

HONDA  
**Accord**  
A car for today

Accord

Accord

The exceptionally comfortable interior is the result of a total design concept. There is the maximum of usable space with generous leg and head room. The contoured seats, with built-in head restraints and fabric inserts have been scientifically designed to give positive body support without interfering with shoulder movement.

The colour co-ordinated interior is pleasing to the eye, with instrument panel, seats, side panels, and carpeting in complimentary shades.

A generous amount of luggage space is provided behind the rear seat, and the wide hatchback makes loading and unloading easy. The total area including the back of the rear seat is fully carpeted. For convenience, the hatchback can be unlocked by a lever fitted in the door sill beside the driver. The tail gate, when open, is supported by two telescopic dampers, which fit neatly into the rear pillars when closed, avoiding obstructing the rear vision.

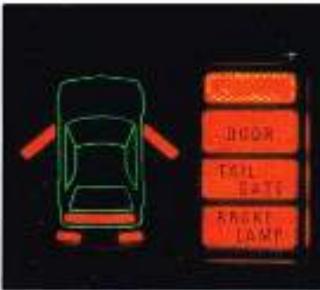

The facia layout and instrumentation have been designed to improve communication between the car and driver. After thorough research into driver, hand, and eye movements, all information dials, gauges, and indicators are grouped high for quick-glance reading.

The instrumentation comprises a tachometer, speedometer with tripmeter, fuel gauge, temperature gauge with warning lights for turn signals, parking brake, oil pressure, electrical charging, choke, headlights, high beam, and low fuel. All light controls are on a single stalk mounted on the right of the steering column, with a single control for the windscreen washers and two speed plus intermittent operation windscreen wipers mounted on the left. Switches for the rear window washer and wiper are on the dashboard together with the emergency warning light switch, rear window demister, cigarette lighter, ventilation controls, and AM/FM radio.

Rear seat belts available as an optional extra

Two unique warning systems are included in the instrumentation. The safety indicator warns electronically of open or half closed doors, and of inoperative brake lamps. The speedometer incorporates a maintenance indicator, which gives visual colour warnings when it is necessary to replace the oil filter, change the engine oil, or rotate the tyres.

Non-glare glass covers the instrument console which is illuminated from both the side and

the rear to improve the visibility of all the instruments for night driving.

The heating and ventilation system features four face level fresh air vents, operated by simple controls with a three speed fan. Side window ventilators connected to the ducts for the windscreen demister, are designed to accelerate side window demisting are especially useful in rainy weather and winter conditions, adding to greater driving safety.

The 1.6 litre, 4 cylinder overhead camshaft engine produces 80 horsepower, and, combined with the refined 5-speed transmission, the Accord has the performance and economy necessary for today's driving conditions.

A smoother power output of the engine with a reduction in noise levels has been achieved by using an eight weight crankshaft in place of the conventional four weight unit, plus the use of improved and redesigned engine mountings. Available at extra cost, Honda's Hondamatic transmission is simple and reliable, performing all normal driving functions from starting and accelerating to cruising and slowing down without a gear change.

Front wheel drive, along with the transverse mounted engine, enables the vehicle to have a wider track and longer wheel base which coupled with the lightweight monocoque body and low centre of gravity gives added stability and roadholding at high speeds. Independent 4-wheel suspension using Macpherson strut, long coil spring suspension units result in improved handling even on adverse road conditions, plus aid general riding comfort.

Servo-assisted hydraulic brakes with large diameter front discs and proportional control valve (PCV) rear drums require only light pedal pressure for quick, safe stops. A dual braking system assures fail-safe operation.

Rack-and-pinion steering is light and positive with a good driver feedback. The steering wheel is collapsible with two breakaway joints, while the instrument panel is covered with soft safety padding. Four bright headlights are fitted, and the dual wiring circuits with two fuses protect against a complete loss of all lights. Large, easy-to-see rear wrap round combination light clusters are visible from the side of the vehicle. The Accord specifications include as standard a rear window demister and rear window wiper complete with washer, a further aid to driver visibility. Many other safety related items are included; large bumpers with rubber corner pads, day/night interior mirror and underfoot mounted fuel tank.

## Standard Equipment

Full ventilation system  
 Heater  
 Defroster/Defroster/Defroster  
 Combination Speedometer with tripmeter  
 Meters Tachometer  
     Fuel/Engine temperature gauges  
 Safety indicator panel  
 Maintenance indicator  
 Radio (AM/FM)  
 Cigarette lighter

Ashtray  
 Interior lamp  
 Integrated lamp control lever  
 Dual horns  
 Electric clock  
 Glove box with lamp  
 Seats Tricot/simulated leather upholstered  
     Fully reclining  
     Roller type forward/backward adjustment  
 3-point seat belts inertia reel type  
 Right/left pivoting sun visors  
 Hand grips front-passenger side rear-both sides

Arm rests (front)  
 Side pockets (rear)  
 Day/night rearview mirror  
 Full floor carpeting (front/rear)  
 Carpeted trunk  
 Tail-gate latch (Driver's side door sill)  
 Bumper rubber corner pads  
 Windshield washer wiper (2-speed plus  
 intermittent)  
 Rear window washer with wiper  
 Rear window demister  
 Tyres (155SR13 Radial/Tubeless)

# Specifications

**Engine:** No. of cylinders, 4

Bore: 74 mm. Stroke: 93 mm

Cubic capacity: 1600 cc

Max. Output: 80 PS@ 5,300 rpm din

Max. Torque: 12.7 Kg m@ 3,700 rpm

Compression ratio: 8.4 to 1

Valve position/number of cams: Single

OHC Tooth Belt Drive

**Carburettor:** Keihin One-twin choke 20/26

**Transmission:** Manual or automatic

Manual gear ratios: 5th 0.714 4th 0.846 3rd

1.181 2nd 1.823 1st 3.181 Rev 2.916

Automatic transmission: Hondamatic

Automatic gear ratios: 2nd 0.903 1st 1.565

Rev 2.045

Type of final drive: Helical

Top gear/1,000 rpm: Manual 18.5 mph.

Automatic 17.6 mph

Final reduction ratio

Manual 4.266

Automatic 4.147

**Suspension:** Front: Independent

Macpherson strut and coil spring

Rear: Independent Macpherson strut and

coil spring

**Steering:** Rack and pinion with collapsible steering wheel column and steering lock

**Brakes:** Hydraulic Servo assisted

Front: 7.4 ins self adjusting discs

Rear: Drum type leading-trailing drum

with PC valve

Total metal area rubbed by pads/linings:

158.5 sq ins

Parking brake hand operated mechanical

**Dimensions:**

Overall length: 162.4 ins (4125 mm)

Overall width: 63.8 ins (1620 mm)

Overall height (unladen): 52.6 ins (1335 mm)

Wheelbase: 93.7 ins (2380 mm)

Front track: 55.1 ins (1400 mm)

Rear track: 54.7 ins (1390 mm)

Ground clearance: 6.9 ins (165 mm)

Turning circle: 32 ft 5 ins

Unladen weight: 1962 lbs (890 Kg)

Maximum payload: 1100 lbs

Cubic capacity of boot: 12.95 cu ft

Tyre size/type: 155 x 13 Radial tubeless

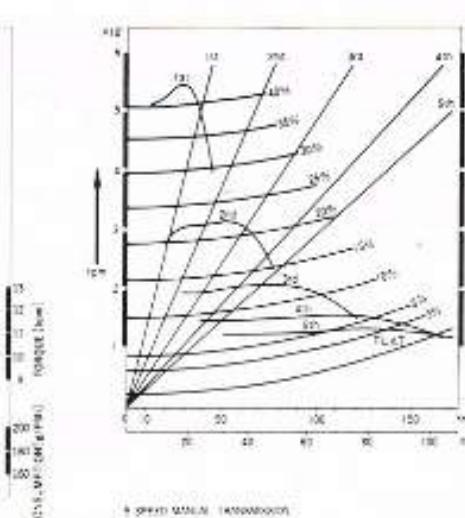

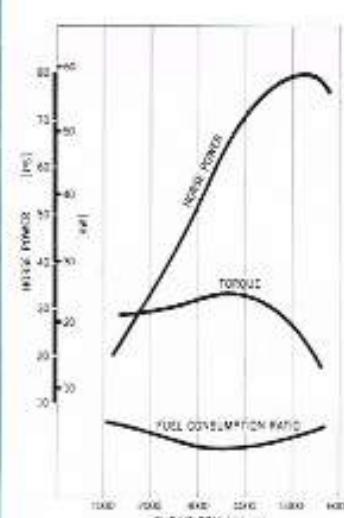

Tyre pressures (lbs/sq ins): 24 Front, 24 Rear

Rim width: 4½

Fuel tank capacity: 11 gallons (50 litres)

Water coolant capacity: 10 pts

Oil sump capacity: 6.5 pts

Lausanne Silver

Caroline Yellow

Nice Blue

Pack White

Oakland Green

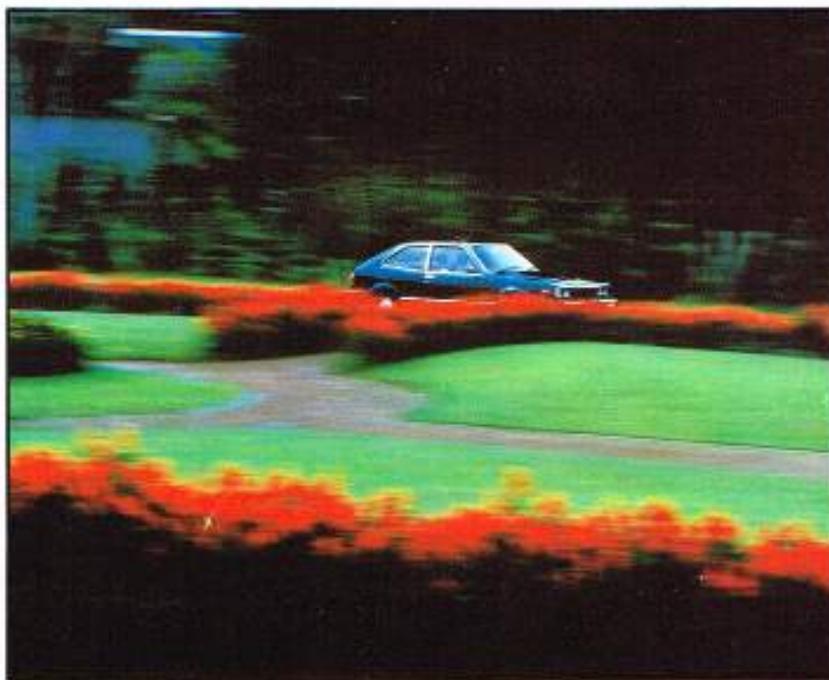

## Colours

The colour finishes illustrated are those which are currently available and apply to the Honda Accord only. Honda UK reserve the right to withdraw any colour finish without prior notice. These colours are intended to serve as a

colour guide, and while they are matched closely to the actual colours of the vehicles, they should not be utilised for paint matching, or for any other purpose where colour accuracy is essential.

## Accessories

A full range of Honda style accessories are available tailor made for the Honda Accord. Illustrated are examples from this range. Please consult your Honda dealer for further details, prices and availability.
