

# CLA Sport Sedan

Mercedes-Benz

# Untamed.

Say goodbye to the old visual conventions: the CLA Sport Sedan breaks all the rules—not just those governing the traditional concept of beauty. The proud radiator grille, the profile charged with energy and the honed spoiler lip combine to create an exceptional form with breathtakingly low wind resistance. Engine technology refined and concentrated to the maximum allows the CLA Sport Sedan to reconcile effortlessly superior performance with restrained fuel consumption. The interior also breaks with the conventional idea of a coupé with sporty, contrasting appointments and avant-garde design options. The CLA Sport Sedan sets out to challenge received ideas of taste and design. Is it a challenge you're ready to take up?

## CLA Sport Sedan

# A pioneer doesn't go with the flow—it breaks new ground

No sooner has the CLA Sport Sedan attracted your attention than it breaks your resistance. Its flowing lines give visual expression to its exemplary aerodynamics. The avant-garde design evokes movement even when the vehicle is stationary. Radical change requires energy. In the CLA Sport Sedan, highly concentrated engine technology extracts maximum power from the line-up of four-cylinder units. A 7-speed dual clutch transmission (7G-DCT) delivers this output straight to the road. There is one area in which the CLA Sport Sedan will always shun confrontation and play it safe. The protection offered by the high structural strength of its body and its array of up to seven airbags is complemented by innovative assistance and safety systems which can intervene when required. COLLISION PREVENTION ASSIST, ADAPTIVE BRAKE with the HOLD function as well as ATTENTION ASSIST are fitted as standard. One thing you won't require any assistance with is your enjoyment of the driving experience.

## Statement of intent.

An avantgarde exterior naturally raises expectations about the interior appointments. The choice of perforated leather in black and red underlines the sportiness of the seats. Contrasting topstitching—which extends to the steering wheel with its particularly satisfying grip characteristics—gives the interior a hand-crafted look and feel.

# Controlled, not tamed.

No colour has a more powerful effect than red. The diamond radiator grille makes a similarly dominant statement while the front and rear aprons and side skirts with their AMG bodystyling create a profile which underlines the vehicle's coupé character. A two-pipe exhaust system completes the dynamic ensemble. Leading, not following: the sports suspension lowers the body and so literally brings you closer to the road. The reduced ride height is complemented by the firmer damper setup and the Sports Direct-Steer system which ensures that your steering inputs are met with an immediate and precise response.

## Model Prices

Model	CLA 260 4MATIC
Rated Output (kW/hp/rpm)	155/211/5500
Rated Torque (Nm/rpm)	350/1200-4000
