

2012.KIA.SPORTAGE

Good things come in perfectly sized packages. Presenting the 2012 Kia Sportage. It delivers key performance benefits of a crossover, including agile handling, a smooth ride and excellent fuel efficiency.¹ It also offers available advanced features that range from an air-cooled driver's seat² to UVO™ — an In-vehicle Infotainment system that lets you manage your music conveniently and enjoy hands-free use of your cell phone.³ This means that while the Sportage is just plain fun to drive, it's also designed to take first-class care of its passengers.

Impressive. Any way you look at it. From every angle, the Kia Sportage reveals sleek, contemporary exterior styling. Inside, it combines striking design and practicality with easily configurable seating and an available panoramic sunroof.* Advanced safety systems, such as a Traction Control System (TCS) and Electronic Stability Control (ESC), help ensure your peace of mind. Like all Kia models, the Sportage comes with an industry-leading 10-year/100,000-mile warranty program.⁵ All of which shows that it's easy to recognize real value when you see it.

L, S, SX, EX, LX, LX. * See Features and Specifications pages for availability and restrictions. † Available on EX and EX-L only. ‡ EX with PCM (with optional AWD). \$21,500. ‡ See dealer.

SOLID PERFORMANCE

The Sportage is equipped with a 2.4L 190-hp 4-cylinder engine that provides surprising acceleration and fuel efficiency.⁶ SX models have a turbocharged 2.0L 200-hp engine that delivers an impressive 255-hp.

SAFETY DRIVING

The available 5-speed Sportage[®] Transmission lets you choose between automatic shifting or, for a sportier drive, 5-speed manual shifting. Available Dynamics[®] all-wheel drive* delivers enhanced traction and control.

INNOVATIVE TECHNOLOGY

On available voice-activated navigation systems, you make more efficient use of driving time. An available back-seat monitoring system⁷ alerts adults you might not see behind your vehicle.

EX STYLING

EX models have their own styling. Unique exterior design details include mesh front grille, side air moldings, sports alloy wheels and a dual exhaust system that complements the turbo GDI engine.

Substance dramatically coexisting with style. The Kia Sportage provides spacious seating for five adults, and that's just the beginning of its accommodating design. It has an available power driver's seat with lumbar support and, for your comfort as well as your front passenger's, available dual-zone temperature control with an advanced, ionized air-filtration system* that provides purified air. Equally impressive interior styling is highlighted by a sleek, sculpted instrument panel that has a contemporary design.

*Available on EX and SX only. See Feature code for availability. EX with PREMIUM PACKAGE and NAVIGATION PACKAGE shown.

Ahead of the technological curve. The Kia Sportage has advanced technology designed to enhance your comfort, convenience and audio entertainment. Available features include heated front seats,* an air-cooled driver's seat,* SiriusXM Traffic** for advance notice about traffic jams, and a Smart Key that lets you unlock the door and start the engine with the key in your pocket.* The Sportage also lets you enjoy streaming audio using a Bluetooth** wireless technology-enabled device.

HEATED FRONT SEATS*

The available heated driver's and front passenger's seats help keep you cozy on a cold morning. Heating occurs even before the engine has completely warmed up.

AIR-COOLED SEAT*

The available air-cooled driver's seat features perforations that allow air to circulate, for optimum comfort, a decrease from multiple air flow settings.

BACK-UP WARNING SYSTEM

An available sensor-based system is concealed in the rear bumper. It activates a distinct audible warning when it detects an object you might not be able to see behind your vehicle.*

USB/BLUETOOTH MP3 JACKS

Now you have the freedom to listen to your favorite tunes from your own music library. An accessory radio interface lets you stream digital audio* with the radio system controls.

PUSH-BUTTON START*

The available Smart Key remote lets you start the engine with the push of a button. Even with it locked in your pocket or purse, you can start or stop the engine with the push of a button, or lock and unlock doors from outside.

SIRIUSXM SATELLITE RADIO

Get over 10 channels, including 100% copyright-free music, plus all your favorite sports, news, talk and entertainment. It all comes with crystal-clear, quad-band coverage 24/7.*

BLUETOOTH** WIRELESS TECHNOLOGY

Enjoy your Bluetooth** wireless technology-enabled phone with hands-free simplicity.

STEERING-WHEEL CONTROLS

Continuously expands the audio system and your Bluetooth** wireless technology-enabled device with steering wheel-mounted controls.

DUAL-ZONE AUTOMATIC TEMPERATURE CONTROL*

The available dual-zone automatic climate control lets driver and front passenger set their own temperature to create individual comfort zones.

NAVIGATION SYSTEM

Available dual-screen navigation includes a vivid color touch screen and real-time highway conditions from SiriusXM Traffic**.

EASY TO READ

The standard meter cluster is the first enhancement. Red lighting on all three gauges provides sophisticated styling.

Kia UVO[®] Powered by Microsoft[®] It offers everything you could ask for. Technology keeps giving us new ways to be entertained, stay in touch and be kept informed. Getting to enjoy this, however, used to be complicated, especially while driving. Introducing UVO, short for "your voice," an in-vehicle infotainment system available on the Sportage, Kia and Microsoft[®] have teamed up to provide this voice-activated system. Developed on Windows[®] Embedded Automotive platform, it lets you manage your music conveniently and enjoy hands-free use of your phone.² UVO has an intuitive touch screen and Microsoft[®] advanced voice-activation technology that actually recognizes your own speech pattern and voice inflection.

"SiriusXM channel 22"

Use your voice

"add to favorites"

COLOR TOUCH SCREEN
UVO's vivid 4.3-inch color LCD touch screen delivers direct access to radio stations, music on your MP3 player³ or USB media drive, phonebook from your computer cell phone⁴ and vehicle information.

ADVANCED VOICE CONTROL
Microsoft speech technology can learn multiple users' speaking patterns, and it responds quickly to long phrases, even with sporty teen multi-syllable four-letter options. Finding a song is as easy as saying "3 1 5 6."

EASY FIRMWARE UPDATES
With its Touch Windows[™] Embedded Automotive platform, the UVO system allows you to update its features and services conveniently.

DIGITAL JUKEBOX
UVO's 6-inch hard drive is large enough to hold up to 100 megabytes of music. You can load your tunes into personalizable folders and sort them by title or genre.

HD RADIO[®] TECHNOLOGY
UVO features HD Radio[®] Technology[®] — the digital evolution of AM and FM radio. It includes new features like crystal-clear sound, ten local FM channels, on-screen information and much more — all 100% appropriate-free.

REAR CAMERA DISPLAY
Whenever you shift into reverse, an image from an integrated rear camera is displayed on the UVO screen. It lets you see things behind your vehicle that you might not be looking over your shoulder.

1, 2, 3, 4, 5, 6, 7 See Features and Specifications pages for availability and restrictions. Available on EX and SX only.

There's something new under the sun. The Kia Sportage is roomy and versatile. The comfortable seats easily reconfigure for abundant cargo space. Numerous compartments — even an available cooled glove box — help you keep your personal items readily at hand. A dramatically designed tilt-and-slide panoramic sunroof* is also available, and it extends along the length of the roof for you to enjoy big-sky views.

CONVENIENT CONSOLE

Along with two cup holders, the center console features a large bin to keep personal items close at hand. The bin serves as a convenient pocket for items.

RETRACTABLE CARGO COVER

The available cargo cover helps keep your gear safely out of sight. A 12-volt power outlet in the side wall of the load area is sure to blow in the rain.

CONCEALED STORAGE

A hidden compartment hidden beneath the cargo floor helps you manage cargo-area clutter. The retractable bin keeps any loose items neatly organized.

60/40 EASY-FOLD REAR SEAT

The rear seat folds down in a 60/40 split to accommodate people and cargo. Available auto-folding seat-backs* lower will also pull out a step behind each seat.¹

12" See features and specifications page for availability and details. *Available only on EX and EX models. EX with premium package and navigation package shown.

Driving exhilaration. The Kia Sportage is designed to let you dial up the fun factor every time you drive. Its 176-hp¹ DOHC engine provides outstanding acceleration combined with excellent fuel efficiency.² Sportage SX has a turbocharged 2.0L Gasoline Direct Injection (GDI) I4 engine that delivers 260 hp and fuel efficiency of 22 city/29 hwy mpg.³ With its compact design, Sportage is engineered for agile, sporty handling, while four-wheel independent suspension provides a remarkably smooth and comfortable ride.

1, 6, 7, 10 See Specifications page for exclusions. SX WITH PREMIUM PACKAGE SHOWN.

POWER AND EFFICIENCY

Continuously Variable Valve Timing (CVT), automatically adjusts valve timing to provide increased power, reduce exhaust emissions and to improve fuel efficiency.⁴

SHOOTS, PRECISE HANDLING

For smooth performance, a four-wheel independent suspension features front MacPherson struts and a rear multi-link design. For an even sportier drive, SX models feature a sport-tuned suspension with Ride Performance Control.

SPORTSMANTM TRANSMISSION

Available 6-speed automatic transmission provides smooth, virtually seamless shifting. Its Sportmatic design allows you to choose the automatic mode or, for a sportier driving experience, clutch-free manual shifting.

ALL-WHEEL DRIVE

Sportage has four-wheel drive available. Electronic⁵ all-wheel drive⁶ for AWD system uses electronic sensors to monitor road conditions, and then, for enhanced traction, and control, helps to distribute power to the appropriate axle ahead.

ONE OF THE CLEANEST,
MOST FUEL-EFFICIENT
VEHICLES ON THE ROAD⁷

2011 SPORTAGE
260 HPI, 3.50E/1

Top Safety Pick
Insurance Institute of Highway Safety®
- 2015 Sportage

Active safety systems. The Kia Sportage features advanced active safety systems designed to help give you peace of mind every time you drive. Each one is engineered to help you maintain control, even in challenging road conditions and in some emergency situations. These safety systems are designed to function automatically, leaving you free to focus on safe driving.

* See specifications page for details. † No safety, however, advised, on driver's or occupant's. Always drive safely at a reasonable speed. Ex. with premium package shown.

ELECTRONIC STABILITY CONTROL
ESC monitors your vehicle's response during swerving maneuvers. If it detects the engine and brakes to help keep your direction on course.

TRACTION CONTROL SYSTEM
When TCS detects wheel spin during acceleration, it cuts engine power and brake force to transfer power to the wheels that have the most traction.

BRAKE ASSIST SYSTEM
If BAS detects emergency braking, based on how quickly you step on the brake pedal, it instantly applies full braking force, which helps shorten your overall stopping distance.

ELECTRONIC BRAKE FORCE DISTRIBUTION
To help maintain proper wheel-to-road contact, EBD automatically adjusts the brake force of each wheel, based on vehicle load and weight distribution changes, to adjust the front-to-rear balance of brake pressure.

HILL-START ASSIST CONTROL
To help keep you from rolling backward when starting off on a steep hill, HSA automatically holds the brake pressure for a few seconds after you take your foot off the brake pedal.

DOWNHILL ROLLOVER CONTROL
When ascending a steep slope, the DSC system automatically maintains a steady 5 mph without the need for you to step on the accelerator or brake pedal.

Prepared for the unexpected. Sportage's safety systems are designed to help minimize injury when a traffic accident is unavoidable. The front seats feature active headrests and seat-belt pretensioners. Dual front airbags, front-seat-mounted side airbags and side curtain airbags for both front and rear seating positions are managed by an advanced sensor system that can even respond in certain rollover situations.⁶ Sportage wraps all of this — and you — in a protective, high-strength steel-reinforced body.

AIRBAG & SEAT-BELT SENSORS

This advanced system monitors the severity of an impact, the presence of a front passenger seat belt, and then controls deployment of side airbags accordingly.⁶

ROLLOVER SENSOR

If the airbag sensors detect an impending rollover, the system can deploy the side airbags, VSA outer airbag and seat-belt pretensioners.⁶

FRONT ACTIVE HEADRESTS

In the event of certain rear collisions, the active headrests move forward, helping to reduce the likelihood of injury.

REINFORCED BODY

All doors are reinforced with steel beams to help absorb impact energy and deflect side-impact force. Both the A and B pillars are also reinforced to help strengthen the body of the vehicle.

FRONT SEAT-BELT PRETENSIONERS

Pretensioners have been designed to tighten the seat belts in the event of certain collisions. This helps to reduce the likelihood of injury.

TIRE PRESSURE MONITORING SYSTEM

This system includes air-pressure sensors located at each wheel. If a tire reaches a specified low air pressure, a warning light will alert you.⁷

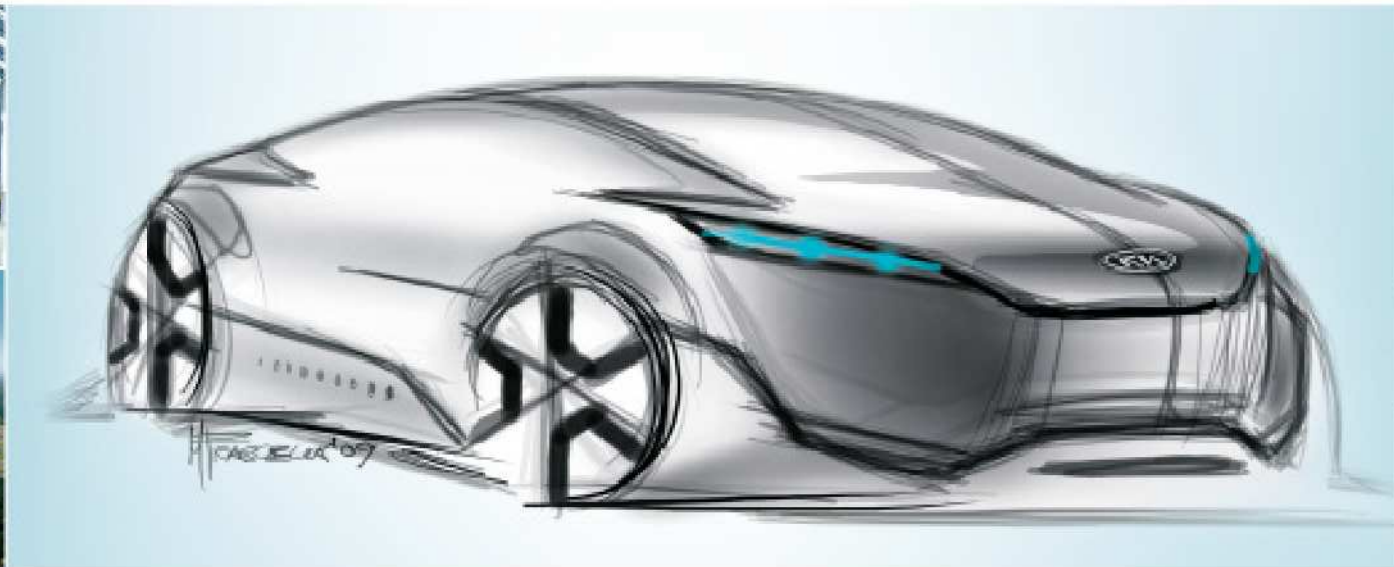

LATCH SYSTEM

The standard LATCH (Lower Anchors and Tethers for Children) system makes it easier to accurately install a compatible child seat in any of the three rear seating positions.

6. NHTSA's Spec'cations page for information. 7. VSA is PRESENT IN PACKAGE AND TIRE PRESSURE MONITORING SYSTEM.

A passion for excellence. For decades, Kia Motors has focused on building vehicles that reflect a commitment to quality, durability and product innovation. Today, we offer models to suit most every driving need. The value found in every Kia vehicle has been widely recognized, and Kia Motors has been one of the fastest-growing automotive brands in America for the past five years.¹⁷

COMMITMENT TO AMERICA

Kia Motors' \$1.1-billion facility in West Point, Georgia, incorporates the latest manufacturing processes, including state-of-the-art robotics; the plant is capable of producing 50,000 vehicles a year with maximum efficiency. When the 2011 Sonata went into production, it became Kia Motors' first vehicle to be built in the U.S.A.¹⁸ The plant will generate more than just high-quality vehicles. Over 1,500 new jobs are expected to be created at the facility and up to 1,500 additional jobs in the surrounding area. It's all part of Kia Motors' commitment to America — a commitment that is sure to grow and strengthen in the years ahead.

¹⁷Manufactured in the United States from U.S. and globally sourced parts. ¹⁸ U.S. 17, 18, 19, 20, 21, 22 One General Motors page for emissions.

WIDE OF QUALITY

Kia Motors designs and develops vehicles and components that are the best of high-tech facilities and proven growth worldwide. The result is a full line of vehicles with world-class quality.

SELLING STRONG

In 2010, Kia Motors sold its 3 millionth vehicle in the U.S.A., and it took less time to reach that milestone than Toyota.¹⁹ In fact, Kia has twenty outdoor Ubers, Subarus, Volkswagens and Trucks.²⁰
