

SORENTO 2013

A passion for excellence.

Whether it's a watch, a suit, a dress, a smartphone or an automobile, design is what grabs your attention and distinguishes one brand from another.

Since 2006, when celebrated European automotive designer Peter Schreyer joined Kia as its Chief Design Officer, the look of Kia has taken on a whole new, dynamic dimension that has garnered over 30 design awards in competitions around the world. Honoured by Automobile Magazine with its prestigious "2012 Man of the Year" award, Schreyer says, "A car is a dynamic object. And I think it needs to show that it is a dynamically moving object."

Peter Schreyer,  
Chief Design Officer

## Cross over to the unexpected.

Presenting the 2013 Kia Sorento – a world-class crossover with a remarkably smooth ride, nimble handling and an expansive interior with spacious seating. It has the latest technological advances, including Bluetooth<sup>®2</sup> wireless connectivity, an available voice-activated navigation system<sup>7</sup>, and available UVO Powered by Microsoft<sup>3</sup> – an in-vehicle infotainment system that conveniently manages your music and supports hands-free use of your cell phone. Like all Kia models, Sorento comes with an exceptional 5-year/100,000 km warranty.<sup>4</sup>

#### V6 POWER

For maximum performance, Sorento is available with a 3.5-litre, 276-horsepower engine, combining V6 power and performance with impressive fuel efficiency of 7.7 L/100 km highway/10.3 L/100 km city.<sup>5</sup>

#### SOLID FOUNDATION

Sorento features unibody construction, which provides the solid foundation necessary for a smooth, quiet ride. Available all-wheel drive delivers optimum traction as road conditions change.

#### EASY ON GAS

Fuel economy and confident acceleration come together in Sorento's available 2.4-litre, 191-horsepower gasoline direct injection (GDI) four-cylinder engine, rated at an outstanding 6.5 L/100 km highway / 9.8 L/100 km city.<sup>5</sup>

#### ROOM FOR ALL

Remarkable spaciousness is just the beginning with Sorento. Split-folding second-row seats and available split-folding third-row seats offer the roominess, comfort and versatility you've been looking for.

#### PEACE OF MIND

Sorento features a full complement of advanced safety systems, including six airbags, front active headrests, a Traction Control System (TCS) and Electronic Stability Control (ESC).

## Room for plenty of extras. Including sunshine.

As a crossover, Sorento is the definition of versatility. With comfortable seating and intelligently designed storage spaces, it's perfect for running errands around town. When you're lucky enough to get away for the weekend, Sorento has the flexibility to answer the call. Both the second-row and available third-row seats quickly and conveniently fold down to provide up to 2,052 litres (72.5 cu. ft.) of carpeted cargo space. An available power tilt-and-slide panoramic sunroof extends along the length of the roof to fill the interior with sunshine.

**THIRD-ROW SEATS.** The available third-row seats easily fold down to open up more space when you need it and provide comfortable, two-passenger seating when you have more people to accommodate.

**EVERYTHING FITS.** The split-folding rear seating gives you plenty of passenger- and cargo-carrying flexibility as well as the capacity to load long or oversized items easily inside the vehicle.

**CONCEALED STORAGE.** An available storage compartment under the floor helps you manage cargo-area clutter - and hide valuables safely out of sight when your Sorento is unattended.

**PANORAMIC SUNROOF.** Sorento's available panoramic sunroof features a power tilt-and-slide front panel and fixed rear glass, letting you enjoy more natural light and the pleasure of open-air driving.

## Proof that technology is your friend.

When you step inside Sorento, you'll find brilliantly applied technology designed to enhance your driving enjoyment and control. All Sorento models are equipped with steering wheel-mounted switches for the audio and cruise control systems, Bluetooth<sup>®2</sup> hands-free cell phone connectivity, available voice-activated navigation system<sup>7</sup> and easy-to-read instruments and gauges to help ensure your attention stays focused on driving, while an available back-up warning system alerts you to unseen objects that may be in your way when backing up.<sup>6</sup>

**POWER FOLDING MIRRORS.** Available power-folding side mirrors tuck in close to the vehicle's body to help protect them from accidental damage in tight parking spaces.

**PUSH-BUTTON START.** There's no need to fumble for your keys when you have the luxury of a keyless push-button ignition switch - standard on most Sorento models.

**AUTOMATIC COMFORT.** Most Sorento models come with dual-zone automatic temperature control and an ionized air filtration system for all-around, all-season comfort.

**SWEET, SWEET MUSIC.** For your listening enjoyment, Sorento comes with AUX and USB audio ports, and an iPod<sup>®8</sup>-compatible audio cable.<sup>9</sup>

**VENTILATED DRIVER'S SEAT.** When summer gets hot, an available ventilated driver's seat circulates air and cools the seat for optimal comfort.

**HEATED FRONT SEATS.** All Sorento models are equipped with heated front seats to provide ultimate comfort for cold Canadian winters.

## Power and dynamics. They're all yours.

Some people take comfort in choosing a crossover that appeals to their rational side. Others depend on their senses – sight, sound, feel – to guide them. It's a struggle, to be sure, but not with Sorento.

Sorento is available with either of two refined engines – a fuel-efficient, 2.4-litre gasoline direct injection (GDI), four-cylinder rated at 191 horsepower and a power-rich, 3.5-litre V6 that puts 276 horsepower at your command. Both come with a standard 6-speed Steptronic automatic transmission for smooth performance and sporty, manual shifting capability and a chassis that delivers the kind of confident driving dynamics that are sure to please your mind and senses.

### FUEL EFFICIENCY

Both Sorento engines feature double overhead cams and four-valves-per-cylinder architecture along with dual-cam variable valve timing (CVVT) that automatically adjusts valve timing for increased power and improved fuel efficiency.

### PRECISE HANDLING. SMOOTH RIDE

Independent MacPherson-strut front-suspension system and independent multilink rear suspension deliver precise handling. All models feature Dynamic Dampers – key contributors to Sorento's smooth, controlled ride.

### TOWING POWER

A properly equipped Sorento, with V6 engine, has a maximum trailer towing capacity of 1,588 kg (3,500 lb.) – perfect for Class II boat, snowmobile/motorcycle and camper trailers.

### ALL-WHEEL-DRIVE CONFIDENCE

All Sorento models are available with a dynamic all-wheel drive system. It automatically monitors road conditions and redistributes engine power to the wheel (or wheels) that have the best available traction at that precise moment. The result is sure-footed performance, even in changing road conditions.

# Your wish is UVO's command.

"what's playing?"

UVO Powered by Microsoft®<sup>3</sup> is a voice-activated infotainment system that puts you in command of all your onboard media – radio, CD, digital jukebox, USB drive and MP3 player – and your Bluetooth®<sup>2</sup>-enabled cell phone. Developed on the Windows®<sup>10</sup> Embedded Automotive platform, UVO also features an intuitive touch screen and Microsoft's advanced voice activation technology that actually recognizes individual speech patterns and voice inflections for greater accuracy.

## COLOR TOUCH SCREEN

A vivid 4.3-inch colour LCD touch screen delivers direct access to radio stations, music on your MP3 player or USB media drive as well as your phonebook from a compatible cell phone.

## ADVANCED VOICE CONTROL

Microsoft's speech technology responds quickly to your voice and can learn multiple users' accents. So even with Sorento's multiple music-source options, finding a song is as easy as saying its title.

UVO  
Powered by Microsoft®

"browse podcasts"

## DIGITAL JUKEBOX

UVO itself holds up to 700 megabytes of your favourite music. The system lets you load your tunes into personal MyMusic folders and sort them by either title or artist.

## REAR CAMERA DISPLAY<sup>6</sup>

Whenever you shift into reverse, an image from an integrated rear-facing camera is displayed on the UVO screen. It lets you see things behind your vehicle that you might not see by looking over your shoulder.

"Sirius channel 22"

"call Jason"

"play alt-rock from jukebox"

"add to favourites"

Delivering 120 channels of some of the best programming available, SIRIUS<sup>12</sup> is The Best Radio on Radio. Home of 100% commercial free music, news, talk, entertainment, traffic, weather and data, SIRIUS also broadcasts live play-by-play as the Official Satellite Radio Partner of the NFL, NASCAR, NBA and NHL. To find out more about SIRIUS Satellite Radio, speak to your Kia dealer or visit [www.sirius.ca](http://www.sirius.ca)

The 2013 Sorento is equipped with standard Bluetooth® wireless technology to provide hands-free calling connectivity with Bluetooth-enabled cell phones.

# Prepare for the unexpected.

Sorento is engineered to protect you and your family from the dangers of the road. It starts with a rigid body structure that makes extensive use of high-tensile steel to help direct crash energy away from the cabin. Inside, it comes equipped with standard front and side-impact airbags, 1<sup>st</sup> and 2<sup>nd</sup> row side curtain airbags with rollover protection and active anti-whiplash front headrests.<sup>11</sup>

Active safety features – the kind that can help you avoid crash situations – are also a key part of the Sorento’s safety package. These include a standard anti-lock braking (ABS), electronic stability control (ESC) and a traction control system (TCS).

**AIRBAG & SEAT-BELT SENSORS.**  
Special onboard sensors measure the severity of a crash impact and determine whether the front seat occupants are wearing their seat belts. Within milliseconds, this information is used to determine and trigger an optimal level of airbag inflation.<sup>11</sup>

**TOP  
SAFETY  
PICK 2012**  
INSURANCE INSTITUTE  
FOR HIGHWAY SAFETY

**ELECTRONIC STABILITY CONTROL**  
Electronic Stability Control (ESC) monitors Sorento’s response to your throttle, brake and steering inputs in tight corners and evasive-maneuvre situations. If and when input and response are out of synch, ESC briefly takes over to restore stability through precise brake and engine-control interventions.

**TRACTION CONTROL**  
Sorento’s standard Traction Control System (TCS) senses wheel spin during acceleration and uses engine-torque reduction and pulsed braking to slow the spinning wheel(s) and transfer torque to the wheels that have the most traction.

**BRAKE ASSIST**  
When the Brake Assist System (BAS) detects an emergency braking situation it instantly applies full braking force, faster than you might be applying it, to help shorten overall stopping distance.

**ELECTRONIC BRAKEFORCE DISTRIBUTION**  
Electronic brakeforce distribution (EBD) adjusts front-to-rear brake pressure to compensate for varying passenger/cargo loads and deliver more confident braking performance.

**HILL-START ASSIST CONTROL**  
To help keep you from rolling backward when starting off on a steep hill, Hill-Start Assist Control (HAC) automatically maintains braking pressure for up to two seconds after you take your foot off the brake pedal – enough time for engine power to move you forward.

**DOWNHILL BRAKE CONTROL**  
When descending a steep slope, the Downhill Brake Control (DBC) system automatically maintains a steady 8 km/h forward speed without the need for you to step on the brake pedal.

**FRONT ACTIVE HEADRESTS**  
In the event of certain rear collisions, Sorento’s active front headrests move forward, helping to reduce the likelihood of whiplash injuries.

**REINFORCED BODY STRUCTURE**  
Sorento’s side doors are reinforced with steel beams to help absorb impact energy and deflect it away from passengers. The A and B pillars (front and middle support pillars) are also reinforced to help strengthen the body structure.

**LATCH SYSTEM**  
Sorento comes equipped with an industry-standard LATCH (Lower Anchors and Tethers for Children) safety system that makes it easier to securely install a compatible child safety seat in any of the three second-row seating positions.

Kia Genuine Parts and Accessories are engineered by Kia and installed by professionals at your Kia dealer. For more information on the full line of available Genuine Kia Parts and Accessories, see your local Kia dealer, visit [www.kia.ca](http://www.kia.ca) or call 1-877-542-2886.

GET THE POINTS

**Kia Member Rewards is an exclusive rewards program for Kia customers.** As a Kia Rewards Member, you'll earn points with every dollar you spend on maintenance service, parts and accessories at your servicing Kia dealer. Those Reward Points can be redeemed for discounts on future purchases – including the purchase of a new Kia. Plus earn Bonus Points on select items and services to collect rewards even faster.

- Kia Member Rewards No-Charge Benefits include:**
- Fuel fill-up with the delivery of your new Kia vehicle
  - Local shuttle service
  - Multi-point vehicle inspection with every service visit
  - Windshield washer fill-up with every paid service
  - Windshield wiper installation with wiper purchase
  - Preferential rates on car rentals, nationwide
  - 24/7 Roadside Assistance for your vehicle under Kia's 5-year/100,000 km warranty or Certified Pre-Owned warranty
  - Email notification of exclusive Kia specials and events – a great way to earn Reward Points and save on future purchases

**Become a Kia Premium Rewards Member:**  
Ask your Kia Dealer how you can enjoy even more benefits.
