

VENGA

The Power to Surprise

THE VERSATILE KIA VENGA ELITE

Imagine designing the perfect space. We did.

Everyone loves space. So why not make the most of it? The Kia Venga Elite does it beautifully. With its cutting-edge dynamic look, a high roofline, and an unusually long wheelbase, you've got a truly versatile car. It's this kind of free-thinking that's helped us create the Kia Venga. It comes with lots more clever ideas, ready to be explored when you are.

DESIGN

Born, built and loved in Europe

The Kia Venga has all the ingredients to be an international style icon. It was conceived by our European Design Team in Frankfurt and carries Kia's new signature grill. Under the Design Team's guidance the Venga has emerged with taut, muscular lines, an assured stance and a striking front fascia – making it individual and distinctive.

SHARP DESIGN,
GREAT LOOKS,
-TRUE EUROPEAN

QUALITY

Go further, worry less

The Kia Venga comes with inbuilt confidence thanks to our unrivalled 7-year warranty. This is an industry leading, 7 year/ 150,000km bumper-to-bumper warranty. A 12-year anti-perforation warranty is also part of the package. We offer this generous service simply because we can. But then, our cars are so well built you'll probably never need to make use of these exceptional warranties.

DRIVING DYNAMICS

Explore every corner

The Kia Venga is not just a car to enjoy space with. It's designed for the road – whether you're buzzing around town or beyond. For outstanding agility and stability, there's active driving technology including Anti-lock Braking System (ABS), Brake Assist System (BAS), Electronic Stability Control (ESC) and Hill Start Assist Control (HAC). Add to that fully independent front and rear suspension and you have all the ingredients for a comfortable ride.

INTERIOR DESIGN

Time to move in

If the Venga's exterior looks are an invitation to drive, then the interior is an invitation to sit back and enjoy the ride. Once inside, you'll be welcomed by quality materials and great ideas to make your journey as enjoyable as possible. Stylish yet comfortable seats, chrome features and the beautifully crafted centre console show that the Venga does quality in style.

AUDIO SYSTEM & CONNECTIVITY

Add four wheels to your music collection

Take your seat, the concert is about to begin. Choose your device and the Venga will play your music via the premium audio stereo system. It features a RDS radio and an inbuilt CD player, plus AUX and USB outlets for your iPod or MP3 player, easily accessed through the steering wheel controls. For a great surround sound, six high-quality speakers are placed throughout the cabin as standard. Make and receive calls – Bluetooth is standard.

Seat trim in Ireland will vary.

MODULARITY & STORAGE

Made to fit

As you'd expect from an MPV, the Kia Venga is an expert at versatility – and still manages to throw in a few surprises. Despite its compact outer dimensions, it offers plenty of room for plenty of uses starting with the 440 litre luggage compartment. To increase boot space Venga offers a number of options: The 60:40 split rear seats, which dive and fold to create a flat surface. Or the flexible two-tier boot space floor, which gives the possibility of using a lower level to extend total capacity to 1,486 litres when loaded to the roof. Another perfect little (or big when you need it) example of the Venga's versatile design.

Check with your Kia dealer which seat trim is available for your selected model.

Versatile storage solutions mean there's space for almost anything.

POWER & PERFORMANCE

All the get-up-and-go you need

Do you swear by diesel? The Kia Venga is available in a responsive 1.4 litre diesel engine with 90 ps. With low CO₂ emissions, this fuel efficient engine guarantees low annual road tax

SAFETY

Strong defences, clever tactics

The Kia Venga is well equipped to avoid dangerous situations. As part of the active safety arsenal, the MPV has Anti-lock Braking System (ABS) as well as Brake Assist System (BAS) to ensure sufficient brake force is applied in an emergency situation. Electronic Stability Control (ESC) is also at hand to maintain stability. The system applies braking automatically to individual wheels to counter oversteer or understeer. It also supervises the engine power until control is regained. Hill Start Assist Control (HAC) takes the sting out of starting the car on a steep hill.

In the event of a collision, the Venga provides outstanding protection thanks to a rigid bodyshell and carefully positioned crumple zones. These absorb any energy during a collision, dampening impact.

Six airbags are standard: dual front airbags, front side airbags and full length curtain airbags to protect rear passengers. The front seats feature active headrests to avoid head injuries during a rear impact. All five seats have 3-point seat belts.

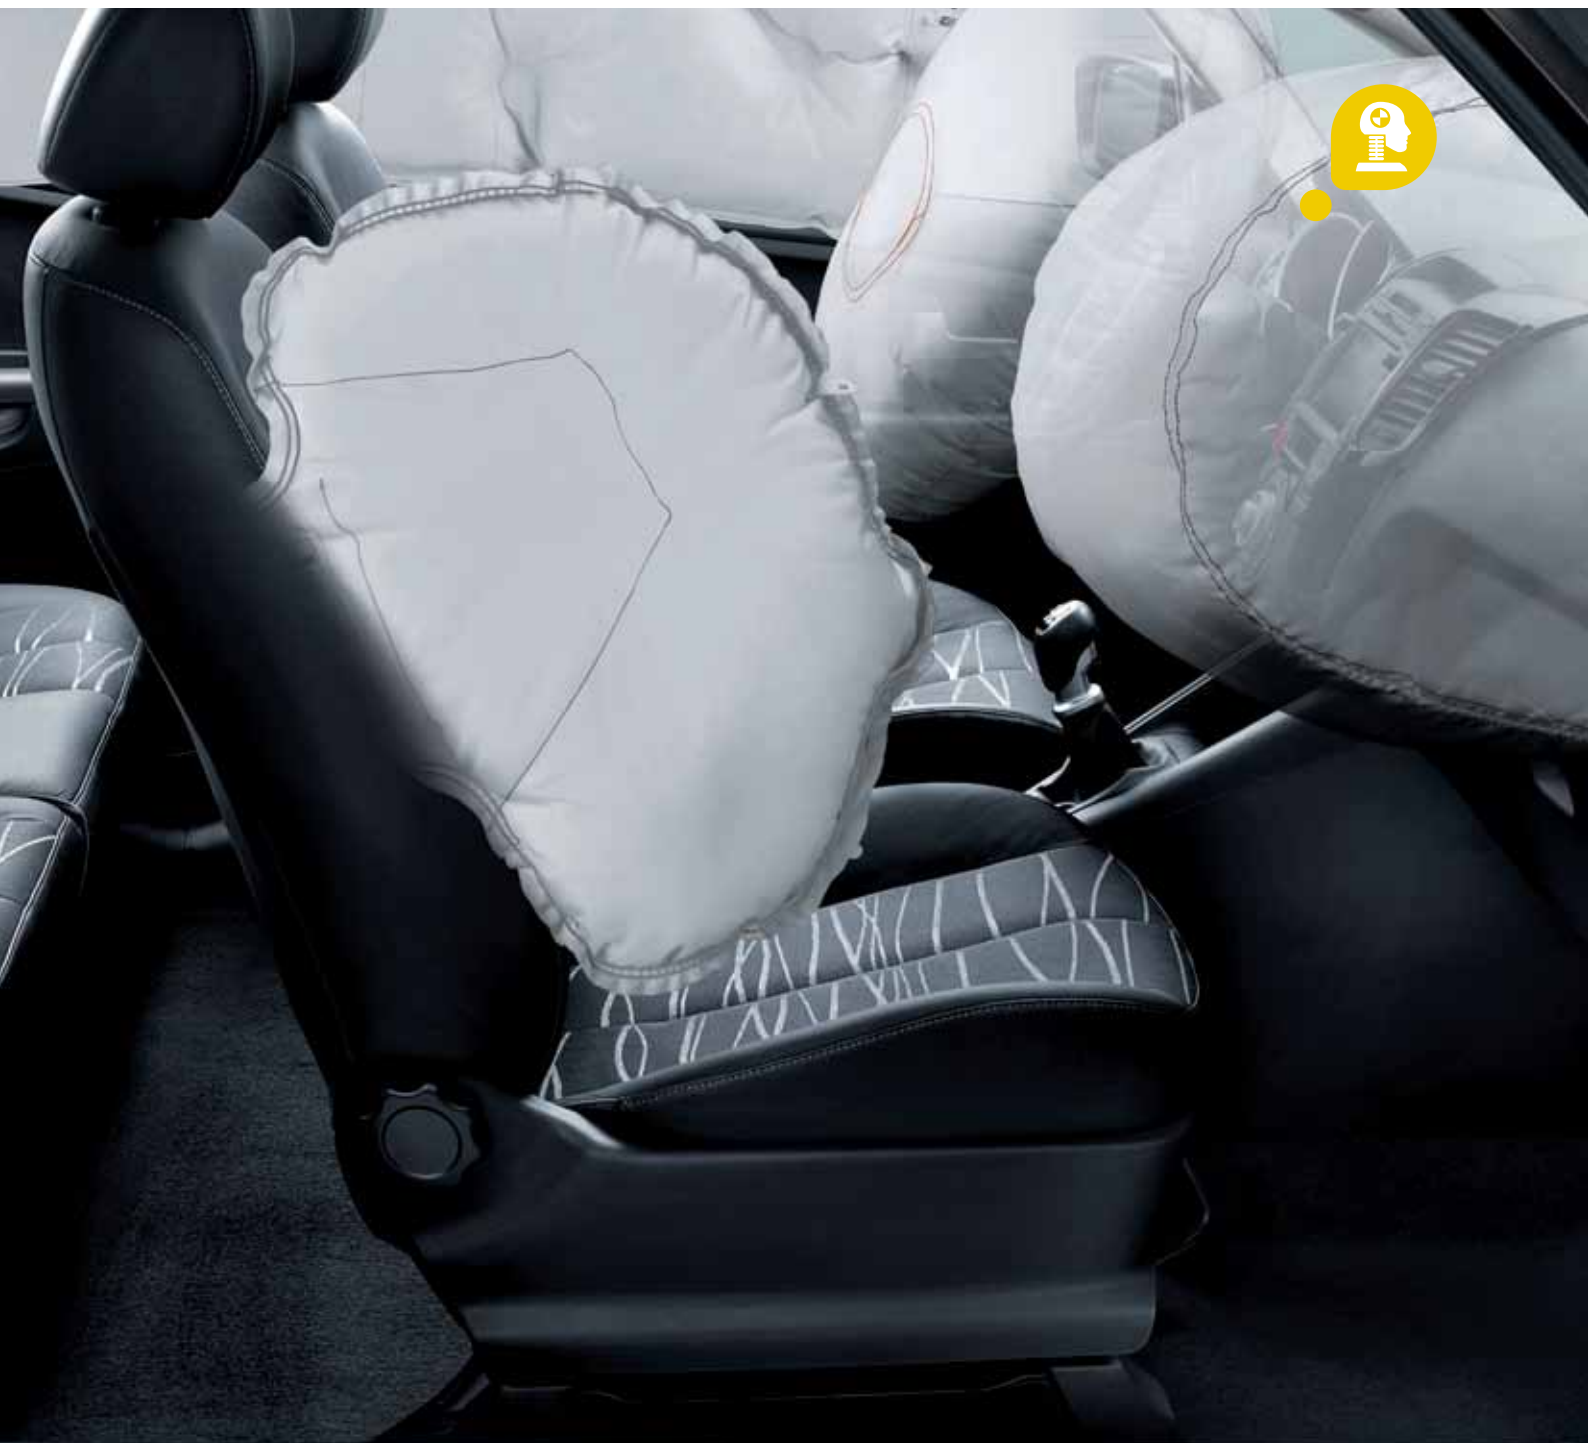

Check with your Kia dealer which seat trim is available for your selected model.

In a rear collision
active headrests
move upwards and
forwards to protect
your head and neck.
