A HIGH-PERFORMANCE SEDAN THAT REMAINS TRUE TO A

HERITAGE OF STYLE AND DESIGN. TREAT YOUR SOUL. TRAVEL WELL.

LINCOLN OFFERS A 4-YEAR/50,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY<sup>1</sup> COVERING REPAIRS, REPLACEMENT, OR ADJUSTMENT OF ALL PARTS DEEMED DEFECTIVE IN MATERIALS OR WORKMANSHIP AT NO OUT-OF-POCKET COST TO YOU.<sup>1</sup>

STANDARD WITH ALL 2003 LINCOLN VEHICLES IS OUR 3-YEAR/36,000-MILE COMPLIMENTARY MAINTENANCE—A NO CHARGE, SCHEDULED SERVICE PLAN CONDUCTED AT 5,000-MILE OR 6-MONTH INTERVALS, WHICHEVER OCCURS FIRST, IN ACCORDANCE WITH YOUR VEHICLE'S SCHEDULED MAINTENANCE GUIDE.<sup>1</sup>

<sup>1</sup>SEE YOUR DEALER FOR MORE DETAILS.

You can see it in its eyes: the engineering precision of the Lincoln LS includes available High Intensity Discharge (HID) headlamps. The advanced technology of HID lighting improves illumination of the road during nighttime driving by providing brighter, whiter light. In addition, HID headlamps have a longer life and require less maintenance.

NEAR 50/50 WEIGHT DISTRIBUTION IN THE LINCOLN LS IS RESPONSIBLE FOR ITS EXCELLENT FRONT-TO-REAR BALANCE. A SHORT- AND LONG-ARM SUSPENSION WITH ANTI-DIVE/ANTI-HIFT GEOMETRY ALSO ALLOWS THE VEHICLE TO STAY CLOSE TO THE ROAD.

THE AVAILABLE ADVANCETRAC™ VEHICLE STABILITY ENHANCEMENT SYSTEM OFFERS HIGHLY INTELLIGENT TRACTION TECHNOLOGY, MONITORING EVERYTHING FROM SPEED TO ROAD CONDITIONS TO VEHICLE STEERING.

The Lincoln LS V6 Premium, V8 Sport and V8 Premium Sport welcome their fortunate owners into a cabin trimmed with perforated leather seat inserts. The heated/cooled front seats are the epitome of comfort. Heated rear seats are available on V6 Premium, V8 Sport and V8 Premium Sport models.

What could make driving the Lincoln LS better than the clear, acoustic precision of its audio system. Audio options include a standard 4-speaker premium sound system with an AM/FM stereo/cassette/single CD player. For the true audiophile, V6 Premium, V8 Sport and V8 Premium Sport are available with a 10-speaker, 264-watt THX®-Certified Car Audio System<sup>1</sup>, which includes an AM/FM stereo and 6-disc in-dash CD changer for clear, crisp sound quality.

<sup>1</sup>Offered only as combined THX®-Certified Car Audio System and Navigation System.

The Lincoln LS is equipped with second generation driver and front-passenger airbags.<sup>1</sup> But we also offer standard side-impact head/chest airbags. Concealed in the front seat side bolsters, sensors mounted on each side of the vehicle govern the airbags' deployment.

<sup>1</sup>Always wear your safety belt and secure children in the rear seat.

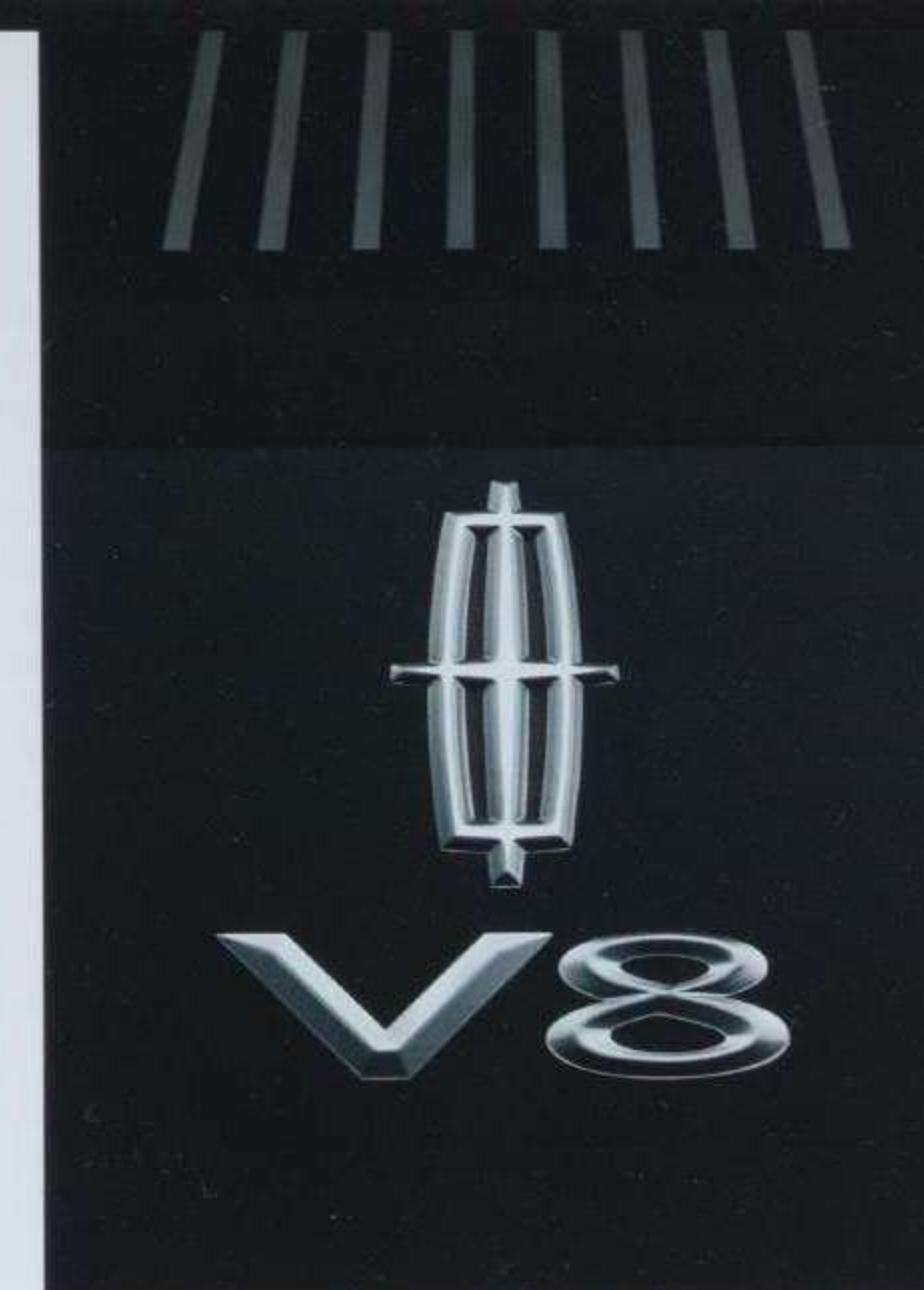

ALL-SPEED TRACTION CONTROL IS STANDARD ON THE 2003 LINCOLN LS AND HELPS MAINTAIN TRACTION ON SLIPPERY SURFACES BY ELECTRONICALLY MODULATING ENGINE TORQUE AND BRAKE BEHAVIOR TO LIMIT WHEEL SPIN, WHILE ABS DETECTS AND HELPS TO PREVENT WHEEL LOCKUP.

THE AVAILABLE DUAL DRIVER'S SEAT MEMORY SETTINGS ALLOW YOUR CHOICE OF TWO DIFFERENT PRESET POSITIONS. FOR FURTHER COMFORT AND CONVENIENCE, THE DRIVER'S SEAT MOVES BACK WHILE THE STEERING COLUMN MOVES UP—SIGNIFICANTLY CONTRIBUTING TO EASE OF ENTRY AND EXIT.

FOR A FEELING OF ELEGANCE, THE 2003 LINCOLN LS IS AVAILABLE WITH A RICH WOOD-GRAINED AND LEATHER-WRAPPED STEERING WHEEL. IT ALSO FEATURES A POWER-TILT AND TELESCOPING COLUMN.

BECAUSE DRIVERS COME IN VARYING SIZES, POWER-ADJUSTABLE BRAKE AND ACCELERATOR PEDALS CAN MOVE OVER TWO INCHES TO PROVIDE THE MOST COMFORTABLE DRIVING POSITIONS POSSIBLE.

For drivers demanding the highest performance, there's a 3.9-liter DOHC 32-valve V8 with 280 horsepower. The Lincoln LS is also available with a highly responsive DOHC 24-valve, 232-horsepower V6. The engine blocks are cast with the patented Cosworth-casting process, yielding a lightweight, durable and highly efficient powerplant creating a truly impressive performance.

This is no ordinary key. This electronically coded ignition key is the hub of the Lincoln LS SecurLock<sup>®</sup> passive anti-theft system. It prevents ignition bypass by allowing only the correctly coded key to start the vehicle. The security system is also armed once the key is removed from the ignition and disarmed only with the correctly coded key.

A standard Anti-lock Brake System (ABS) is enhanced with Electronic Brake Force Distribution that helps give the driver added control in hard braking conditions and improved steering control during severe braking maneuvers.

And the Emergency Brake Assist feature can help reduce stopping distances in emergency situations.

PAINTED. POLISHED. MACHINED. CHROMED. LINCOLN LS MODELS FEATURE SIX DISTINCT WHEEL STYLES, EACH IS MADE FROM A LIGHTWEIGHT ALUMINUM ALLOY, AND EACH IS A REFLECTION OF THE UNIQUE PERSONALITY OF LINCOLN LS MODELS. THE V6 COMES STANDARD WITH 16-INCH, 7-SPOKE PAINTED WHEELS, WHICH ARE ALSO AVAILABLE IN A POLISHED FINISH. THE V6 PREMIUM COMES STANDARD WITH 16-INCH, 11-SPOKE PAINTED WHEELS, WHICH ARE ALSO AVAILABLE WITH A CHROME FINISH. THE V8 SPORT COMES STANDARD WITH 17-INCH, 7-SPOKE MACHINED FINISH WHEELS. AND THE V8 PREMIUM SPORT IS FITTED WITH 17-INCH, 8-SPOKE CHROME FINISH WHEELS.

Lincoln's own SelectShift Automatic<sup>™</sup> transmission is included with Lincoln LS V8 Sport and V8 Premium Sport models. This feature gives you the control of a manual transmission with the convenience of an automatic.

Lincoln LS is available with a voice-activated, touch-screen Navigation System<sup>1</sup> that combines DVD-based mapping technologies with a satellite-based Global Positioning System (GPS) to calibrate where you are and guide you to your destination with both a map display and voice commands.

<sup>1</sup>Offered only as combined THX<sup>®</sup>-Certified Car Audio System and Navigation System.

STANDARD ON LINCOLN LS V8 MODELS, THE ELECTRONIC MESSAGE CENTER PROVIDES A CONVENIENT WAY TO OBTAIN PERTINENT INFORMATION ON MAINTENANCE REQUIREMENTS, VITAL ENGINE SYSTEMS, FUEL AVAILABILITY AND VARIOUS FLUID LEVELS.

SPECIALLY ENHANCED SENSORS ON THE 2003 LINCOLN LS DETECT MOISTURE ACCUMULATION ON THE WINDSHIELD AND AUTOMATICALLY ACTIVATE SLOW OR FAST WIPER MOTION ACCORDINGLY. THESE MOISTURE-SENSITIVE WINDSHIELD WIPERS<sup>1</sup> WORK IN ANY KIND OF WEATHER.

<sup>1</sup>NOT AVAILABLE ON STANDARD V6 BASE MODELS.
