REDEFINING THE LUXURY EXPERIENCE

At Lincoln, we believe that luxury extends far beyond material possessions. Which is why, along with the intuitive features and luxury appointments of your Continental, you will receive an exclusive collection of services we call the Lincoln Way.™ These liberating benefits are designed to help uncomplicate your life. Making each day more effortless – and empowering you to soak up every brilliant, wonderful moment along the way.

ITS WELCOMING EMBRACE MARKS YOUR ARRIVAL

Take a moment to breathe deeply. Appreciate the calm that it brings. This sensation is decidedly Continental. Warmly greeting you with a series of illuminating gestures, Continental reinforces that sense of calm as you approach. Dynamic signature lighting¹ in its adaptive headlamps flows gracefully outward, while luminous welcome mats quietly appear. Grasp the beautifully backlit handle of your door, and it opens with ease. Ambient lighting puts on a show, then the autofold sideview mirrors¹ deploy to your personalized settings. Everything about Continental embodies the refined elegance with which you approach life – making it the ideal companion for the ride.

JOURNEY

2018 LINCOLN CONTINENTAL
Lincoln.com

There is a quiet confidence in the flight of majestic beings. Powered by the smoothly calibrated V6 engine of your preference, Continental emulates this commanding trait. Twin-turbocharging and direct-injection technology help the 3.0-liter and 2.7-liter engines¹ generate virtually instantaneous on-demand power. The capable 3.7-liter features twin independent variable camshaft timing that precisely controls the operation of its intake and exhaust valves to help optimize fuel combustion. Every engine is paired with an engaging SelectShift[®] automatic transmission that puts the control of a manual at your fingertips. Just tap the steering wheel-mounted paddle shifters to change gears when you want, or leave it to Continental. The 3.0-liter¹ is also paired with Dynamic Torque Vectoring¹ and Intelligent all-wheel drive (AWD)¹ for the ultimate Continental driving experience.

YOUR SANCTUARY AWAITS

Designed with an emphasis on providing a serene experience, the beautifully detailed interior environment of Continental is crafted to be physically comforting, visually soothing and peacefully quiet. Relax into the Perfect Position front seats¹ trimmed in Bridge of Weir Deepsoft™ leather¹ created exclusively for Lincoln by the historic Scottish tannery. Note the seamless finish of the center console's tambour door. It's trimmed in your choice of walnut or ash¹, laser-cut from a single piece of wood. Press a button to bring the engine quietly to life. Take a moment to customize your gauges, displaying the details you prefer. Then select your gear with push-button precision, and be on your way. Enjoy every mile of your journey within these spectacular surroundings.

PAMPER YOUR PASSENGERS

Lincoln Continental believes in equality for all, including offering luxurious amenities to the passengers it transports. Give your companions the power to control their environment with the Rear-Seat Package. First, they can select a temperature and adjust the power rear-window sunshade to their liking. Sunshades can also be extended over both rear-door windows. Next, they'll customize the fit of their heated and ventilated outboard seats with Active Motion® massage functionality, power lumbar and recline. All while enjoying beautiful views framed by the dual-panel moonroof, increased airflow from the extra rear registers, and the comfort of inflatable outboard safety belts. With this package, rear-seat passengers can even move the front-passenger seat forward when it's not occupied – giving themselves more room to relax.

Inspired by private aircrafts, our Perfect Position front seats¹ feature a patented comfort-carrier design that flexes around you in a personalized embrace. Each thigh cushion extends and adjusts independently to help support both of the driver's legs, the one at rest and the one engaging the pedals. Heated and ventilated settings¹ help optimize your comfort in any climate, while the Active Motion[®] massage functionality¹ helps reduce muscle fatigue in your upper legs and lower back. Arrive feeling revitalized and refreshed in Continental.

REINVIGORATE YOURSELF

Information is power, and your ability to see it clearly is crucial. Continental lets you keep your eyes on the road while staying fully informed with its vivid Head-Up Display.^{1,2} Thanks to the use of Digital Light Projection technology, the display is easy to view – even while wearing polarized sunglasses and in bright lighting conditions. You can also customize the display by adjusting its position and level of brightness, and selecting the details you want to see. It's a more compelling way to drive, brought to you by Lincoln.

TAKE IT ALL IN

LINCOLN
SYNC® 3

Feel free to speak your mind. Continental listens. With its SYNC 3 enhanced voice-activated technology,¹ you can control calls, music and more with just a touch and your voice. You'll find audio, phone, navigation² and other features concisely presented on the responsive touchscreen in the middle of your instrument panel. SYNC AppLink^{®3} lets you control compatible mobile apps by voice. Plus, seamless integration with Siri[®] Eyes Free brings the power of your paired iPhone[®] into your vehicle. SYNC 3 also includes Apple CarPlay[™] compatibility⁴ and Android Auto[™] compatibility.⁴ The Voice-Activated Touchscreen Navigation System² features vivid 3-D maps with pinch-to-zoom capability. And automatic updates over Wi-Fi⁵ provide the latest SYNC 3 software as new updates become available.

Passengers can connect up to 10 devices at a time using the 4G LTE Wi-Fi hotspot capability of new Lincoln Connect^{™6}. Let them surf the web, stream music and more while you're on the go, and up to 50' away from the vehicle when it's parked. For help making the most of this or any other Continental feature, remember your Lincoln Concierge is available 24/7.

STAY CONNECTED WITH VOICE-ACTIVATED SIMPLICITY

¹Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. ²Available feature. ³Certain restrictions, 3rd-party terms, or message and data rates may apply. See your Lincoln Dealer for details. Commands may vary by phone and AppLink software. ⁴Requires phone with active data service and compatible software. SYNC 3 does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality. ⁵Optional Navigation System map updates cannot be received via Wi-Fi and require a separate update. ⁶See footnote 1 on "Your 2018 Continental Standard Features" page, and your Lincoln Dealer for details.

Music has the power to calm and soothe... invigorate and liberate. Whatever your preference, our expertly engineered Revel® and Revel Ultima® audio systems¹ can deliver a level of precision and musical accuracy you won't just hear – you'll feel. It's as if you're seated in the "Audience" or right up "On Stage" when you use the personalized listening modes.

Enjoy outstanding, multi-dimensional sound in every seat courtesy of Revel Waveguides, QuantumLogic® Surround sound technology, and advanced cabin correction tuning. The 19-speaker Revel Ultima audio system uses patented Clari-Fi™ music restoration technology to enhance satellite radio, streaming services, MP3s and other digital sources – for clear, crisp, wide, dynamic sound.

TECHNOLOGIES
HELP
SIMPLIFY
YOUR DAY

ADAPTIVE CRUISE CONTROL WITH STOP-AND-GO^{1,2} – Certain driving situations can get tedious. When highway cruising or in lower-speed traffic, this system is designed to eliminate the need for constant adjustments. You simply set the speed, and the system can adjust to maintain your choice of 4 preset gaps from the vehicle in front of you, even following it to a complete stop.

AUTO HOLD¹ – For long stoplights or extended waits, you don't need to hold down the brake pedal. Just activate this technology, then come to a complete stop. Even on a hill, the system can hold your Continental in place until you press the accelerator.

BLIS® (BLIND SPOT INFORMATION SYSTEM) WITH CROSS-TRAFFIC ALERT^{1,2} – Some vehicles may be out of your line of sight, but they can be detected by this technology. It warns you if it detects a vehicle in your blind spots while driving forward, or approaching from the sides while in Reverse.

LANE-KEEPING SYSTEM^{1,2} – If you start to drift out of your lane, this technology can help alert you. Using a forward-facing camera to detect road lane markings, the system can apply steering wheel torque and even alert you with a steering wheel vibration to help direct you to return to your lane.³ If it detects that you've crossed the line repeatedly, it can prompt the Driver Alert System^{1,2} to chime and display a coffee cup image to remind you that it's break time.

PRE-COLLISION ASSIST WITH PEDESTRIAN DETECTION^{1,2} – Using camera and radar technology, the system can monitor your vehicle's proximity to other vehicles and pedestrians. If a potential collision is detected, it can alert you and, if needed, it can help provide full responsiveness when you brake. If the system determines a collision is imminent, Active Braking may automatically apply full braking.⁴

ENHANCED ACTIVE PARK ASSIST^{1,2} – For help parallel parking or backing into a perpendicular spot, simply activate this system. It uses ultrasonic sensors to help you locate an appropriate space, then steers Continental into it. All you do is follow on-screen prompts and control the shifter, brake and accelerator pedals. It can steer out of parallel spots, too.

360-DEGREE CAMERA^{1,2} – Get help in limited-visibility situations from this technology. It merges the views from 4 cameras to create a bird's-eye view of your vehicle and its surroundings. Displayed on the 8" color screen, it also offers you a 180-degree front or rear view, and includes a front washer.

THE LINCOLN WAY™ APP⁵ AND LINCOLN CONNECT™⁶ – Together, they provide effortless control of your mobility. Simply download the app to your mobile device, then use it to start your vehicle remotely, schedule a recurring daily or weekly start time, locate your vehicle, remotely lock or unlock its doors and more. The app is also an easy way to reach our Lincoln Concierge team. They're always ready to assist you with personalized vehicle solutions, roadside assistance and more.

¹Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ²Available feature. ³Lane-Keeping System does not control steering.

⁴Pre-Collision Assist with Pedestrian Detection can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations. ⁵The Lincoln Way app, compatible with select smartphone platforms, is available via a download. Message and data rates may apply. ⁶Certain restrictions, 3rd-party terms, or message and data rates may apply. See footnote 1 on "Your 2018 Continental Standard Features" page, and your Lincoln Dealer for details.

BECOME ONE WITH THE ROAD

Imagine yourself blissfully at peace – gliding along effortlessly. That's the feeling at the heart of the Continental experience. Lincoln Drive Control with Adaptive Suspension gets you there by helping to isolate your vehicle from road imperfections. For a personalized ride, you can switch between 3 drive modes – Comfort, Normal and Sport. With any of them, Electric Power-Assisted Steering (EPAS) provides the kind of steering response and feedback that helps you feel confident behind the wheel.

GLIDE EFFORTLESSLY

When you equip Continental with the 400-horsepower Twin-Turbocharged 3.0-liter V6 engine¹ and Intelligent all-wheel drive (AWD),¹ you'll also benefit from the addition of Dynamic Torque Vectoring.² This technology works in tandem with AWD to enhance performance by sending up to 100% of the available rear-axle torque to the outside rear wheel while cornering. The result is smooth and seamless. This is the driving experience of your dreams.

OPEN YOURSELF TO THE POSSIBILITIES

Delight in the luxurious comfort and harmonious design Continental offers to all. An exceptional collection of amenities pampers those in back,¹ while the dual-panel moonroof¹ invites all to bask in the sun. Graceful lines, including those of the chrome flowing seamlessly over its E-Latch door handles, quietly contribute to its serenity and yours. Nestle in as your power-cinch¹ doors gently close themselves. Glide through life with elegant confidence in the 2018 Lincoln Continental.

1:1 MODEL

A critical new step entered the Lincoln development process with the introduction of Continental. Computer-generated data was used to create a life-size model of the vehicle early in its development. This approach allowed the designers, engineers, program managers and other key members of the team to scrutinize and refine the way the data defined the final product, in order to hone the fit and finish of the most minute details.

LUXURY VALIDATION

In order to provide a highly refined Continental ownership experience, the Lincoln Luxury Validation Center meticulously inspects the materials, craftsmanship, fit and finish, and function of each Continental that leaves our manufacturing facility. This process ensures that it meets Lincoln standards in every way, before you see that it meets yours.

ENJOY THE LUXURY OF PEACE OF MIND
