

2016 LINCOLN MKZ + HYBRID

When you embark on a journey to consider what matters most to you, sometimes you find it in unexpected places. You find it by opening your mind to new philosophies and your eyes to new design, thereby discovering what truly reflects your personality. Open yourself up to Lincoln MKZ. Take in the elegant simplicity of its stunning exterior, accentuated by distinctive curves and punctuated by dramatic accents. Experience the premium amenities of its impeccably crafted interior. The 2016 Lincoln MKZ. A car as interesting as you are.

A wide-angle, low-perspective shot of a Lincoln car's interior, focusing on the front passenger side. The image captures the dashboard, steering wheel, center console, and front passenger seat. The design is characterized by smooth, flowing lines and a combination of dark leather, light-colored leather, and wood accents. The center console is a prominent feature, with a wide, sweeping bridge design. The dashboard and door panels have a soft, curved appearance. The overall aesthetic is one of luxury and modern elegance.

EXPRESSIVE DESIGN

YOU KNOW HOW IT FEELS TO FIND THE PERFECT PIECE OF ART FOR YOUR FAVOURITE ROOM? IT'S REMINISCENT OF THAT.

A rush of satisfaction that leads the way to lasting enjoyment. That's how it feels to slide behind the leather-wrapped **heated steering wheel**¹ of Lincoln MKZ. The graceful lines of its interior styling embrace you, while its airy spaciousness expands your view of the world.

Simply press a button to select a gear on its sleekly integrated **push-button shift transmission** controls. You'll welcome every season from the exceptional comfort of its premium leather-trimmed, 10-way power, **heated and cooled front seats**.¹ For help with reducing muscle fatigue and enhancing blood flow in your legs and lower back, select its **class-exclusive**,² **multicontour front seats with Active Motion**.^{®1} You'll really appreciate them on longer drives.

Even its storage areas are artfully designed. Dual cupholders, plus a tray for change and other small items, are discreetly tucked inside the flush armrest's storage bin. A **110-volt power outlet**¹ makes it convenient to charge your media devices, while a subtle red glow lets you know the **LED-lit door locks** are activated. And you can adjust the **ambient lighting**¹ to any of its 7 colours according to your mood. Lincoln MKZ. It's designed to stir all the best emotions.

MYLINCOLN MOBILE APP

Imagine if your vehicle could be warmed up and ready to go before you were. With your smartphone and the MyLincoln Mobile™ app³ – enabled by an embedded modem^{1,3} – it can be. In fact, you can program your MKZ to start remotely at a specific time with your customized climate settings – repeating daily or weekly.⁴ You can even remotely lock and unlock the doors with a tap on your smartphone screen.

¹Available feature. ²Class is Luxury Midsize Sedans. ³Mobile app, compatible with select smartphone platforms, is available through a free download. The embedded modem is included in the Reserve Equipment Group only. Service included for 4 years. Text and data rates may apply to usage. Services may be limited by mobile phone network coverage area. ⁴Allows you to adjust to 22°C, or the last temperature set.

Many a driver has gone around the block just to avoid parallel parking. **Active park assist**¹ can help take the guesswork – and stress – out of it. Ultrasonic sensors measure open spaces and help find a parking spot as small as 1.2 times the length of your vehicle. When it does, you take your hands off the wheel, then watch the **rear view camera** screen as the system guides you into it, while you control the brake, shifter and accelerator.

We could all benefit from a little forward thinking. Thankfully, when you're pulling into a space, the **Forward Sensing System**¹ on MKZ sounds an audible tone if its sensors on the front bumper detect an object in front of your vehicle.

It's important to have a sense of what's happening around you. A **Reverse Sensing System** and rear view camera are both standard equipment on every MKZ. The warning sounds and full-colour visuals are helpful when you're backing into or out of tight spaces. Plus, the camera can display visual guidelines to help you estimate distances.

POWER-FOLDING,¹ HEATED,
PEDESTAL SIDEVIEW MIRRORS

LED TAIL LAMPS RISE TO FULL INTENSITY 10 TIMES
FASTER THAN INCANDESCENT BULBS

Every now and then, we need a little nudge in the right direction. Fortunately, the **Lane-Keeping System**^{1,2} can alert you with steering wheel vibration pulses if it senses you drifting out of your lane, and can then apply steering wheel torque to help direct you to steer back into it. The **Driver Alert System**¹ uses a forward-facing camera to detect lane markings, and displays a coffee cup icon in your gauge cluster if it detects that you've come too close to – or crossed – the lane marker lines too many times.

It always pays to plan ahead – and your MKZ can help with that. Using advanced radar technology to constantly scan for slower vehicles in front of you, **adaptive cruise control and collision warning with brake support**¹ can automatically change your vehicle's speed to maintain your choice of 4 preset gaps – without you having to engage the brake or accelerator pedals. If collision warning with brake support senses a potential collision, the system flashes a warning across the windshield, sounds an alarm, and then pre-charges the brakes and increases the brake-assist sensitivity to help provide full responsiveness when you brake.

It can be easy to miss when a vehicle has entered your blind spot. Just as the name suggests, **BLIS**[®] (**Blind Spot Information System**)¹ helps keep you aware of things that may be out of your line of view. The system alerts you with a light in the corresponding sideview mirror³ if its radar sensors detect a vehicle. **Cross-traffic alert**¹ notifies you with an audible warning and a light in your sideview mirror if it detects a vehicle approaching either side as you're slowly backing out of a space.

INNOVATIVE TECHNOLOGIES

Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ¹Available feature. ²Lane-Keeping System does not control steering. ³BLIS replaces standard integrated blind spot mirrors.

What could be easier than speaking your mind? **SYNC® with MyLincoln Touch™¹** connects you to the world around you. A simple spoken word activates the system and puts you at the helm of your audio, climate choices, music, information, calling and personal contacts, navigation² and more – without ever having to take your hands off the wheel. In addition to the steering wheel-mounted 5-way controls, the system features a configurable, 8" colour LCD screen, as well as a media hub with a USB port, an SD card reader and a 12-volt powerpoint, offering you many convenient ways to stay connected.

SYNC WITH MYLINCOLN TOUCH

Dial phone numbers and answer calls without picking up the phone – or taking your focus off the road. SYNC with MyLincoln Touch even mutes other audio sources so you won't miss an incoming call. Just say the word for turn-by-turn directions² and voice control of your contacts, as well as the playlists on your USB or smartphone.

THX II CERTIFIED AUDIO SYSTEM

Specifically designed and acoustically engineered for the MKZ interior, the THX® II Certified Audio System² lets every passenger experience concert-quality sound. Through specialized sound processing technology, 14 speakers – including 2 subwoofers that deliver rich, deep bass – and an amplifier that produces 700 watts of power bring the feel of a live show to your everyday commute.

SIRIUSXM

Listen to your favourites all across Canada with SiriusXM.® Get the best in audio entertainment, including 100% commercial-free music from every genre, world-class news, sports, comedy and entertainment, with your 6-month prepaid subscription.³

¹Some mobile phones and some digital media players may not be fully compatible. Driving while distracted can result in loss of vehicle control. Only use SYNC/MyLincoln Touch/other devices, even with voice commands, when it is safe to do so. SYNC with MyLincoln Touch voice recognition and screens available in English, French and Spanish. Some features may be locked out while the vehicle is in motion. ²Available feature. ³SiriusXM subscriptions sold after 6-month prepaid period expires. Subscriptions are governed by SiriusXM Customer Agreement; see siriusxm.ca.

POWERFUL PRESENCE

MKZ HYBRID

It's always nice to get affirmation — even from your car. With a fuel consumption rating of **5.7L/100 km city** and **6.0L/100 km hwy** (50 mpg city/47 hwy),¹ the MKZ Hybrid seamlessly switches between a 2.0L Atkinson-cycle gasoline engine and an electric traction motor that charges the advanced lithium-ion battery while you drive — and gives you the ability to drive up to highway speeds in electric mode. MKZ Hybrid also has **EcoSelect**, which allows your vehicle to operate more efficiently by reducing the amount of power drawn from the vehicle. Together with the Regenerative Braking System that can capture over 90% of the brake energy normally lost, you can help maximize fuel efficiency. In addition, the **SmartGauge™ with EcoGuide** instrument cluster uses flowering vines that grow to show you how well you're doing. The more efficiently you drive, the more leaves you see — giving you coaching, guidance and confirmation with every drive.

¹Fuel consumption ratings based on Government of Canada approved test methods. Actual fuel consumption will vary.

OUR ENGINES MEASURE UP TO
OUR MOST DEMANDING CRITERIA

7.0
L/100 km
HWY¹

2.0L ECOBOOST®

Get plenty of power on demand from the standard turbocharged 240-hp² 2.0L EcoBoost engine. Thanks to direct fuel injection that delivers fuel right into the cylinders, you get a fuel consumption rating of 10.5L/100 km city and 7.0L/100 km hwy (27 mpg city/40 hwy),¹ plus 270 lb.-ft. of torque. That's an impressive balance of fuel efficiency and performance. Intelligent all-wheel drive (AWD)³ enhances its road-gripping abilities. Plus, the standard 6-speed SelectShift® automatic transmission features steering wheel-mounted paddle shifters you can use to shift for yourself, or leave it all to your MKZ.

3.7L TI-VCT

300
hp

Some of us are drawn to more powerful, thrilling experiences. With its 3.7L Ti-VCT engine,³ MKZ gives you an exhilarating 300 hp and 277 lb.-ft. of torque, along with impressive fuel efficiency. Twin independent variable camshaft timing (Ti-VCT) precisely controls intake and exhaust valves, helping to optimize fuel combustion – and deliver power and low-speed torque for smooth, responsive passing and merging. Intelligent AWD is included on 3.7L models for optimized traction on all sorts of road surfaces.

¹2.0L EcoBoost FWD. Fuel consumption ratings based on Government of Canada approved test methods. Actual fuel consumption will vary. ²Figures achieved using 93-octane fuel. ³Available feature.

POWERFUL PRESENCE

POWERFUL PRESENCE

This is where technology and life gracefully intersect. Because road conditions are always changing, **Lincoln Drive Control featuring continuously controlled damping (CCD)** uses sensors to read the road – and your driving input – 500 times per second, then quickly adjusts the firmness and damping at all 4 wheels to help your vehicle be in harmony with the road. The system also lets you select between 3 drive modes – Comfort, Normal or Sport – to match your driving style. **Electric power-assisted steering (EPAS)** automatically adjusts your steering for different driving situations. At the same time, **Torque Vectoring Control** adjusts the speed between your front wheels for enhanced cornering and agility.¹ Handle life's twists and turns, confident in the knowledge that your Lincoln MKZ is engineered to adapt.

¹Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ²Available feature.

ADAPTIVE LED HEADLAMPS SWIVEL AS
YOU STEER TO ILLUMINATE YOUR PATH

INTELLIGENT ALL-WHEEL DRIVE²
CORNERS WITH CONFIDENCE

PREMIUM EXPERIENCES

Every ride is also a quiet one thanks to the extensive noise-minimizing design. A streamlined shape allows for fluid airflow, while aerodynamic sideview mirrors are designed to deflect air away from the side windows to help minimize wind noise. An **underbody shield**, **multilayer door seals**, extra layers of **sound-deadening material**, and **absorption pads** under the carpeting help absorb road noise. In addition, the **active noise control and cancellation** features use microphones in the cabin to detect unwanted noises, then send opposing sound waves through the vehicle's speakers to cancel those sounds. On non-hybrid models, the system also creates a tailored auditory experience by helping to refine engine sounds. When you are in Sport mode, it enriches certain engine sounds while damping others, in order to give you a customized cabin experience.

¹Available feature. ²Based on effective roof opening as measured by Webasto.

Your vehicle should be a sanctuary to all. Interior amenities like **heated rear outboard seats**¹ comfort your passengers on chilly days, while **rear reading lamps** activate with a swipe of the headliner cloth to shed light on rear-seat passengers, and a **power rear-window sunshade**¹ helps block the harsh rays of the sun. In addition, class-exclusive, **inflatable rear outboard safety belts**¹ can distribute crash-force energy across more of a passenger's chest to help make every ride in your Lincoln MKZ a safer one.

Colours may not be exactly as illustrated due to restrictions of the printing process. Please see your sales consultant for specific colour and model availability.

¹Fuel consumption ratings based on Government of Canada approved test methods. Actual fuel consumption will vary for all ratings. ²Figures achieved using 93-octane fuel. ³BLIS replaces standard integrated blind spot mirrors. ⁴Always wear your safety belt and secure children in the rear seat. ⁵Lincoln does not recommend using summer tires when temperatures drop to approximately 4°C or below (depending on tire wear and environmental conditions) or in snow/ice conditions. If the vehicle must be driven in these conditions, Lincoln recommends using all-season or winter tires. ⁶Lincoln Licensed Accessory.

THE LINCOLN MOTOR COMPANY

THE LINCOLN PLEDGE

There For You

Our pledge is the collective promise of everyone at the Lincoln Motor Company to be there for you and your Lincoln. As you join the Lincoln family, you're not only choosing an exceptional vehicle, but also exceptional maintenance and service. A few of the many comprehensive services designed for you are:

- 24/7 Roadside Assistance for peace of mind
- Expert advice for all your questions
- Convenient courtesy vehicle available while yours is in service
- Complimentary car wash to brighten your day

We provide all this and more in order to help keep your Lincoln running smoothly. We're here for you. Visit your local Lincoln Dealer or call the Lincoln Concierge at 1.888.658.6554 for details. Available at participating dealers. Restrictions may apply.

Lincoln Automotive Financial Services Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Lincoln Automotive Financial Services. Visit your local Lincoln Dealer, call the Customer Service Centre at 1.855.768.8909 or go to LincolnAFS.ca for details.

Ford Extended Service Plan Help protect your investment and add to your peace of mind by complementing your Lincoln purchase or lease with a Ford Extended Service Plan (ESP). Ford ESP protects you against unexpected repair costs after your Basic Coverage in the New Vehicle Limited Warranty expires by covering many vehicle components. Enjoy the drive even more by complementing your ESP with the Lincoln Maintenance Protection Plan (LMPP), which covers all required scheduled maintenance for your vehicle, plus 8 wear items. See your local Lincoln Dealer for details.

Lincoln Limited Warranties Your 2016 Lincoln MKZ comes with a 4-year/80,000-km Basic Warranty. Your Powertrain Warranty, Safety Restraint System coverage and Corrosion coverage last even longer. See your local Lincoln Dealer for details.

Lincoln Original Accessories that are properly installed by the authorized Dealer that sold the accessory will be warranted for whichever provides you the greatest benefit: 24 months/unlimited distance, or the remainder of your 4-year/80,000-km New Vehicle Limited Warranty. Lincoln Licensed Accessories (LLA) are warranted by the accessory manufacturer's warranty. LLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your local Lincoln Dealer for details and/or a copy of all limited warranties.

Your vehicle's unique hybrid/electric components are covered during the Hybrid/Electric Unique Component Coverage, which lasts for 8 years or 160,000 km, whichever occurs first.

The following hybrid parts are covered during this extended coverage period: high-voltage battery, hybrid continuously variable transmission, Inverter System Controller (ISC), DT/DC converter, high-voltage battery connector, battery pack fan assembly, thermistor probe, Hybrid Battery Pack Sensor Module (HBPSM), Battery Energy Control Module (BECM), and PHEV onboard charger.

See your Owner's Guide for important tips on how to maximize the life and capacity of the lithium-ion battery.
