2012.KIA.FORTE

Three ways to define style and performance. The 2012 Kia Forte comes in three models, all of which have sleek styling that communicates a passion for driving. Each delivers an exceptional combination of high-quality engineering, innovative design, technologically advanced features and outstanding value. Like all Kia vehicles, the Forte comes with an industry-leading warranty program.[1]

1, 2, 3, 4, 5, 6 See Specifications page for endnotes. FORTE SEDAN SX SHOWN.

SPACIOUSNESS
The Forte sedan, Koup and 5-door are all designed to provide remarkable headroom and legroom. Their spacious cabins offer driver and passengers alike all-day driving comfort.

PERFORMANCE
LX and EX models come with a 156-hp[2] 2.0L engine that delivers quick acceleration. SX models get even more performance with a 173-hp[2] 2.4L power plant.

FUEL EFFICIENCY
The Forte eco offers exceptional fuel efficiency.[3] A "smart alternator," Electric Power Steering and silica tires contribute to its outstanding fuel economy.

ADVANCED TECHNOLOGY
The Forte has a long list of advanced features. These include *Bluetooth*® wireless technology,[4] SiriusXM Satellite Radio[5] and USB/auxiliary input jacks for your MP3 player.[6]

PEACE OF MIND
From six airbags to Electronic Stability Control (ESC), the Forte has a comprehensive list of advanced safety systems. These safety features are standard equipment on every Forte.

Irresistible design — exhilarating performance. With its sleek, sculpted exterior design, the 2012 Kia Forte Koup delivers both exceptional styling and outstanding performance. Driving excitement begins with a 156-hp[2] 4-cylinder engine that delivers an outstanding power-to-weight ratio. The sporty Forte Koup SX also has a sport-tuned suspension and a choice of either a 6-speed manual transmission or an available 6-speed Sportmatic® with manual-shift mode.* All of which means, you'll enjoy exciting performance every time you get behind the wheel.

2 See Specifications page for endnote. *Some features may be optional equipment or not available on select trims. See Features and Specifications pages for availability details. FORTE KOUP SX SHOWN.

Where excitement meets versatility. The Kia Forte 5-door stands out with its own unique and striking exterior styling. Its "fifth door" allows easy access to its roomy cargo area, while split-folding rear seats enhance its versatility. For exciting performance, the Forte 5-door SX has a 173-hp[2] 2.4L engine, available 6-speed Sportmatic® transmission* with manual-shift mode and sport-tuned suspension.

2 See Specifications page for endnote. *Some features may be optional equipment or not available on select trims. See Features and Specifications pages for availability details. FORTE 5-DOOR SX SHOWN.

Unsurpassed comfort begins with exceptional cabin space.

A long wheelbase and wide body translate into remarkable spaciousness. The Forte sedan and 5-door provide seating for five, with ample headroom and legroom for all. An available Leather Package enhances comfort and adds a touch of luxury on SX models.

60/40 SPLIT-FOLDING REAR SEATS
With either or both rear seats folded, all Forte models allow you to easily stow larger items.[7]

CAVERNOUS TRUNK SPACE
To complement its spacious interior, the Forte sedan's 14.7 cubic feet of trunk space lets you pack a vacation's worth of luggage.

IDEAL TEMPERATURE
The available automatic climate control* maintains the temperature setting you choose for ideal cabin comfort.

PUSH-BUTTON START*
Available Smart Key remote lets you conveniently start or stop the engine at the push of a button.

POWER SUNROOF*
Available on EX and SX models, this power sunroof with tilt lets in plenty of fresh air.

HEATED FRONT SEATS*
Luxurious, heated front seats with leather trim are available on SX models.

7 See Specifications page for endnote. *Some features may be optional equipment or not available on select trims. See Features and Specifications pages for availability details. FORTE SX SEDAN WITH LEATHER PACKAGE SHOWN.

It's time to raise your expectations. Forte SX models feature stunning interior sport styling that's highlighted by metal pedals and metal-finish accents. Sleek controls and Supervision gauges that have glowing red LCD lighting reflect an unsurpassed attention to detail. The available Technology Package is designed to enhance your driving experience with added comfort and convenience.

PADDLE SHIFTERS
Forte SX has paddle shifters that allow you to change gears without taking your hands off the wheel.

USB/AUXILIARY JACKS FOR MP3 AUDIO PLAYERS
Now you can listen to your favorite tunes from your own music library.[6]

***BLUETOOTH*® WIRELESS TECHNOLOGY[4]**
Enjoy your *Bluetooth*® wireless technology-enabled cell phone with hands-free simplicity.

NAVIGATION SYSTEM*
Available voice-command navigation system includes a vivid color touch screen, real-time highway conditions from SiriusXM Traffic™[5] and a rear-camera display.[8]

ECOMINDER® GAUGE
Models with an automatic transmission have EcoMinder,® which lets you know when you are achieving optimum fuel economy.

SIRIUSXM SATELLITE RADIO[5]
Get over 130 channels, including 100% commercial-free music, plus all your favorite sports, news, talk and entertainment.

SiriusXM SATELLITE RADIO

4, 5, 6, 8 See Specifications page for endnotes. *Some features may be optional equipment or not available on select trims. See Features and Specifications pages for availability details. FORTE SX WITH LEATHER PACKAGE SHOWN.

Easy access to lots of room. The Kia Forte 5-door is designed for convenience and flexibility. The fifth door provides easy access to the spacious cargo area. 60/40 split-folding rear seats enhance the Forte 5-door's versatility, allowing you to fold down both seats completely flat for maximum cargo area, or fold down one side to carry longer items and still accommodate a rear-seat passenger.

7 See Specifications page for endnote. FORTE 5-DOOR SX WITH LEATHER PACKAGE SHOWN.

60/40 SPLIT-FOLDING SEATS
With one seat folded, you can fit extra-long cargo[7] and up to two rear-seat passengers.

CONVENIENT CONSOLE
Dual cup holders, a storage bin for your personal items and an armrest are within easy reach.

CONCEALED STORAGE
The Forte 5-door's cargo cover allows you to store your valuable items safely out of sight.

NEAT AND ORGANIZED
A hidden tray in the trunk of the Forte 5-door keeps loose items neatly organized.

EVERYTHING IN ITS PLACE
Front-door bottle holders give you a spot for large containers that don't fit in the regular cup holders.

Advanced technology for stirring performance. The Forte offers two exciting ways to enjoy your time driving. LX and EX models have a 156-hp engine,[2] and SX models deliver even more performance with a 173-hp 2.4L power plant.[2] Both engines feature Continuously Variable Valve Timing (CVVT) that automatically adjusts valve timing to provide increased power, reduced exhaust emissions and optimum fuel efficiency.[3]

2, 3 See Specifications page for endnotes. FORTE KOUP SX SHOWN.

SPORTY HANDLING

For precise, responsive handling, the Forte features power rack & pinion steering, monotube shocks and a MacPherson-strut front suspension. For even greater agility on curvy roads, SX models include 17-inch alloy wheels and a sport-tuned suspension.

AERODYNAMIC STYLING

The Forte has undergone extensive aerodynamic testing. The result is sleek styling that features a lowered front bumper, raised trunkline and airflow deflectors in front of the wheels. Together, these designs direct the flow of air around the car, creating a quieter ride and further improving fuel efficiency.

THE FORTE ECO

The Forte eco sedan delivers an exceptional 27 city/37 highway mpg.[3] To achieve this, the Forte eco features a 6-speed automatic transmission, a "smart alternator," an Electric Power Steering system and silica tires. To help you develop more economical driving habits, it has EcoMinder,® a feature that lets you know when you're achieving optimum fuel economy via an icon that lights up.

US EPA Certified SmartWay®

ONE OF THE CLEANEST, MOST FUEL-EFFICIENT VEHICLES ON THE ROAD

We've got you covered — from ABS to TCS. The Forte features advanced active safety systems designed to help give you peace of mind every time you drive.* Each one is engineered to help you maintain control, even in challenging road conditions and in some emergency situations. These safety systems are designed to function automatically, leaving you free to focus on safe driving.

*No system, however advanced, can prevent all accidents. Always drive safely at a reasonable speed. FORTE SEDAN SX SHOWN.

2011 Top Safety Pick

Insurance Institute for Highway Safety

2011 Forte Sedan

ABS

ANTI-LOCK BRAKES

ABS is the foundation of an active safety system. It helps provide greater vehicle control when stopping in difficult conditions like wet or slippery roads.

EBD

ELECTRONIC BRAKE-FORCE DISTRIBUTION

To help maintain more consistent braking as vehicle loads and weight distribution change, EBD adjusts the front-to-rear balance of brake pressure.

BAS

BRAKE ASSIST SYSTEM

If BAS detects emergency braking, based on how quickly you step on the brake pedal, it instantly applies full braking force, which helps shorten your overall stopping distance.

ESC

ELECTRONIC STABILITY CONTROL

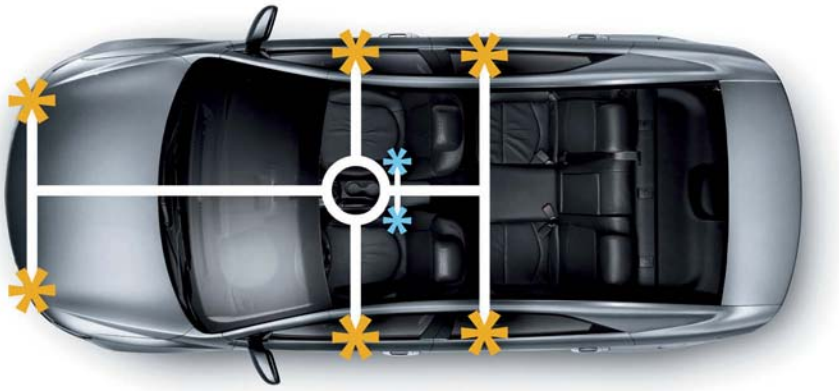
ESC monitors your vehicle's response during emergency maneuvers. It then controls the engine and brakes to help keep your Forte on course.

TCS

TRACTION CONTROL SYSTEM

When TCS senses wheel spin during acceleration, it uses engine power and brake force to transfer power to the wheels that have the most traction.

Prepare for the unexpected. Forte's safety systems are designed to help minimize injury when a traffic accident is unavoidable. The front seats feature active headrests and seat-belt pretensioners. Dual front airbags, front-seat-mounted side airbags and side curtain airbags for both front and rear seating positions are managed by an advanced sensor system.[9] Forte wraps all of this — and you — in a protective, high-strength steel-reinforced body.



AIRBAG & SEAT-BELT SENSORS
This advanced system monitors the severity of an impact, the presence of a front passenger and seat-belt use, and then controls airbag inflation accordingly.[9]

FRONT ACTIVE HEADRESTS
In the event of certain rear collisions, the active headrests move forward, helping to reduce the likelihood of injury.

REINFORCED BODY
All doors are reinforced with steel beams to help absorb impact energy and deflect side-impact force. The A and B pillars are also reinforced to help strengthen the body of the vehicle.

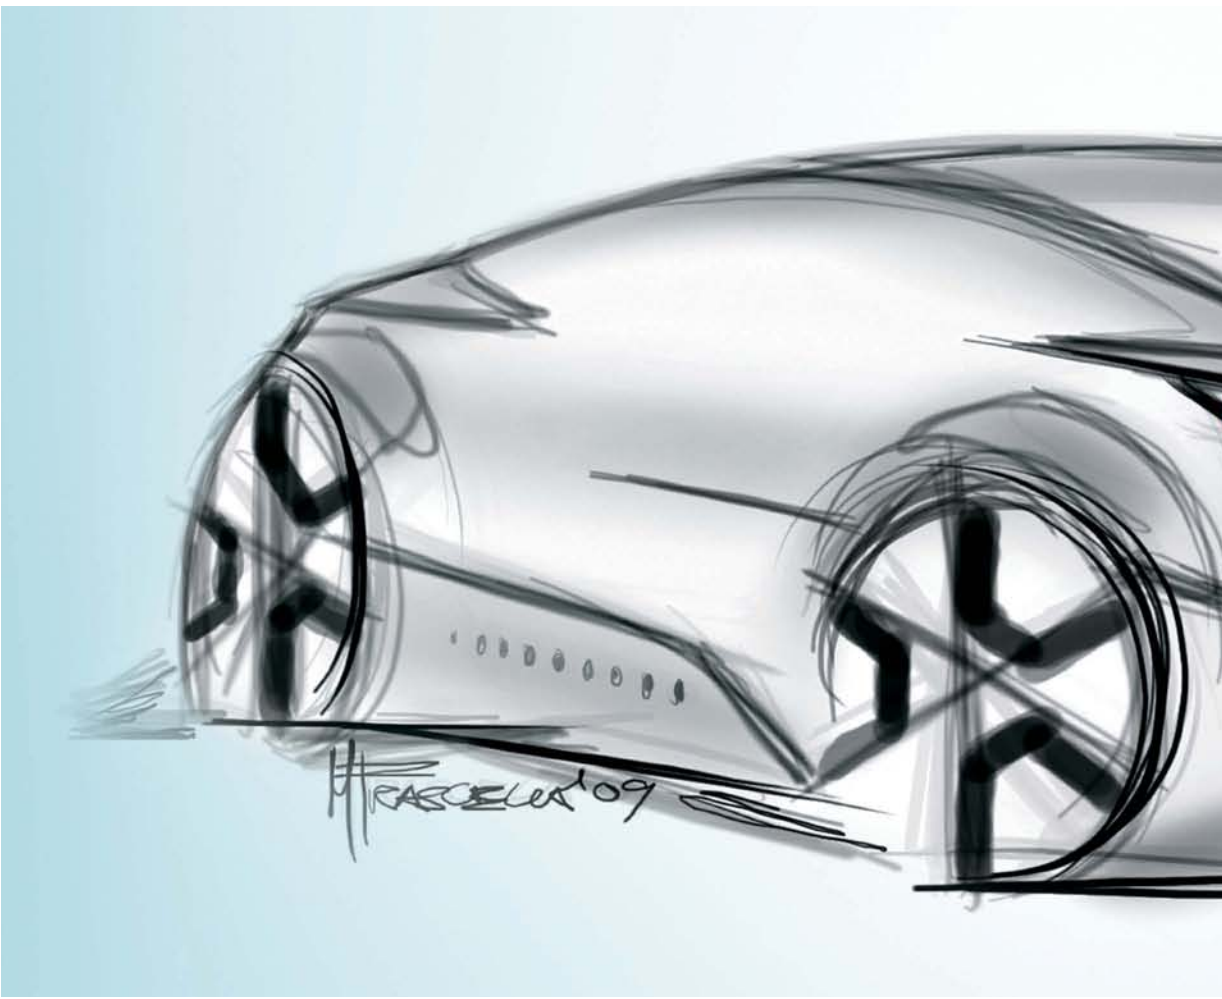
TIRE-PRESSURE MONITORING SYSTEM
This system includes air-pressure sensors located at each wheel. If a tire reaches a specified low air pressure, a warning light will alert you.[10]

FRONT SEAT-BELT PRETENSIONERS
Pretensioners have been designed to tighten the seat belts in the event of certain collisions. This helps to reduce the likelihood of injuries.

LATCH SYSTEM
The standardized LATCH (Lower Anchors and Tethers for Children) system makes it easier to securely install a compatible child seat in any of the three rear seating positions.

9, 10 See Specifications page for endnotes. FORTE SEDAN SX WITH LEATHER PACKAGE SHOWN.

A passion for excellence. For decades, Kia Motors has focused on building vehicles that reflect a commitment to quality, durability and product innovation. Today, we offer models to suit most every driving need. The value found in every Kia vehicle has been widely recognized, and Kia Motors has been one of the fastest-growing automotive brands in America for the past five years.[11]



COMMITMENT TO AMERICA

Kia Motors' $1 billion facility in West Point, Georgia, incorporates the latest manufacturing processes. Utilizing state-of-the-art robotics, the plant is capable of producing 300,000 vehicles a year with maximum efficiency. When the 2011 Sorento went into production, it became Kia Motors' first vehicle to be built in the U.S.A.† The plant will generate more than just high-quality vehicles. Over 3,000 new jobs are expected to be created at the facility and up to 7,500 additional jobs in the surrounding area. It's all part of Kia Motors' commitment to America — a commitment that is sure to grow and strengthen in the years ahead.

PRIDE OF QUALITY

Kia Motors designs and develops vehicles and rigorously puts them to the test at high-tech facilities and proving grounds worldwide. The result is a full line of vehicles with world-class quality.

SELLING STRONG

In 2010, Kia Motors sold its 3 millionth vehicle in the U.S.A., and it took less time to reach that milestone than Toyota.[12] In fact, Kia has recently outsold Lexus, Subaru, Volkswagen and Mazda.[13]
