

# SLK-Class

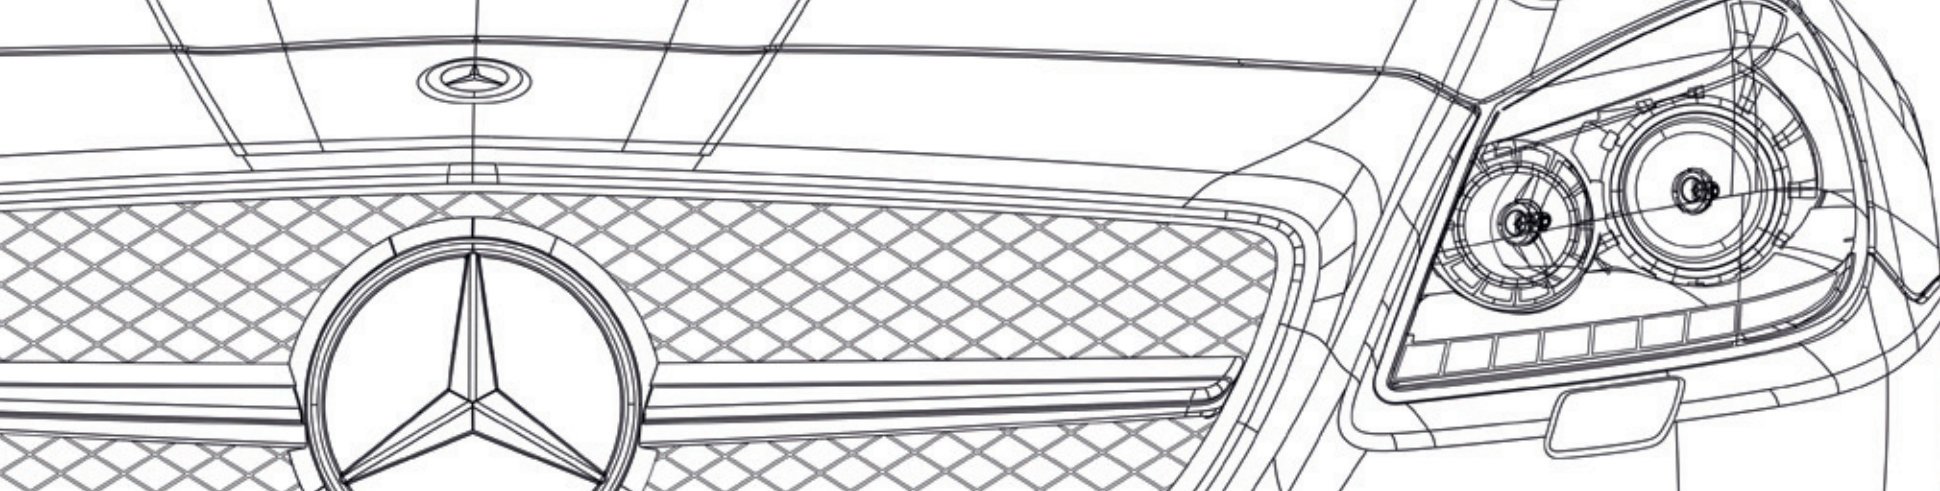

Mercedes-Benz

# Powerful, dynamic, refined.

The SLK-Class creates your closest relationship with the road. And as you drive the roadster delivers what its design promises. Dynamism and agility of the SLK-Class are unparalleled, courtesy of the suspension system with its sporty tuning, a body designed to meet discerning requirements and the utmost attention to detail when it comes to the teamwork carried out by the engine and transmission. Alongside the good response, impressive acceleration and ability to perform, the car is characterized by a high level of efficiency, whilst the comfort and quality feel are hallmark Mercedes-Benz.

## SLK-Class

# Precision driver meets precision machine.

A dab of the right foot – and the machine responds within fractions of a second. Like billions of tiny salt crystals bursting beneath the powerful wheels. What follows is performance par excellence. The AMG Line with striking AMG front and rear apron as well as powerful side sill panels makes it even more dynamic. The dynamic suspension system responds as if it were at one with the road. The driver's senses come alive.

# 1.2 cubic metres: all you need to hone your own driving style.

It's great when you can take the feeling of having arrived with you when you hit the road. The sports steering wheel fits comfortably in your hands. The functions can be used almost intuitively, the seats feel like they have been designed around you. Here the art lies in making something so highly practical so easy on the eyes. Dynamism is the all-pervading leitmotif: from the two-tone upholstery in black nappa leather and designo titanium grey pearl with conspicuous lime green piping in sports seats and door centre panels to the head restraints in embossed carbon-fibre look.

# Under a starlit roof.

Summer night. The stage is set for a premiere. The SLK-Class proudly presents the sky – in the closed vehicle. It's all thanks to the panoramic vario-roof with MAGIC SKY CONTROL.
