FOLDING WINDSHIELD

*Specifications and Equipment may vary without prior notice.

NO OTHER TRUCK SHEDS ITS INHIBITIONS LIKE JEEP® GLADIATOR. IT HAS AN IMPRESSIVE LIST OF FEATURES THAT BRING THE OUTSIDE IN, PROVING THAT THIS PICKUP TRUCK TRULY IS OPEN FOR ANYTHING.

SUNRIDER® SOFT TOP Choose your mood: remove just the rear window to retain shade from the sun, flip back the upper section for a fully open roof, or remove the entire top altogether. With a spring-assisted and zipperless design, Sunrider® allows you to become one with the sun and stars. Crafted from heavy-duty waterproof cloth material and available in Black. Standard. Also available with premium fabric that is thicker, richer in color and easier to clean. Available in Black.

FOLDING WINDSHIELD Feel the wind on your face and get a clearer view of the trail by removing just four bolts, folding the windshield down and securing it with straps available from Mopar®.

DESIGNED FOR EASY TRANSFORMATIONS Every open-air feature was developed with ease and convenience in mind so you can spend more time enjoying fresh air. That's why the windshield only requires four bolts to lower and why the doors have the size of the required Torx® bit debossed into the hinges. Jeep® Gladiator includes a tool kit and storage for all bolts under the rear seat. When you get the available Freedom Top®, a storage bag is included for the removable panels.

FREEDOM TOP® 3-PIECE MODULAR HARDTOP Lightweight and easy to take off, you can remove just the two front panels or all three sections. The rear glass incorporates a rear defroster and manual-sliding window. Also comes with a Freedom Panel storage bag and can be optioned with insulating headliner panels. Available in Black on all trim levels or in body-color on Overland® and Rubicon®.

JEEP® PERFORMANCE PARTS Add even more open-air options with a variety of accessories at Mopar.com

OPEN-AIR ACCESSORIES INCLUDE:

- TUBE DOORS
- SUN BONNET
- MESH SUN BONNET
- WINDSHIELD TIE-DOWN STRAPS

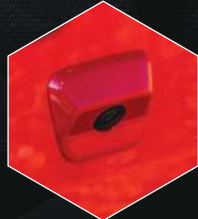

REMOVABLE DOORS

The side doors on Jeep® Gladiator are made of lightweight aluminum, which makes them extremely easy to remove. A special tool is provided that you'll use to remove the door hinge pins. A built-in handle makes them easy to remove, and carry too. Now, you're truly experiencing freedom.

TECH SUPPORT
