

JEEP COMPASS

JEEP® COMPASS.  
GET INSIDE FREEDOM.

---

F

Freedom is an inner feeling: how you live defines who you are and where you want to go. The Jeep® Compass frees itself from all previous stereotypes to become an SUV that perfectly matches genuine Jeep performance, with the style and efficiency of a classy urban car.

Alloy wheels featured are late availability. Please check [jeep.co.uk](http://jeep.co.uk) for updates or ask your local dealer.

## JEEP® COMPASS. GET INSIDE STYLE.

The new exterior follows the genuine characteristics of Jeep® design: combining style with unique details like the signature seven-slot Jeep® grille, the new bi-halogen projector headlamps with black bezels and the chrome grille surround. Its new glass windscreen for improved cabin acoustics and new LED taillights with smoked inner bezel add interest and practicality to its stylish design.

The result is an impressive look enriched by enhanced details, highlighting the dark and elegant soul of Jeep® Compass.

Alloy wheels featured are late availability. Please check [jeep.co.uk](http://jeep.co.uk) for updates or ask your local dealer.

IRRESISTIBLY STYLED

---

---

From the city lights to rough terrain, Compass' strength, confidence and rugged good looks epitomise the Jeep® brand. Finely crafted features such as the new treatment of the seven-slot grille, painted exterior body-colour mirrors, new headlamps and new alloy wheels that vary according to the trim level; make the Jeep® Compass the irresistible choice.

Interior shown is the Limited version.

## JEEP® COMPASS. GET INSIDE ELEGANCE.

Be comfortable everywhere you want to go, from a long trip in the countryside to a sophisticated night out; the refreshed Compass interior has all the style, cabin comforts and roominess you need. Soft-touch surfaces, quality materials, perforated leather trims\* and new instrument panel\* lay the foundation for a premium look and feel.

\*features dependent upon trim level

Interior shown is the Limited version.

## STYLISH COMFORT AS STANDARD

---

---

New front and rear door-switch bezels and door trims feature Satin Silver highlights, a new gear stick bezel with soft-touch paint and satin chrome accents, all highlight the attention given to detail. Stylish comfort is available as standard. Limited version has dark slate grey leather-trim seats. Interior features are illuminated for the comfort and convenience of all passengers.

JEEP® COMPASS.  
GET INSIDE DRIVING PLEASURE.

---

Compass offers a distinctive driving experience that's well-suited for the city, yet is always well prepared for off-roading. Compass is designed for those who expect a vehicle to go the extra mile; no matter what the destination.

Model shown is the Limited version.

## PERFORMANCE WITH CAPABILITY

---

The 4WD version of Jeep® Compass includes the Freedom Drive™ I traction system, helping you maintain controlled forward motion on snowy and icy roads: climb steep sand dunes, master muddy tracks and drive safely on any terrain. Head out knowing your trail-ready Compass has optimised approach, departure and breakover angles designed to clear logs, rocks and uneven ground.

Compass suspension systems enhance on and off-road performance by maximising flexibility, axle articulation and wheel travel. This standard indicates that when one or more wheels are elevated, the Jeep® 4X4 system helps the others stay on the ground longer to keep you moving.

## POWER WITH EFFICIENCY.

---

The 4WD 2.2 CRD engine is available with 161 BHP and designed to embody the full Jeep® on-road experience. It's mated to a 6-speed manual transmission, which enhances all of the adventurous Jeep® driving pleasures, while being in full compliance of Euro 5+ emission standards.

Petrol engines are available in 2WD: the 2.0 litre, delivering 154 BHP with a 5-speed manual transmission, and the 4WD 2.4 litre, 168 BHP which comes with a 6-speed automatic transmission to form a good balance of power and efficiency. Easily adaptive to various road conditions.

JEEP® COMPASS.  
GET INSIDE TECHNOLOGY.

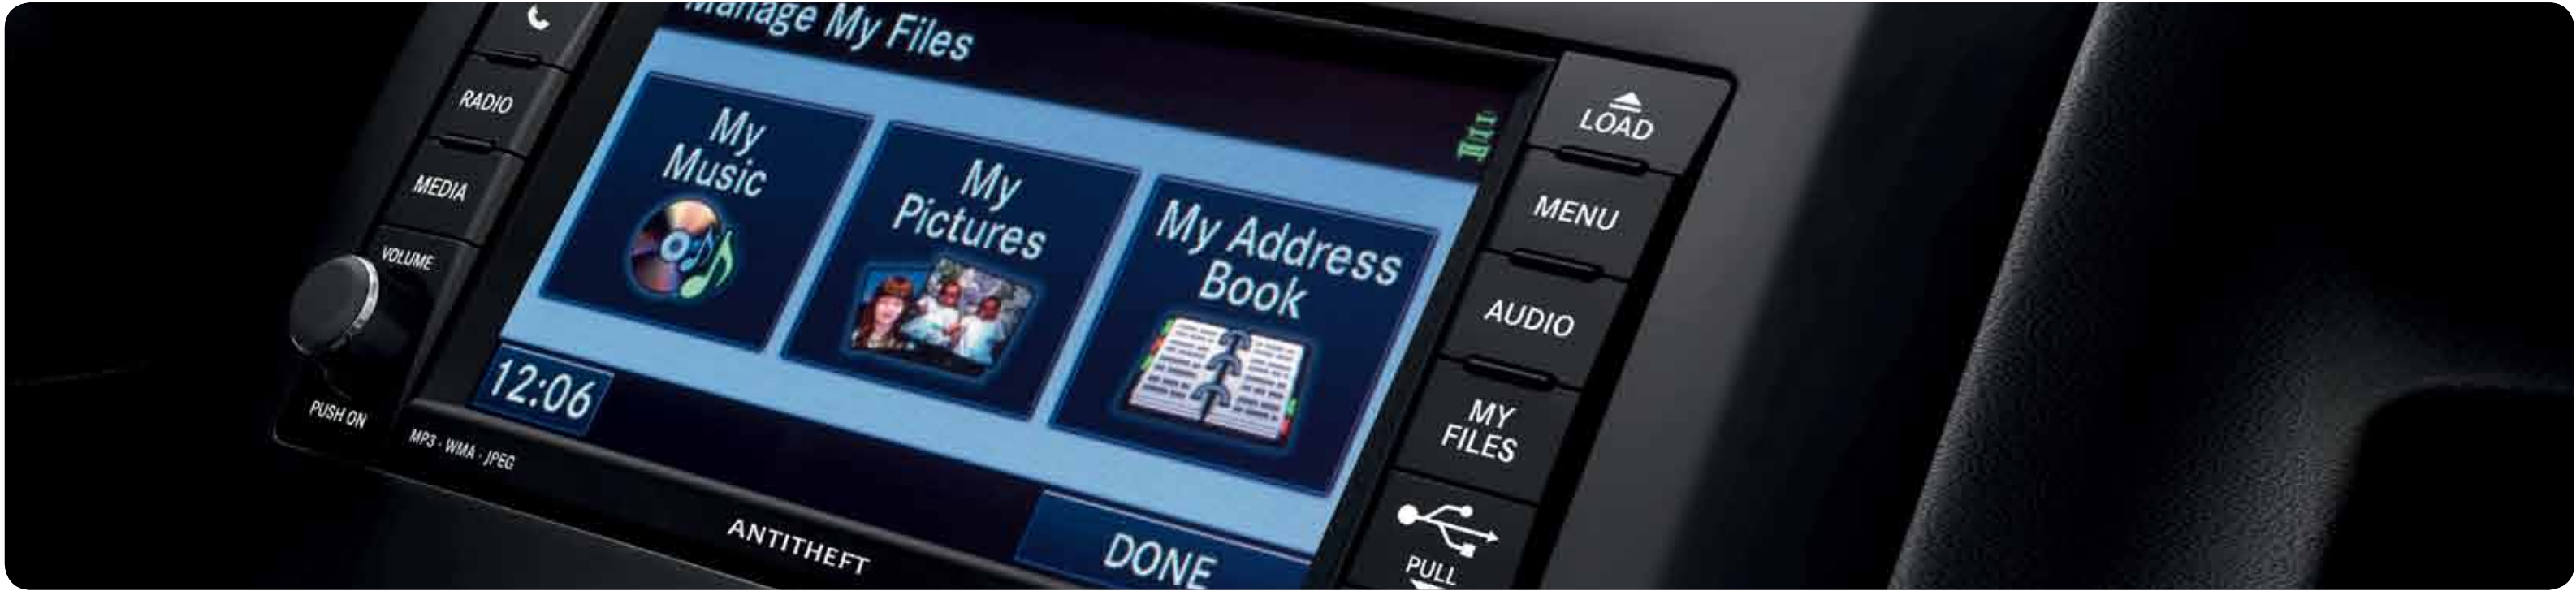

---

Jeep® Compass is equipped with extraordinary technological features that make every trip more comfortable and enjoyable.

## A PERSONAL EXPERIENCE.

The available Media Centre Uconnect™<sup>(1)</sup> with 6.5" touch-screen brings a range of communication and entertainment services straight to your Compass, supported by a standard four speaker sound system. From music to travel destinations, there are many convenient, must have, user-friendly options to choose from. Make your journey more relaxing by managing all of your media, through voice commands: audio, Uconnect™ Bluetooth Phone and navigation.

## IT ALWAYS KEEPS YOU SAFE.

With all the safety and security features available, Compass ensures you are safe wherever you go. Head out with confidence, knowing that a robust set of safety and security features are in place, keeping watch on and off-road, keeping driver and passengers fully protected. A Jeep® engineered safety cage structure contains a front crumple zone specifically designed to absorb energy during a frontal impact.

### AIRBAGS.<sup>(2)</sup>

Compass features next generation multistage front and side-curtain airbags and supplemental front seat-mounted side airbags. Also, in the event of a rear-end collision, the head restraints move forward and upward and protect the occupant's head, thereby helping to reduce the chance of injury.

### PARKVIEW® REAR BACK UP CAMERA.<sup>(3)</sup>

This new system is designed to assist the driver in detecting obstacles out of their line of sight when driving in reverse gear. (Standard on Limited)

### ESC ABS ERM.

Electronic Stability Control (ESC) is an advanced system designed to assist drivers in maintaining control of their vehicle at all times. It integrates a four-wheel Antilock Brake System (ABS) with hydraulic Brake Assist, all-speed traction control, and Electronic Roll Mitigation (ERM) to constantly monitor driver input against the vehicle's actual course.

### BI-FUNCTION HALOGEN PROJECTOR HEADLAMPS AND FOG LAMPS.

These bright sources of light improve down-road visibility at night or during inclement weather.

### HILL START ASSIST (HSA).

This system works to prevent Compass from rolling away when starting the vehicle on an up- or downhill gradient. It holds the vehicle stationary for two seconds after the driver's foot is removed from the brake pedal, allowing time to apply the throttle. (Manual version only)

JEEP® COMPASS.  
GET INSIDE PERSONALITY.

---

Whatever your lifestyle, there is a Jeep® Compass to suit you. Forget SUV stereotypes and enjoy all the charm of Sport, North and Limited versions and discover which of these match your personality.

Enjoy your world in style, comfort and practicality.

Alloy wheels featured are late availability. Please check [jeep.co.uk](http://jeep.co.uk) for updates or ask your local dealer.

# JEEP® COMPASS SPORT. GET ON BOARD.
