

The Power to Surprise

ALL-NEW 2014

RONDO

Designed to inspire.

The all-new 2014 Kia Rondo expresses the new refinement and sophistication in Kia's ever evolving design language. Guided by the vision of Peter Schreyer, President and Chief Design Officer of Kia Motors Corporation, the company's design and engineering teams are creating vehicles that make an emotional connection with Kia owners.

"Today, cars are no longer just a means of transport but also expressions of lifestyles," Schreyer notes. "Cars are an essential part of our lives, and increasingly more emphasis is being put on their emotional value in terms of bringing us happiness and satisfaction."

PETER SCHREYER
President and Chief Design Officer,
Kia Motors Corporation

BEAUTIFUL MEETS PRACTICAL. The all-new Rondo has the sophisticated styling features – including available LED Light Bar Technology taillights – that have made Kia the centre of attention in the world of automotive design. Available in five- and seven-passenger models, Rondo boasts up to 10 seating configurations to handle virtually any combination of passengers and cargo.

Designed for versatility.

Family life is all about versatility. One moment you're driving the kids to the arena, the next you're picking up building supplies for a DIY project that never seems to end. Then it's off to work and back.

The all-new 2014 Kia Rondo's versatility is wrapped in a motion-driven design that makes it the perfect fit for modern life.

FUEL-EFFICIENT
Rondo's new 2.0-litre gasoline direct injection (GDI) engine produces a robust 164 horsepower while delivering pocketbook-friendly fuel economy rated at 6.3L/100 km Hwy and 9.2L/100 km City.¹

FLEXSTEER™
A new electric power steering (EPS) system is standard on all models and includes Kia's advanced FlexSteer™ technology featuring three, driver-selectable steering modes: Comfort, Normal and Sport.

PEACE OF MIND
Rondo comes with a full complement of standard safety systems, including six airbags, four-wheel anti-lock disc brakes, Vehicle Stability Management (VSM) and Electronic Stability Control (ESC).

ADVANCED TECHNOLOGY
Available push-button start provides convenient operation. Front and rear parking sensors are also available to make parking easier in tight spaces.⁴

Comfort and convenience, just the way you like it.

The 2014 Rondo features an all-new interior and your choice of five- and seven-passenger models. Heated front seats are standard and available leather trim offers luxurious comfort and easy clean-up of juicebox mishaps.

A WONDERFUL VIEW OF THE WORLD. Rondo's airy and spacious interior is made even brighter with a new panoramic power sunroof on Rondo EX Luxury models.

CONVENIENT UNDERFLOOR STORAGE.¹⁰ Rondo is full of handy storage spaces, including underfloor compartments in the rear cargo area and in front of the second-row of seats – all great places to stow loose items or hide valuables safely out of sight.

REAR AIR VENTILATION. Back seat passengers can also enjoy warm or cool air circulation thanks to rear air vents positioned at the back of the center console.

VENTILATED/COOLED DRIVER SEAT. For added comfort in warm weather, the 2014 Rondo EX Luxury model is equipped with a standard ventilated/cooled driver seat that circulates refreshing air through the leather seating surfaces.

COOLING GLOVEBOX. Keep beverages nicely chilled on family road trips with Rondo's cooling glovebox – a standard convenience on all 2014 models.

CONVENIENT LED FLASHLIGHT. When mounted in its cradle, this flashlight illuminates the cargo area. Remove it and you have a handy portable flashlight that automatically recharges when you snap it back into its cradle. It's available on Rondo EX models.

RETRACTABLE SUNSHADES. New, retractable sunshades in the rear doors help shelter second-row passengers – especially sleepy children in child safety and booster seats – from bright sunlight. This feature is standard on 2014 Rondo EX models.

TILT/TELESCOPIC STEERING WHEEL. Rondo's steering wheel adjusts easily to match the preferences of all the drivers in your family.

STEERING WHEEL-MOUNTED CONTROLS. Your hands never have to leave the wheel with these standard controls for the cruise and audio systems, and the hands-free Bluetooth[®] connectivity feature.

Advanced driving technology.

You don't just drive the 2014 Kia Rondo, you take command and control with advanced driving features and conveniences that embrace today's tech culture and enhance your driving experience.

SUPERVISION TFT/LCD INSTRUMENT CLUSTER. Another standard feature on Rondo EX Luxury, it includes a high-visibility TFT/LCD screen positioned between the gauges that displays essential vehicle information and includes user-customizable readouts.

PUSH-BUTTON START. There's no need to search for the ignition key when you have the luxury of the standard Smart Key keyless push-button ignition switch on Rondo EX and EX Luxury models.

AUTOMATIC COMFORT. Rondo EX models come with a standard dual-zone automatic temperature control system with separate set-it-and-forget-it temperature settings for the driver and front passenger. The system includes a Clean Air[™] air ionizer to help prevent odours and particulates from entering the cabin air.

6-SPEED STEPTRONIC AUTOMATIC TRANSMISSION. A lightweight, compact transmission with excellent shift quality and refinement, it includes a manual mode that lets you do the shifting for a sportier driving experience. Standard on EX and EX Luxury models, optional on Rondo LX.

IN-DASH NAVIGATION SYSTEM. Featuring a large LCD touch-screen, this standard Rondo EX Luxury feature includes voice command capability³. The screen also serves as the video display for the EX Luxury's standard rearview camera⁴ and includes controls for this model's premium audio system.

Let there be style.

The 2014 Kia Rondo stands as proof that a family vehicle can be sporty, fun to drive, practical and great looking, too.

Big on the inside yet compact enough to squeeze into tight city parking spaces, Rondo adapts to suit your needs and lifestyle. If your lifestyle includes luxury, the Rondo EX Luxury has it, with everything from Xenon high-intensity discharge (HID) headlights and 18" alloy wheels to heated second-row seats and a split-folding third row.

Your wish is UVO's command.

UVO Powered by Microsoft® is a voice-activated infotainment system that puts you in command of all your onboard media – radio, CD, digital jukebox, USB drive and MP3 player – and your Bluetooth®-enabled cell phone. Developed on the Windows® Embedded Automotive platform, UVO also features an intuitive touch screen and Microsoft's advanced voice activation technology that actually recognizes individual speech patterns and voice inflections for greater accuracy.

COLOUR TOUCH SCREEN

A vivid, full-colour LCD touch screen delivers direct access to radio stations, music on your MP3 player or USB media drive, and the phonebook from your compatible cell phone.

ADVANCED VOICE CONTROL

Microsoft® speech technology responds quickly to your voice commands. So even with Rondo's multiple music-source options, finding a song is as easy as saying its title.

"what's playing?"

"browse podcasts"

DIGITAL JUKEBOX

UVO itself holds hundreds of your favourite songs. The system lets you load them into personal MyMusic folders.

REAR CAMERA DISPLAY*

Whenever you shift into reverse, an image from an integrated rear-facing camera is displayed on the UVO screen. It lets you see things behind your vehicle that you might not see by looking over your shoulder.

"Sirius channel 22"

"call Jason"

"play alt-rock from jukebox"

"add to favourites"

Delivering 120 channels of some of the best programming available, SIRIUSXM® is The Best Radio on Radio. Home of 100% commercial free music, news, talk, entertainment, traffic, weather and data, SIRIUSXM also broadcasts live play-by-play as the Official Satellite Radio Partner of the NFL, NASCAR, NBA and NHL. To find out more about SIRIUSXM Satellite Radio, speak to your Kia dealer or visit www.siriusxm.ca

The 2014 Rondo is equipped with standard Bluetooth® wireless technology to provide hands-free calling connectivity with Bluetooth-enabled cell phones.

Safety that protects and performs.

Safety is not just one feature. It's layer upon layer of systems that work together, automatically alerting you or intervening when danger is present; activating when you need help to avoid a collision; and protecting you and your passengers if and when a collision occurs.

On the 2014 Rondo, safety comes with keys.

LIGHTING SYSTEMS. Standard fog lamps and projection headlights make it easier to see – and be seen – in the dark of night or in inclement weather.

RAIN SENSING WIPERS. The windshield wipers are automatically activated as soon as moisture is detected for greater convenience and visibility. Standard on Rondo EX and EX Luxury models.

REARVIEW CAMERA.⁴ Located in the tailgate of EX and EX Luxury models, this gives you a view of objects and obstacles behind you when you're backing up. Images are displayed on the LCD screen of the UVO system or navigation system, depending on how your vehicle is equipped.

PARKING SENSORS.⁴ Rondo LX Automatic, EX and EX Luxury models are equipped with standard parking sensors in the rear bumper. They trigger a warning tone in the cabin that increases in intensity as your vehicle gets closer to an object. Additional front parking sensors are included on EX Luxury models.

VEHICLE STABILITY MANAGEMENT
Vehicle Stability Management (VSM) monitors Rondo's response to your throttle, brake and steering inputs in tight corners and evasive-maneuvre situations. If your input and the vehicle's response are out of sync, VSM briefly takes over to restore stability through precise brake, electric steering and engine control interventions.

TRACTION CONTROL
Rondo's standard Traction Control System (TCS) senses wheel spin during acceleration and uses engine-torque reduction and pulsed braking to slow the spinning wheel(s) and transfer torque to the wheels that have the most traction.

BRAKE ASSIST
When the Brake Assist System (BAS) detects an emergency braking situation it instantly applies full braking force, faster than you might be applying it, to help shorten overall stopping distance.

ELECTRONIC BRAKEFORCE DISTRIBUTION
Electronic brakeforce distribution (EBD) adjusts front-to-rear brake pressure to compensate for varying passenger/cargo loads and deliver more confident braking performance.

SIX STANDARD AIRBAGS
Rondo protects you and your family with advanced dual front, side impact and curtain airbags with finely tuned sensors for the best possible performance. In combination, they help protect against head and chest injuries in moderate to severe impacts.⁷

HILL ASSIST CONTROL
To help keep you from rolling backward when starting off on a steep hill, Hill Assist Control (HAC) automatically maintains braking pressure for up to two seconds after you take your foot off the brake pedal – enough time for engine power to move you forward.

ENHANCED COLLISION SAFETY
Rondo's new platform provides strength and protection to help maintain the integrity of the passenger compartment in frontal, side and rear impacts.

LATCH SYSTEM
Rondo comes equipped with an industry-standard LATCH (Lower Anchors and Tethers for CHildren) safety system that makes it easier to securely install a compatible child safety seat in any of the second-row seating positions.

GET THE POINTS

Kia Member Rewards is an exclusive rewards program for Kia customers. As a Kia Rewards Member, you'll earn points with every dollar you spend on maintenance service, parts and accessories at your servicing Kia dealer. Those Reward Points can be redeemed for discounts on future purchases – including the purchase of a new Kia. Plus earn Bonus Points on select items and services to collect rewards even faster.

- Kia Member Rewards No-Charge Benefits include:**
- Fuel fill-up with the delivery of your new Kia vehicle
 - Local shuttle service
 - Multi-point vehicle inspection with every service visit
 - Windshield washer fill-up with every paid service
 - Windshield wiper installation with wiper purchase
 - Preferential rates on car rentals, nationwide
 - 24/7 Roadside Assistance for your vehicle under Kia's 5-year/100,000 km warranty or Certified Pre-Owned warranty
 - Email notification of exclusive Kia specials and events – a great way to earn Reward Points and save on future purchases

Become a Kia Premium Rewards Member:
Ask your Kia Dealer how you can enjoy even more benefits.

Enroll Today. Becoming a Kia Rewards Member is easy. See your Kia Dealer today to join. Visit rewards.kia.ca for full terms and conditions.

WE'VE
GOT YOU
COVERED.

At Kia, we believe peace of mind should come standard with every vehicle we make. That's why we back every model with one of the best warranties in the industry.

Our outstanding warranty coverage includes:

- 5-year/100,000 km** – Worry-free comprehensive warranty covering virtually the entire vehicle¹¹
- 5-year/100,000 km** – Powertrain warranty covering the engine, transmission, axles, differentials and driveshafts¹¹
- 5-year/100,000 km** – Roadside assistance covers you in case of mechanical breakdown anywhere in North America¹¹
- 5-year/unlimited km** – Anti-perforation warranty on body sheet metal defects in material/workmanship¹¹

For more information visit kia.ca or call 1-877-542-2886

ENDNOTES

1. Ratings shown for LX model with automatic transmission. LX with manual transmission is rated at 6.2L/100 km highway, 9.4L/100 km city. Actual fuel consumption may vary. These estimates are based on the Government of Canada's approved criteria and testing methods. Refer to the Government of Canada publication EnerGuide Fuel Consumption Guide. See kia.ca for fuel economy estimates. 2. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. A compatible Bluetooth wireless technology-enabled cell phone is required to use Bluetooth hands-free wireless technology. 3. When equipped with the navigation system, French voice commands may be limited. 4. The rearview camera or parking sonar systems are not substitutes for proper and safe driving procedures. Always drive safely and use caution when parking your vehicle. 5. Infinity® is a registered trademark of Harman International Industries, Incorporated. 6. Microsoft® is a registered trademark of Microsoft Corporation in Canada and/or other countries. Failure to pay attention to travel conditions and vehicle operation while the vehicle is in motion could result in loss of vehicle control. Operate the UVO system, even with voice commands, only when it is safe to do so. 7. Always drive safely and use caution. For maximum protection, always wear your seat belt. 8. Windows® is a registered trademark of Microsoft Corporation. 9. SIRIUSXM logo and related marks are trademarks of SIRIUSXM Satellite Radio Inc. Service available in the 10 provinces and three territories of Canada, and the 48 contiguous states of the U.S. Monthly subscription sold separately after three trial months. 10. Rear cargo underfloor storage compartment may vary by trim. 11. The Kia 5-year/100,000-km warranty includes various warranties and roadside assistance. Some restrictions apply.
