

Elantra Sport

Achieve a breakthrough.

Sharp and street-smart.

With its remodeled, aggressive bodywork, the Elantra Sport's exterior is totally in tune with its high-performance, turbocharged engine. A breakthrough in bold, sporting design.

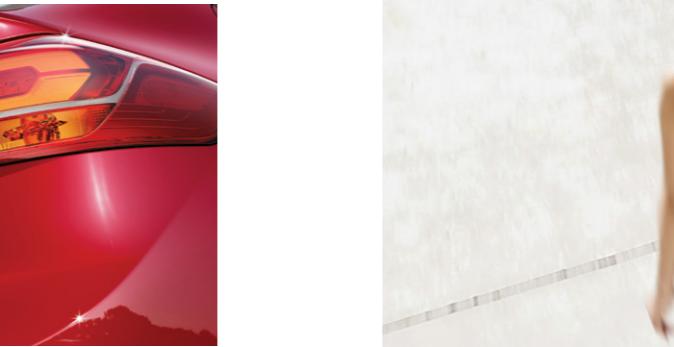

HID Headlamps

HID (High Intensity Discharge) headlamps with its signature red line design light up the road with a more intense light than conventional headlamps.

LED Daytime running lights (DRL)

LED Daytime running lights (DRL) remain illuminated during the day while the vehicle is in operation to increase the conspicuity of the vehicle to the outside.

LED Rear combination lamps

The rear combination lamps feature bright, powerful LEDs for optimum visibility at night. During the day, their dynamic and sporty design makes them a distinctive feature.

Radiator grille

Twin tip muffler

Disc brakes

Style given speed.

Inside and out, this is an exercise in class. Sitting on 17" alloy wheels, the black hexagonal radiator grille, leather seats and chrome twin tip mufflers combine purpose with showy good looks.

Let the experience begin.

Carbon grey for understated cool. Leather, D-cut steering wheel for ergonomics with style. Sit yourself in the driver's seat and the tactile, modern detailing makes a lasting impression.

D-cut steering wheel

5" LCD audio system

The audio system with an optional 5.0" color TFT touchscreen LCD offers convenience while the Bluetooth allows the drivers to listen to music and make calls while driving.

Supervision cluster with 3.5" mono TFT LCD

The supervision cluster comprehensively displays various vehicle information to provide the driver with a vehicle control that is user-centric, convenient and intuitive.

Infinity premium sound system

The premium sound system provides the in-car listening experience like no other car sound system, creating high-quality sound of subwoofer speaker for the driver.

Design that pushes the boundaries, for a car that goes further.

Blind spot detection (BSD)

BSD activates a warning lamp on your side mirrors when it senses a car approaching from the rear and entering your blind spot. It also sounds an alert when you have the turn signal on.

Auto cruise control (ACC)

The driver can drive without pressing the accelerator pedal using the auto cruise control that maintains the vehicle speed the driver has set automatically.

Hill-start assist control (HAC)

Hill-start assist control temporarily maintains brake force on the wheels to prevent you from rolling backwards or forwards and gives you time to accelerate away safely when going uphill or downhill.

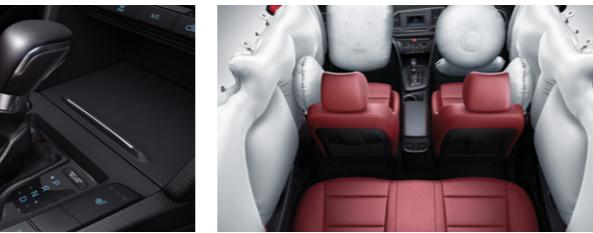

Gamma 1.6 T-GDI engine

The Gamma 1.6 T-GDI engine produces a maximum output of 203.6 ps at 6,000 rpm and a maximum torque of 27.0 / 1,500 kg·m at 4,500 rpm.

6-speed manual transmission

The 6-speed manual transmission features a redesigned reverse gear release button for easier operation, which is light to the touch and provides improved durability.

7-speed double clutch transmission (DCT)

Elantra Sport provides high-performance and reduced fuel consumption with its turbocharged engine combined with the 7-speed double clutch transmission.

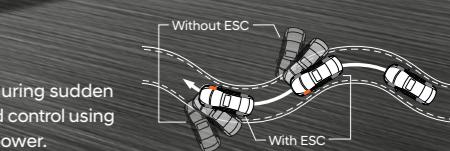

7-airbag system

Elantra Sport is equipped with a 7-airbag system that includes a driver airbag and passenger airbag, two front side airbags, plus two curtain airbags.

Electronic stability control (ESC)

Electronic stability control detects and reduces loss of traction during sudden braking and turning movements and helps maintain stability and control using automatic braking for individual wheels and reducing engine power.

Taking you to the other side.

People's expectations toward individual mobility requires more than just a convenient means of transportation. The old understanding of cars has become outdated. A car represents individuals' lifestyles, and it became an integral part of their lives. At the same time, the automobile industry has experienced seismic change. Hyundai Motor Company has grown rapidly to become one of the largest automakers, backed by world class production capability and superior quality. We have now reached a point where we need a qualitative approach to bring bigger ideas and relevant solutions to our customers. This is an opportunity to move forward and we have developed a new brand slogan that encapsulates our willingness to take a big leap. Led by our new slogan and the new thinking underlying it, we will become a company that keeps challenging itself to unlock new possibilities for people and the planet.
