

The All-New 2015

SEDONA

The Power to Surprise

Designed to inspire.

Kia's design is more than shapes, lines and surfaces. It is a sharing of unexpected new and pleasant experiences.

To ensure that the all-new 2015 Kia Sedona exceeds the highest standards of design, technology and quality, Peter Schreyer — one of the world's top 3 automotive designers — thoroughly oversees every aspect in its design direction. For Schreyer, each element should bear the 'absolute purity' in order to create the design as a whole. The 'simplicity' philosophy is at the core of Kia's creative language.

PETER SCHREYER
President and Chief Design Officer,
Kia Motors Corporation

An unrivaled combination of style, comfort, and versatility.

Introducing the all-new 2015 Kia Sedona. Impressive exterior styling promises that this is a new kind of vehicle that delivers an unexpected combination of cutting-edge design and extensive capabilities. Its interior is thoughtfully designed to give an exceptional driving experience for both driver and passengers. Spacious, available eight-passenger seating and multiple seating configurations make Sedona remarkably comfortable and versatile. A wealth of technologically advanced features, including available systems like Adaptive Smart Cruise Control¹ and Blind-Spot Detection¹ with Lane-Change Assist¹, inspire confidence and enhance everyday convenience.

SOLID PERFORMANCE

Sedona features a 276 horsepower, 3.3-litre Gasoline Direct Injection (GDI) V6 engine. It's tuned for outstanding midrange torque for impressive acceleration. Its 6-speed Sportmatic[®] transmission allows you to choose between automatic mode or, for even sportier driving, clutch-free manual shifting, which also assists in controlling descent speeds.

STRONG TOWING CAPACITY

The 3.3-litre Gasoline Direct Injection (GDI) V6 engine produces 248 lb.-ft. of torque, giving Sedona a standard towing capacity of 3,500 lb.²

INNOVATIVE TECHNOLOGY¹

Advanced, available systems like Adaptive smart cruise control, 360° camera monitoring system, Front collision warning system, Front and rear parking sonars and rearview camera make everyday driving a pleasure.

Spacious and adaptable.

Sedona's interior adapts to your lifestyle, beginning with a choice of available seven- or eight-passenger seating. Either way, you can configure the second- and third-row seats to carry passengers in comfort or stow extra cargo. Available tri-zone air conditioning lets you select separate climate zones, while an available 8-way power-adjustable driver's seat with 4-way power lumbar support and available eight-way power-adjustable front passenger seat provide added comfort.

DUAL SUNROOF. Front and rear sunroofs on Sedona SXL models let you enjoy a feeling of spaciousness and fill the cabin with fresh air. They also feature dual sliding sunshades that are quick and easy to open and close.

CONVERSATION MIRROR. A specially designed rearview mirror in the upper console allows driver and front passenger to clearly see rear-seat passengers without having to turn around in their seats.

STAIN-RESISTANT CLOTH. Sedona's cloth seating features repel-and-release YES Essentials^{®3} technology for stain resistance so even messy spills clean up easily. Plus, advanced fibers help eliminate lingering odours that moisture can leave behind.

HEATED AND COOLED SEATS. Available heated front and rear seats help ensure comfortable driving in cold weather. Enjoy optimal comfort in warm weather with available air-cooled front seats that circulate cool air through perforations in the seat leather.

UNIQUE SLIDE-N-STOW SEAT DESIGN. When you need more cargo area, you can take advantage of the available¹⁰ second-row seats' innovative stand-up design. Simply flip a lever to stand the seats upright, where they stay locked in place. Third-row seats conveniently fold down into the floor, and they also feature a versatile 60:40 split-fold design, giving you the option of carrying a combination of passengers and cargo.

International model shown.

A higher standard of comfort.

Sedona SXL models provide truly luxurious accommodations. Premium two-tone, Nappa-leather seat trim is elegant and extraordinarily comfortable. Reclining second-row, first-class lounge seats slide both forward-and-backward and side-to-side for remarkable adjustability. They also feature adjustable aviation-style, contoured head rests, armrests and footrests for exceptional comfort.

HEATED STEERING WHEEL. Sedona SX includes a wide variety of luxurious features designed to provide comfortable driving all year long. The available heated steering wheel is especially nice on cold winter mornings.

COOLING GLOVE BOX. An available cooling glove box lets you keep beverages chilled on long drives, while an available second glove box provides additional storage space.

DRIVER'S MEMORY SEAT. Available memory settings for two drivers are located on the driver's door. They provide the luxury and comfort of personalized ergonomics for the available power-adjustable driver's seat, including the power sideview mirrors.

NAPPA LEATHER SEATS. With premium full-grain Nappa-leather seating, the Sedona SXL combines an elegant feel and upscale styling for traveling in extraordinary comfort.

STAYING CONNECTED. Use your voice or a touch screen to control the available onboard navigation⁴ and entertainment systems on your new Sedona. The available 8" multimedia interface, combines a dynamic display and brilliant graphics with touch screen gestures and speech recognition technology for precise control of multiple systems and functions.

International model shown.

Driver focused.

Sedona's cabin is designed to provide the driver with superb ergonomics. The shift lever is located in the centre console to give the driver ready access to the Sportmatic[®] transmission. Everything from the steering-wheel-mounted controls to the available voice-command navigation system⁴ is intuitively placed for convenient operation. In addition, an abundance of upscale soft-touch material throughout the interior surrounds driver and passengers alike with sophisticated styling.

REARVIEW CAMERA.¹ When you shift into reverse, a high-resolution video with active parking guidelines appears on the available rearview camera display. Like an extra set of eyes, it shows you what you might not see in the rearview mirror or by looking over your shoulder.

CLUSTER IONIZER. The available tri-zone air-conditioning system includes a cluster ionizer. It works silently and efficiently within the system, to help purify air in the cabin.

PUSH-BUTTON START. To make everyday driving more convenient, the available Smart Key remote lets you start or stop the engine with the push of a button, even when you have the key fob in your pocket or purse.

SMART WELCOME. The available Smart Welcome system is activated by the available Smart Key remote. When you get close to your Sedona, interior and door-handle lights go on and the power-folding mirrors unfold.

Home of 100% commercial-free music, news, talk, entertainment, traffic, weather and data. To find out more about SiriusXM satellite radio,⁸ speak to your Kia dealer or visit siriusxm.ca

The 2015 Sedona is available with Bluetooth[®] wireless technology to provide hands-free calling connectivity with Bluetooth-enabled cell phones.

Easy to live with.

Sedona is remarkably versatile, with a spacious cargo area and a number of innovative features designed for everyday convenience. An available Smart-Power Liftgate opens automatically if you simply stand next to it for three seconds with the available Smart Key in your possession — which is especially helpful when you have your hands full. Plus, the Liftgate automatically retracts if it meets resistance, and you can set it to open and hold at different heights.

SECOND- & THIRD-ROW SUNSHADES. Rear-seat passengers can enjoy a cool and comfortable drive with available side-window sunshades.

115V POWER INVERTER. With Sedona's handy, available 115V power inverter, you can plug electronic devices — from your laptop computer to a portable gaming console — right into an electrical power outlet.

PORTABLE FLASHLIGHT. An available rechargeable flashlight in the cargo area has dual functions. Mounted in its place, it automatically lights the cargo area when the hatch is opened. It is also easy to detach for use as a portable flashlight.

Delivering a safe ride.

Sedona features advanced safety systems designed to help give you peace of mind every time you drive. Each one is engineered to help you maintain control, even in harsh road conditions and in some emergency situations. These safety systems are designed to function automatically, leaving you free to focus on safe driving.

360° CAMERA MONITORING SYSTEM¹
The available 360° camera monitoring system utilizes four cameras, located at the front, rear, and sides, to provide visibility all around the vehicle. This helps enhance the driver's view when maneuvering into parking spaces.

BLIND-SPOT DETECTION WITH LANE-CHANGE ASSIST¹
The available radar system helps detect vehicles in the driver's blind spot and then provides alerts. Lane-change assist audibly alerts you if you signal to enter a lane with a vehicle already present.

FRONT COLLISION WARNING SYSTEM¹
Available Front Collision Warning System activates alerts when the vehicle detects objects immediately ahead that may cause a potential impact, encouraging the driver to decelerate.

FRONT AND REAR PARKING SONARS¹
An available sonar system is concealed in the front and rear bumpers. When you're parking, it gives an audible warning if it detects certain objects close to your vehicle.

PREPARED FOR THE UNEXPECTED. Improved interior cabin safety is delivered through the use of high tensile strength steel reinforcing the front, rear and sides, oversized bumper beams, a ringed structure at the centre pillar area, and a chassis design that disperses impact along a number of different paths.

ELECTRONIC STABILITY CONTROL
Electronic Stability Control (ESC) monitors Sedona's response to your throttle, brake and steering inputs in tight corners and evasive-maneuvre situations. If and when input and response are out of sync, ESC briefly takes over to restore stability through precise brake and engine-control interventions.

VEHICLE STABILITY MANAGEMENT SYSTEM¹
The available Vehicle Stability Management system (VSM) adds steering direction control capability, assisting when appropriate to further stabilize the vehicle. It helps you regain control and return the vehicle to its intended path.

TRACTION CONTROL
Sedona's standard Traction Control System (TCS) senses wheel spin during acceleration and uses engine-torque reduction to slow the spinning wheel(s) and transfer torque to the wheels that have the most traction.

CORNERING BRAKE CONTROL
Provides side-to-side brake-pressure proportioning using the electronic brake-force distribution system, resulting in optimized vehicle stability when braking into a turn.

BRAKE ASSIST SYSTEM
If the Brake Assist System (BAS) detects emergency braking, based on how quickly you step on the brake pedal, it instantly applies full braking force, which helps shorten your overall stopping distance.

HILL ASSIST CONTROL
To help keep you from rolling backward when starting off on a steep hill, Hill Assist Control (HAC) automatically maintains braking pressure for up to two seconds after you take your foot off the brake pedal – enough time for engine power to move you forward.

REINFORCED BODY
The side doors on Sedona are reinforced with steel beams to help absorb impact energy and deflect it away from passengers. The A and B pillars (front and middle support pillars) are also reinforced to help strengthen the body structure.

LATCH SYSTEM
The standardized Lower Anchors and Tethers for Children (LATCH) system makes it easier to securely install a compatible child seat in any of the three rear seating positions.

1. See endnotes on page 19.

FEATURES

Exterior	L	LX	SX	SXL
17" steel wheels with covers	●	–	–	–
17" alloy wheels	–	●	–	–
18" machined-finish alloy wheels	–	–	●	–
19" bright chrome wheels	–	–	–	●

Starting with the 2015 model year, Natural Resources Canada in conjunction with the automotive manufacturers, have introduced a new testing procedure that will result in higher fuel consumption ratings that are more representative of everyday driving. Kia Canada is one of the first automotive manufacturers to implement the new testing practice and would like to ensure you fully understand the difference. The new procedure incorporates 3 additional test cycles that account for air conditioner usage, cold temperature operation, and higher speeds with more rapid acceleration and braking. To learn more, please visit: <http://oee.nrcan.gc.ca/fcr-rcf/public/index-e.cfm>

SPECIFICATIONS

Engine	
Type	3.3L, GDI, V6, all aluminum
Valve train	24-valve, DOHC, Dual-Cam Variable Valve Timing (D-CVVT)
Horsepower	276 hp @ 6,000 rpm
Torque	248 lb.-ft. @ 5,200 rpm
Compression ratio	11.5:1
Intake	Variable Intake System (VIS), Electronic Throttle Control (ETC)
Recommended Fuel	Regular unleaded
Fuel management	Gasoline Direct Injection (GDI), Active ECO
Transmission	6-speed automatic, Sportmatic sequential shifter with electronically controlled overdrive

Dimensions, mm (in.)	
Wheelbase	3,060 (120.5)
Length	5,115 (201.4)
Width	1,985 (78.1)
Height with/without roof rails	1,755/1,740 (69.1/68.5)
Ground clearance	171 (6.7)
Head room – (front/middle/rear)	1,010/1,000/987 (39.8/39.4/38.9)
Head room – with sunroof (front/middle/rear)	984/951/930 (38.7/37.4/36.6)
Shoulder room – (front/middle/rear)	1,622/1,602/1,508 (63.9/63.1/59.4)
Leg room – (front/middle/rear)	1,040/1,045 (SXL: 1,030)/885 (40.9/41.1 (SXL: 40.6)/34.8)
Hip room – (front/middle/rear)	1,506/1,679 (SXL: 1,671)/1,269 (59.3/66.1 (SXL: 65.8)/49.7)
Turning diameter (curb to curb), m (ft.)	5.6 (18.4)

Brakes	
Type	4-wheel disc
ABS	4-wheel, 4-channel
Front, mm (in.)	320 (12.6) vented disc
Rear, mm (in.)	302 (11.9) solid disc

Body & Chassis	
Layout	Front engine, front wheel drive
Body type	High-tensile steel unibody
Front suspension	Independent, MacPherson struts, dynamic dampers, coil springs and anti-roll bar
Rear suspension	Independent, multi-link, dynamic dampers, coil springs and anti-roll bar
Steering	Hydraulic power steering (SX/SXL: Electric power steering) SX/SXL: Drive mode select (Comfort/Eco/Normal)

Curb Weight, kg (lb.)	
L	2,002 – 2,141 (4,414 – 4,720)
LX	2,026 – 2,113 (4,467 – 4,658)
SX	2,052 – 2,141 (4,524 – 4,720)
SXL	2,127 – 2,141 (4,689 – 4,720)

Capacities, L (cu. ft.)	
Interior volume	4,695 (165.8)
Cargo capacity (behind 1 st row)	4,022 (142.0)
Cargo capacity (behind 2 nd row)	2,220 (78.4)
Cargo capacity (behind 3 rd row)	960 (33.9)
Fuel tank capacity, L (Imp. gal.)	80 (17.6)

Fuel Economy, Highway/City, L/100km	
L/LX	9.7/13.2
SX	9.5/12.9
SXL	10.5/14.2

Kia Genuine Parts and Accessories are engineered by Kia and installed by professionals at your Kia dealer. For more information on the full line of available Genuine Kia Parts and Accessories, see your local Kia dealer, visit www.kia.ca or call 1-877-542-2886.

GET THE POINTS

Kia Member Rewards is an exclusive rewards program for Kia customers. As a Kia Rewards Member, you'll earn points with every dollar you spend on maintenance service, parts and accessories at your servicing Kia dealer. Those Reward Points can be redeemed for discounts on future purchases - including the purchase of a new Kia. Plus earn Bonus Points on select items and services to collect rewards even faster.

- Kia Member Rewards No-Charge Benefits include:**
- Fuel fill-up with the delivery of your new Kia vehicle
 - Local shuttle service
 - Multi-point vehicle inspection with every service visit
 - Windshield washer fill-up with every paid service
 - Windshield wiper installation with wiper purchase
 - Preferential rates on car rentals, nationwide
 - 24/7 Roadside Assistance for your vehicle under Kia's 5-year/100,000 km warranty or Certified Pre-Owned warranty
 - Email notification of exclusive Kia specials and events - a great way to earn Reward Points and save on future purchases

Become a Kia Premium Rewards Member:
Ask your Kia Dealer how you can enjoy even more benefits.

Enroll Today. Becoming a Kia Rewards Member is easy. See your Kia Dealer today to join. Visit rewards.kia.ca for full terms and conditions.

WE'VE
GOT YOU
COVERED.

At Kia, we believe peace of mind should come standard with every vehicle we make. That's why we back every model with one of the best warranties in the industry.

Our outstanding warranty coverage includes:

- 5-year/100,000 km** - Worry-free comprehensive warranty covering virtually the entire vehicle⁹
- 5-year/100,000 km** - Powertrain warranty covering the engine, transmission, axles, differentials and driveshafts⁹
- 5-year/100,000 km** - Roadside assistance covers you in case of mechanical breakdown anywhere in North America⁹

5-year/unlimited km - Anti-perforation warranty on body sheet metal defects in material/workmanship⁹

For more information visit kia.ca or call 1-877-542-2886

ENDNOTES

1. Blind-spot detection, Front collision warning system, 360° camera monitoring system, Adaptive smart cruise control, Lane-change assist, Lane departure warning system, Rear cross-traffic alert, Vehicle stability management, front and rear parking sonars and rearview camera are not substitutes for proper and safe driving procedures. 2.
