

A talented compact

RIO

The Power to Surprise

The talented compact car

Talent might be hard to find, but with the Kia Rio you know you've found it. With a low roof line lending it a coupe-like silhouette, Rio's clean, flowing lines combine with the latest technology, advanced features and low emissions to make this a car that's gifted both inside and out.

A talented compact **RIO**

Talent never sleeps

Night falls, but the city is still buzzing. And so is the Rio, with its sleek and sophisticated profile cutting through the urban jungle.

A personality that's sure to attract

Emanating flair from every angle, the Rio's low, wide stance and short overhangs give it a strong, youthful identity all of its own.

LED side repeaters

LED positioning lamps

LED rear combination lamps

Precision and ergonomics by design

While the ergonomically-designed cockpit puts the driver in control, the dashboard's harmonious interplay of form and function is given an extra touch of class by the use of high-grade finishing materials.

Center fascia

The controls of the center fascia are logically arranged for intuitive fingertip operation, adding to the convenience and comfort and making driving a complete pleasure.

The intelligent use of space

When something's compact, you do as much with the available space as possible.
The intelligent thinking behind the Rio's interior has resulted in an airy, comfortable and deceptively roomy cabin.

Supervision cluster with trip computer

The clear, back-lit trip computer in the center of the supervision cluster provides essential journey information such as distance to empty and optimum fuel consumption.

High-tech refinement at your fingertips

Talent comes from within. In the Rio's case, Kia's designers have engineered a car with features that are cutting-edge yet at the same time effortlessly simple to use. A highly visible supervision cluster incorporates an on-board trip computer, while the steering wheel itself is tilt and telescopically adjustable so that you can find your perfect driving position. Switches are positioned for ultimate convenience – such as steering wheel-mounted controls for the audio system and auto cruise control. With minimal hand movement you can operate numerous controls without having to take your hands off the wheel.

Smart key

A neat, compact device that locks and unlocks the Rio with a simple touch of a button.

1. Bluetooth

Bluetooth lets you make and receive phone calls hands-free, and stream your music through the car's audio system.

2. Steering wheel audio remote

Adjust audio settings using just your thumb for enhanced driving safety.

3. Telescopic steering wheel

Can be positioned closer or further away from you for optimum comfort.

4. Auto cruise control

Perfect for motorway driving, the auto cruise control switch is handily located on the steering wheel.

Arkamys Virtual Sound System

Offers a rich, realistic listening experience with improved clarity of instruments and voices.

Igniting the senses, visibly and audibly

Nowadays, a state-of-the-art infotainment system in a car is not just an added extra, it's a prerequisite. The Arkamys Virtual Sound System delivers deep bass, consistent mid-range and detailed treble, letting you lose yourself in rich, immersive sound. This being the talented Rio, however, the experience goes further than that. There are three connection ports so that you can plug in any type of external music device, and even a space on the dashboard where you can fit a photograph, for a customized, individual touch.

1. Crash pad album

Lets you personalize your Rio with a favorite snapshot.

2. Aux / USB / iPod® port

Input ports catering to every kind of personal music device provide maximum connectivity.

3. Radio / CDP / MP3

Deep bass, bright and consistent mid-range, detailed treble. Music lovers will lose themselves in the sound produced by Rio's state-of-the-art Arkamys Virtual Sound System.

4. Full auto climate control / Cluster ionizer

Set the interior temperature then relax as the system automatically maintains the desired climate. Meanwhile, a cluster ionizer keeps the cabin air fresh.

The perfect family getaway companion

With an impressive level of safety and convenience features, Rio turns your journeys with loved ones into memories that last a lifetime. Its refined road manners and comfort befitting larger sedans make it the ideal excuse to take that long-awaited road trip.

The perfect partnership of power and safety

Drive the Rio and along with power, efficiency and performance come low emissions and reduced fuel consumption, not to mention safety specifications of the highest order. From a structural framework that absorbs impact forces in both frontal and side-on collisions to a range of active and passive safety measures, the Rio is built to protect those that matter.

EBD / ABS

If you have to brake and swerve suddenly, EBD / ABS applies the correct amount of brake pressure to each individual wheel so that you maintain control.

Six airbag system and the strength of steel

Providing protection and reassurance is a six airbag system comprising two front airbags, two curtain airbags and two side airbags. Underneath, a reinforced high tensile steel sub-frame offers strength where it's needed most.

Back warning system

When reversing into a parking space, an alert sounds if you get too close to other cars or obstacles.

Power from technology

Under the bonnet of the Rio, next-generation 1.2 or 1.4 petrol engines provide optimum performance with enhanced fuel economy. Made from high pressure die-cast aluminum to keep weight down and therefore save on fuel, their rigid ladder-frame construction helps reduce vibrations. Durable, quiet and smooth-running, these are engines you can rely on.

◀Gamma 1.4 Gasoline Engine 107ps / 13.8kg-m

An all-new unit that delivers extra power while still keeping emissions low, this engine features single continuously variable valve timing, a silent steel timing chain and offset crankshaft.

▶Kappa 1.2 Gasoline Engine 87ps / 12.2kg-m

A four cylinder unit constructed of lightweight aluminium, this engine features dual continuously variable valve timing and roller swing arm to reduce emissions and cut fuel consumption.

Interior colors

Here's where you add your own personality to a car that already has plenty of its own.

Black
Black is never out of fashion. Stylish and classy, but at the same time highly practical.

Desert Gray
Refined and understated, Desert Gray offers a subtlety you'll find satisfying every time you take a seat.

Brown
For those wishing to express their individuality, the Brown color scheme is traditional yet also up to date.

Features that heighten the satisfaction

Some are essential, some provide added convenience, but all of Rio's features enhance the overall driving experience. From a sunroof in summer to heated front seats in winter, every feature has been designed for you to enjoy the drive no matter when and where you're headed.

Aero blade wipers
Keeps the wiper blades in contact with the windshield at high speeds.

Solar control glass
Reduces the penetration of heat rays for a cooler cabin.

Sunroof
Adds another dimension to the Rio – letting in plenty of light and fresh air and letting you make the most of the summer sunshine.

Rain sensor
Senses raindrops on the windshield and activates the wipers accordingly.

Metal pedal pads
Add a real sporty touch to the interior with their stainless finish.

Automatic transmission
Provides smooth shifting and outstanding fuel economy for a satisfying drive.

Glove box cooling (15L)
Keeps your drinks cool on hot summer days.

Sliding console armrest
Can be adjusted for the most comfortable arm position when driving.

Auto defog system
Detects mist on the windshield and automatically deploys the fans to defog the screen rapidly, saving you from having to engage buttons manually.

5-DOOR

Bring out the "style" in lifestyle

Enjoy the versatility of a hatchback without sacrificing stunning good looks. Bold, dynamic design cues coupled with uncompromising convenience and safety features make this a car for any occasion.

lelafrance
CAFE

The ideal urban accessory

A popular restaurant, a cool coffee shop, a special meeting place. Your favorite venues soon become part of your life. And so does the Rio, putting a smile on your face as it whisks you off around town. Proof that talent can take you anywhere.

Load up on adventure

One lift of the Rio's tailgate and you'll already start anticipating the places you can go. With 288 cubic liters of luggage space, Rio is the ideal partner for active lifestyles.

A practical style leader

Don't be fooled by Rio 5-door's contemporary sense of fashion. It's as sensible and accommodating on the inside as it is refined and elegant on the outside. Rio's interior is modern yet highly functional while up-to-date exterior design touches make it stand out amongst the competition.

3-DOOR

The ultimate expression of confidence

For those who welcome gazing eyes, the sportiest of the three Rio body styles is sure to impress with its dynamic stance and low-slung profile. Belying its invigorating looks, it offers the same fuel efficient powertrains and class-leading features as its stable mates.

Convenient rear seat access

The front passenger seat backrest effortlessly folds forward to allow easy entry to the spacious rear seating area.

Awaken your youthful inner spirit

The 3-door's ultra-sporty silhouette and clean, distinct design touches will make you stand out from the crowd. Yet it boasts the interior spaciousness, passive and active safety features and high-tech amenities that you would expect from a premium family sedan.

As eco-conscious as you are

So you value sustainable living? We do too. That's why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society as a whole.

Kia Motors designated environmental management as one of the core objectives of our socially responsible management initiative launched in 2008 and has put the environment at the forefront of all our business activities. We aim to spearhead efforts to combat the global challenges of natural resource depletion and climate change.

In 2009, Kia launched the 'EcoDynamics' sub-brand, which is being applied to the most eco-friendly cars within each Kia model range as innovative fuel-stretching and emissions-cutting technologies such as hybrid, electric and hydrogen fuel cell powertrains are progressively introduced.

We are also building a clean production system, raising the resource recovery rate, designing vehicles with the disposal phase in mind, increasing energy efficiency, and adopting low-carbon fuels. Wherever possible, recycled and recyclable materials are being used in the production of every Kia. Even at the end of your car's life, one of our environmental targets is the eco-friendly return and treatment of end-of-life vehicles. Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environmental protection.

In short, we are committed to finding fundamental solutions to cut energy consumption and combat climate change. As you see, what you do on a small scale with your household refuse, we at Kia Motors do on a large scale around the world.
