E-Class Sedan

The wise see wisdom.

With the classic design, it unfolds the glory; during the sagacious journey, it envisions the future. The E-Class Sedan perfectly combines the elegant and impressive appearance, the luxurious and delicate upholstery and the intelligent features, bringing the extraordinary charm shining on your life journey.

A close-up, low-angle shot of a car's interior at night. The dashboard is illuminated, showing a navigation screen displaying a map with a red route line. Below the screen is a chrome air vent. To the left, a center console with a digital display and several buttons is visible. The car's door panel is on the right, featuring a window control panel with illuminated buttons. The background shows a dark, blurred cityscape with lights.

It is luxurious both internally and externally,
what you see is what you get.

The interior design of extraordinary texture and exquisite workmanship, along with the appearance, is the interpretation of the definition of luxury. The walnut-decorated center console, the refined analogue clock inlaid and the ambient lighting adjustable to three colors, make the interior space more elegant; from the meticulous stitches of folds at the doors to the multi-zone THERMOTRONIC automatic climate control system, it creates a comfortable and enjoyable experience for both driver and passengers, making you feel respected and honored during the leisurely journey.

Being tense or relaxed,
it enables you to handle the
overall situation every inch.

The E-Class Sedan is equipped with a 360° camera and a lot of intelligent radar sensors at both front and rear, which enable you to have a 360° all-round view of the surroundings of the vehicle and make parking quite easy. The Intelligent Light System.
