## Mercedes-Benz Finance.

At Mercedes-Benz we believe a great driving experience should be matched by an equally great ownership experience. That is why we put as much thought, time and effort into designing our finance options as we do our vehicles.

Agility (our Personal Contract Purchase product) is one of our most popular finance products.

At the start of an Agility agreement, you decide an amount you would like to put down as a deposit and the term of your agreement, as well as your annual mileage. Your Finance Specialist at your local retail site will advise you of the Optional Purchase Payment of your chosen Mercedes-Benz, which offers you the reassurance of knowing exactly what you will need to pay to own the vehicle outright in the future (this is known as the Optional Purchase Payment). The Optional Purchase Payment enables you to benefit from lower monthly payments as you are only financing a proportion of the vehicle's value. Throughout your agreement you simply pay your agreed monthly payments.

We also offer Contract Hire, Operating Lease and Hire Purchase solutions to help ensure you find the right finance product for you.

To find out more, please contact your nearest Mercedes-Benz Retailer or visit [mercedes-benz.co.uk/finance](http://mercedes-benz.co.uk/finance)
