Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you

Personalisation

- Turn the new E-Class into your very own Mercedes-Benz by personalising driving modes, radio stations and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touchpad on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX – it will tell you the answer

¹LINGUATRONIC off-board functions are currently only available for three years

Mercedes me connect

Stay connected any time, anywhere.

Mercedes *me*

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service – Mercedes me connect helps to keep you and your car safe

Check your car's oil level, tyre pressure and fuel from your phone so you'll be ready for every journey.

Infotainment – Online and Entertainment services from Mercedes me connect

Love music? Get a 3-month free subscription to Tidal when you connect your car.

Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect

Forgot where you've parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Retailer or visit the Mercedes me connect store at shop.mercedes-benz.com/en-gb/connect

Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

Plug-In Hybrid (PHEVs) Benefits of driving EQ Power.

Our plug-in hybrids with EQ Power feature either a petrol or diesel powertrain, combined with a High Voltage battery and electric motor. Enjoy hybrid mode for maximum efficiency, or all-electric mode for local emission-free driving.

Lower running costs

Did you know that electric cars could cost up to a third less than a diesel or petrol car to run, as well as being cheaper to maintain? We've partnered with Go Ultra Low, a joint Government and car industry campaign, to give you unbiased advice on making the switch to an electric car. Use Go Ultra Low's cost saving calculator to see how much you can save.¹

[Discover more](#)

Lower road fund license

EQ Power vehicles have lower emissions – this means you pay less for road tax.

Cleaner vehicle discount

Plug-In Hybrid models qualify for the 100% cleaner vehicle discount within the London Congestion Charge zone.

Business benefits

With 100% first-year capital allowances² and lower Company Car tax, electric cars offer significant benefits to businesses and employees.

[Click here for more information](#)

¹Please note that by clicking below you will be directed to the Go Ultra website ²100% first-year capital allowances only apply to vehicles less than 50 g CO₂/km

Plug-In Hybrid (PHEVs) E 300 e and E 300 de.

Plug-in Hybrid vehicles enjoy the same functionality of full Hybrid technology, with the added benefit that they can be charged from an external electricity source. With CO₂ emissions of 38 g/km or less, the E 300 de and E 300 e Plug-in Hybrid are an environmentally conscious choice of driving.

E 300 e

1,991 cc, 4-cylinder, 211 hp/155 kW
Electric motor – 122 hp/90 kW

Available as: AMG Line Edition, AMG Line, AMG Line Premium, AMG Line Night Edition Premium Plus

E 300 de

1,950 cc, 4-cylinder, 194 hp/143 kW
Electric motor – 122 hp/90 kW

Available as: AMG Line Edition, AMG Line, AMG Line Premium, AMG Line Night Edition Premium Plus

Saloon OTR from **£46,230¹**

Saloon OTR from **£47,480¹**

Estate OTR from **£49,480¹**

Standard equipment

Mode 3 cable (4 m), enables you to charge the vehicle battery via the wall box or at public charging stations at up to 7.4 kW

Acoustic ambient protection – the tone pitch changes depending on the driving conditions. You can therefore also differentiate whether you are braking or accelerating. Above 30 km/h, the system is basically deactivated since wind and tyre noise tend to dominate at higher speeds

Charging system – AC charging system rated at 7.4 kW

Charging socket

Charging cable for household socket (Mode 2) – 8 m, 8A³

Suspension – comfort suspension

Pre-entry climate control

Radar-based recuperation

Technical details

Equivalent All-Electric Range (EAER) ²	31–34 miles
AC charging time, 10–100% ³	5 hrs at a domestic socket ⁴ , 1 hr 30 mins at a wall box
Range power consumption, combined ²	15.5–16.7 kWh/100 km
Battery type (usable)	lithium-ion (13.5 kWh)
Capacity on-board charger	7.4 kW

¹The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£715.00 incl. VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20% ²The indicated values were determined according to the prescribed measurement method – Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging ³Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wall box (three-phase) or standard socket (single-phase) ⁴If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord)

Design	Technology	Plug-In Hybrid	Model lines	Model prices	Mercedes-AMG	Mercedes-AMG prices	Mercedes-AMG upholstery	Personalisation	Standard equipment	Genuine accessories	Technical data	Additional information
--------	------------	----------------	-------------	--------------	--------------	---------------------	-------------------------	-----------------	--------------------	---------------------	----------------	------------------------

bp pulse home charger

Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a bp pulse home charger. The 7 kW bp pulse home charger delivers a full charge in under five hours – that's up to three times faster than using a 13 A three-pin domestic plug.¹

bp pulse home charger 7 kW: £499* incl. VAT & installation

Key benefits of the 7 kW bp pulse home charger:

Robust and weatherproof, for indoor or outdoor use, and comes with a three year warranty

Installed in as little as two weeks

The cost for a fully-installed charge point at your home includes the £350 OZEV (EVHS) grant²

As a Mercedes-Benz driver, when you install a bp pulse home charger you will automatically receive three months FREE membership to bp pulse, the UK's largest public charging network with over 7,000 charge points

Questions?

Simply email
hcenquiries@bp.com

Call their dedicated Homecharge team
01582 399 412

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price includes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

¹Based on 7kW power output for plug-in hybrid vehicles

²The bp pulse home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV) and is provided and installed by bp pulse home charger plc. For full details and eligibility criteria for the OZEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>. For full bp pulse home charger Terms & Conditions visit https://chargemasterplc.com/terms_conditions

¹The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging ²Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish fuel consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP> ³A different first year rate of Vehicle Excise Duty (Road Fund Licence) applies for new cars. Please refer to page 66 for the relevant rate for the second and subsequent years ⁴The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£715.00 incl. VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%

Become the AMG expert

Unleash a new level of performance.

Step into the world of performance and experience the AMG brand at Mercedes-Benz World – from the powerful sound of the engines to the smell of the leather to the unmistakable design of our vehicles.

Mercedes-Benz World invites all Mercedes-AMG customers to a complimentary adrenaline-packed driving experience. Feel the sensational AMG driving performance, develop your driving skills and even try your hand at power-sliding on the Wet Skid Circle. With expert one-to-one guidance from a Driving Specialist in the passenger seat, experience every inch of our Handling Circuits, Dynamic Straight and low friction surfaces.

[Click here for more information](#)

TERMS AND CONDITIONS

The following customers only are eligible: the first purchaser/registered keeper of a newly registered Mercedes-AMG. The complimentary Training as described in the brochure must be booked and taken within six months of delivery of your Mercedes-AMG. The Training is available Monday to Friday and is subject to availability. Requests for Saturday and Sunday will incur an additional charge.

Upgrades are available for an additional cost: details upon request. Transferable to individuals who reside at the same postal address only. Mercedes-Benz Cars UK Limited reserves the right to amend or withdraw this Training experience. Attendees must hold a full UK driving licence. Attendees will be required to sign the Mercedes-Benz World Driving Risk Acknowledgement prior to undertaking the Training experience. The Training experience is also subject to the Mercedes-Benz World Terms and Conditions, as applicable. Invitation is emailed to the customer post-delivery. Permission via the customer contact preferences must be given to enable Mercedes-Benz World to contact. Retailer demonstrator vehicles are not eligible.

Driving Assistance package

The Driving Assistance package contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency.

Driving Assistance package (code P20) – designed and priced as a package, including items listed on the right-hand side.

AMG Line Night Edition Premium Plus and Mercedes-AMG E53 4MATIC+ Night Edition Premium Plus Total incl. VAT £1,695.00

Standard on Mercedes-AMG E63 S 4MATIC+ Night Edition Premium Plus

Active Blind Spot Assist can warn the driver of vehicles in the blind spot during a lane change and can help to avoid a collision by means of one-sided braking intervention

Active Braking Assist with cross-traffic function can help to avoid accidents with vehicles ahead, crossing traffic and also pedestrians, and/or mitigate their consequences

Active Distance Assist DISTRONIC helps maintain the desired distance from the vehicle in front with extended automatic re-start on motorways

Active Emergency Stop Assist: immediate emergency braking if evasion is impossible with SOS function

Active Lane Keeping Assist aids safe driving by monitoring the edges of the road and assists the driver with steering corrections to stay inside the lane

Active Speed Limit Assist ensures detected speed limits are automatically adopted as the set speed for Active Distance Assist DISTRONIC

Active Steering Assist: targeted steering intervention to prevent unintentional drifting out of lane

Evasive Steering Assist can support the driver in making evasive manoeuvres if, in a dangerous situation, he/she moves to avoid any pedestrian detected by the system

PRE-SAFE® PLUS incl. PRE-SAFE® Impulse Side when a rear-end collision threatens, PRE-SAFE® PLUS can initiate preventive measures, including warning following traffic and locking the brakes on standstill

Route-based speed adjustment: adaption of speed before curves, roundabouts and junctions with end of traffic jam function

Trailer coupling with ESP® trailer stabilisation

Trailer coupling with ESP® trailer stabilisation (code 550)

Only available on 220 d, 300 de, 300 d 4MATIC and 400 d 4MATIC AMG Line Night Edition Premium Plus models- Estate only
Total incl. VAT £695.00

Expand your transport options: with this practical equipment you can hitch up both trailers or caravans and also mount cycle racks. The trailer coupling is ready for use in no time at all – and can be folded in again behind the rear bumper just as quickly when it is no longer needed.

Operating safety is the top priority: to fold out the trailer coupling, you must first unlock it via the control button in the boot. As soon as the button light goes out, the trailer coupling is correctly engaged and is therefore ready for use.

Even when driving you can benefit from a comprehensive safety concept: the ESP® trailer stabilisation is able to intervene automatically in critical situations when driving with a trailer. The associated sensor system detects the trailer independently as soon as the electric plug is connected to your vehicle.

The ESP® stabilisation functions are automatically active from a speed of 40 mph. When undesired oscillating motions are detected, the Trailer Stability Assist actively dampens these with the aid of alternate brake actuation of each individual wheel. In most cases this is already sufficient to reduce dangerous oscillations. If necessary, the system additionally reduces the speed: for this, the engine torque is reduced and the vehicle is braked via all four wheels.

Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your E-Class.

DUO plus child seat, with ISOFIX

Safe and secure: children between the ages of 9 months and 4 years (age group I, weight 9 to 18 kg) will enjoy travelling in the 'DUO plus' child seat from Mercedes-Benz. (A0009704302)

Kidfix XP child seat

Safe and secure: children between the ages of 3.5 and 12 years (weight 15 to 36 kg) will enjoy travelling in the 'Kidfix XP' child seat from Mercedes-Benz. (A0009704902)

AMG Kidfix XP child seat

For children aged from 3.5 to 12 years (15 to 36 kg). Adjustable head restraint allows the seat to match the child's growth. The cover, in an exclusive AMG Dinamica seat cover material, can be removed and washed. (A0009703302)

Mercedes-Benz dashcam (front camera)

The dashcam records critical driving situations and, thanks to its innovative radar technology, it can also be used for efficient parking monitoring by scanning the area in the immediate vicinity of the vehicle to record relevant events. High resolution and light sensitivity ensure high video quality day and night. Please note that additional parts are required in the fitting of this product. (A2139055310)

Coolbox, 24 litres

Whether you're taking cold drinks, a picnic or baby food with you, the multifunctional coolbox cools or warms according to your needs, making it the perfect accessory for any outing. (A0008204206)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Retailer for more information Images shown are for illustration purposes only

Bicycle rack

Easy to use, convenient and lightweight. Bicycles can be attached at ground level before the rack is fitted. Up to three bicycle carriers can be fitted at one time. The alustyle cycle carrier is designed for the new alustyle basic carrier bars, making your life easier, with know-how from Mercedes-Benz. (A000890029364)

Mercedes-Benz roof box 400

Maximum load capacity of 75 kg. Roof box allows transport of winter and summer leisure accessories, including skis, snowboards and diving equipment. Easy to slide into place and secure. Special mounting kits for all Mercedes-Benz basic carrier bar systems included as standard. (A0008401100)

Basic carrier bars for roof rails

Aluminium carrier bars, precision-tailored to the body of your Mercedes-Benz – the perfect basis for a range of Mercedes-Benz transport solutions: ski and snowboard rack, bicycle rack or roof boxes. (Saloon: A2138900693; Estate: A2138900793)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Retailer for more information Images shown are for illustration purposes only

¹Figures according to Directive 80/1269/EEC in the currently applicable version ²The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging ³Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wall box (three-phase) or standard socket (single-phase) ⁴If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord

Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO₂ emissions. A first year rate for each taxation band will apply. The table below shows the bands (A-M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions and the relevant Excise Duty are shown on the model pricing pages.

Band	CO ₂ emissions (g/km)	First year rate petrol and RDE2 diesel (£)	First year rate all other diesel (£) ¹	First year rate alternative fuel (£)	Electric vehicles		Alternative fuel vehicles		Petrol/diesel vehicles	
					Standard rate (£)	Premium rate (£) ²	Standard rate (£)	Premium rate (£) ²	Standard rate (£)	Premium rate (£) ²
A	0	0.00	0.00	0.00	0.00	0.00	0.00	0.00	0.00	0.00
B	1 to 50	10.00	25.00	0.00	0.00	0.00	140.00	465.00	150.00	475.00
C	51 to 75	25.00	110.00	15.00	0.00	0.00	140.00	465.00	150.00	475.00
D	76 to 90	110.00	135.00	100.00	0.00	0.00	140.00	465.00	150.00	475.00
E	91 to 100	135.00	155.00	125.00	0.00	0.00	140.00	465.00	150.00	475.00
F	101 to 110	155.00	175.00	145.00	0.00	0.00	140.00	465.00	150.00	475.00
G	111 to 130	175.00	215.00	165.00	0.00	0.00	140.00	465.00	150.00	475.00
H	131 to 150	215.00	540.00	205.00	0.00	0.00	140.00	465.00	150.00	475.00
I	151 to 170	540.00	870.00	530.00	0.00	0.00	140.00	465.00	150.00	475.00

M	over 255	2,175.00	2,175.00	2,165.00	0.00	0.00	140.00	465.00	150.00	475.00

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification
¹Applies to all Mercedes-Benz diesel models which do not comply with RDE (Real Driving Emissions) Step 2 Certified (Euro 6d)
²Premium rate only applicable to vehicles where the list price is over £40,000 including any factory-fitted options, standard UK delivery charge, number plates, fuel and VAT

Services and insurance

Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your E-Class, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz. With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation. It also covers the cost of all recommended service items including brake fluid, spark plugs, air filters, fuel filters and screen wash. You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects¹ and up to 30 years warranty against perforation due to corrosion from the inside out.² What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.²

Motor Insurance

Superb cover comes as standard. When reviewed by an independent research company, Defaqto, Mercedes-Benz Motor Insurance received a five-star rating, the highest rating available. We design our Motor Insurance specifically for Mercedes-Benz drivers.
