WRANGLER

Capability without compromise. Begin your journey of exploration with Wrangler. An enduring story of adventure for more than 70 years.

IT'S A WIDE OPEN
WORLD WITH
JEEP® WRANGLER

» WRANGLER HAS MEANT FREEDOM FOR MORE THAN 70 YEARS. TODAY'S WRANGLER OFFERS EVEN MORE OPPORTUNITIES TO CONNECT WITH THE WORLD FROM THE GROUND UP. CLIMB IN AND EXPLORE FROM A NEW POINT OF VIEW.

Removable doors and wing mirrors. Foot-fall door use only.

FUN TO DRIVE

Jeep® Wrangler is made for wild adventures. It expands your life by putting you closer to the world with open-air freedom. Inside, its refinement helps to make every trip comfortably fun with newly designed seating and superior features. Remove the doors, fold down the windscreen*, open the top, and feel the rush of wind in your hair.

*A note about this brochure. All disclaimers can be found to the rear.
Model shown is a Wrangler in Commando green.

Freedom opens up a world of possibilities... to thrive, to dream, and to become one with the power within Wrangler, letting you reach new heights.

HEAD OUT WITH THE PROPER LAYERS

FROM DEEP WITHIN ITS CORE, WRANGLER CONFIDENTLY SERVES YOUR QUEST TO EXPLORE. AHEAD LIES OPEN-AIR FREEDOM, LEADING YOUR CALL TO FREEDOM. WELCOME TO THE ULTIMATE FORMULA FOR CAPABILITY COMBINED WITH FULL ON FUN.

SKID PLATES. Standard protection in the form of steel plates help keep Wrangler's underbody safe from rocks and debris.

Rubicon is available on Special Order only.

2.8 CRD ENGINE. This impressive 2.8 DOHC 16-valve 4-cylinder Common-Rail Diesel (CRD) engine pumps out 197 BHP at 3600 rpm and 460 Nm of torque at 1600 rpm.

ROCK-TRAC® TRANSFER CASE. Rubicon Shift-on-the-fly capability with 4:1 low-gear ratio offers superb rock crawling capability.

THE RUBICON SWAY BAR DISCONNECT.

Throw a switch to drop and compress the front wheels up to 22 percent further than normal.

WHAT'S INSIDE. A new front seat design gives more cushioning where it's needed most. Overland's leather trim throughout adds even more style. A new Alpine® sound system provides a premium audio experience. A new auto-dimming interior mirror adds convenience. Every Wrangler arrives with drain plugs so you can help keep it fresh and ready for whatever comes next.

THE LURE OF THE OPEN AIR. Choose the way you want to see the sky. The optional Sunrider® Soft Top (part of the Dual Top option) utilizes special tree-ally material that's quiet, watertight, and easy to fold away. The Standard Freedom Top Hard-top is strong and secure, and is body-coloured on the Wrangler Overland. A three-piece modular design lets you bring in the sun as you see fit. Standard removable full-framed doors and fold-down windscreen all mean that every Wrangler arrives ready to reveal a new point of view.

Finely forged details
blend form with function.
From robust bonnet latches and
bolted door hinges, fine stitching and
a heritage-stamped grab
handle, Jeep® Wrangler
defines the details.

THE SMALLEST
DESIGN CUE RECEIVES
A LARGE AMOUNT
OF ENGINEERED
ATTENTION. SO THE
SHORTEST JOURNEY
IS AS JAM-PACKED
WITH PLEASURE AS
THE LONGEST CROSS-
COUNTRY TREK. THE
JEEP® SEVEN SLOT
GRILLE IS JUST
AS ICONIC AS EVER.

THE PURSUIT OF FREEDOM

*Rubicon is available via the Special Order Programme
Model shown is a Wrangler Rubicon in Billet Metallic.

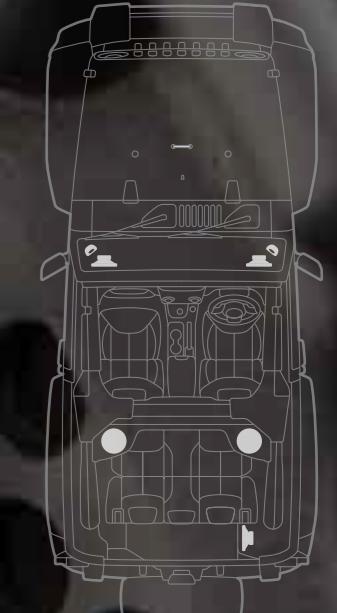

EPIC WAVES

IMMERSE YOURSELF IN YOUR MUSIC WITH
WRANGLER'S NEW, STANDARD ALPINE®
PREMIUM SOUND SYSTEM.

Wrangler delivers sound with crisp quality thanks to its premium Alpine® audio system that surrounds you with 7 speakers and 368 watts.

IDEAL LOCATION. The all-new standard seven-speaker premium Alpine® audio system recreates a realistic sound stage experience by utilising a high-powered, eight-channel, 368-watt amplifier, two tweeters, and four 6.5-inch speakers – two located in the overhead sound bar. Alpine® is known for offering outstanding tonal balance and definition. Welcome to a new wave in car sound engineering.

FIVE PERFORMANCE CATEGORIES
are designed to prove every Jeep® vehicle's trail and road ready capability.

» **TRACTION.** Trail-ready traction helps you maintain controlled forward motion on snowy backroads and icy bridges. Climb steep sand dunes and master muddy tracks. Wrangler has the traction within to master all driving conditions you face.

» **ARTICULATION.** Wrangler's suspension systems enhance on- and off-road performance by maximising flexibility, axle articulation, and wheel travel. The articulation standard indicates that when one or more wheels are elevated, the Jeep® 4x4 system helps the others stay on the ground longer to keep you moving.

» **MANOEUVRABILITY.** Every Wrangler is born with the athletic ability to navigate narrow gaps, get through tricky situations, and avoid cosmetic damage to underbody sills, thanks to precision steering and optimised wheelbases.

» **GROUND CLEARANCE.** Set off knowing that your trail-ready Wrangler has optimised approach, departure, and breakover angles designed to clear logs, rocks, and uneven ground. Your Wrangler offers forged skid plates and undercarriage protection for total under body cover.

» **WATER FORDING.** Traverse that stream with confidence, thanks to additional electrical and body seals, plus a high air-intake location. Wrangler has the capability to safely manage in up to 508 mm of water. Always inspect all waterways before proceeding, just to make sure there are no unforeseen pitfalls.

The trail-ready Jeep® Wrangler helps protect you from the world and its worries. On or off road, Wrangler works to safely get you through the challenges Mother Nature puts before you.

RAISE THE ROOF

FREEDOM TOP® HARDTOP. A standard three-piece modular hardtop allows sun-exposure control by separating into three pieces. Get the maximum effect of monochromatic colour on your Wrangler Overland with matching body-coloured roof and wheel arches.

LET IN SOME SUN, EVEN WHEN IT'S COOL. Remove the two front panels of your Freedom Top hardtop® and enjoy welcome warmth – from the sun as well as from the available heated leather-trimmed or cloth front-row seats. Controls for heated seats are conveniently located on the dash for easy access.

FIRST-CLASS INTERIOR. Reach out and enjoy Wrangler's soft-touch interior. Heated power wing mirrors help keep your vision clear. A new Electrochromatic Rearview Mirror with LED map lights helps to bring more into focus. The steering wheel places speed control, audio, and standard Electronic Vehicle Information Centre (EVIC) control settings at your fingertips. Wrangler offers enough room for you and four friends to go where you want to go.

Secure all cargo correctly.

Secure all cargo correctly.

NOTHING OVERLOOKED

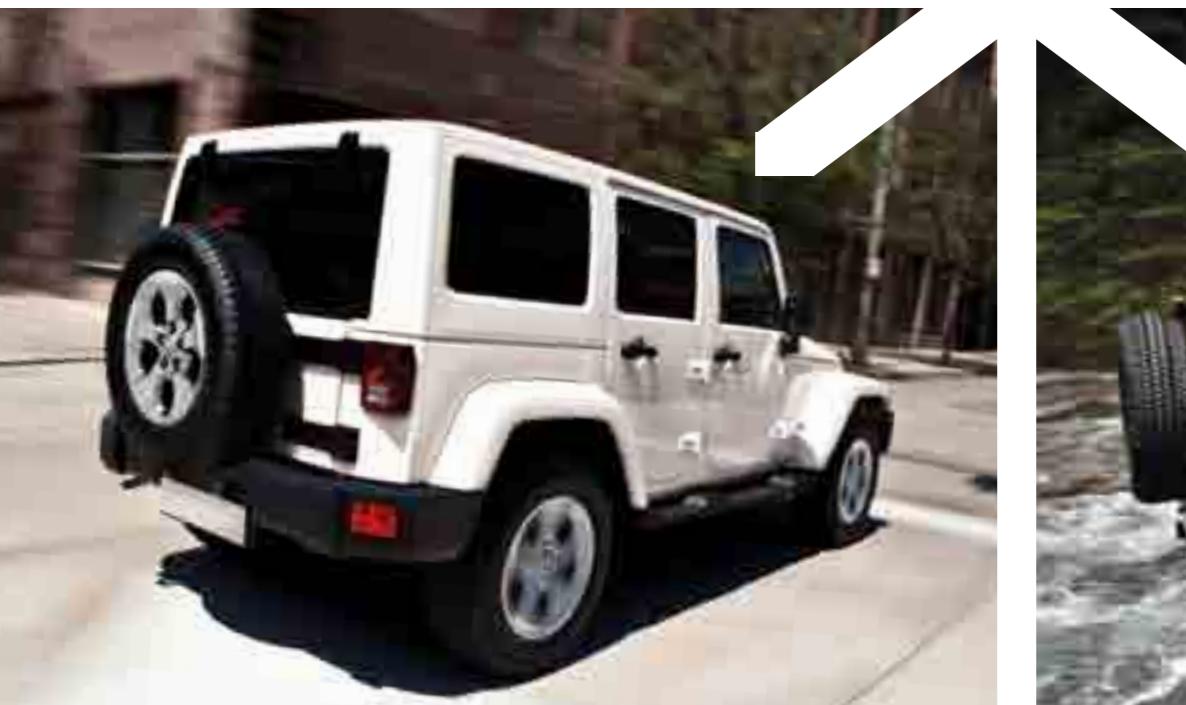

BE SEATED. Wrangler features redesigned seats and fabrics. There's more cushioning for added support and the seat belt release is relocated in the top of the rear seat, making access easier.

IDEAL VANTAGE POINT. Wrangler provides a high seating position for clear views of the road ahead.

WEATHER-RESISTANT SURFACES AND WASH-OUT INTERIOR. Wrangler is designed for all-out fun. When the interior gets dirty, just like your favourite canine, Wrangler loves a hose down. Go out and have some good, dirty fun, then grab the hose, remove your Wrangler's drain plugs, rinse and repeat.

STASH YOUR STUFF. Lock your valuables in the large centre console storage compartment. Storage nets in all doors keep important items within reach. It's all about having what you need safely and securely to hand.

2.8 CRD DIESEL ENGINE

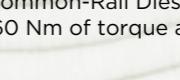

THE PENTASTAR® 3.6 V6 ENGINE WITH VARIABLE VALVE TIMING (VVT).

On special order and delivering the power to match Wrangler's legendary brawn, this efficient powerhouse boasts 280 BHP with 347 Nm of torque, is cast from lightweight aluminium, and sips regular unleaded petrol.

2.8 CRD DIESEL ENGINE

STRONG HEART

This impressive 2.8 DOHC 16-valve 4-cylinder Common-Rail Diesel (CRD) engine pumps out 197 BHP at 3600 rpm and 460 Nm of torque at 1600 rpm.

NEW AUTOMATIC TRANSMISSION WITH AUTO STICK. Gain out-of-the-block performance, exceptional efficiency and out-of-the-gate performance. An aggressive first gear ratio offers ample launch power without compromising economy. Electronically controlled engine torque helps you move smoothly through every gear. The new AutoStick feature offers selectable control to manually change gears.

Catch some air, soak up the sun, and live the Jeep® life in every way. There's nothing like the go anywhere freedom you'll find with Jeep® Wrangler.

INTERACTION

UCONNECT® MULTIMEDIA BRINGS A RANGE OF COMMUNICATION AND ENTERTAINMENT SERVICES STRAIGHT INTO YOUR VEHICLE, ALL BUNDLED TOGETHER WITHIN A UCONNECT MEDIA CENTRE.

» **ENTERTAINMENT.** Manage all of your media. You'll have several ways to access audio. Get the sound going via CDs/DVDs, MP3s, remote USB port, auxiliary input jack, hard disc storage, Voice Command, and Bluetooth® streaming audio.

» **PHONE.** Uconnect® Phone is the in-vehicle voice-activated communication system that allows you to talk on your Bluetooth® compatible phone virtually hands-free. This clever system is also smart enough to synchronise with your Bluetooth® compatible phone's contact list – up to 100 entries – every time you get into your vehicle.

» **NAVIGATION.** The available turn-by-turn Satellite Navigation System, featuring touchscreen and voice activated control, can locate nearby restaurants, shopping centres, hospitals or points of local interest. The system also provides updated traffic reports, road closures and accident information.

» **VOICE COMMAND.** It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Use your voice to select radio stations, and to make calls.

ADVANCE & CONQUER

ADVANCED MULTISTAGE FRONT AIR BAGS.
Almost instantaneous occupant protection that matches air bag output to crash severity.

ENHANCED ACCIDENT RESPONSE SYSTEM (EARS).
This system makes it easier for emergency services to see and reach occupants in the event of an accident by turning on interior lighting, hazard warning lamps, and unlocking doors after air bag deployment. It also shuts off the flow of fuel to the engine.

TYRE PRESSURE MONITORING SYSTEMS. Built-in sensors continuously monitor the air pressure in the tyres and will immediately notify you when any level drops below the acceptable minimum.

HILL START ASSIST (HSA) AND HILL DESCENT CONTROL (HDC). HSA works to prevent Wrangler from rolling when starting on an up- or downhill gradient. It holds the vehicle stationary for two seconds after your foot is removed from the brake pedal, allowing time to apply the throttle. HDC is packaged with the 5-speed automatic transmission and diligently works to help Wrangler navigate steep declines at a steady and consistent speed.

ELECTRONIC STABILITY CONTROL (ESC). An advanced system designed to assist you in maintaining control of the vehicle at all times. It utilises hydraulic Brake Assist, traction control, and Electronic Roll Mitigation (ERM), and constantly monitors your input against the vehicle's actual course. If needed, ESC automatically brakes and/or reduces engine torque. Meanwhile, ERM estimates the potential for wheel lift, reducing engine power and applying brakes if needed. ESC has three modes: Full-On, Partial-On, which shuts off traction control, and Full-Off, which is ideal for off-road driving.

ENERGY-ABSORBING FRONT RAIL EXTENSIONS. Collapsible, hydroformed front rail tips offer low-speed protection and can be serviced after impact events of up to 8 MPH.

HALOGEN HEADLAMPS AND FOG LAMPS. These bright sources of light improve down-road visibility at night or during inclement weather.

HEATED POWER WING MIRRORS. Melt snow and ice off your wing mirrors as you warm up your interior. To keep your mirrors free as you drive.

SENTRY KEY® ENGINE IMMOBILISER. A unique embedded key code matched to your vehicle alone helps keep your Wrangler safely where it belongs.

CARGO ROOM. Wrangler four door boasts 935 Litres of cargo space when the rear seats are down.

GLOVE COMPARTMENT. A lockable glovebox provides added security for storing valuables.

DRIVER-SIDE CUBBY. You'll appreciate driver-side door storage for smaller items.

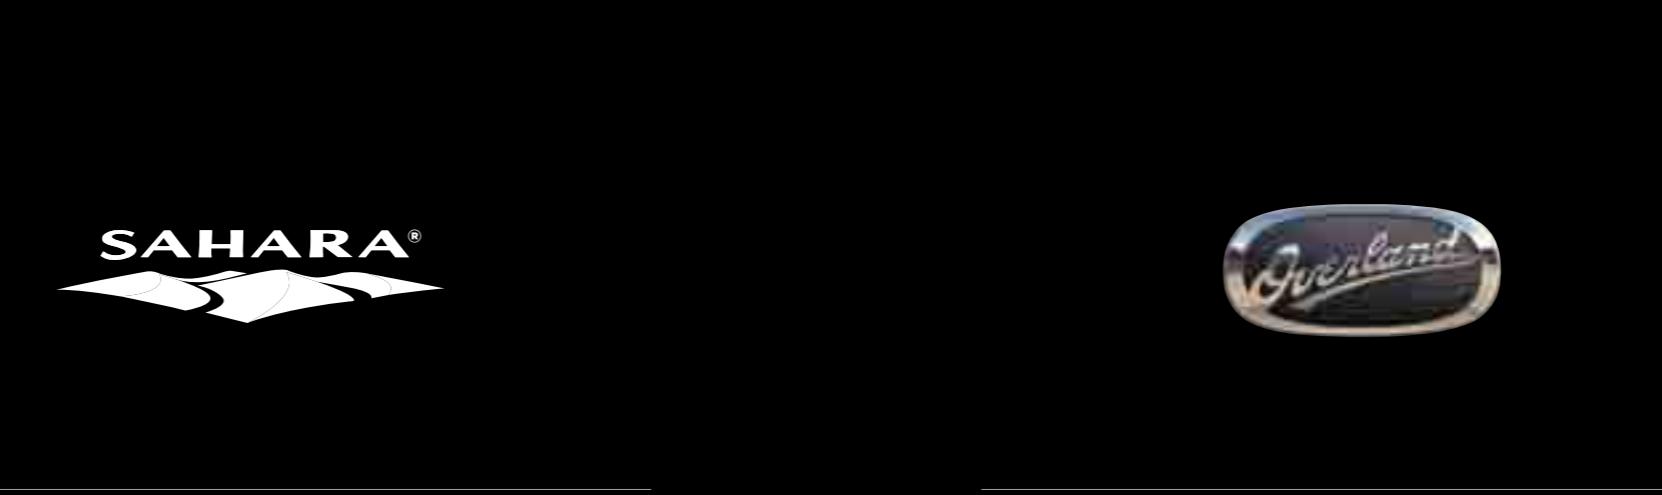

REAR CARGO MAT AND STORAGE. A reversible cargo mat protects your carpet, while a storage compartment beneath Wrangler's rear floor helps keep valuables secure. It features a lift-out tray with convenient storage for door and hardtop bolts.

LOCKABLE CENTRE CONSOLE STORAGE. With open-air freedom comes a secure place to store your goods. A lift-out tray helps things stay organised. Underneath, there's plenty of room to put CDs, a camera, an MP3 player, and other fun or functional items.

SECURE ALL CARGO CORRECTLY.

Secure all cargo correctly.

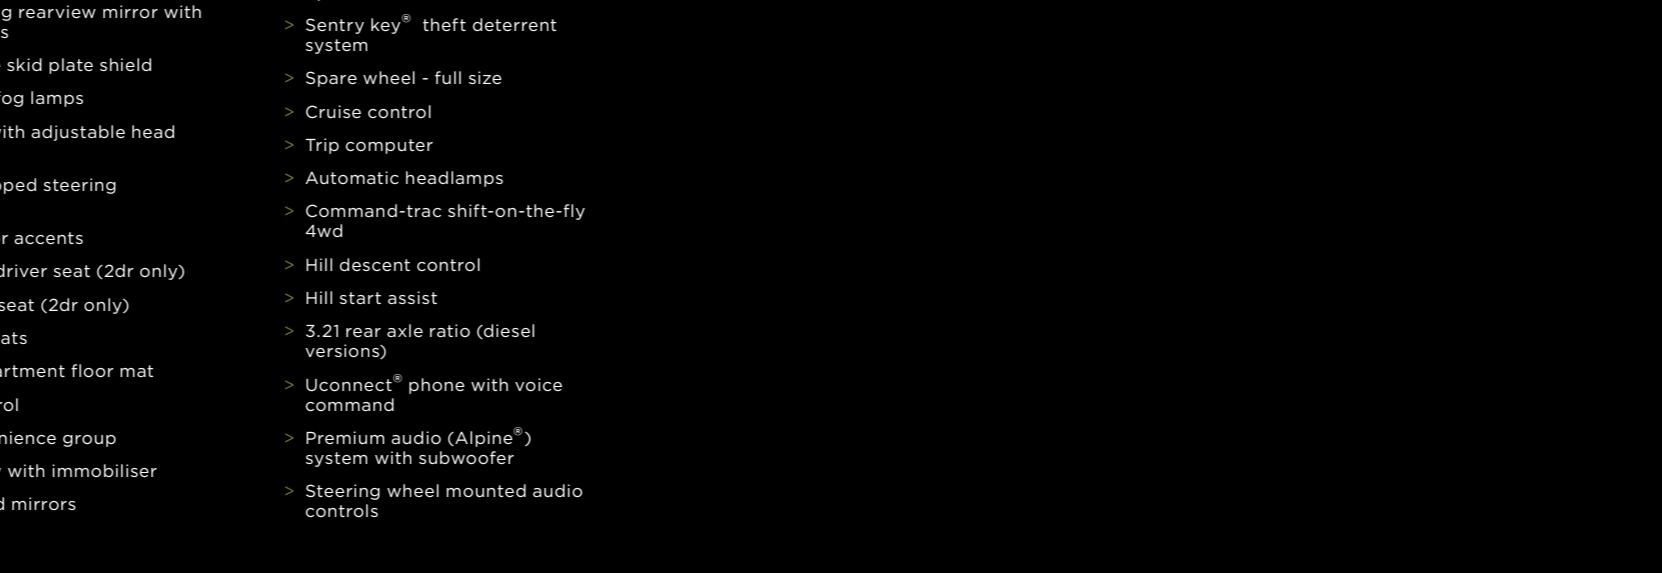

Secure

The right mix of standard capability and comfort, Sahara® 2 door and Sahara 4 door arrive looking the part with tubular side steps and body-colour wheel arches. Sahara arrives perfectly configured with a robust list of standard options.

STANDARD EQUIPMENT

- > Black freedom top 3-piece modular hardtop
- > Full metal doors with roll-up windows
- > 17" Alloy wheels
- > Body-colour wheel arches
- > Tubular side steps
- > Auto-dimming rearview mirror with reading lamps
- > Transfer case skid plate shield
- > Front & rear fog lamps
- > Cloth seats with adjustable head restraints
- > Leather-wrapped steering wheel
- > Bright interior accents
- > Easy access driver seat (2dr only)
- > Rear folding seat (2dr only)
- > Front floor mats
- > Cargo compartment floor mat
- > Climate control
- > Power convenience group
- > Keyless entry with immobiliser
- > Power heated mirrors
- > Power locks
- > Power windows, front one touch down
- > Storage tray
- > Tyre pressure monitoring display
- > Electronic Stability Control (ESC)
- > Spare wheel cover
- > Sentry key® theft deterrent system
- > Spare wheel - full size
- > Cruise control
- > Trip computer
- > Automatic headlamps
- > Command-trac shift-on-the-fly 4wd
- > Hill descent control
- > Hill start assist
- > 3.21 rear axle ratio (diesel versions)
- > Uconnect® phone with voice command
- > Premium audio (Alpine®) system with subwoofer
- > Steering wheel mounted audio controls

The Overland gives you all the Wrangler capability you want with a touch of luxury. Available in two-door or the four-door option with a body-coloured freedom hardtop, 18" alloy wheels, leather trimmed seats and deep-tint sunscreen glass as standard.
