2002 KIA SPORTAGE

1 1234567 0

CANADIAN EDITION

City Slicker - Than What?

Kia Canada Inc.

Shown in Redwood/Pewter

SPORTAGE EX

SPORTAGE EX

Shown in Highland Green/Sand Dune

Sportage EX interior shown

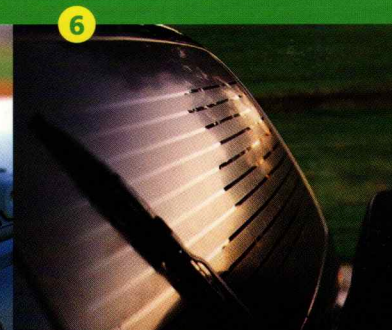

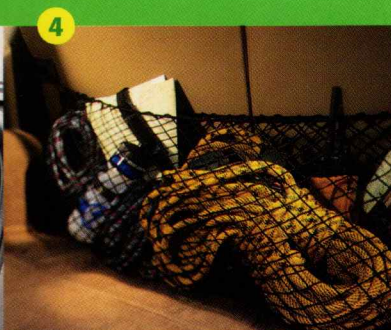

there's bugs out there! Why not **STAY IN AND PLAY WITH THE BUTTONS?**

ESSENTIAL GEAR FOR WILDERNESS SURVIVAL

And don't forget the sunscreen

1. 4-wheel drive
2. Ergonomically designed instruments and controls
3. Dual cup holders
4. Baggage net (You think trout are hard to land? Try getting a mildew-infested hockey bag to stop wriggling!)
5. Roof rack
6. Rear wiper
7. Full-size spare tire (You don't want the park rangers giggling at a puny spare, do you?)

Sure Canada boasts one of the largest unspoiled wilderness frontiers in the world. But the Sportage offers an expansive 3,557 litres of interior room and nothing furry that will mistake you for an appetizer. So get comfy and enjoy the standard air conditioning, power windows, mirrors and door locks. Set your cappuccinos in the dual cup holder, adjust the tilt steering, put down the 50/50 split folding rear seat-backs and relax in your own private nature reserve. However, should you venture out to use the open-air facilities, you'll be glad to know there's a power lock for keyless opening of the tailgate, too. Just in case some icky beast hastens your return.

SPORTAGE

Shown in Sand Dune

TAKING ON THE FORCES OF NATURE

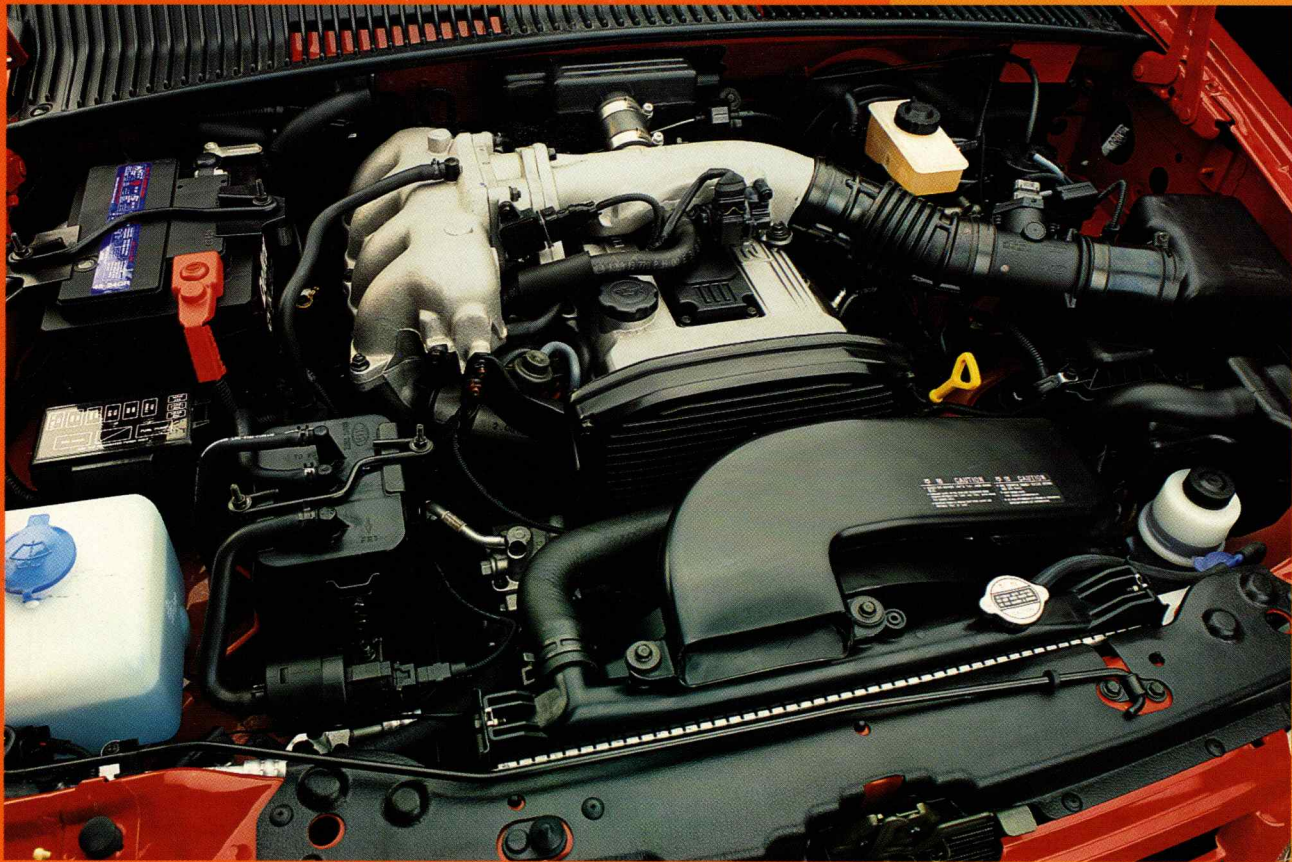

be prepared for snow, mud,
AND POKY DRIVERS

Tornadoes, flash floods, mud slides. They're nature's way of putting us in our place. But the Sportage is Kia's way of putting us in the place we'd rather be. So it's sturdy, with a truck-style ladder-frame construction. It's powerful, with a 16-valve DOHC, 130 horsepower engine. And it's agile, with 4-wheel drive and over 20 cm of ground clearance and short front and rear overhangs. It's determined, too, and can haul over 900* kilograms of your mountaineering gear and volcanic eruption detection equipment. Or two grossly overfed golden retrievers and their kibble.

Sportage EX shown in Summer Rain/Pewter

*907 kilograms tongue weight with trailer brakes. 454 kilograms tongue weight without trailer brakes. Trailer, golden retrievers and kibble sold separately.

WATCH FOR ANIMALS ON THE HIGHWAY

some of them are really bad DRIVERS

While you've been planning your departure to the hinterland, we've been planning your safe arrival. Every Sportage is equipped with a driver's side knee airbag in addition to dual airbags. The front seat belts are height-adjustable. The sturdy doors have steel impact beams. There are energy absorbing bumpers and, on the EX model, ABS is standard. Of course, the 4-wheel drive traction of the Sportage is one of its greatest safety features even if you're just picking up your safari suit from the dry cleaners on a slippery night.

S - Standard O - Optional

EX Package includes: AM/FM/CD, woodgrain interior trim, body-coloured outside mirrors, 2-tone cladding, cruise control, ABS brakes, leather-wrapped steering wheel and gear shift knob, roof rack, EX stripe.

Availability, specifications, materials and colours are subject to change without notice. Information in the brochure is believed to be accurate at time of printing. Honest. Vehicle not exactly as shown because, well, usually there's quite a variety of insects plastered all over. Do you ever wonder what goes through their minds when they hit the windshield?

COMMITMENT

Don't be afraid of it – **WE'RE NOT.**

Kia 5-5-5 Extra Care Warranty. We've put together the best customer care package in Canada with full five year coverage on just about everything. And we're not trying to smother you or anything, but we'll be with you 24 hours a day, every day. Kia 5 year Extra Care Roadside Assistance has thousands of North American Roadside Assistance providers to come to your rescue whenever you call. And not to be clingy, but wherever you travel in Canada you'll never be far from our coast-to-coast dealer network. But how deep does our commitment go? How about a 5 year/100,000 km powertrain warranty, 5 year anti-perforation warranty and 5 year/100,000 km comprehensive warranty. That adds up to 5 years of total confidence. We even offer free service adjustments* for the first 12 months or 20,000 kilometres. It's not our fault we care so deeply. It's just the way we are.

* Please see 2002 Warranty and Consumer Information Manual for details.

Where have we been **ALL YOUR LIFE?**

Perhaps you're just discovering Kia. Or maybe you already know our history and collect car brochures as a hobby. Either way, we've been building all shapes and sizes of vehicles since 1952. And they're now being driven in over 170 countries around the world. So you're in very good company when you purchase a Sportage. In fact, since arriving in the U.S. in 1993 and Canada in 1999, our total number of cars sold worldwide is approaching the five million mark. This includes our nimble subcompact Rio, our stylish new Spectra, our luxurious and powerful Magentis midsize sedan and the engineered-for-safety Sedona minivan. But obviously you're more of a 4-wheel drive, Sportage type of person. You prefer to blaze new trails, explore new frontiers, find new shortcuts to the mall. At Kia, we salute your spirit. It is the spirit of Canada's early settlers who paddled canoes of birch bark, built houses of sod and ate mouthfuls of black flies with their blueberries. You should be proud to carry on this tradition. Even if you do flip on the AC every once in a while.

IS THAT YOUR NATURAL COLOUR?

make a statement
**BLENDING IN IS
FOR CHIPMUNKS**

Drive to your weenie roast in style.

Do you have any idea how much time we spent retouching all the mosquitoes out of this photo? At first we figured wearing light colours would keep them away. Nice try. Unfortunately the photographer's after-shave was enough to attract every swarm within a hundred mile radius. It also got a passing bull moose kind of frisky, too. And that's definitely not an image we want on the back of our brochure.

It's about time everyone had a well-made car.
