

C-Class Estate

Mercedes-Benz

First impressions count. And so do lasting ones.

True perfection: nothing needs to be added or taken away. The C-Class Estate leads by example. With enhanced stature and a more mature appearance. Wheels sharpen the side profile. A fine chrome handle comes as standard. And LED tail lights which first draw you in and then cast their spell. Impressive details wherever you look.

C-Class Estate

Comfort has never been more exciting.

Its purpose is to serve. Its true nature to seduce. The C-Class Estate achieves this with the optional Driving Assistance package Plus, which has the sole task of looking after your safety every step of the way. With the optional COMAND APS, which makes every driver a decision maker. And with an impressive load capacity, which places great emphasis on freedom. Wilful disobedience: adrenaline for driving pleasure.

A detailed view of the front interior of a Mercedes-Benz C-Class Estate. The dashboard is dark with a silver trim piece. The instrument cluster features a high-resolution color display showing a navigation map. The center console has a silver air vent, a central control knob, and various buttons. The gear shift lever is visible on the left. The background shows a cityscape at night.

Even the inside can be a best side.

Always appropriate and in the proper style. The C-Class Estate has it all: a dashboard trimmed in wood or aluminium, for example, a steering wheel in nappa leather, and a high-resolution colour display in the instrument cluster. Sweeping change: immaculate in every detail.

Just let your heart and mind rule together.

The C-Class Estate: as attractive as it is intelligent. In a highly desirable form with all the functionality you could wish for. Now there is space to match the style.
