

The Power to Surprise

2016
FORTE

DIGITALLY ADVANCED

The available UVO Powered by Microsoft[®] entertainment, communication and information system gives you hands-free, voice-activated control over the audio system, music selection and your Bluetooth[®]-enabled cell phone.

SMART AND LUXURIOUS

For 2016, the Forte stands out with a long list of smart, premium features you didn't expect in a compact car, including a standard audio system with voice recognition. Available features elevate the experience with a heated steering wheel, a 10-way power heated and air-cooled driver's seat, as well as dual-stage heated rear seats on Forte5 and sedan models.

CHOICE OF ENGINES

Three engines for three different expressions of performance. The 2016 Forte LX sedan features a standard 1.8-litre engine that produces 145 horsepower with enthusiasm, yet with a remarkable level of quietness. Step up to the EX or SX and the power steps up with you in the form of a robust, yet smooth running 2.0-litre, 173-horsepower gasoline direct injection (GDI) engine. Forte5 and Koup SX models take the performance up yet another notch with an available 201-horsepower, 1.6-litre twin-scroll turbocharged engine.

FORTE

IT'S YOUR FORTE.

You're not just looking for a car – you're looking for an experience. One that's all you, not just where you're going, but most importantly, how you're going to get there. In a car that says as much about you as it does about Kia. Call it a meeting of minds. Both are dedicated to something that takes you far beyond the "me-too" compact cars that are so common on today's roads. Instead, imagine a car with sporty styling, a wide stance and a presence highlighted by available Xenon high-intensity discharge (HID) headlights and LED light bar taillights. A technologically advanced car that takes full advantage of recent innovations. Don't just imagine it – open your eyes to a car that's all about you. The 2016 Kia Forte.

**FORTE
Koup**

**INCREASE YOUR
WOW FACTOR.**

A carbon-fibre patterned bumper bar and rear diffuser panel, along with dual stainless-steel and sport-tuned exhaust tips create a sportier, more aggressive look. Available on Forte5 and Koup SX models.

The Koup SX shows off its performance side with standard 18-inch alloy wheels, a sport-tuned suspension and a 201-horsepower, 1.6-litre twin-scroll turbocharged engine.

The available ball-type six-speed manual transmission shifter knob offers slick shifting with a true sports car look and feel.

Don't be shy. Grab hold of a much more exuberant way to drive. In a car with dramatic styling and dynamic performance – and all those can't-live-without high-tech amenities. It's a vivid demonstration of how you can live large – in a compact car. That's as long as the car is named Forte Koup. You think it's a thrill to look at, wait till you drive it. In a word – Wow.

//////

PUSH-BUTTON START

Start or stop the engine at the push of a button with the available Smart Key remote, even with the key fob in your pocket or bag.

ADJUSTABLE FLEXSTEER™

Kia's available advanced FlexSteer™ system allows you to select the level of steering feedback that best suits your driving style – Normal for everyday driving, Comfort for a lighter, more luxurious feel, and Sport for a more solid feel of performance.

ROOM TO GO WITH THE VROOM.

It's okay to share. No reason to be greedy by keeping the Forte experience all to yourself. Fortunately, Forte is designed to spread the excitement around, thanks to a long wheelbase that helps maximize the use of interior space. But in Forte, versatility features like split-folding rear seats never get in the way of its sporty personality. Available soft-touch materials and carbon fibre patterned trim set the tone for an inspired ride.

POWER SUNROOF

The power tilt and sliding sunroof brings natural light and fresh air inside at a moment's notice. Available on all Forte models.

FOLDING REAR SEATS

60/40 split-folding rear seats provide passenger and cargo loading flexibility on all Forte models.

THE HEAT IS ON

Take the chill out of Canadian winters with the heated front seats that are standard on Forte sedan LX+ and above models. Forte sedan SX and Forte5 SX Luxury add the comfort of heated rear seats.

AIR-COOLED DRIVER SEAT

For added comfort in warm weather, the 2016 Forte sedan SX, Forte5 and Koup SX Luxury models are equipped with a standard air-cooled driver's seat that circulates air through the leather seating surfaces.

COOLING GLOVEBOX

Keep beverages well chilled with Forte's cooling glove box – it's a standard convenience on all SX models.

REAR AIR VENTILATION

Back-seat passengers can enjoy cool air circulation thanks to available rear air vents positioned at the back of the centre console.

REAR CENTRE ARMREST

Thrills without the spills. A convenient flip-down centre armrest lets rear-seat passengers enjoy their drinks without spilling, thanks to the built-in cupholders. Available on all Forte models.

ROOM FOR FIVE. BUT ONLY ONE DRIVER.

Some people get all the luck. Once you take your position in the driver's seat, there's no question about who's in control. This is a sport with only one player. That's made abundantly clear by the layout of the driver-oriented cockpit. The instrument panel is angled toward the driver for truly intuitive operation. You're in total command of everything from the selection of gears to the selection of music. See how Forte is the driver's car among compact passenger cars.

PADDLE SHIFTERS

The sporty paddle shifters on the steering column allow you to change gears without taking your hands off of the steering wheel. Standard on all Forte SX models with automatic transmission.

AUTOMATIC COMFORT

Forte's available dual-zone automatic climate control lets the driver and front passenger choose separate temperature settings for precise, personalized comfort year round.

HAND WARMER

Take the sting out of the cold with a heated steering wheel. It's just one of the many available premium features on the Forte family.

PUSH BUTTON START

There's no need to search for the ignition key with the convenience of Forte's available Smart Key keyless push-button ignition switch.

OVERHEAD SUNGLASSES HOLDER

Store your sunglasses just above head level and within easy reach. Standard on all Forte models.

GREAT SOUND. GREAT SYSTEM

The standard AM/FM/CD/MP3 audio system delivers crisp and clear high-fidelity sound. Your entertainment choices are expanded by three trial months of SiriusXM™ satellite radio.² In addition, all Forte audio systems are equipped with standard hands-free Bluetooth®⁴ connectivity, internal music storage, and voice-recognition technology for control of various system functions.

ENTERTAINING AND INFORMATIVE

The available UVO Powered by Microsoft®³ entertainment, communication and information system gives you voice-activated control over the audio system and your MP3 player. The system's touch-screen also acts as the display for the vehicle's rearview camera.⁵

With up to 657 litres (23.2 cubic feet) of cargo space and an available 1.6L turbocharged engine, the Forte5 adapts to every aspect of your life with ease – and in style.

FORTE5

OPEN YOUR MIND.

Your brain requires practical solutions. Your heart is fuelled by desire and inspiration. So how can both be equally satisfied in your next car? By combining Forte's charisma with the added utility that only a hatchback can offer – in the 2016 Forte5. So don't just open the hatch to its cargo-carrying abilities – open your mind to a whole different spin on versatility.

International model shown.

LISTEN UP.

In Forte, it's not just the quality of the sound, but also the range of controls that create such a dynamic listening experience. What could be simpler than using your voice or a touch screen to control the onboard navigation⁴ and entertainment systems? The available multimedia interface combines a vivid display and brilliant graphics with touch-screen control and speech recognition technology for precise adjustment of multiple systems and functions. How good does that sound?

It's the home of 100% commercial-free music, news, talk and entertainment. To find out more about SiriusXM™ satellite radio,² speak to your Kia dealer or visit siriusxm.ca

The 2016 Forte is equipped with standard Bluetooth^{®4} wireless technology to provide hands-free calling connectivity with Bluetooth-enabled cell phones.

TOUCH-SCREEN TECHNOLOGY

An available bright, LCD touch-screen features smartphone-like controls that respond with a touch of your finger.

MEDIA AND MUSIC INTEGRATION

The interface provides hands-free connectivity for your Bluetooth^{®4}-enabled cell phone and supports digital music playback from your MP3 player or USB-connected music sources.

REARVIEW CAMERA DISPLAY⁵

When you shift into reverse, the multimedia interface automatically displays a high-resolution image from the vehicle's available rearview camera. It's like an extra set of eyes, showing you what you might not otherwise see by simply looking in the rearview mirror or over your shoulder.

ONBOARD NAVIGATION⁴

Forte's available onboard navigation system is fully integrated with the multimedia interface. Call-up a destination, find a point of interest or type in an address on the touch-screen and Forte will lead you there.

HILL-START ASSIST CONTROL

To help keep you from rolling backward when starting off on a steep hill, Hill Assist Control (HAC) automatically maintains braking pressure for up to two seconds after you take your foot off the brake pedal – enough time to shift your foot from the brake to the accelerator pedal.

ENHANCED COLLISION SAFETY

Forte's platform provides the strength and protection that's needed to help maintain the integrity of the passenger compartment in frontal, side and rear impacts.

LATCH SYSTEM

Forte is equipped with an industry-standard LATCH (Lower Anchors and Tethers for Children) safety system that makes it easier to securely install a compatible child safety seat in any of the three rear seating positions.

REARVIEW CAMERA⁵

Standard on all Forte EX and SX models, the rearview camera gives you a view of objects and obstacles behind you when you're backing up. Images are displayed on the LCD screen of the UVO system or navigation system, depending on how your vehicle is equipped.

SEAT BELT PRETENSIONERS

Seat belt pretensioners automatically tighten the driver and front passenger's seat belts in the event of a collision to help prevent or reduce injury.

VEHICLE STABILITY MANAGEMENT

Vehicle Stability Management (VSM) monitors Forte's response to your throttle, brake and steering inputs in tight corners and during evasive-driving manoeuvres. If your steering input and the vehicle's response are out of sync, VSM intervenes to help restore stability through precise brake, electric steering and engine control adjustments.

TRACTION CONTROL

Forte's standard Traction Control System (TCS) senses wheel spin during acceleration and uses engine-torque reduction and pulsed braking to slow the spinning wheel or wheels, transferring torque to the wheels with the most traction.

ANTI-LOCK BRAKING SYSTEM

ABS provides the foundation for Forte's active safety systems. It helps provide greater vehicle control when stopping in difficult conditions, such as wet, slippery or snow-covered roads – and in severe braking situations.

SIX STANDARD AIRBAGS

Forte protects you and your passengers with advanced dual-front, side-impact and curtain airbags with finely tuned sensors for the best possible performance. In combination, they help protect against head and chest injuries in moderate to severe impacts.¹

KEEPS YOU IN YOUR COMFORT ZONE.

One overlooked aspect of safe driving is confidence. Kia Forte is equipped with a series of integrated driver control systems that intervene automatically to help prevent an incident from occurring. Technology helps you see the unseen and react to hazardous conditions before you detect them. Very comforting, don't you think?

KIA, DELIVERING ON A PROMISE.

At Kia, we make a promise to everyone who drives our vehicles – a promise to design, engineer and build our vehicles to the most rigorous, world-class standards. This promise guides the development of vehicles that embody Kia’s signature style, precision engineering, outstanding performance, innovative features and advanced safety systems. Our dedication to quality and value has been widely recognized – one reason why Kia has been named a Top 100 brand in Interbrand’s Best Global Brands 2014 report.

In addition, Kia earned two prestigious J.D. Power awards, one for Highest Ranked Large Car in Initial Quality in the U.S. for Cadenza and Highest Ranked Small SUV in Initial Quality in a Tie in the U.S. for Sportage.⁹ This honour recognizes our success at producing fuel-efficient and affordable vehicles. While the accolades are always welcome, our mission extends beyond impressing the industry or media. What makes us most proud is exceeding your expectations of a truly exemplary driving and ownership experience.

GT concept

STUNNING DESIGN

Under the direction of renowned President and Chief Design Officer Peter Schreyer — Kia vehicles have captured worldwide attention for their interior and exterior styling, which represents the collaborative work of designers who have created a look that makes every Kia recognizable at first sight. Today, the lineup consists of vehicles that fill owners as well as Kia’s designers with pride.

EXTENSIVE RESEARCH AND DEVELOPMENT

Kia’s R&D procedures are rigorous and exhaustive. At proving grounds around the world, vehicles undergo unrelenting tests. A world-class wind tunnel provides testing in winds up to 200 km/h. Utilizing heavy-rain-and-snowfall testing chambers and a road simulator, Kia puts its vehicles through punishing tests as part of a commitment to develop exceptionally durable and safe vehicles.

IMPRESSIVE WARRANTY PROGRAM

Kia engineers are passionate about producing vehicles that are exceptionally well-designed and reliable. Their dedication to quality and attention to detail give Kia the confidence to back every model with an outstanding warranty program.

TAKING ON THE COMPETITION

The Kia Racing team is dedicated to competing against world-class competition — and winning. That dedication is part of Kia’s belief that the knowledge gained in competition can be applied to the entire Kia lineup to provide you with vehicles that perform beyond your expectations. The Kia Racing team includes championship-winning drivers with proven track records, and after a strong start to the 2015 season, you can look for Kia in the winner’s circle at racetracks across North America in the future.

Official Partner

FIFA WOMEN’S WORLD CUP CANADA 2015

As the FIFA Official co-Automotive Partner, Kia is proud of its initiatives to promote soccer globally. This summer Canada will be hosting the 2015 Women’s World Cup with games played in venues from coast to coast bringing all Canadians together to cheer and show their excitement.

MAJOR LEAGUE SOCCER 2015

Kia is a proud founding partner of all three Canadian MLS teams, sharing a true passion for the game!

YOUTUBE MUSIC AWARDS PRESENTED BY KIA

Kia’s relationship with the YouTube Music Awards builds on the special relationship between music and drivers. It is demonstrated by Kia partnering with numerous music events around the globe. It’s just one more way that Kia stays in tune with the people who drive their vehicles.

Starting with the 2015 model year, Natural Resources Canada in conjunction with the automotive manufacturers, have introduced a new testing procedure that will result in higher fuel consumption ratings that are more representative of everyday driving. Kia Canada is one of the first automotive manufacturers to implement the new testing practice and would like to ensure you fully understand the difference. The new procedure incorporates 3 additional test cycles that account for air conditioner usage, cold temperature operation, and higher speeds with more rapid acceleration and braking. To learn more, please visit: <http://oe.nrcan.gc.ca/fcr-rcf/public/index-e.frm>

EXTERIOR COLOURS

Polar

17" machined finished alloy wheel

18" machined-finished alloy wheel

Get the points.

Kia Member Rewards is an exclusive rewards program for Kia customers.

As a Kia Rewards Member, you'll earn points with every dollar you spend on maintenance service, parts and accessories at your servicing Kia dealer. Those Reward Points can be redeemed for discounts on future purchases – including the purchase of a new Kia. Plus earn Bonus Points on select items and services to collect rewards even faster.

Kia Member Rewards No-Charge Benefits include:

- Fuel fill-up with the delivery of your new Kia vehicle

Become a Kia Premium Rewards Member:

Ask your Kia Dealer how you can enjoy even more benefits.

Enroll Today:

Becoming a Kia Rewards Member is easy. See your Kia Dealer today to join. Visit rewards.kia.ca for full terms and conditions.

- Local shuttle service
- Multi-point vehicle inspection with every service visit
- Windshield washer fill-up with every paid service
- Windshield wiper installation with wiper purchase
- Preferential rates on car rentals, nationwide
- 24/7 Roadside Assistance for your vehicle under Kia's 5-year/100,000 km warranty or Certified Pre-Owned warranty
- Email notification of exclusive Kia specials and events – a great way to earn Reward Points and save on future purchases

We've got you covered.

At Kia, we believe peace of mind should come standard with every vehicle we make. That's why we back every model with one of the best warranties in the industry.

Our outstanding warranty coverage includes:

5-year/100,000 km – Worry-free comprehensive warranty covering virtually the entire vehicle⁸

5-year/100,000 km – Powertrain warranty covering the engine, transmission, axles, differentials and driveshafts⁸

5-year/100,000 km – Roadside assistance covers you in case of mechanical breakdown anywhere in North America⁸

5-year/unlimited km – Anti-perforation warranty on body sheet metal defects in material/workmanship⁸
