## C-Class Coupé

A silver luxury car is shown from the side, driving on a dark road at night. The car is sleek and aerodynamic, with a low profile. In the background, an airport is visible with several airplanes parked at gates and bright lights illuminating the scene. The overall atmosphere is one of speed and elegance.

# Two doors, no compromises. The ultimate coupé!

The low silhouette with a long, arrow-shaped bonnet. The upright, louvred radiator grille with a central star, the strong shoulders, short overhangs and a powerfully thrusting tail end. Every centimetre underlines the character of this coupé: built for people who don't like to stand still.

# Concise care instructions: needs asphalt under its tyres daily.

The Coupé model in the Mercedes-Benz C-Class combines the sporty and expressive design idiom of the C-Class family with a stretched silhouette to create a desirable coupé with a high perceived value.

# More glances per hour

The arrow-shaped front section with its prominent bumper, dynamically shaped headlamps and dominant coupé radiator grille emphasises the standing of the most sporty variant in the C-Class family.
