

# The New Mercedes-AMG C-Class Models.

Mercedes-Benz C 450 AMG. Mercedes-AMG C 63.

**AMG**  
DRIVING PERFORMANCE

Mercedes-Benz

## Step into the world of AMG.

It has never been easier to drive an AMG. In the Mercedes-Benz C 450 AMG 4MATIC, characteristic AMG emotion meets a brand new sports car concept. This is where Driving Performance begins – with a powerful V6 twin-turbo engine, characteristic AMG styling and distinctive AMG badges on the fenders. Step in and leave the everyday behind. Welcome to the world of AMG.

## V6. Three liters. Two turbos. One AMG engine.

Ample power to escape normality. The 3.0-liter V6 twin-turbo engine delivers thrilling performance, with a torque of up to 520 Newton meters and acceleration from zero to 100 km/h in 4.9 seconds. Pure driving joy in the Sport Plus program – 270 kW (367 hp) respond immediately, the steering is direct, the handling precise. And from the outside? Distinctive air intakes and the diamond grille in the front skirt drive home the car's unrelenting spirit.

## Permanent emotion drive.

Supremely sporty and ready for action every single day. The sports suspension, with 3-stage adaptive damping guarantees first-class traction, especially at the limits. A 7-speed gearbox paired with 4MATIC all-wheel drive with a 33-67% rear bias delivers the torque to the asphalt under full control. And, for an athletic look, there are AMG 5-spoke alloy wheels.

C 450 AMG sedan fuel consumption combined: 7.9–7.6 l/100 km; combined CO<sub>2</sub> emissions: 183–178 g/km.

## Different personalities. The same aim.

Passion is part of their DNA. Regardless which Mercedes-AMG C-Class, the same team of engineers and technicians is responsible for delivering the unique AMG feeling. The Mercedes-Benz C 450 AMG and the Mercedes-AMG C 63 S are distinct personalities striving for exactly the same thing – the ultimate thrill.

# The New Mercedes-AMG C 63.

Behind us - a long day.  
Ahead of us - freedom.

How fast can you clear your head? Climb in. Buckle up. Position your right foot expectantly on the pedal. The V8 awakens with a deep rumble and your pulse quickens as you eagerly anticipate the best detours of the day. Hands on the wheel, eyes on the road - and we're heading for freedom.

## Clear your head in 4.0 seconds.

Why AMG? Because a Mercedes-AMG isn't simply a car, it's a tribute to the road. Because you'll immediately be captured by gut feeling. Because you'll be held riveted in the performance seat while the exhaust system plays a symphony for your senses. And because it sometimes only takes four seconds to clear your mind.

Mercedes-AMG C 63 S sedan fuel consumption combined: 8.4–8.2 l/100 km; combined CO<sub>2</sub> emissions: 195–192 g/km.

## Adrenaline. A matter of choice.

Switch to emotion and choose your setup for the evening ahead. Set the AMG DYNAMIC SELECT switch to Comfort for a relaxed ride. Or change up to Sport – the suspension becomes stiffer, the shift times shorter, engine response is more direct. Whatever the setting, the adjustable AMG RIDE CONTROL sports suspension ensures the vehicle remains under full control at all times – perfect for any trip.

## Welcome to the limits of physics.

At Mercedes-AMG, 700 engineers are working not to please the masses, but for the driving experience alone. They are working for greater agility and driving pleasure with the electronic rear-axle differential lock for better lateral dynamics with features like improved engine mounts and for a more comfortable ride. Are you ready for a controlled skid out of everyday life? The next bend is already waiting.

Mercedes-AMG C 63 S sedan fuel consumption combined: 8.4–8.2 l/100 km; combined CO<sub>2</sub> emissions: 195–192 g/km.

## Leaves everything else behind. The new generation of V8 engines.

Put your foot down with the completely redesigned 4.0-liter V8 biturbo engine. Hand-built to the AMG principle of “One Man – One Engine”, It has fuel consumption of 8.2 liters per 100 kilometers, no less than 350 kW (476 PS) or 175 kW (510 PS) in the S-Model and a maximum torque of 700 Newton meters from 1,750 to 4,500 rpm. Put the pedal to the metal and leave the day behind – it’s amazing how fast that happens.

Mercedes-AMG C 63 S sedan fuel consumption combined: 8.4–8.2 l/100 km; combined CO<sub>2</sub> emissions: 195–192 g/km.

## Push the limits. Turn after turn.

The Mercedes-AMG C 63 S exceeds even its own benchmarks – with even more power, even more technology, even more breathtaking acceleration and even shorter braking distances. It delivers thrilling overall performance on every inch of the home stretch – where high performance meets exhilaration.

## All of the thrill, with no loss of friction. The high-performance braking system.

Racetrack flair for your favorite road – the high-performance braking system and ultra-lightweight 19" forged wheels make for textbook cornering. Take a quick glance in the carbon exterior mirrors, pick the perfect braking point then floor it on the way out – sheer unadulterated pleasure.

Mercedes-AMG C 63 S sedan fuel consumption combined: 8.4–8.2 l/100 km; combined CO<sub>2</sub> emissions: 195–192 g/km.

## Pause for effect.

Breathe deeply and enjoy the moment. With the Performance steering wheel still firmly in your grasp, your pulse slows back down again and your thoughts switch to autopilot. Your eyes wander across the dashboard, taking in the red stitching and the sporty ambience. Should you really leave, just when you want more?

# Finally found: The ideal line for the perfect day.

Climb out and make the moment last. The hot exhaust crackles, recalling those moments of high intensity. Your eyes take in the muscular rear end, the four trapezoidal tailpipes, the sporty lines. A thrilling day draws to a close. Can it get any better than this?

## Drive Performance. The next level.

A thoroughbred sports car on the one hand, with plenty of room for an active lifestyle on the other. The Mercedes-AMG C 63 Estate takes sportiness to a whole new level. With outstanding braking figures, the high-performance ceramic composite braking system ensures pinpoint arrival at your destination – providing the best prerequisites for a new form of independence.

## Pack up everyday life.

Expanding the possibilities – because it's as spacious as it is powerful. Luggage for a weekend trip? Sports equipment? Whatever the schedule, its broad shoulders bear the load in style.

## Exhilaration from the word go.

What makes for genuine character? Natural authority. With its low-slung grille and distinctive flics in the front skirt, both the Estate and the Sedan make a statement on any road. High time for a new sense of pleasure – the next adventure is closer than you think.

Further information on official fuel consumption and the official specific CO<sub>2</sub> emissions of new passenger cars can be obtained from the manual on fuel consumption and CO<sub>2</sub> emissions of new passenger cars, which is available free of charge at any dealership or from Deutsche Automobil Treuhand GmbH at [www.dat.de](http://www.dat.de)

**Please note:** Changes may have been made to the products since this brochure went to press 07/2015. The manufacturer reserves the right to make changes to the design, form, color, and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colors may differ slightly from those shown in the brochure, owing to the limitations of the printing process. This brochure has been compiled by Daimler AG in Germany and is distributed internationally. It provides a general indication of the range of models, features, optional extras, and/or colors available in various countries. Some of the models, features, optional extras, and/or colors shown may not be available in your country or may only be available in a different specification. Additionally some models, features, optional extras, and/or colors may only be available in combination with others. For current and more specific information in relation to the range of models, features, optional extras, and/or colors available in your country, and their pricing, you should contact your nearest authorized Mercedes-Benz Dealer.

**Take-back of end-of-life vehicles.** At the end of its long life, you can return your passenger car to us for environment-friendly disposal in accordance with the European Union (EU) End-Of-Life Vehicle Directive. But that day is a long way off.

A network of vehicle take-back depots and dismantlers has been established to make it as easy as possible for you to return your vehicle. You can leave it at any of these points free of charge. In so doing, you will be making a valuable contribution towards completing the recycling loop and preserving resources.

For further information about the recycling and disposal of end-of-life vehicles and take-back conditions, please visit your national Mercedes-Benz website.
