WATER FORDING⁽⁶⁾

MANOEUVRABILITY

GROUND CLEARANCE

TRACTION

FREEDOM DRIVE I®

Plow through deeper snow and other harsh or inclement conditions with the help of active, full-time 4x4 capability with LOCK mode. Its Electronically Controlled Coupling constantly monitors wheel slippage and transfers torque to the axle that can use it most. In tough conditions, the system can be locked 50/50 front/rear for added low-speed capability and control. Front-wheel drive adds efficiency while driving under normal road conditions. Available.

FREEDOM DRIVE II®

Go forth with confidence, harnessing the power infused in this Trail Rated full-time 4WD system with LOCK mode. Tame all terrain, thanks to the system's Hill Descent Control with grade sensing, Hill Start Assist, skid plates, tow hooks, increased ground clearance, all-terrain tires, engine oil cooler, and 140-amp alternator — all matched to a Continuously Variable Automatic Transaxle (CVT II) with a 19:1 crawl ratio. Available.

2.4L DOHC 16V VVT ENGINE

This powerhouse achieves a fuel economy rating of up to 7.0 L/100 km (40 mpg) highway* while delivering 172 hp supported by 165 lb-ft of torque. The engine's dual Variable Valve Timing (VVT) electronically controls both intake and exhaust valves, four valves per cylinder, helping to improve power and encourage an economical performance. Standard.

CVT

CVT paired with Auto/Stick™ uses a 30 mm high-strength multilayer steel drive belt and two active V-pulleys to vary vehicle speed. The Auto/Stick shifter puts optimal vehicle performance under your command. The result: a smooth, quiet ride that's very economical. Available.

*See page 13 for full details.

BEST-IN-CLASS⁽⁵⁾ REAR-SEAT LEGROOM

Your passengers in the back seat can stretch out and relax in Compass. With its Best-in-Class rear-seat legroom and seating for three adults, Compass can carry all your passengers in capable comfort.

BEST-IN-CLASS⁽⁵⁾ CARGO VOLUME

Compass makes the most out of its Best-in-Class cargo accolade with cubbies and cup holders placed throughout the cabin, including two illuminated landing spots for your morning cup-to-go.

SUN AND SOUND

Go for the Sun and Sound Group for fresh air and clear sound via the power sunroof, SiriusXM™ Satellite Radio⁽⁷⁾ with one-year subscription, and an audio system that includes nine Boston Acoustics® speakers with subwoofer and flip-down liftgate speakers.

NORTH EDITION'S STANDARD ISSUE OFFERS ILLUMINATED ENTRY AT ALL DOORWAYS, AIR CONDITIONING, A HEIGHT-ADJUSTABLE FRONT DRIVER'S SEAT, AND A FOLD-FLAT FRONT-PASSENGER SEAT THAT ACTS AS A STABLE LANDING SPOT FOR LAPTOPS. THE 60/40 SPLIT-FOLDING REAR SEATS HAVE A RECLINE FEATURE THAT ALLOWS FOR UP TO 12 DEGREES OF ADDED COMFORT.

North Edition's distinctive profile includes an exclusive "North Edition" liftgate badge, deep-tint sunscreen glass, and bright 17-inch cast aluminum wheels.

NORTH ALL-SEASON GROUP. When the weather gets tough, no one wants to get caught in the mud, snow, or rain. Drive safely and comfortably with this popular group. It offers the warmth of heated front seats, the luxury of a leather-wrapped steering wheel with audio controls, and the comfort of remote start (with CVT transaxle). Available on both 4x2 and 4x4 models.

PREMIUM SOUND. The available premium sound system transmits 368 watts of power via nine Boston Acoustics® speakers, including a subwoofer and flip-down liftgate speakers. Audio controls are conveniently located on the leather-wrapped steering wheel.

LIMITED

Limited's well-appointed cabin surrounds you and your passengers with beautiful amenities while you move confidently forward. Limited arrives with a long list of standard luxuries, including automatic temperature control, heated front seats, ultra-bright 18-inch aluminum wheels, leather-faced seating, a leather-wrapped steering wheel with audio and cruise controls, six-way power adjustable driver's seat, lumbar adjustment, and a fold-flat front-passenger seat. SiriusXM™ Satellite Radio,[©] including one-year subscription, also comes standard.

SPORT

Adventure enthusiasts are invited to get their best game on with Compass Sport. A roster of strong and standard features will accompany you, including 17-inch aluminum wheels, projector fog lamps, a four-wheel antilock brake system, Electronic Stability Control[®] with Electronic Roll Mitigation, Hill Start Assist, Hydraulic Brake Assist, and Electronic Brake-Force Distribution. Sport's standard 2.0L I-4 engine is matched to a 5-speed manual transaxle that delivers up to 6.6 L/100 km (43 mpg)* for efficient highway travel.

*See page 13 for full details.

GUARDIAN HERO

PEACE OF MIND TAKES YOU FAR. HEAD OUT WITH CONFIDENCE. A ROBUST SET OF MORE THAN 30 STANDARD AND AVAILABLE SAFETY AND SECURITY FEATURES ARE IN PLACE, KEEPING WATCH ON THE TRAIL AND ON THE ROAD. A JEEP® ENGINEERED SAFETY CAGE STRUCTURE CONTAINS A FRONT CRUMBLE ZONE SPECIFICALLY DESIGNED TO ABSORB ENERGY DURING A FRONTAL IMPACT. YOUR SAFETY AND SECURITY IS OUR CONCERN.

ELECTRONIC STABILITY CONTROL.[®] Integrates a host of systems that work together to help you safely move forward. The system's four-wheel antilock brake system with hydraulic Brake Assist and Electronic Brake-Force Distribution automatically adjusts the amount of force applied to each brake based on road conditions. All-Speed Traction Control and Electronic Roll Mitigation (ERM) constantly monitor driver input against the vehicle's actual course. When needed, ERM automatically helps provide braking to the appropriate wheels and reduces engine power when overly sharp steering and/or impending wheel lift is detected. Standard.

TIRE PRESSURE MONITORING SYSTEM. Embedded sensors continuously monitor tire pressure and immediately notify the driver when levels drop below the minimum acceptable level. Standard. Tire pressure monitoring display. Available.

HILL START ASSIST. This system works to prevent Compass from rolling when starting on an up- or down-hill gradient. It holds the vehicle stationary for two seconds after the driver's foot is removed from the brake pedal, allowing time to apply the throttle. Standard.

ADVANCED MULTISTAGE FRONT AND SIDE-CURTAIN AIR BAGS.⁽⁹⁾ These air bags provide nearly instantaneous occupant protection by matching air bag output to crash severity. Standard.

FRONT-SEAT SIDE AIR BAGS.⁽⁹⁾ These deploy from the outboard side of each front seat to enhance protection of the driver and front passenger in certain impacts. Each side air bag has its own sensor to autonomously trigger the air bag on the side where the impact occurs. Available.

ENHANCED ACCIDENT RESPONSE SYSTEM (EARS). Should air bags deploy, EARS switches on the interior and hazard lamps, unlocks the doors, and cuts off the fuel supply after the vehicle has stopped. Standard.

HEATED POWER EXTERIOR MIRRORS. Melt snow and ice off your sideview mirrors as you warm up your interior. This feature also helps keep your mirrors free of ice as you drive. Available.

REACTIVE FRONT HEAD RESTRAINTS.⁽¹⁰⁾ In the event of a rear-end collision, the head restraint moves forward and upward to decrease the space between the head restraint and the occupant's head, thereby helping to reduce the chance of injury. Standard.

WELL-CONNECTED

Uconnect™ acts as the central hub for your most important media, allowing you to stay connected, informed, entertained, and focused on driving. Voice Command⁽¹⁾ allows you to use your voice to select AM/FM radio stations and SiriusXM™ Satellite Radio⁽⁷⁾ channels, as well as make/receive calls and select destination entries with the available navigation.⁽²⁾ You'll have multiple ways to access audio, including a USB port, iPod® control with Voice Command,⁽³⁾ Bluetooth™ streaming audio and SiriusXM Satellite Radio⁽⁷⁾ which features song/artist alerts, game alerts, favourites, and replay (your first year of service is included). The available intuitive Garmin® navigation⁽²⁾ can locate nearby restaurants, shopping, hospitals, or points of local interest and provides easy-to-understand directions, including lane guidance. Top it all off with a system that is clever enough to synchronize with your phone's address book⁽³⁾ — up to 1000 entries — every time you get into your vehicle and you'll see how easy it is to keep in touch with the people, music, and devices that matter most.

MULTIMEDIA CENTRES

Jeep[®]

DISCLAIMERS 1) Based on combined highway/city ratings for vehicles marketed as SUVs in Canada. Based on 2013 EnerGuide highway fuel consumption ratings. Government of Canada test methods used. Your actual fuel consumption will vary based on driving habits and other factors. Ask your retailer for EnerGuide information. Excludes other vehicles designed and manufactured by Chrysler Group LLC. 2) Based on 2012 Ward's Small Cross/Utility segmentation and MSRP of base models. 3) With Freedom Drive II. Based on 2012 Ward's Small Cross/Utility segmentation. Excludes other vehicles designed and manufactured by Chrysler Group LLC. 4) When properly equipped. Based on 2012 Ward's Small Cross/Utility segmentation. Excludes other vehicles designed and manufactured by Chrysler Group LLC. 5) Based on 2012 Ward's Small Cross/Utility segmentation. Excludes other vehicles designed and manufactured by Chrysler Group LLC. 6) Do not attempt water fording unless depth known to be less than 51 cm (20 inches). Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. 7) Requires SiriusXM™ radio subscriptions governed by SIRIUS terms and conditions available at siriuscanada.ca. 8) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice, and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 9) The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. 10) Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. 11) Must use Bluetooth compatible phone. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. 12) Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. 13) Phone must support Bluetooth Phone Book Access Profile (PBAP). 14) Not compatible with all garage door openers.
