

GRAND CHEROKEE

Jeep | 4xe

FREEDOM REDESIGNED. CAPABILITY UNCOMPROMISED.

30 YEARS OF AWARD WINNING FREEDOM.

As a world, it's clear we have gone through a period of time that has given us a new perspective. We've reflected and at times reconsidered how we treat the planet and how we want to interact with it. We've arrived at a place where beauty, elegance, and power intersect practicality and functionality. It's time to live without restrictions, and still feel comfortable and safe wherever you are.

The All-new Jeep® Grand Cherokee 4xe is the ultimate expression of sophistication and is redesigned for the electric revolution. Three decades later, the legendary vehicle is back with uncompromising capability and advanced technology while staying true to its heritage.

THE BEST AT DOING MORE, BY DOING BETTER.

The bar for capability has been raised to a new standard, elevated by the charge of sustainability. The first ever, all-new plug-in hybrid Jeep® Grand Cherokee, true to its nature, is engineered to lead the way with powerful performance, making it ready to explore and enhance every journey. Class-leading powertrain and technology work together to drive towards a future of “Zero Emission Freedom”, with a level of comfort that can only belong to a Grand Cherokee.

RETURN OF THE LEGEND.

ILLUMINATE A NEW VISION.

On the all new Jeep® Grand Cherokee, the signature seven-slot grille features a wider design with larger openings and an elegant trim that compliments the advanced lighting. The lower silver trim extends under the ultra-slim full-LED headlamps, creating a single full-width horizontal look that emphasises the width of the vehicle.

DISTINCTIVELY GRAND.

2-TONE ROOF

Jeep® Grand Cherokee is always a leader in sophisticated style. Redesigned and rethought from the ground all the way to the top, the black roof, available on Trailhawk and Summit Reserve, creates a two-tone look that separates Grand Cherokee from the crowd.

CHROME ACCENTS

The chrome accents window moulding begins at the base of the side mirror and then shoots towards the rear before dipping to create a new interpretation of the typical Jeep® shape already seen on cars like the original Wagoneer from 1962.

21" WHEELS

Standing tall to stand out. The 21" alloy wheels are standard on the Summit Reserve allowing you to confidently make a statement wherever your journey takes you.

*Available only on selected trims. See dedicated trim pages.

ALL ROUND EXCELLENCE.

The entire dash and spacious interior layout mirrors the exterior design. The placement of the screens accommodate the view for both the passenger and driver.

LED AMBIENT LIGHTING

Jeep® Grand Cherokee can set the mood from the inside out, day or night, with a fully adjustable LED ambient lighting along the dashboard fascia and on the door panels for an exceptional feeling of premium.

HANDCRAFTED PREMIUM MATERIALS

Revel in the plush interior that makes comfort a commandment. Real wood inserts* on Summit Reserve, exceptional materials and craftsmanship create a contrast to the technology on display for a truly luxurious ambiance.

*Available only on selected trims. See dedicated trim pages.

STYLE AND COMFORT, AT YOUR SERVICE.

Redefining luxury and sophistication at every turn, the all-new interior features updated modern amenities designed to make every journey more comfortable.

CONSOLE GEAR SWITCH

Change gears with a simple twist and driving styles with a tick. Enjoy an added storage bin for two devices featuring an available wireless charger.

IP SLIM AC VENTS

Slim vents with chrome accents highlight the refined details of an interior that knows how to keep you comfortable.

4-ZONE HVAC

The freedom to find their perfect temperature. In the front and back, for a total of four controls, each passenger can adjust and set both air-conditioning* and heat.

16-WAY SEAT W/ MASSAGE

Adjust the front seats in 16 different ways* with programmable memory, also available with back massage for unprecedented comfort.

*Available only on selected trims. See dedicated trim pages.

Grand Cherokee 4xe

THE NEXT STEP TOWARDS A GREENER FUTURE.

A SANCTUARY
OF PROTECTION.

**360° SURROUND
VIEW CAMERA***

A 360° birds-eye view of your vehicle's surroundings makes parking maneuvers, manual or automatic, easier.

**INTERSECTION
COLLISION ASSIST***

Detects the risk of collision while crossing an intersection and warns the driver of possible oncoming risks, even applying the brake when necessary.

**DROWSY DRIVER
DETECTION**

Monitors steering wheel movement and the vehicle's position in the lane, sending an audible alert to the driver suggesting to take a break and rest.

**TRAFFIC SIGN
RECOGNITION**

Uses a front-mounted camera to detect road signs and provide visual reminders on 10" instrument cluster and Heads-up display.

**PARALLEL
& PERPENDICULAR
PARK ASSIST***

An active guidance system using ultrasonic sensors to ease you into parking spots. Includes ParkSense® Front and rear Park Assist sensors.

**AUTOMATIC EMERGENCY
BRAKING**

The system detects vehicles and pedestrians and automatically applies brakes mitigating eventual accidents through the front-mounted camera and radar.

ACTIVE DRIVE ASSIST*

Adaptive Cruise Control and Lane Keep Assist work simultaneously to maintain a safe distance with vehicles in front of you and keep you centred in the lane.

NIGHT VISION*

Thermographic technology and an infrared sensor detect pedestrians and animals crossing the vehicle's path. Their position on the road is outlined in the instrument cluster in front of you.

HEADS-UP DISPLAY*

Projected and powered by the Uconnect™ system, visualise essential driver information directly on the windshield so you can keep your eyes fixed on the road ahead.

A TRUE DISPLAY
OF CHARACTER.

A state of the art combination of safety and technology to reach up to level 2 autonomous driving is at your service onboard the all-new Jeep® Grand Cherokee. Visualise the road, understand your surroundings and drive with greater peace of mind. The customisable 10.1" digital colour cluster and a new heads-up display that projects driving data onto the windshield allow even safer viewing.

LUXURY INTERIOR DESIGNED TO IMPRESS.

ORCHESTRATE YOUR JOURNEY.

A first in the automotive world, Jeep® has partnered with McIntosh® Audio to develop a sound system that features a 17-channel amplifier that delivers up to 950 Watts of sound through 19 custom-designed speakers and a 10-inch subwoofer. Experience crisp highs and deep lows from a world leader in home sound. Bring your favourite music or podcast along for the journey with high-definition acoustics.*

4xe

THE RIGHT MOVE
IS RIGHT IN FRONT
OF YOU.

Life can be a handful, but with the handsfree liftgate, the all-new Jeep® Grand Cherokee is ready to make your life easier with a swipe of the foot.*

NEW HORIZON,
ENDLESS POSSIBILITIES.

4x4

APPLE CARPLAY

Apple CarPlay™ gives you intelligent and safe access to Apple Maps, Phone, Messages and Apple Music through Siri or the Uconnect™ touchscreen.

ANDROID AUTO

Android Auto™ offers an easy connection via touchscreen and steering wheel controls to handsfree voice control, Google Maps, YouTube Music.**

10.25" TFT CLUSTER

Organise and set driving information the way you want to see it. The fully-digital instrument cluster features predefined and custom layouts for the driver to easily visualise navigation, speed indications and other important safety information.

DIGITAL REARVIEW MIRROR*

Get a clear, high definition view of exactly what's behind you thanks to a camera on the rear of the vehicle and an LCD monitor embedded in the mirror. It's perfect when the rear window is blocked by passengers or cargo. Choose to use the real-time video or switch back to the reflective mirror.

10.1" NAV RADIO

The all-new Uconnect 5 system brings the 10.1" touchscreen to life with faster operating speeds and intuitive movements to customise your infotainment experience. Set up to 5 different profiles, with seat positions, music preferences and more. Enabled to connect 2 Bluetooth devices simultaneously and update the entire system automatically over-the-air.

10" PASSENGER SCREEN* segment-exclusive

Transform the passenger into a true co-pilot with a 10" touchscreen. Seamlessly pass navigation information sending directions to driver's display, view cameras, tune into music or podcasts directly through its own wireless headphone connection.

*Available only on selected trims. See dedicated trim pages.

**To use Android Auto on your car display, you'll need an Android phone running Android 6.0 or higher, an active data plan, and the Android Auto app. Google, Android, Android Auto, YouTube Music and other related marks are trademarks of Google LLC. Android Auto is not available in all regions and languages. Please check <https://www.android.com/auto/> for country and language availability.

The image shows the rear passenger area of a Jeep Grand Cherokee. Two large, 10.1-inch entertainment screens are mounted on the back of the front seats, displaying a user interface with various app icons and a 'DOWNLOAD AND WATCH OFFLINE' banner. The seats are upholstered in black leather with orange stitching and a quilted pattern on the lower backrests. The interior features wood trim on the side panels and a panoramic sunroof. The view outside the windows shows a forest with tall trees.

TAKE A BACK SEAT TO NO ONE.

The 10.1" rear seat entertainment displays, with built-in Amazon Fire TV, plus 16 gb of built-in storage, allow passengers in the back seat to enjoy a premium allows experience on every journey*.

*Available in selected markets and on selected trims only.

A NEW DIMENSION OF CONNECTIVITY.

NEW REMOTE OPERATIONS & STATUS

Lock and unlock doors, check the status, unlock the trunk and much more thanks to the Jeep® mobile app.

JEEP® OFF-ROAD PAGES

Visualise important information directly on the Jeep® mobile app like ride height, pitch and roll, active Selec-Terrain, and transfer case status.

SERVICE SCHEDULING

Manage all maintenance service remotely using Jeep® mobile app.

NEW ECO-SCORE

Improve your driving skills and reduce fuel and battery consumption. Get a real-time score based on acceleration, deceleration and other parameters.

Download Jeep® mobile app or go to the official Jeep® website to take advantage of all services.

For more information regarding the timing and activation for each service, please refer to the official Jeep® website.

JEEP® APP WITH UCONNECT™ SERVICES.

MY ASSISTANT

One touch SOS calls and roadside assistance in the vehicle and monthly vehicle reports on the app.

MY REMOTE

Remotely check doors, battery status and monitor charging via smartphone or smartwatch. Eco-Score suggests ways to improve driving, and Off-Road pages keep you on sure footing.

MY CAR

Check fuel or battery level, tyre pressure, and carry out maintenance schedules in real-time.

MY NAVIGATION

Dynamic range mapping to maximise efficiency. Send & GO for POI search and fast navigation. Get real-time weather, traffic and speed camera updates "over-the-air".

MY eCHARGE

Find the nearest charging station on the road and pay directly through the app. Track charge history and manage Wallbox charging at home.

MY WI-FI*

Connect up to 8 devices to a built-in hotspot so all your passengers can stay connected. Interact with the smart home thanks to Amazon Alexa** built-in.

MY ALERT*

Detects possible theft attempts or any unauthorised vehicle movement. If the vehicle is stolen, contact the authorities with a single touch.

MY FLEET MANAGER*

Receive fleet data in real-time and explore Free2Move solutions.

* Optional services.

**Amazon, Alexa and all related logos are trademarks of Amazon.com, Inc. or its affiliates. Available only on Radio Uconnect 10.1 " Navi.

REVEL IN THE MOMENT.
LIVE FOR WHAT'S NEXT.

Having the capability and power to go anywhere is important. The Jeep® 4xe technology lets you choose the driving mode that fits the moment, so you can be prepared for the road ahead.

DRIVING MODE

HYBRID

The perfect combination for exceptional performance. Hybrid mode uses the powerful 2.0L turbocharged engine and efficient electric motor to provide maximum horsepower, instant torque and impressive acceleration.

ELECTRIC

Engages only the electric motor for zero emissions and a silent drive, even in 4x4. Travel through restricted city zones or on the trail comfortably and powerfully with instant torque every time you press the pedal.

eSAVE

Use only the combustion engine to save battery power and recharge your battery on the go. This mode ensures you will have more battery charge when you need it most. This mode ensures you conserve the battery charge for when you need it most.

POWERED BY THE ROAD AHEAD.

COMBUSTION ENGINE

The technological and fuel-efficient 2.0L turbocharged engine, that alone delivers 272 HP and is designed to work smarter with the rest of the powertrain. Its turbocharger is mounted directly on the cylinder head for more efficient acceleration.

BATTERY

Equipped with a dedicated heating and cooling system, the 400-volt battery units and controls remain safe and secure, protected by high-strength steel skid plates. The entire electronic system is sealed and waterproof.

ELECTRIC MOTOR

The larger high-voltage electric motor is mounted directly on the transmission. Two separate clutches manage the power and torque between the combustion and electric engine for a nearly seamless and exceptionally smooth ride at all times, whether in hybrid, electric or e-save driving mode.

The future of “Zero Emissions Freedom” is brighter, and more fun to drive than ever with the beautifully engineered PHEV architecture onboard the all-new Jeep® Grand Cherokee. The 2.0L T4 engine combined with two electric motors and a 400-volt, 17.3-kWh battery unit deliver a total of 380 HP (combined) and 637 Nm of torque for a new level of Jeep® performance. Now, all that power guarantees the road is officially yours.

CHARGED BY THE GREATER GOOD.

There are different ways to charge the all-new Jeep® Grand Cherokee 4xe. Thanks to the Jeep® app, you can schedule, pay and monitor your vehicle charging process at any time.

STANDARD

Whether you're at home or on the road, charge your vehicle with a standard cable wherever there is a domestic electric outlet.

WALLBOX

Practical and intelligent, the Wallbox is the most efficient way to charge your vehicle at home. Charge using 2.3 kWh, which can be increased up to 7.4 kWh using the mode 3 cable with professional installation. This guarantees your vehicle reaches a full charge much quicker. It's also easy to schedule charging that meets your needs via the Uconnect™ in-car system or mobile app.

PUBLIC CHARGING

Take advantage of the increasing number of charging stations while you are on the go. Use the mode 3 charging cable at public charging stations to charge with 7.4 kWh and reach a full charge in less than 3 hours.

THE ALL-NEW JEEP® GRAND CHEROKEE.
POWERING THE FUTURE.

REACH NEW HEIGHTS.

SUSPENSION

The class-exclusive Quadra-Lift® Air Suspension features electronic semi-active damping. It lets the driver choose between 5 different positions: entry/exit to making getting in and out more comfortable, aero for more efficient aerodynamics, normal for everyday driving and two different off road settings to clear obstacles on rough terrain or reach up to 61 cm of water fording.

2 OFF-ROAD SYSTEMS

Legendary capability starts with unrivalled 4x4 systems. Quadra-Trac II and Quadra-Drive II deliver the confidence needed to take on any adventure under any conditions.

ACTIVE TRANSFER CASE

Present in both 4x4 systems, it automatically and actively transfers power to the drive axle that needs it most, without any driver intervention.

4xe

THE POWER OF
BEING CONFIDENT
ON EVERY ROAD.

**REAR ELECTRONIC
LIMITED SLIP
DIFFERENTIAL (ELSD)**

Exclusive to the Quadra-Drive II, the ELSD automatically senses, and sends torque to the wheel that needs it most. This improves traction in slippery conditions and provides enhanced drivability on daily commutes.

SELEC-TERRAIN

Choose between 5 driving modes: Sand/Mud, Auto, Sport, Snow and Rock for the best on- or off-road experience. The class-leading traction system will automatically manage all 4x4, suspension, braking and performance systems to ensure the best possible ride.

THE NEXT CHAPTER IN TRAILBLAZING.

TRAILHAWK

Trailhawk proudly wears the Trail Rated® badge which is only given to vehicles that pass a series of grueling tests in five different categories: Traction, water fording, maneuverability, articulation and ground clearance. To ensure you can take on any challenge, the new Jeep® Grand Cherokee has a 35.5 degree approach angle, 29.8 departure angle and a 22.2 break over angle.

SWAY BAR DISCONNECT

A class-exclusive, which allows system allows improved articulation. This means the front two wheels can both be firmly on the ground, even at different heights, ensuring more traction over rocks and rough terrain.

APPROACH/DEPARTURE /BREAK OVER ANGLE

35.5 / 29.8 / 22.2

MAX GROUND CLEARANCE [MM]

275 at the highest elevation
of the air suspension (offroad II)

WATER FORDING [MM]

610 mm

SKID PLATE

High-strength steel skid plates cover the fuel tank, battery, departure angle and undercarriage of the entire vehicle for unmatched protection.

OFF-ROAD CAMERA

A front-facing trail cam provides the driver with improved visibility in off-road conditions. The image is displayed on the 10.1" Uconnect touchscreen where the driver can also check the Offroad pages for a detailed look into the vehicle's position.

JEEP® OFF-ROAD PAGES

Check important information while driving directly from on the Uconnect screen. The off road pages provide vehicle status information while operating in off-road condition such as vehicle ride height, status of the transfer case, pitch and roll angle and the selec terrain mode.

TURN ON ADVENTURE WITH MOPAR®.

No one knows how to outfit your Jeep® Grand Cherokee 4xe better than Mopar®, with a range of Authentic Accessories for the perfect fit, look and extra capability. For a personalized exterior style, choose among the different accessories at disposal, in addition to black or bright **Running Boards**. Mopar® also has solutions if extra equipment or cargo is necessary, choose to add a set of **Crossbars**, a **Roof Cargo Basket** or **Roof Cargo Net**. When nature calls, there's no better team than Jeep® and Mopar®.
