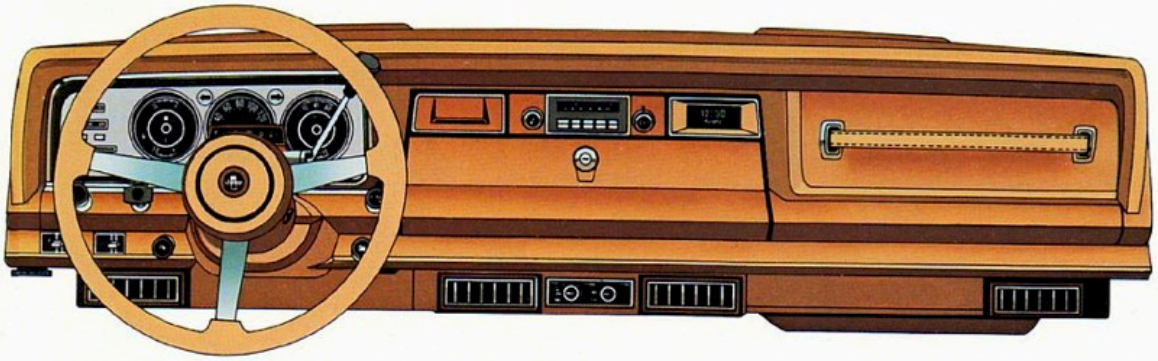
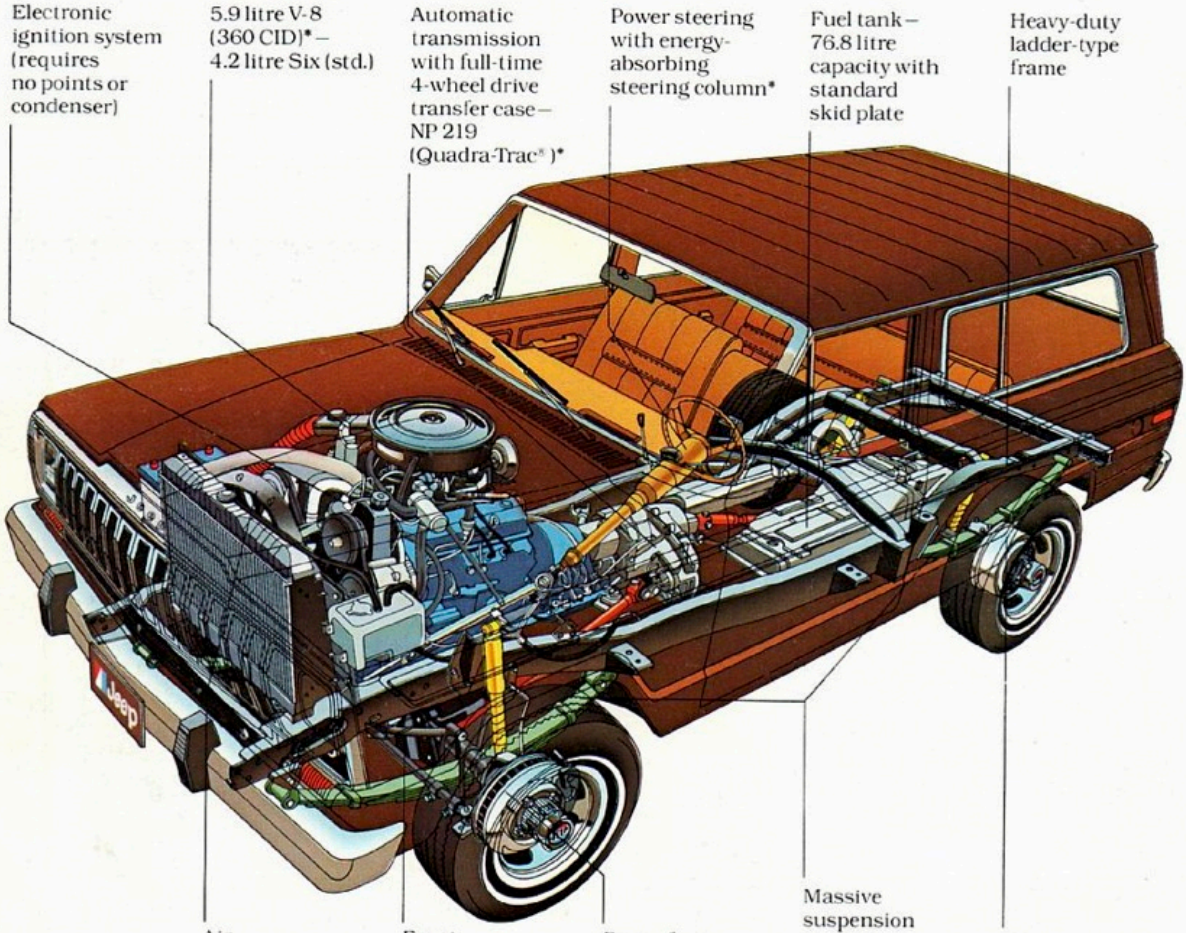
JEEP® CHEROKEE

The six-passenger workhorse, built by the unquestioned leader in 4-wheel drive vehicles. Doing the work that must get done.

The world's most experienced builder of 4-wheel drive vehicles.





*Optional

Durability

Every Jeep Cherokee is designed and built to function well and last under extreme conditions. Durability is built-in, starting with engineering that stresses proven mechanical components and resistance to the corrosive effects of all-condition usage.

Frame and suspension parts are massive and designed for off-road use. Vulnerable areas such as the fuel tank and lines are protected by a steel skid plate. Care and attention have been given to improving corrosion resistance of critical sheet metal panels. For example, one- or two-sided galvanized steel has been used to form front side sills, lower quarter panels, body hinge pillars, lower body rocker panels, inner and outer wheelhouse panels, front and rear fenders, taillamp mounting plates, inner and outer tailgate and door panels and cowl top ventilator grille. Hot waxes are applied in hard-to-paint boxed sections on each vehicle. After painting, the body is baked to thoroughly bond the paint to the body surfaces. Even frame and suspension parts are heavily coated to minimize corrosion.

The world of the 4-wheel drive vehicle is a harsh one. Jeep Cherokee, from the ground up, is constructed in the tradition of every Jeep ever made – strong, dependable, and proud.

The original Jeep® was conceived and built to do the work of war. Tough, hard, dirty work, with little time to be spared on tricky maintenance. Today's Jeep Cherokee remains true to that heritage of durability and dependability and benefits from 40 years of continuous 4-wheel drive development by Jeep Corporation.

If you need a rugged, dependable 4-wheel drive utility vehicle, Jeep Cherokee is the answer. Engineered and built to endure the extreme conditions expected of a working tool, Cherokees are built with a massive frame which supports the world's most sophisticated, yet rugged, drivetrain and suspension. The frame is of welded and riveted construction so it can flex and not break under heavy use. The heavy gauge body panels are simple in shape, stamped with reinforcements, precision mounted to the frame, and thickly coated with corrosion inhibitants. Another measure of the dependable character and durability of Jeep® Cherokee is the fact that 96% of all Jeep vehicles built in the last 10 years are still on the road in the U.S. And, to help insure that your Cherokee conforms to Jeep Corporation's exacting quality standards, every Jeep vehicle undergoes a 162-point inspection at the factory.

You can choose from a wide range of driver-passenger comforts, from the basic utility Cherokee, to models with a full range of comfort. Cherokees come in 2-door, 2-door wide-wheel and 4-door models with a choice of engine and transmission combinations. There's a complete list of power assisted and heavy-duty equipment on the adjoining page so you can tailor a Jeep Cherokee to fit your exact needs.

Jeep, for 40 years the recognized leader in hard work vehicles. The Jeep Cherokee – room for 6 plus enclosed cargo area and built in the Jeep tradition.

1 *Vinyl bucket seats.*
2 *Cherokee snow plow.*
3 *Available tool kit.*
4 *Free wheeling front hubs.*
5 *Brush guard and halogen fog lamps.*
6 *Electric winch.*
7 *Cherokee roof rack.*

Options

Handling and Performance
- 5.9 litre (360 CID) V-8 engine
- Automatic transmission (available with full- or part-time 4-WD)
- Power steering
- Rear Trac-Lok® differential
- Free wheeling hubs

Interior and Convenience
- Air conditioning
- Electric rear window defroster
- Tilt steering wheel (automatic transmission)
- Convenience Group: includes digital clock, underhood light, "headlights-on" warning buzzer
- Light Group: includes interior cargo-area light, courtesy lights, glove box light, ashtray light, lighted visor mirror, dome reading light
- Visibility Group: includes remote control (left and right) mirrors and intermittent wipers
- Power tailgate window
- Seat belts
- Cargo area cover, retractable
- Cargo area carpeting and insulation
- Heater and defroster
- Rear-quarter vent windows (2-door)
- "Soft-feel" steering wheel
- Leather-wrapped steering wheel
- Cruise control (requires V-8 engine with automatic transmission)
- Inside spare tire mount and cover
- AM radio
- AM/FM stereo radio
- AM/FM/CB stereo radio
- AM/FM/cassette stereo radio

Exterior and Appearance
- Luggage rack
- Dual, low-profile mirrors
- Bumper guards (front and rear)
- Bumper guards with nerfing strips (front and rear)
- Brush guard (na – with bumper guards)
- Chrome styled steel wheels
- Forged aluminum styled steel wheels
- Halogen fog lamps

Heavy-Duty Equipment
- Heavy-duty cooling
- Cold Climate Group
- Heavy-duty suspension
- Soft-ride suspension
- Heavy-duty shocks
- Dual front and heavy-duty rear shocks

Tire Options

Suburbanite X-Grip H78 x 15B tubed blackwall
Highway (radial) HR78 x 15B whitewall tubeless
Ice and Snow (radial) HR78 x 15C steel-belted radial whitewall, tubeless
Tiempo (radial) P225/75R x 15B steel-belted radial whitewall, tubeless
Wrangler (radial) 10R x 15B outline white letter tubeless radials (2-door); P235/75R15 outline white letter tubeless radial (4-door)

Special Models

Chief and Laredo comfort/trim packages are available on selected Cherokee models. See your authorized Jeep dealer for model availability and prices.

Trailer Towing

Trailer towing packages are available for your Jeep Cherokee. Your dealer has a list of required and recommended equipment. He can help ensure that your Cherokee is in compliance with all local trailering regulations and requirements.

Specifications.

Jeep® Cherokee specifications are the result of 40 years' development by Jeep – the world's best known manufacturer of 4-wheel drive vehicles. Each Cherokee is engineered, tested and built from the ground up to meet specific requirements in 4-wheel drive vehicles and can be configured to meet widely varying requirements, from maximum utility to the most comfortable people carrier. Complete vehicle specifications follow.

Not every Cherokee model is available in every country. Talk with your Jeep dealer to determine specific model availability.

Cherokee Standard Features

Exterior

- Bumpers – front and rear, chrome-plated aluminum
- Lights – head, parking, tail and stop, backup, directional signals (with lane changer feature), side safety markers and 4-way hazard flashers
- Mirror – outside (left)
- Trim moldings – bright vent window, windshield, tailgate opening
- Windshield – high-impact resistant glass
- Tinted glass – all windows

Interior

- Ashtray – front
- Armrests – front and rear
- Cigar lighter
- Floor covering – color-keyed vinyl (front and rear seat floor area), vinyl cargo area mat
- Gauges – oil, ammeter, temperature, fuel
- Glove box lock
- Mirror – 30.5 cm inside day/night rearview
- Padded instrument panel
- Padded sun visors(2)
- Seats – bucket seats front and full bench rear, 2-door models
- Seats – bench front and rear, 4-door model

Functional

- Air cleaner – cellulose-fiber
- Alternator – 12-volt, 63 amp.
- Battery – 12-volt (55-380 cold crank)
- Brakes, service – self-adjusting with split hydraulic system
- Brakes, parking – foot-lever actuated with warning light, operates on rear wheels
- Coolant (engine) – permanent type (50/50 mixture)
- Electronic ignition system
- Exhaust system – single
- Fuel filters – tank and in line at carburetor
- Fuel tank skid plate
- Horns – dual
- Oil filter
- Shocks – front and rear
- Stabilizer bar – front
- Steering column – energy-absorbing with anti-theft ignition, steering and transmission lock (automatic)
- Tools – bumper-type jack, 680 kg capacity; combined wheel wrench and jack handle
- Washers – electric and 2-speed electric wipers
- Wheel trim – full wheel covers (narrow wheel)
- Wide wheels and tires (includes wider axles and flared fenders) (wide-wheel Cherokee)
