

Unleash your confidence

SORENTO

The Power to Surprise

— An adventurer that's equally
at home in the modern cityscape

The Sorento has a solid legacy of hard-working, all-weather practicality forged in the great outdoors. Now with even more refined styling, its resourcefulness proves just as appealing on the most sophisticated city streets.

Life turns a corner and confidence arrives on cue

With a more commanding presence and advanced technologies for drivers and passengers alike, the new Kia Sorento stands out among today's SUVs. At the moment in life when driving enjoyment meets a need for space and a taste for sophistication, the Sorento arrives to save the day.

An SUV designed for all the lives we lead

The sleek and agile Sorento brings luxury, technology and practicality to the street with ideally balanced proportions. Advanced handling dynamics, forward-thinking safety features, and truly empowering connectivity come together in a sophisticated package that helps you navigate the demands of modern life in style.

Surround yourself
with intelligent contours

The wraparound form of the Sorento cockpit engages you from the start while sculpted door garnishes flow organically into the front safety mouldings. Protruding functional elements such as the side air vent controls and the lower controls of the center fascia invite engagement.

Inspired, relaxed, and firmly in control

With its fine craftsmanship, simple, appealing instrumentation and powerful, targeted ventilation, the roomy Sorento interior is a refuge of sophistication and calm when life gets busy.

7" audio display

The 7" TFT-LCD touchscreen display offers Apple® CarPlay and Android Auto connectivity. It also includes the back-up camera display.

5" mono display

The standard 5" LCD audio system offers radio and CD player control, Bluetooth Handsfree, MP3 storage/playback functions and more.

7" TFT-LCD supervision cluster

A high-visibility display in the center gauge reports outside temperature, audio information, distance to empty, fuel consumption.

Satin-chrome finish

Luxurious, satin-chrome finish graces the inner door handles, air vent surrounds and other interior design features. The raised vents echo the finish of the dials and their knurled control knobs let you smoothly adjust direction and airflow.

Simpler floor console design

The floor console design is less cluttered and more efficient thanks to the adoption of an electronic parking brake and the elimination of the manual handbrake lever.

Rear air ventilation and power supply

Rear passengers can adjust airflow with vents and controls mounted at the back of the center console. USB and 12V outlets let them charge a variety of devices.

Luxurious trappings keep you feeling right at home

The Sorento interior offers a high standard of comfort and luxury featuring finely crafted seats. A dual-pane Panorama sunroof, an EX option, adds a new dimension of sunny charm. On 7-passenger models, the 2nd row seat auto-folds and slides 270 mm to let rearmost occupants in and out, while the 3rd row seat back splits and folds 50:50.

A cargo hauler at heart

The Sorento is designed to offer true practicality when you need to load, stow and carry cargo. The interior space quickly accommodates even large or bulky items. For everything that won't fit inside, a roof rack comes as standard.

Smart power tailgate

The rear tailgate opens automatically when the Smart Key is detected nearby for 3 seconds or more, and closes with a simple push of a button. Optional on EX models.

Self-leveling suspension When a heavy load is placed in the cargo area, the self-leveling suspension raises the ride level to maintain appropriate ride height, stability and clearance.

2nd row seatback lever (7-seater)

Cargo underfloor storage compartment (5-seater)

Cargo screen storage compartment

2nd row seatback lever Each side of the cargo area has a remote folding lever for the 2nd row seatbacks. On 7-seater models only.

Cargo underfloor storage compartment Store emergency items and valuables in the spill-proof tray under the cargo space floor.

Cargo screen storage compartment Stow larger valuables out of view in a separate, partitioned-off space under the optional retractable screen.

Tailgate memory function Opening angles for the tailgate can be stored in memory by pressing and holding a button under the tailgate for 3 seconds. Optional on EX models.

Tap into superhuman attentiveness

Tapping into the power of the latest sensing technology and intelligent processing, the Sorento helps you stay aware of your position and the movement of the vehicles around you, enhancing your comfort and peace of mind.

■ Parking Distance Warning-Forward (PDW-F)

This system using ultrasonic sensors mounted on the front and rear bumpers warns of any obstacles when maneuvering into tight spaces to park safely and confidently.

■ Adaptive Front-Lighting System (AFS)

To improve nighttime driving visibility, this system aims and controls the distribution of the low beams as the vehicle goes through turns in proportion to the turning angle. Optional on EX models.

■ Rear Cross-Traffic Collision Warning (RCCW)

When backing out of a parking spot or driveway, the system warns the driver if it detects any cross traffic in the lane the vehicle is entering.

■ Blind-Spot Collision Warning (BCW)

The system uses radar sensors to monitor approaching vehicles from the rear in the lanes flanking the driver. If a vehicle is detected, a visual alert appears on the sideview mirrors.

Surround View Monitor with Parking Guidance(SVM)

This intuitive system combines four wide-angle images, from cameras at the front, rear, and sides of the vehicle, to give you a comprehensive bird's eye view of the space around the Sorento while parking or moving at speeds below 20 km/h. Optional on AV navigation-equipped EX models.

Car wash machine entry assist mode
When the driver folds the outside mirror prior to the entry into a car wash machine, the front view monitor with steering guidelines is offered for easier maneuver in.

The power you desire and the efficiency you respect

The petrol and diesel engines available on the Sorento offer enjoyable mid- and low-range torque and smooth and quiet operation. Their enviable fuel economy is aided by ingeniously precise transmissions that balance power and efficiency, whether you're in town or out on the open road.

2.4 MPI Gasoline engine
Max. power 172 ps @ 6,000 rpm

3.5 MPI Gasoline engine
Max. power 280 ps @ 6,300 rpm

2.2 TCI Diesel engine
Max. power 200 ps @ 3,800 rpm

2.0 TCI Diesel engine
Max. power 185 ps @ 4,000 rpm

Automatic transmission An electronically controlled 8-speed and 6-speed automatic transmission provides smooth, seamless shifting and improved fuel efficiency.

Manual transmission The Sorento's 6-speed manual gearbox offers high torque on demand for acceleration and sporty performance, along with smooth, fuel-efficient gear changes.

Drive mode select system Choose Normal, Eco, Sport or Smart mode to suit your preferences. Standard on automatic transmission models.

* Smart mode is only available on 8A/T models and 2.4 GDI model mated with 6A/T.

Flex Steer system Users can switch between the 2 steering modes: Normal and Sport. Standard on manual transmission models.

Technology makes it all seem effortless

Every day the road can present new challenges. The Sorento is engineered to use its own reflexes to keep you in control when tricky surfaces, inclines, twisting roads, and unexpected moves by other drivers put you to the test.

Hill-start Assist Control (HAC)

HAC prevents the vehicle from rolling backward when at a standstill on an incline by gently applying the brakes for up to two seconds while you move your foot from the brake pedal to the accelerator.

Vehicle Stability Management (VSM)

The system enhances the directional stability of the vehicle by automatically controlling MDPS and brakes on each wheel. In case of braking on a non-homogeneous surface (e.g. right wheel on ice and left wheel on the asphalt), it helps to stabilize the vehicle and maintain the vehicle path.

Rack-type Motor-Driven Power Steering (R-MDPS) A firm, solid feel and Agile steering response are simultaneously achieved with optional R-MDPS.

Rear sub-frame Even 2WD models now feature the sturdy rear sub-frame that AWD models are famous for, further improving driving stability.

Upright rear shock-absorber A more vertically oriented rear shock absorber system helps to control wheel travel on uneven ground and better isolates occupants from bumps.

We've given the unthinkable quite a bit of thought

Feel protected inside the Sorento cabin where you are surrounded by a safety cage design fortified with ultra-high-tension steel and a 6-airbag SRS system. Thoroughly tested in countless crash simulations and actual collision tests, the Sorento puts occupant safety above all else.

53 % AHSS* used

***Advanced High Strength Steel (AHSS)** The Sorento uses more than 53% Advanced High Strength Steel. This exceptional steel reinforces the front, rear and sides, as well as high stress points throughout the body.

Six airbags The Sorento offers driver, front passenger, two front-side, and two side-curtain airbags to help protect occupants and potentially reduce injuries, in the event of a collision.

Experience precise control of every wheel

An innovative, continuously active AWD coupling system helps the AWD-equipped Sorento maintain the utmost traction on rough, loose or slippery surfaces, and helps improve lateral stability when cornering.

DYNAMAX AWD
True AWD. Continuously thinking forward.

Dynamax™ AWD Coupling The intelligent Dynamax All-Wheel-Drive (AWD) system, developed in conjunction with Magna Powertrain, continuously monitors driving conditions and anticipates AWD system requirements, sending torque to the wheels that have traction. The system also adds stability in corners, helps eliminate unintended over- and understeer by reducing unwanted traction forces at the front and rear axle, and helps reduce fuel consumption and emissions.

Equipped to get you
right where you want to be

The rugged new Kia Sorento takes you to exciting new places, and offers you the equipment needed to make the journey with style and confidence.

Let people know where you stand on performance

Sorento's performance credentials are on vivid display with the GT-Line package. It's sport-oriented design cues keep the focus on driving—with a luxurious edge.

Red Calipers

The Sorento GT-Line features bright red brake calipers that are prominently visible between wheel spokes. They serve as attractive reminders of the braking performance that makes the Sorento so manageable and reassuring to drive.

LED Fog Lamps

Attractive arrays of high-tech LED fog lamps help light your way through foggy stretches of road. LEDs are long-lasting sources of consistent brightness.

The GT-Line is a package of sport appearance and performance options designed to accentuate the excitement of Sorento ownership.

Gear Shift Knob

Paddle Shift

Seat Walk-In System

Black Color Package

Paddle Shift

Attractive, performance-styled chrome-finished paddle shifters match the finish of other design elements around the cabin. You can change gears without taking your hands from the wheel, and the texture of the paddles is a recurring reminder of the refined texture of the GT-Line controls.

Seat Walk-In System

The Sorento GT-Line includes simple button control that slides and reclines the 1st passenger seat, so the driver can adjust it more easily for the second-row passenger convenience.

Gear Shift Knob

In the Sorento GT-Line, the push button and knob of the GT-Line exclusive automatic transmission's gear selector lever is finished in the same lush chrome finish as the other GT-Line exclusive design details. The surface is soft and refined—get a sensory treat every time you move the lever.

Black Color Package

Black leather with light gray stitches give the Sorento GT-Line a rich, indulgent atmosphere and establish a sexy, dynamic harmony with the black trim of the rest of the interior. It's an elevated variation on the inviting, high-performance interiors found in many finer premium cars.

The GT-Line is a package of sport appearance and performance options designed to accentuate the excitement of Sorento ownership.

Enter a higher realm
of driving satisfaction

With upgraded materials, fine craftsmanship and intriguing details, the GT-Line transforms the Sorento interior into a sport-luxury driving environment.

The little things that make it all yours

While the Sorento comes well equipped with standard features, a wide selection of optional amenities give you many ways to personalize your own Sorento to suit your needs and preferences.

Panorama sunroof The vast dual-pane Panorama sunroof lets you and your passengers enjoy fresh outdoor breezes as it creates an even more spacious interior ambience. A one-piece motor-driven roller blind, and the absence of a center head lining, provide an open feeling unmatched by competitors' sunroofs. Optional on EX models.

Steering wheel audio remote control
Intuitively placed steering wheel-mounted controls let you adjust volume and change stations without taking your hands from the wheel.

Wireless smartphone charger
Conveniently charge your smartphone without cables by placing it on the built-in wireless charging pad below the center fascia.

Bluetooth Handsfree
Enables wireless connectivity between your Bluetooth-compatible devices and the vehicle sound system via the built-in microphone.

Electronic Parking Brake (EPB)
Engage the parking brake simply by operating a button and be certain of whether it's properly engaged or not. Optional on EX models.

Exterior lamps outage indicator
When the circuit for an exterior lamp is broken, the cluster displays the position of the broken lamp for added convenience.

Integrated Memory System (IMS)
Recall the stored seat, steering wheel and side mirror positions for two drivers. Optional on EX models.

Dual separate climate control
On EX models, the dual climate control system gives the driver and front passenger separate controls for temperature.

Heated steering wheel
A heated steering wheel makes it easier to grip the wheel firmly on cold days. Optional on EX models.

Sunshade blind
A retractable rear-door window sunshade helps rear passengers and stowed cargo stay cool on sunny days.

Auto-up and -down windows
An auto-down driver's window is offered as standard. Choose optional auto-up and -down driver and front passenger windows for added safety and convenience.

HMSL integrated rear spoiler
An attractively contoured rear spoiler helps to manage airflow over the rear of the vehicle and incorporates a High-Mounted Stop Lamp (HMSL).

LED tail lamps and stop lamps
LED tail lamps and stop lamps, an EX option, are integrated into the tail lamp clusters. LEDs illuminate more quickly, last longer, and are more energy efficient than conventional bulbs.

Cup holder
There are two large-sized cupholders at center of 1st and 2nd row seats. It allows for the safe and spill-free storage of bottles and cups to enhance convenience.

Stainless steel pedals
Sturdy, lightweight stainless steel pedals add a performance-inspiring accent. Optional on EX models.

LED illuminated door step
Bright, low-energy LED lighting illuminates the lower door sill to help you get in and out of the Sorento gracefully at night or in dark car parks.

Interior color and trim selection

Black one-tone interior

■ EX optional grade Saturn Black Leather

Interior environment in Saturn Black, hydro graphics one-tone dashboard and black leather seat upholstery

■ EX standard grade Saturn Black Cloth

Interior environment in Saturn Black, hydro graphics one-tone dashboard and black woven seat upholstery

■ LX standard grade Saturn Black Cloth

Interior environment in Saturn Black, carbon-look embossing, one-tone dashboard and black tricot-woven seat upholstery

Black + Stone two-tone interior

■ EX optional grade Stone Leather

Interior environment in Stone color, hydro graphics two-tone dashboard and Stone color leather seat upholstery

■ EX standard grade Stone Cloth

Interior environment in Stone color, hydro graphics two-tone dashboard and Stone color woven seat upholstery

■ LX standard grade Stone Cloth

Interior environment in Stone color, carbon-look embossing, two-tone dashboard and Stone color tricot-woven seat upholstery

Color packages

■ EX optional grade Light Gray Leather

Vehicles in harmony with nature

Whether you love getting out into the great outdoors or simply enjoy living in a more sustainable balance with the ecosystem, you have found a soul mate in Kia Motors.

Environmental preservation and social responsibility are top priorities at Kia, and we back up our commitment with tangible action. Our EcoDynamics sub-brand, established in 2009, designates the most eco-friendly cars within each Kia model range that showcase our new fuel-stretching and emission-cutting technologies such as hybrid, electric and hydrogen fuel cell powertrains.

We are also building a clean global production system, raising the resource

recovery rate, and designing vehicles with the disposal phase in mind. Meanwhile, we are adopting more and more environmentally friendly materials in our cars, selected for their composition, biodegradability and bio-inspired technology. For example, to reduce our carbon footprint, we are replacing oil-based materials with plant-based materials wherever possible.

As you can see, we at Kia Motors are committed to finding fundamental solutions to cut energy consumption and combat climate change. If you feel the same way about preserving the environment and ensuring a brighter future for the younger generation, then we have just the vehicle for you.

The Power to Surprise

Kia is the newest and most exciting force of change in the automotive world and we are ready to change the way you feel and think about driving. More than just a promise, we are committed to making driving a true pleasure for customers across the globe. With youthful and dynamic styling and the latest in advanced technologies, Kia cars are turning heads the world over with the power to surprise. From the Picanto to the Mohave, Kia offers a full lineup of sedans, SUVs and MPVs that are not only practical and stylish but downright exhilarating to drive. Keep your eyes on Kia because our best has yet to come.

About Kia Motors Corporation

Kia Motors Corporation (www.kia.com) – a maker of quality vehicles for the young-at-heart – was founded in 1944 and is Korea's oldest manufacturer of motor vehicles. Over 3 million Kia vehicles a year are produced at 10 manufacturing and assembly operations in five countries which are then sold and serviced through a network of distributors and dealers covering around 180 countries. Kia today has over 50,000 employees worldwide and annual revenues of nearly US\$44 billion. It is the major sponsor of the Australian Open and an official automotive partner of FIFA – the governing body of the FIFA World Cup™. Kia Motors Corporation's brand slogan – "The Power to Surprise" – represents the company's global commitment to surprise the world by providing exciting and inspiring experiences that go beyond expectations.
