G 65 AMG

# A powerhouse with touches of finesse.

The extravagant, signature AMG styling brings out the concentrated power of the G 65 AMG to the full from the striking AMG front apron with its large air intakes to the AMG radiator grille and the AMG trim strips to the AMG exhaust system featuring chrome twin tailpipes at the sides. The designo Exclusive package, as well as the Exterior Stainless Steel package with running boards and spare wheel cover in stainless steel round off the exclusive exterior design. Subtle details like the chromed grille of the AMG-specific radiator grille, the "V12 BITURBO" badge on the front wings and the 50.8 cm (20-inch) AMG 5-spoke light-alloy wheels distinguish the G 65 AMG from the G 63 AMG.

# The pinnacle of performance.

The first ever 12-cylinder model in this legendary model series, the G 65 AMG, takes power delivery into a whole new dimension with its AMG 6.0-litre V12 biturbo engine. Output of 450 kW and maximum torque of 1000 Nm not only make this truly one-of-a-kind model the most powerful G-Class ever, it is the most powerful series-production off-roader anywhere in the world. The G 65 AMG furthermore possesses all the same qualities which made the G 55 AMG the best-selling model in the G-Class portfolio: perfectly tuned AMG technology, electrifying AMG bodystyling and a sporty, luxurious interior.

# Exclusive sportiness, comfortable luxury.

The G 65 AMG interior stands out for its luxurious appointments. These include the designo Exclusive package with two-tone diamond-pattern designo upholsteries and the AMG sports seats in the front with Seat Comfort package. The extravagant, sporty touches make the performance capabilities of the G 65 AMG plain to see on the inside too.
