**AMG**  
DRIVING PERFORMANCE

Mercedes-Benz

# It is yearned for at the very first sight.

It comes into being with great splendor, and endures beyond the time. The Mercedes-Benz SL 63 AMG is equipped with the marvelous all-aluminum bodyshell, and full of genes of AMG ultimate performance. With exclusive AMG interior space, the inner passion for driving is ignited when the eyes are feasted. The AMG 5.5-liter V8 biturbo engine roars immediately at a slight touch of the gas pedal. Acceleration from 0 to 100 km/h finishes in 4.3 seconds before heartbeat accelerates and blood boils. For an instant, the Mercedes-Benz SL 63 AMG has already been yearned for.

# SL 63 AMG

# Dominance and dynamism.

The expressive and dynamic design of the SL 63 AMG underlines its exceptional status—from the AMG radiator grille with its characteristic twin louvre in silver chrome to the muscular AMG styling of the front and rear apertures and the side sill panels, and the AMG sports exhaust system with twin tailpipes in a striking V8 design. As another distinguishing feature of the SL 63 AMG, many of the styling features are in silver chrome.

A silver Mercedes-AMG SL 63 is partially visible on the left side of the frame, parked in a dark, wet underground parking garage. The floor is reflective, showing the car's lights and the surrounding environment. Several large concrete pillars support the ceiling, each with a blue-painted base. The ceiling is dark with recessed lighting strips. The overall atmosphere is moody and sporty.

## Sporty ambience.

The unrivalled combination of dynamism and comfort is also reflected in the interior of the SL 63 AMG. Every detail exudes sporty functionality, stylishness and sensory pleasure—from the AMG sports seats in nappa leather with AMG-specific V8 seat upholstery layout and the AMG DRIVE UNIT with E-Select lever and embossed AMG emblem to the AMG Performance steering wheel with flattened upper and lower sections and silver-coloured aluminium shift paddles. Customers are able to choose between four attractive interior colours in nappa leather.

# More dynamism, more efficiency.

The SL 63 AMG boasts superior performance, excellent driving dynamics and exemplary efficiency. Its AMG 5.5-litre V8 biturbo engine rated at 395 kW (537 hp) and generating 800 Nm of torque boasts fuel consumption in combined mode of only 9.9 l/100 km (tbc). The AMG SPEEDSHIFT MCT 7-speed sports transmission supports a style of driving that is at once fuel-efficient and very sporty. The light and highly rigid all-aluminium body combines with the AMG sports suspension based on Active Body Control (ABC) to provide a high level of agility and stability. The systematic "AMG Lightweight Performance" concept is exemplified by the design of the trunk lid interior in carbon, entailing additional weight savings in the order of 5 kg.

## Model Prices

| Model                       | SL 63 AMG      |
|-----------------------------|----------------|
| Rated Output (kW/hp/rpm)    | 395/537/5250   |
