

# The new Viano X-CLUSIVE

Mercedes-Benz

A dark, atmospheric landscape featuring a road with trees on either side. A car is visible on the right side of the road. The scene is set at night or in low light, with some distant lights visible.

Be reasonable. Listen to your heart

There are some things you can't explain – you just have to touch them, feel them, immerse yourself in them. The new Viano X-CLUSIVE is a great example. Its sporty elegance and dynamic personality make this special model a thoroughbred among MPVs. A powerful performer with muscular lines, it also has a real affinity for the finer things in life: with its fine leather, stylish

wood trim elements and attractive colours, the Viano X-CLUSIVE certainly lives up to its name. As always, superbly spacious accommodation, a highly flexible interior and exemplary safety are part of the deal – after all, the Viano X-CLUSIVE is underpinned by all the strengths of a genuine Viano.

## The Viano X-CLUSIVE. Style on a grand scale

Whether in compact guise, measuring 4.7 metres or in the long version (4.99 metres), the Viano X-CLUSIVE is always the centre of attention thanks to a series of exclusive design features which add a sporty and distinctive touch to the pleasing lines of the Viano. Take the bumpers, for example: specially developed for the X-CLUSIVE, they have integral front and rear spoilers which give the vehicle a decidedly powerful presence. The large, chromed exhaust tailpipe is another striking feature. Viewed from the side, the Viano X-CLUSIVE makes a particularly sporty impression: the combination of the aerodynamically designed side skirts and the impressive 18-inch light-alloy wheels clearly announces the dynamic character of the vehicle.

To ensure that the Viano X-CLUSIVE delivers performance to match its sporty looks, it is equipped exclusively with powerful six-cylinder engines: there is a highly advanced V6 CDI unit with piezo injectors whose 150-kW (204-hp) output and 440-Nm maximum torque offer extremely rewarding driving dynamics. A similar sense of effortless superiority is provided by the 3.5-litre V6 petrol engine which develops 190 kW (258 hp) and whose exceptionally smooth running characteristics and harmonious power delivery make for a compelling driving experience.

(P)

## Elegant features that make a distinct difference

The Viano X-CLUSIVE is based on the high-quality AMBIENTE design and equipment line. This means that, in addition to an elegant and sporty ambience, a high level of comfort is also guaranteed: self-levelling rear air suspension is standard, as are driver and front passenger thorax sidebags and elegant dark or light burr-walnut-effect decor strips.

As the driver and front passenger board the vehicle, they are welcomed by illuminated entrance areas and soft carpeting. All six individual seats, the multifunction steering wheel, the gearshift lever and parts of the door linings are finished in leather as standard. The individual seats can also be finished in exclusive TWIN leather Alcantara as an option. The PARKTRONIC parking aid, a headlamp cleaning system as well as a brilliant silver or obsidian black metallic paint finish are also included in the comprehensive standard equipment of the Viano X-CLUSIVE.

## Welcome to First Class

Whether you use it for everyday transport or long trips, you can always count on the Viano X-CLUSIVE to provide an extremely comfortable and flexible travelling environment thanks to its highly adaptable seating system. Easily adjustable in 25-mm steps, the seats can even be set up face to face, if required. This means that you have a wide choice of different seating configurations which can be adjusted to your specific needs at any time. The six standard-fit individual seats are finished

in anthracite-coloured "Catania" leather. If you would like to have more seating accommodation, the rear section can be equipped optionally with three-seater bench seats in "Catania" leather. An even more eye-catching interior can be created by specifying the exclusive TWIN leather Alcantara upholstery combination which is available for the six individual seats in the colours pebble or anthracite.

Max. torque [Nm] at engine speed [rpm]	440 at 1800–2400	340 at 2500–5000
Acceleration <sup>1)</sup> 0–100 km/h [s] (auto. trans.)	9.7	9.5
Top speed approx. [km/h] (auto. trans.)	197	204
Fuel type	Diesel	Premium petrol
Fuel consumption <sup>2)</sup> [l/100 km] (auto. trans.) urban/extr-urban/combined	11.9/7.5/9.2	13.3/9.4/11.9
CO <sub>2</sub> emissions <sup>2)</sup> , combined [g/km] (auto. trans.)	244	284

<sup>1)</sup>With vehicle weight 2350 kg

<sup>2)</sup>The figures stated were determined in accordance with the stipulated method of measurement (Directive 80/1268/EEC in its current version). The figures do not refer to an individual vehicle and do not form a binding part of the specification, rather they serve solely as a means of comparison between different vehicle models

Take-back of end-of-life vehicles. Coming full circle

At the end of its long life, you can return your Viano to us for environment-friendly disposal in accordance with the EU End-Of-Life Vehicle Directive.  
But that day lies a long way off.

End-of-life vehicle take-back applies in accordance with national regulations. The Viano has always met the statutory regulations governing the suitability of the vehicle's design for reuse and recycling right from the start. A network of vehicle take-back depots and dismantlers has been established which will process your vehicle in an environment-friendly manner. The ways in which both vehicles and parts can be recovered are subject to ongoing development and improvement. Consequently, the Viano will be able to comply with any future increases in the recycling quota within the stipulated time limits.  
Further information is available by visiting [www.mercedes-benz.com](http://www.mercedes-benz.com) and/or by contacting your national Hotline.

Please note: changes may have been made to the product since this brochure went to press (10.05.2007). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure is distributed internationally and may contain models and services which are not available in certain countries. Information given regarding statutory regulations, legal requirements and taxation applies only to the Federal Republic of Germany at the time of going to press. Please consult your Mercedes-Benz dealer for final details and for information about the statutory regulations and legal requirements which apply in your country.
