

06 LINCOLN NAVIGATOR

LINCOLN

Lincoln Navigator Ultimate in Cashmere Tri-Coat (top) and Silver Birch Metallic (bottom) with available equipment.

Powerful presence. The uncompromising luxury of Lincoln Navigator is artfully expressed via its stunning style and impressive array of innovative power features.

Lincoln Navigator's clean, modern appearance confidently commands attention everywhere you travel. And its luxurious use of technology gives you the freedom to live your life to its fullest.

Navigator Ultimate's standard, class-exclusive, power-fold 3rd-row seats disappear at the touch of a button to create a flat loadfloor. Press another button and watch as Ultimate's standard power liftgate raises or lowers on its own. Loading is easy, even with your hands full.

Standard on every Navigator, power-adjustable brake and accelerator pedals provide 3" of travel and include a memory feature that recalls the settings.

Large, power-folding, heated sideview mirrors with integrated turn signals and security approach lamps are another of Navigator's exceptional standards.

Another class-exclusive, Navigator Ultimate's available power running boards automatically glide out when the door is opened and retract when the door is closed.

5.4L 3-Valve V-8 Engine
6-Speed Transmission
8600-lb. Towing Capacity*
Load-Leveling Suspension
Independent Suspension
Speed-Sensitive Steering

Lincoln Navigator Ultimate in Light Tundra Metallic with available equipment.

*When properly equipped.

LINCOLN

Refined strength. Make any road your own with the unmistakable confidence of Lincoln Navigator's 300-hp V-8 engine, 4-wheel independent suspension and speed-sensitive steering.

Start your travels on a positive note with the impressive off-the-line acceleration of Navigator's 5.4L SOHC 3-valve V-8 engine and 6-speed automatic transmission. The robust V-8 produces an impressive 300 hp, plus 365 lb.-ft. of torque, empowering you to pass with confidence and tow heavy loads with ease. In fact, properly equipped models allow you to tow up to 8600 lbs. – which should be more than adequate to get you cruising the big water.

Each time you shift Navigator into Park and shut off the engine, the 4-corner load-leveling air suspension automatically lowers the vehicle 1" to ease your exit and re-entry. It also levels the ride according to differing payload and towing demands – and in off-road 4x4 conditions – to ensure a more comfortable journey.

At the heart of its impeccable road manners, Navigator's first-in-class 4-wheel independent suspension allows each wheel to handle bumps in the road with minimal effect on the other wheels. You'll find Navigator surprisingly easy to maneuver, thanks in part to its standard speed-sensitive, variable-assist power rack-and-pinion steering. When you're traveling at low speeds, it automatically adjusts to help you steer into tight spaces. At highway speeds, it adjusts to provide a more precise response. In Lincoln Navigator, all roads lead to luxury.

INTERIOR

Luxurious Seating
Heated and Cooled Seats*
Elegant Materials
Dual-Zone Climate Control

True to its Lincoln lineage, Navigator delivers unsurpassed luxury, starting with available front seats that are cooled as well as heated. Standard on Navigator Ultimate, these class-exclusive seats offer 3 different warm and cool settings. Navigator's standard 7-passenger seating configuration gives 2nd-row passengers dual reclining seats and a large floor console, while the available 8-passenger configuration features a 2nd-row 40/20/40 split-folding bench seat instead. Either way, those in the 2nd row can adjust the rear cabin climate via a separate set of fan and temperature controls. Navigator's 3rd row features a full 36.3" of leg room, so all passengers can ride in comfort.

Lincoln Navigator Ultimate in the standard 7-passenger seating configuration with 1st- and 2nd-row leather-trimmed bucket seats in Camel.

*Available on front seats only.

LINCOLN

Only the finest materials are selected to create this warmly inviting sanctuary inside Navigator. Premium leather, rich American walnut burl wood, smooth satin-nickel accents and crisp, white LED lighting grace its interior with a blend of traditional sophistication and modern elegance that are uniquely Lincoln. In addition to its stunning style, you'll find each control is artfully designed for comfort and ease of use. Navigator's Dual-zone Electronic Automatic Temperature Control further pampers you and your front passenger by automatically maintaining your separately selected temperature settings on either side of the front cabin.

ENTERTAINMENT

Audio/Navigation System
Audiophile® Sound System
Dual-Media System
Rear-Seat Entertainment

LINCOLN

Available Lincoln Soundmark® THX™ Certified Audio and Navigation System with 6.5" color LCD touch screen.

Theater-quality sound. The available first-in-class Lincoln Soundmark THX Certified Audio and Navigation System ensures the finest-quality sound – just like THX technology at the cinema.

THX engineers actually analyzed the acoustic properties of Navigator's interior as they fine-tuned the output of the available Lincoln Soundmark® THX™ Certified Audio and Navigation System. Then they gave it 3 different listening modes to deliver the best-possible sound to each seat, according to how many people are inside. A 6-disc in-dash CD changer, 9 speakers and 300 watts of power provide the sound. All that's left is for you to choose the music. To further enhance your travel experiences, this sonic treasure is packaged with a Navigation System that understands over 170 voice commands and is able to call out directions, turn by turn. It combines DVD mapping with Global Positioning System (GPS) satellite technology and presents high-quality graphics on a 6.5" color LCD touch screen. Map, Destination and Menu buttons help make it easy to use.

The standard Lincoln Soundmark Audiophile® Sound System (below) includes a 6-disc in-dash CD changer with MP3 capability, speed-compensated volume control, high-power amplifier and 9 speakers. For those who prefer a cassette player and a single-CD player with MP3 capability, there is also a Dual-Media Sound System available.

SIRIUS Add SIRIUS Satellite Radio* service to the SATELLITE RADIO Soundmark THX Certified System or the Audiophile Sound System to receive over 120 channels of coast-to-coast music, news, sports and entertainment.

Passengers can play their own CDs/MP3s, DVDs and video games on the available Rear-Seat DVD Entertainment System (below). It even includes a remote control and 2 sets of wireless headphones to help maintain the peace.

lincoln.com

*See your Lincoln Mercury Dealer for SIRIUS installation and activation details.

CAPABILITY

AdvanceTrac® with
Roll Stability Control
Control Trac® 4WD

LINCOLN

Lincoln Navigator Ultimate in Silver Birch Metallic with available equipment.

Confident assurance. In our quest to provide you with enhanced control in adverse conditions, we made AdvanceTrac with Roll Stability Control standard on every Lincoln Navigator.

Lincoln Navigator is the first vehicle in its class* to feature AdvanceTrac® with Roll Stability Control. This innovative system helps deliver the peace of mind and confidence every driver desires. AdvanceTrac is an electronic stability enhancement system that improves control on slippery surfaces like snowy, muddy, wet or gravel roads. Roll Stability Control detects potentially unstable situations and quickly engages AdvanceTrac to help you maintain control.

There are 4 major components of this integrated system. First, an Anti-lock Brake System (ABS) provides confident stopping power. Second, the traction control system gives you amazing grip. Third, the yaw control feature helps you avoid skidding and fishtailing. And, fourth, Roll Stability Control utilizes a gyroscopic sensor to monitor vehicle-roll motion and automatically engages AdvanceTrac

as needed. Some of the real-world situations in which AdvanceTrac with Roll Stability Control can help include: when you're making an emergency maneuver to avoid something in the road; transitioning from a loose surface (like the shoulder) back onto pavement; or simply traveling over uneven surfaces such as in construction zones.

If the ultimate in capability is what you seek, Navigator's available Control Trac® 4-Wheel-Drive (4WD) System is ready to deliver. The system includes 4 modes: high-range 2-wheel-drive (2H) that sends all the torque to the rear wheels; Automatic (A4WD) that sends torque to the wheels with the most grip; high-range 4-wheel-drive (4H) for use in off-road or low-traction situations; and low-range 4-wheel drive (4L), which significantly multiplies engine torque to the wheels for extreme off-road conditions and very-low-speed towing.

Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. *Full-size Luxury SUV.

SECURITY/SAFETY

5-Star Frontal Crash Rating
Personal Safety System®
Safety Canopy™ System
Tire Pressure Monitoring
Reverse Sensing System
HID Headlamps

LINCOLN

Lincoln Navigator Ultimate in Black with available equipment.

Feel secure. Lincoln Navigator is the only vehicle in its class to receive the government's highest crash test safety rating* – 5 Stars.

Of course, Navigator's 5-Star status – which it has achieved 5 years in a row (2001–2005) – will seem only natural once you've considered its array of innovative security and safety features.

Up front, the Personal Safety System® delivers optimum protection for the driver and front passenger by adjusting safety belt tension and airbag energy deployment levels in certain frontal collisions.

On the sides, the Safety Canopy™ System provides enhanced head protection for 1st- and 2nd-row outboard passengers by deploying side-curtain airbags from the headliner in certain side-impact collisions and rollover events.

When any tire (except the spare) drops below the recommended pressure, you can count on Navigator's Tire Pressure Monitoring System to display an alert in the message center.

If you happen to come within 6 feet of an object when in Reverse, Navigator's convenient Reverse Sensing System emits a beeping tone to alert you. The closer you get, the faster the system beeps.

And, finally, available High-Intensity Discharge (HID) headlamps can provide better down-the-road vision via their brighter, whiter illumination.

06 NAVIGATOR SPECIFICATIONS

STANDARD EQUIPMENT

LUXURY

Performance

5.4L SOHC 3-valve V-8 engine
Fail-safe cooling system
6-speed automatic transmission with overdrive
4-corner load-leveling air suspension with independent front and rear
Front and rear stabilizer bars
Speed-sensitive, variable-assist power rack-and-pinion steering
Power 4-wheel disc brakes with Anti-lock Brake System (ABS) and Electronic Brake Force Distribution (EBD)
P255/70R18 all-season black sidewall tires

Exterior

Lincoln waterfall grille; silver-painted with chromed surround
Quad-beam halogen headlamps
Fog lamps
Color-keyed upper bumper fascia and accent-colored lower fascia
Color-keyed bodyside cladding and wheel-lip moldings

Solar-tinted glass in front doors and windshield
Privacy glass in rear doors, rear quarter windows and liftgate
Power flip-out rear quarter glass
Power-folding heated sideview mirrors with security approach lamps, integrated turn signals and memory feature
Fixed running boards
Luggage rack with chromed accents and black crossbars
Liftgate with gas cylinder lift and flip-up glass
Speed-sensitive intermittent windshield wipers with 3 washers
2-speed intermittent rear-window wiper with washer
18" 7-spoke machined-aluminum wheels with 17" steel spare
Class III Standard-Duty Trailer Tow Package with frame-mounted trailer hitch receiver integrated into rear fascia, and 4-pin wiring harness

Interior

Analog clock mounted between center vents on instrument panel
Soft-touch instrument panel with American walnut burl wood and satin-nickel accents
Dual-zone Electronic Automatic Temperature Control with secondary steering wheel-mounted controls

Auxiliary Climate Control with 2 overhead vents for 2nd and 3rd rows, plus controls in overhead console and back of 1st-row floor console
Lincoln Soundmark® Audiophile® Sound System with AM/FM stereo and 6-disc in-dash CD changer; driver-adjustable, speed-compensated volume control; 9 speakers including a subwoofer; rear-seat controller; and MP3 and SIRIUS Satellite Radio¹ capability

1st-row leather-trimmed, low-back bucket seats with 10-way power adjustment, including power lumbar and recline, 4-way adjustable head restraints and driver's-side memory feature

2nd-row leather-trimmed, low-back fold-down bucket seats with recline, 2-way head restraints and easy entry to 3rd row

3rd-row vinyl-trimmed, 60/40 split bench seat that folds flat into the floor with 2-way adjustable outboard head restraints and center seat-integrated restraint

1st-row floor console with floor shifter, power window switches, covered storage bin with chromed handle, 2 front cupholders, rear audio/climate controls, 2 headphone jacks and 2 rear cupholders
2nd-row floor console with padded armrest, covered storage and 2 cupholders

Power points located in 1st, 2nd and 3rd rows

Assist handles in 1st and 2nd rows and assist pull on liftgate

Rear cargo area storage bins

Under-floor storage behind 3rd row

Dual-blade sun visors with illuminated mirrors

Instrumentation/Driver's Controls

Accessory timed delay

Auto-dimming rearview mirror

White LED back-lit instrument cluster with speedometer, tachometer, fuel level, coolant temperature and message center

Message center with compass display, distance-to-empty, average fuel economy, odometer and trip odometer

Overhead console with 1st-row map lights, sunglasses storage, power rear quarter window switches, secondary climate controls, conversation mirror and power liftgate switch (if equipped)

Memory setting controls for position of driver's seat, sideview mirrors and power-adjustable pedals

Leather- and wood-trimmed tilt steering wheel with secondary audio and climate controls and electronic speed control
Power-adjustable brake and accelerator pedals with memory feature
Power windows with one-touch-up/-down driver's-side feature
Power door locks
Universal Garage Door Opener located in driver's-side visor

Security/Safety

AdvanceTrac® with Roll Stability Control

Reverse Sensing System integrated in rear bumper

Tire Pressure Monitoring System²

Personal Safety System® with dual-stage front airbags, front crash severity sensor, front safety belt usage sensors, driver's-seat position sensor, front safety belt pretensioners and energy-management retractors
Dual-stage driver and front-passenger airbags³

Safety Canopy™ System with 1st- and 2nd-row side-curtain airbags and rollover sensor

3-point safety belt restraints for all seating positions; height-adjustable in 1st and 2nd rows

Side-intrusion door beams

LATCH provides lower anchors and tether anchors for child-safety seats in all 2nd-row seating positions; tether anchor only in 3rd-row center

Child-safety rear door locks

Remote keyless-entry system with illuminated entry and security approach lamps

Keyless-entry keypad mounted on driver's door

SecuriLock® passive anti-theft system

Autolamp automatic on/off headlamps with delay

ULTIMATE

In addition to or in place of equipment on Luxury:

Heated and cooled front seats with 3 settings

Power moonroof with medium overhead console

3rd-row power-folding 60/40 split bench seat

Power liftgate

AVAILABLE EQUIPMENT

LUXURY
ULTIMATE

- ○ Control Trac® 4-Wheel-Drive (4WD) System

Following the publication of this brochure, certain changes in standard equipment, options, prices and the like, or product delays may have occurred which would not be included in these pages. Your Lincoln Mercury Dealer is your best source for up-to-date information. Lincoln Mercury reserves the right to change product specifications at any time without incurring obligations. Options shown or described in this brochure are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations. Lincoln uses clearcoat paint for beauty and protection. All exterior paints are Metallic except for Oxford White and Black.

*Additional cost.

¹Navigation System not available in Alaska or Hawaii.

Lincoln Commitment.® Lincoln has long crafted luxury vehicles that exceed your expectations. An equally superior level of support and service is yours as well.

Complimentary maintenance makes driving your Lincoln even more of a pleasure. Simply bring it to an authorized Lincoln service center, and scheduled maintenance will be performed at no charge throughout your first year of ownership or 12,000 miles, whichever comes first. Additional peace of mind comes from a 4-year/50,000-mile bumper-to-bumper New-Vehicle Limited Warranty that covers repair, replacement or adjustment of parts at no additional cost. And Roadside Assistance for the same time period provides the security of knowing that help is only a phone call away. Your Lincoln Mercury Dealer will provide complete details on all of these privileges.

FORD CREDIT Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Lincoln Mercury Dealer for details or check us out at www.fordcredit.com.

FORD MOTOR COMPANY INSURANCE SERVICES Choose the insurance program that's designed for your vehicle – Ford Motor Company Insurance Services. Our program helps you receive the rates and service you deserve. Call 877.367.3847 or visit us at www.fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

FORD EXTENDED SERVICE PLAN For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your Lincoln Mercury Dealer for an ESP backed by Ford Motor Company and honored at all Ford and Lincoln Mercury dealerships.
