

2016
K900

AN EXCEPTIONALLY REFINED LUXURY SEDAN

Presenting the 2016 Kia K900 — a brilliant union of dynamic performance, innovative technology, and evocative design. Featuring premium amenities, fine materials, and elegant available features, such as supple Nappa leather trim,* genuine wood accents, and a VIP Package* that includes power-reclining rear seats, K900 provides both superior comfort and sophisticated styling. Its superb craftsmanship has helped the 2015 K900 earn the AutoPacific® “President’s Award for All-Time Highest Vehicle Satisfaction”¹ and “Best in Class Vehicle Satisfaction — Luxury Car”¹ award. Spacious and refined, powerful and uncompromising, the K900 is a luxury sedan designed to compete with the finest automobiles on the road today.

“President’s Award for All-Time Highest Vehicle Satisfaction”¹
FOR THE 2015 K900

“Best in Class Vehicle Satisfaction - Luxury Car”¹
FOR THE 2015 K900

1. * See Features and Specifications pages for availability and endnote. Not all optional features are available on all trims. Cover and this page: K900 LUXURY V8 WITH VIP PLUS PACKAGE SHOWN.

DYNAMIC PERFORMANCE

K900 is powered by an available 420-horsepower† 5.0L Gasoline Direct Injection (GDI) V8 engine* that delivers absolutely exhilarating performance or by an impressive 311-horsepower 3.8L GDI V6 engine. Both of these engines are complemented by an 8-speed automatic transmission that provides precise, smooth, and seamless operation. Plus, the Smart Shift & Drive feature automatically activates the optimum mode — Eco, Normal, or Sport — based on your driving style. K900 also features a rear-wheel-drive platform that results in excellent weight distribution for crisp handling and driving enjoyment. In addition, sophisticated multi-link front and rear suspension helps ensure an exceptionally comfortable drive.

†With premium gasoline. * See Features page for availability. Not all optional features are available on all trims. K900 LUXURY V8 WITH VIP PLUS PACKAGE SHOWN.

EXTRASENSORY PERCEPTION

As technology rapidly progresses, Kia's engineers have continuously pushed boundaries, culminating in the remarkably advanced K900. It is equipped with an impressive array of advanced systems that help monitor your driving environment and instantaneously convey real-time information to the driver. Available features include Advanced Smart Cruise Control,^{2*} Lane Departure Warning System,^{2*} Autonomous Emergency Braking,^{2*†} and Blind-Spot Detection with Lane Change Assist,^{2*} which utilizes a radar system to help detect vehicles in the driver's blind spots and recognize those approaching from behind. With a virtual mind of its own, K900 both informs and assists you, seamlessly helping to connect you to the road and your surroundings.

† No system, no matter how advanced, can compensate for all driver errors, driving conditions, accidents, and/or injury.
2. * See Features and Specifications pages for availability and endnote. Not all optional features are available on all trims.
Simulated Image shown for illustration only. K900 LUXURY V8 WITH VIP PLUS PACKAGE SHOWN.

SUPERB ERGONOMICS

From the perfectly positioned Driver Information System's control dial to the available shift-by-wire gear selector* and steering-wheel-mounted paddle shifters,* K900's controls are intuitively placed for convenient operation. Attention to detail extends to refinements like leather trim on the dashboard and center console, while a wealth of technologically advanced features help enhance every aspect of the daily drive. Together with its impeccable styling and array of luxuries, K900's ergonomics provide a level of control that you'll enjoy every moment behind the wheel.

* See Features page for availability. Not all optional features are available on all trims. Simulated image shown for illustration only. K900 LUXURY V8 WITH VIP PLUS PACKAGE SHOWN.

CONFIDENCE-INSPIRING TECHNOLOGY

Advanced technology applied intelligently makes complex operations simple. Whether parallel parking, backing out of a parking space, flowing with city traffic, or traveling with the benefit of Advanced Smart Cruise Control,² K900 drivers receive a concise and valuable stream of information about their driving environment, helping them to maintain command at all times.

1. AUTONOMOUS EMERGENCY BRAKING^{2*}

This available system is designed to help detect and monitor vehicles traveling ahead of you. It then works to automatically apply the brakes if it determines a crash might be imminent, helping to avoid a collision or mitigate the effects if it cannot be avoided.¹

2. SURROUND-VIEW MONITOR^{2*}

Available Surround-View Monitor utilizes four cameras located at the front, rear, and sides to provide a view around the vehicle. This helps enhance driver visibility when maneuvering into parking spaces.

3. BLIND-SPOT DETECTION WITH LANE CHANGE ASSIST^{2*}

The available radar system helps detect vehicles in the driver's blind spot by providing audible and visual alerts. Lane-Change Assist helps detect vehicles approaching from behind.

4. ADVANCED SMART CRUISE CONTROL^{2*}

Available Advanced Smart Cruise Control uses radar to maintain a predetermined distance from the vehicle directly ahead, automatically slowing or accelerating your K900 when appropriate.

5. REAR CROSS-TRAFFIC ALERT^{2*}

Available Rear Cross-Traffic Alert warns the driver of cross-traffic while the vehicle is in reverse by activating audible and visual alerts to help reduce the likelihood of a collision.

6. LANE DEPARTURE WARNING SYSTEM^{2*}

Available Lane Departure Warning System is designed to detect the vehicle moving out of its lane without the turn signal being used. When it does, the advanced system alerts the driver with a combination of audible and visual warnings.

7. HEAD-UP DISPLAY^{3*}

Available Head-Up Display projects information like current speed, navigation route, and lane departure warning onto the windshield glass in the driver's line of sight. The display's brightness adjusts automatically as outside lighting changes.

8. DYNAMIC BENDING LIGHT

For optimal visibility while driving at night, Dynamic Bending Light works with the High-Intensity Discharge (HID) or available LED headlights* to deliver a varying beam pattern based on vehicle speed and steering angle.

HIGHLY INTELLIGENT FEATURES

Forward-thinking technology is its own reward. Case in point is K900's wealth of advanced features designed to enhance your comfort, convenience, and entertainment. With poise and confidence, K900 lights the surrounding area as you approach your vehicle at night, helps you navigate your route, and escorts you in the style that you deserve.

9. SMART POWER TRUNK

K900 features a Smart Power Trunk that opens when you simply stand within a few feet of it for three seconds with the Smart Key in your possession. This is especially appreciated when you have your hands full.

10. VOICE-COMMAND NAVIGATION⁵

Featuring a vivid 9.2-inch HD color touch screen, the convenient voice-command navigation system delivers quick access to vehicle and road information, including real-time highway conditions from SiriusXM Traffic.⁴

11. DRIVER INFORMATION SYSTEM CONTROL

A control dial with direct-access buttons and intuitive operation provides easy access to a range of systems, including UVO Luxury Services⁵ features and entertainment and voice-command navigation functions.

12. LEXICON^{®6} AUDIO SYSTEM*

An available 900-watt Lexicon[®] Discrete Logic 7^{®6} surround-sound system with 17 speakers and a 12-channel digital sound processor provides extraordinarily clear, balanced audio entertainment that driver and passengers may enjoy to the fullest.

13. POWER CLOSING DOORS

If you or a passenger do not close a door completely, power closing doors will automatically complete the process with a soft touch, avoiding the inconvenience of having to open and close the door a second time.

14. SMART WELCOME

The Smart Welcome system is activated by the Smart Key remote. When you get close to your K900, the power-folding mirrors unfold and integrated perimeter approach lights, door handle lights, and interior lighting go on.

15. SHIFT-BY-WIRE GEAR SELECTOR*

An available sleek electronic gear selector delivers fast and smooth gear changes thanks to advanced shift-by-wire technology that replaces any mechanical link between the gear selector and the transmission.

16. SOUND-INSULATING LAMINATED GLASS

For a remarkably quiet and luxurious drive, the windshield and front- and rear-door windows feature specially laminated sound-insulating glass. It incorporates two distinct layers of thin film on each side of the windows' insulating center layer.

¹No system, no matter how advanced, can compensate for all driver errors, driving conditions, accidents, and/or injury. Always drive responsibly. Simulated images shown for illustration only. 2, 3, 4, 5, 6, * See Features and Specifications pages for availability and endnotes. Not all optional features are available on all trims. K900 LUXURY V8 WITH VIP PLUS PACKAGE SHOWN.

ADVANCED VOICE RECOGNITION

UVO Luxury Services⁵ advanced voice recognition technology lets you conveniently manage your music and enjoy hands-free⁵ use of your phone with simple, intuitive verbal commands.

REMOTE ACCESS

The UVO Luxury Services⁵ app lets you remotely lock or unlock the K900's doors, activate the horn and lights to help locate your car, start the engine to warm it up, and activate the climate control system in advance.

MY CAR ZONE

My Car Zone provides Curfew, Speed, and Geo Fence alerts based on your targeted presets. You can access this feature from your compatible smartphone⁷ or myUVO.com account to view or set the alerts.

APP DOWNLOAD CENTER

Downloading available apps to your K900 is easy via a Wi-Fi hotspot.⁵

FIND MY CAR¹¹

UVO Luxury Services⁵ embedded modem allows you to locate your K900 with the push of a button from the compatible smartphone⁷ app. Easily locate your vehicle from your smartphone⁷ or myUVO.com account, and get directions to it if needed.

ENHANCED ROADSIDE ASSIST⁹

Call roadside assistance by pressing the red triangle button on the rearview mirror, directly from the UVO Luxury Services⁵ touch screen, or by touching the number on the compatible smartphone⁷ app screen.

UVO LUXURY SERVICES⁵ DIRECT ACCESS

Buttons on the rearview mirror provide access to selected UVO Luxury Services⁵ features such as Enhanced Roadside Assist⁹. They also let you easily connect to a live Customer Care agent.

IT'S NICE TO BE WELL CONNECTED

UVO — short for “your voice.” K900 is equipped with the innovative UVO Luxury Services⁵ Infotainment System with voice-command navigation. Through an embedded modem, it provides you an easy, hands-free⁵ way to connect to your vehicle by seamlessly integrating a compatible smartphone⁷ with your K900. UVO Luxury

Services⁵ also lets you download apps from the App Download Center, monitor your vehicle's driving habits, access 911 Connect⁸ or Enhanced Roadside Assist⁹, and check maintenance requirements with Vehicle Diagnostics¹⁰ on the large 9.2-inch HD touch screen. Additionally, there are no subscription fees⁵ for the first five years to enjoy all these benefits.

UVO LUXURY SERVICES APP⁵

A free app allows you to integrate a compatible smartphone⁷ with your K900. This lets you make the most of UVO Luxury Services⁵, including control of its remote-access features and a dial-in connection to talk to a live Customer Care agent.

LOCAL SEARCH POWERED BY GOOGLE^{TM12}

UVO Luxury Services⁵ allows access to Google^{TM12} through an embedded modem. Search for your favorite spots just like you would in Google^{TM12} — by key word, location, or destination name.

MY POINTS OF INTEREST

UVO Luxury Services⁵ allows you to add Points of Interest through either a compatible smartphone⁷ or a myUVO.com account on a web-enabled computer.

911 CONNECT⁸

When an airbag is deployed, a call is made to 911 using UVO Luxury Services⁵ embedded modem and the vehicle's location is sent to the emergency services operator.

VEHICLE DIAGNOSTICS¹⁰

Vehicle Diagnostics lets you perform a check at any time. When a critical Diagnostics Trouble Code is triggered, you can automatically schedule an appointment with your preferred dealer or request roadside assistance.

MYUVO.COM WEB/MOBILE

MyUVO.com lets you check vehicle status and trip history or schedule service appointments. It also gives you access to features such as Find My Car¹¹ and My Car Zone.

ELEGANCE BORN OF SOPHISTICATED REFINEMENT

Superior craftsmanship and meticulous attention to detail combine to create a truly luxurious interior. K900's elegant design is enhanced by available supple, premium Nappa leather trim* and complemented by available genuine wood trim accents.* Exceptional interior spaciousness and a tri-zone climate-control system translate into first-class comfort for every seating position. In addition, superb interior sound insulation dramatically reduces road noise so everyone can enjoy a quiet ride in absolute luxury.

* See Features page for availability. Not all optional features are available on all trims. K900 LUXURY V8 WITH VIP PLUS PACKAGE SHOWN.

1. PANORAMIC SUNROOF

K900's panoramic sunroof brightens any drive, allowing you to enjoy sunny days and fresh air. It includes a power-retractable sunshade for enhanced convenience.

3. POWER SEAT CUSHION EXTENSION*

Available power-adjustable driver's seat cushion extension is a welcome luxury, providing extra support and allowing drivers to select their own custom comfort settings.

5. POWER REAR-WINDOW SUNSHADE

Rear passengers can relax and enjoy a cool and comfortable drive thanks to a power rear-window sunshade and manual rear side-window shades.

2. HEATED AND VENTILATED SEATS

Enjoy optimal comfort year-round thanks to heated front and rear seats with multiple temperature settings, and ventilated front and available ventilated rear outboard seats.*

4. REAR-SEAT CENTER CONTROLS

A control panel allows convenient adjustment of the second-row climate system, the power rear-window sunshade, as well as the rear seats' heating and available ventilation.*

6. 16-WAY ADJUSTABLE DRIVER'S SEAT*

Memory settings for two drivers provide the luxury and comfort of personalized ergonomics for the available 16-way power-adjustable driver's seat.

EXTRAORDINARY FEATURES FOR UNSURPASSED LUXURY

An exceptional combination of premium features allows driver and passengers alike to travel in exquisite style and true luxury. An available executive rear seat* provides the ultimate in style and comfort, featuring power-reclining adjustability, ventilation, lateral-adjustable headrests, and air-powered lumbar support. Rear-cabin passengers can also enjoy the refinement of available premium glove-soft Nappa leather trim and superb thigh and torso cushioning.

* See Features page for availability. Not all optional features are available on all trims. Simulated images shown for illustration only. K900 LUXURY V8 WITH VIP PLUS PACKAGE SHOWN.

ADVANCED SAFETY SYSTEMS TO HELP HANDLE UNEXPECTED CONDITIONS

K900 features advanced safety systems designed to help give you peace of mind every time you drive. Each one is engineered to help you maintain control, even in harsh road conditions and in some emergency situations.[†] These safety systems are designed to function automatically, leaving you free to focus on safe driving.

ELECTRONIC STABILITY CONTROL (ESC)

ESC provides improved directional stability, which helps you maintain better control in difficult driving situations. During emergency maneuvers, it can control the engine and brakes to help keep your K900 on course.

TRACTION CONTROL SYSTEM (TCS)

When TCS senses wheel spin during vehicle acceleration, it uses a combination of engine power and brake force to help transfer power to the wheels that have the most traction.

ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD)

To help maintain more consistent braking as vehicle loads and weight distribution change, EBD automatically adjusts the front-to-rear balance of brake pressure.

BRAKE ASSIST SYSTEM (BAS)

If BAS detects emergency braking, based on how quickly you step on the brake pedal, it instantly applies full braking force, which helps shorten your overall stopping distance.

HILL-START ASSIST CONTROL (HAC)

To help keep your K900 from rolling backward when starting off on a steep hill, the HAC system automatically holds the brake pressure for two seconds after you take your foot off the brake pedal.

[†]No system, no matter how advanced, can compensate for all driver errors, driving conditions, accidents, and/or injury. Always drive responsibly. K900 LUXURY V8 WITH VIP PLUS PACKAGE SHOWN.

DESIGNED TO HELP PROTECT DRIVER AND PASSENGERS

K900 is equipped with passive safety systems designed to help minimize injury when certain traffic accidents are unavoidable. An advanced airbag system helps protect driver and passengers with a reassuring array of dual front, front and rear seat-mounted side, and full-length side curtain airbags.¹³

EIGHT ADVANCED AIRBAGS

Dual front airbags, full-length side curtain airbags, and front and rear seat-mounted side airbags comprise a sophisticated system managed by advanced sensors that can even respond in certain rollover situations.

AIRBAG & SEAT-BELT SENSORS

This system monitors the severity of certain impacts, the presence of a front passenger, and seat-belt use, and then controls airbag inflation accordingly.¹³

FRONT SEAT-BELT PRETENSIONERS

Pretensioners have been designed to tighten the front seat belts in the event of certain collisions, reducing the likelihood of injuries in some situations.

SIDE-IMPACT DOOR BEAMS

All doors are reinforced with extremely strong but light steel beams to help absorb impact energy and deflect side-impact force. The K900's A and B pillars are also reinforced to help strengthen the body of the vehicle.

FRONT & REAR CRUMPLE ZONES

Front and rear crumple zones are specially engineered to help absorb and dissipate impact energy, helping to preserve the structural integrity of the entire passenger compartment during certain collisions.

REAR CHILD-SAFETY DOOR LOCKS

Rear child-safety door locks help prevent the doors from being opened accidentally, which is important when small children are passengers. With the doors in the locked position, they can only be opened from the outside.

No system, no matter how advanced, can compensate for all driver errors, driving conditions, accidents, and/or injury. Always drive responsibly. Inflated airbags shown for illustration only. ¹³ See Specifications page for endnote. K900 LUXURY V8 WITH VIP PLUS PACKAGE SHOWN.

STUNNING DESIGN

K900 takes its place as the flagship of a line of vehicles that — under the direction of renowned President and Chief Design Officer Peter Schreyer — has captured worldwide attention for interior and exterior styling. Kia vehicles represent the passionate collaboration of designers who have created a distinctive look that makes every Kia recognizable at first sight.

EXTENSIVE RESEARCH AND DEVELOPMENT

Kia's R&D procedures are rigorous and exhaustive. At proving grounds around the world, vehicles undergo unrelenting tests. A world-class wind tunnel provides testing in winds up to 124 mph. Utilizing heavy-rain-and-snowfall-testing chambers and a road simulator, Kia puts its vehicles through punishing tests as part of a commitment to develop exceptionally durable and safe vehicles.

STRINGENT TESTING

To deliver automobiles with exceptional performance and unsurpassed comfort, Kia combines new technologies with materials such as high-strength tensile steel. In addition, K900's parts and material testing included high-tech virtual analysis to deliver superior performance and long-lasting quality in real-world conditions.

COMMITMENT TO AMERICA

Kia Motors has invested over \$1.1 billion in its manufacturing plant in West Point, Georgia. Utilizing the latest manufacturing processes and state-of-the-art robotics, the plant has produced more than 1.5 million vehicles since 2009. The Sorento crossover and certain Optima midsize sedans are currently being built at this plant.¹ Together with on-site and local suppliers, the Georgia facility is responsible for the creation of more than 15,000 jobs in West Point and the surrounding areas. It's all part of Kia Motors' commitment to America — a commitment that is sure to grow and strengthen in the years ahead.

INDUSTRY-LEADING WARRANTY PROGRAM¹⁴

Kia engineers' dedication to quality and attention to detail give Kia the confidence to back every model with an industry-leading warranty program.¹⁴

10-year/100,000-mile limited powertrain warranty

5-year/60,000-mile limited basic warranty

5-year/100,000-mile limited anti-perforation warranty

5-year/60,000-mile 24-hour roadside assistance

**DELIVERING ON
A PROMISE**

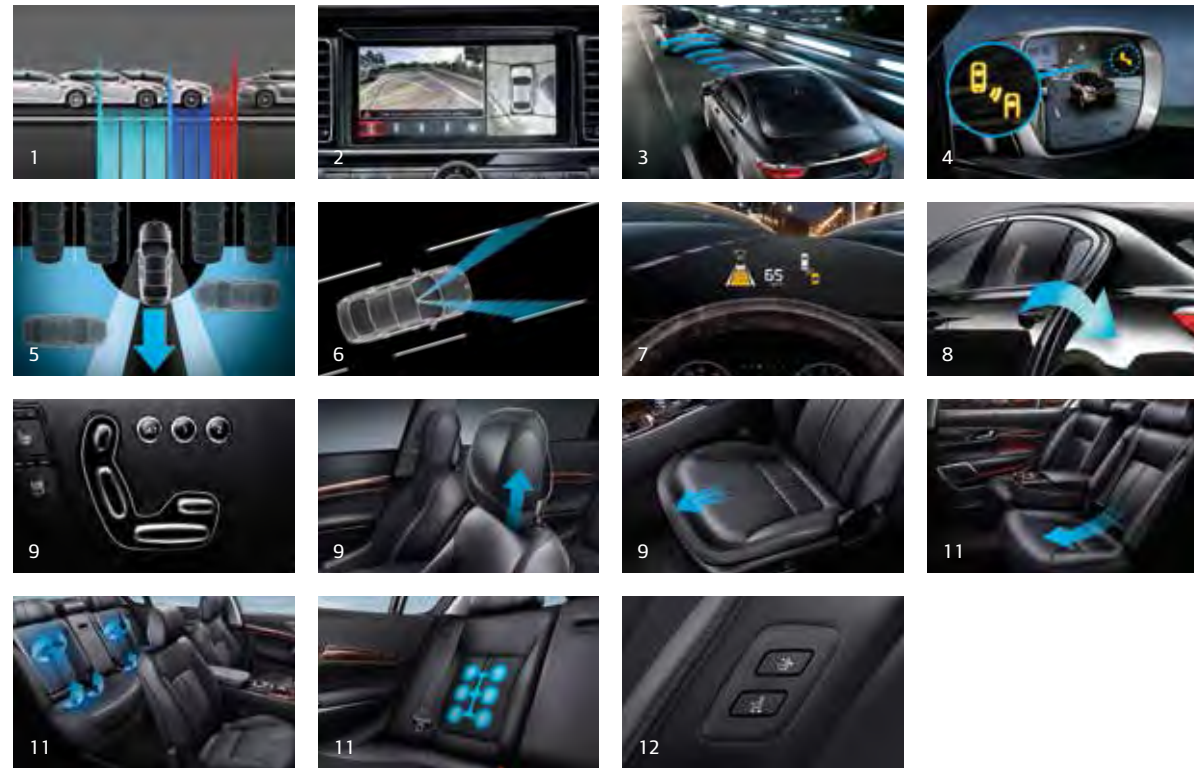

Kia is committed to producing world-class vehicles that suit most every driving need. This commitment has led to the development of stylish vehicles with an extraordinary combination of precision engineering, outstanding performance, innovative features, and advanced safety systems. Kia's dedication to quality and value has been widely recognized — one reason why Kia was named as a top 100 brand in Interbrand's 2015 Best Global Brands report.¹⁷

PACKAGES

V6 VIP PACKAGE

(AVAILABLE ON LUXURY V6)

1. Autonomous Emergency Braking^{2†}
2. Surround-View Monitor²
