Canadian Headquarters

BUILDING FOR THE FUTURE

QUALITY AND VALUE ARE THE CORNERSTONES OF KIA'S SUCCESS.

Kia is one of the fastest growing automakers in the world, with more than 1.2 million vehicles sold globally each year. After more than half a century of producing quality vehicles, Kia has distributors and dealers in over 180 countries. Kia vehicles are becoming a growing presence on Canadian roads. There are over 150,000 proud Kia owners and more than 150 dealers across Canada. North American research and design takes place at the company's state-of-the-art, 90,000 sq.ft. Design and Technical Centre in California where relentless innovation continues to fuel Kia's "Power to Surprise". Hybrid and electric vehicles, light-weight cars and aluminum space frames are among the many innovations our engineers are

aggressively researching to create lightweight, recyclable and environmentally friendly cars. In our ongoing effort to build great cars, while respecting the planet, Kia's fuel cell vehicle development program will soon allow our customers to significantly lower their fuel costs while at the same time play a leading role in environmental protection. Numerous advanced performance features show Kia's commitment to providing you with a safe yet exhilarating driving experience. The available Electronic Stability Program (ESP), for example, delivers enhanced directional stability for greater vehicle control.

“ Kia's fuel cell vehicle development program will soon allow our customers to significantly lower their fuel costs while at the same time play a leading role in environmental protection.”
