## E-Class Sport Sedan

# The driver feels the journey.

Being unafraid of career challenges and enjoying a dynamic life. The sporty yet elegant body lines of E-Class Sport Sedan show its energetic nature apparently. The efficient and enthusiastic dynamics and excellent safety systems make you calmly enjoy the overtaking every time and fully experience the hearty joy in driving.

The image shows the front interior of a Mercedes-Benz E-Class Sport Sedan. The dashboard features a wide, horizontal wood trim with a black ash finish. On the left, there's a digital display showing a map of Beijing (北京市) and a navigation system. Below the wood trim, there's a central console with an analog clock and various control buttons. The center console also has a digital display showing the temperature (20°C and 21°C). The overall design is sleek and modern, with a focus on high-quality materials and precise craftsmanship.

There is a kind of dynamics,  
which shows thoroughly in  
peaceful enjoyment.

Being inside of the E-Class Sport Sedan, you are embraced with its strong sporty genes. With the 3-spoke multifunction steering wheel, the highly personalized high-gloss black ash wood trims and the center console with an analogue clock, even if the vehicle stands still, its unique sporty style has long been exciting.

There is a kind of enthusiasm,  
which touches the heart in a gallop.

Let the energy galloping in the heart turn into the indomitable power. The E-Class Sport Sedan is powered by a 3.0-liter turbocharged engine, accelerating from 0 to 100 km/h in just 5.9 seconds. No matter at the starting or at high speeds, you can feel its surging power gushing out. With the precisely tuned transmission system, it brings the operation into perfection. The moment engine roars, everyone's heart can be moved.
