battery coverage for the first 2 years and 50% for the third year.

**HONDA**  
PLUS EXTENDED OWNER'S WARRANTY Whether you lease or purchase your vehicle, why not prolong your worry-free ownership experience even further with our flexible selection of Mechanical Coverage that extends up to 7 years or 160,000 km. We also offer the option of Roadside Assistance that provides you with emergency services such as Lock Out, Towing, Gas Delivery, Trip Interruption, Car Rental, Tire Road Hazard, and more. Honda Plus is designed, administered and backed by Honda Canada Inc., so you can count on us being there when you need us most. Just ask your Dealer for full details and how you can include Honda Plus with your vehicle purchase.

**HONDA**  
GENUINE PARTS  
AND SERVICE

You can also protect your investment by bringing your Honda home to your Honda Dealer. Our Genuine Honda Replacement Parts are made to the exact same standards as original Honda Components and are guaranteed by our Genuine Honda Parts Warranty. Plus, they're installed by factory trained technicians who know your Honda best. So when it's time for your vehicle's regular maintenance, don't open your hood to strangers.

**HCFI**  
HONDA CANADA FINANCE INC. Start your Honda experience with Honda Future Value Leasing and enjoy the benefits of automatic GAP protection, low monthly payments, more vehicle for your money, and a closed-end lease. Or consider Honda Future Value Financing. This option to leasing offers highly competitive rates with the convenience of one-stop shopping right in the Dealership. In addition, we work together to create a plan to fit your particular budget. Contact your local Honda Dealer for further details on how Future Value Leasing or Future Value Financing can benefit you.
