

2017 G-Class

A lifetime of experience. The experience of a lifetime.

Mercedes-Benz

The best or nothing.

Untouched by time

Created to endure the challenges of six continents, the 38-year evolution of the G-Class keeps elevating the pinnacle of refinement. From its advanced lighting to its classic upright shape, its purposeful elegance is both unmistakable and irrefutable. An icon of timeless modernism, every surface of the G-Class reflects its confident capability on any surface of the earth.

Crafted by hand

No other SUV feels like the G-Class, because no other SUV is built like it. From start to finish, it's crafted by hand, as it has been for more than three decades. Its rugged, box-section frame is flowed with 50 litres of wax, to help it fend off corrosion. And its welded steel body is fully galvanized. It takes more than 40 hours to hand-build each G-Class, but it creates a lifetime of enduring quality.

Tailored by hand

Even with its perpetually fresh design, ergonomic layout and advanced luxuries, the G-Class cabin remains a living tribute to a tradition of handcraftsmanship that's all but vanished from the earth. It's tailored by hand, using half a mile of thread to create 45,000 impeccable stitches. And for decades, a single inspector has allowed no G-Class to undergo your scrutiny until it first surpasses his.

Advanced lighting

Brilliant LED running lamps are sure to get your G-Class noticed by day. Standard Bi-Xenon headlamps practically turn night into day. Heated washers power-spray dirt and mud from the headlamp lenses, to keep them at their peak of performance. And to ease your journey through the urban jungle, the sleek, power-folding side mirrors feature LED turn signals.

Advanced safety systems

While the body and soul of the G-Class haven't changed for decades, it's continually advanced to make driving more comfortable and secure. Standard technologies include Distance Pilot DISTRONIC active cruise control, which can adapt to the flow of traffic. Braking innovations include Hill-Start Assist and a HOLD feature. And when you tow with your G-Class, Trailer Stability Assist helps keep your trailer, and your worries, safely behind you.

Advanced driving and parking assists

Parking Assist PARKTRONIC's ultrasonic sensors help detect obstacles while you're negotiating tight spaces. A rearview camera shows a live colour view of the area behind your G-Class on the central screen. And Blind Spot Assist helps make lane-changes safer by alerting you to a vehicle alongside your own. All of these systems are, of course, standard.

Lavish appointments

Rugged as the G-Class is, its cabin is outfitted to make sure you're never roughing it. Its handcrafted workmanship is matched by its cutting-edge technology, from its state-of-the-art COMAND system to its soothing ambient lighting. Its front and rear seats are heated, while the front row is also treated to ventilated and multicontour seating.

Exquisite tailoring

Exquisitely handcrafted cabin appointments and a variety of exterior options let your G-Class express your own style as much as its own. Supple *designo* leather (standard on the Mercedes-AMG models) offers an extensive palette, along with a variety of exquisite wood and carbon fibre trim choices. Steering wheels, wheels and brake calipers offer further options on most models. And a spectrum of paintwork includes five bold Special Paint Editions for the Mercedes-AMG models.

COMAND with central controller

A vivid freestanding 8" colour display and intuitive central controller give you easy access to audio, navigation and more. The navigation includes voice control, Internet-based features and useful Mercedes-Benz Apps. The harman/kardon® LOGIC7® system delivers 450 watts of lush surround sound through 12 speakers and a subwoofer. New Apple CarPlay™ and Android Auto integrate unique in-car interfaces with your iPhone® or Android™ phone. A state-of-the-art Rear Seat Entertainment system is also available.

Biturbo V-8 power for the G 550 4MATIC

Advanced performance comes from a high-output engine that's more responsive yet more fuel-efficient. A 416-hp 4.0-liter biturbo V-8 outputs 450 lb-ft of peak torque, and can rush the G 550 to 100 km/h in 5.9 seconds. Its innovative design combines racing-derived technology, from its turbocharger layout to its low-friction cylinder walls. And an ECO Start/Stop system helps save fuel and emissions at stoplights.

All-wheel drive with three lockable differentials

In its nearly four decades of history, the legendary G has gone to just about every corner of the earth. Its versatile all-wheel drive and 2-speed transfer case give it one of the widest gear ranges of any SUV. Its three differentials can be locked, in sequence, to keep you in control as you venture deeper off-road. And on the road, its advanced 4-wheel Electronic Traction System (4-ETS) gives you confidence in any season.

Superlative off-road capability

Generous ground clearance and genuine capability are just two benefits of the rugged G-Class suspension. Refined and nimble, it combines a tight turning circle and a controlled ride. Off-road, it's an enthusiast's delight, with rigid axles front and rear, coil springs, and gas-pressurized shocks. It can climb or descend an 80% incline, manage a 54% lateral slope, and provide over 20 cm of ground clearance.

19", 20" or 21" wheels

From the substantial 19" wheels of the G 550 4MATIC, to the supersized 20" AMG alloys on the Mercedes-AMG G 63 4MATIC, to the superlative 21" AMG wheels fitted to the Mercedes-AMG G 65 4MATIC, every G-Class is equipped to grip the ground while taking a strong stance on style. Available in silver tones or menacing black finishes, each wheel is precisely crafted and sized for confident footwork, and nested under wide fender flares.

Horsepower in your hands

Only the G-Class delivers handcrafted power in a handcrafted SUV. And it does it two ways. The Mercedes-AMG G 63 4MATIC and Mercedes-AMG G 65 4MATIC combine the all-season, any-road, every-continent capability of the legendary G with the performance prowess of AMG. And from their rugged welded frame to their impeccably hand-tailored cabin, both of these SUVs puts a world of superlatives in your hands.

Handcrafted biturbo V-8 in the Mercedes-AMG G 63 4MATIC

A single master engine builder creates each biturbo V-8 for the Mercedes-AMG G 63 4MATIC by hand. The result is exceptional performance and enduring precision, just like the G-Class itself. With its peak power of 563 hp and a massive 560 lb-ft of torque, it can rush from 0 to 100 km/h in just 5.4 seconds. Its free-breathing design, from its variable intake to its dual sidepipe exhausts, delivers gripping response with growling sound.

The most powerful SUV on Earth

With handcrafted 6.0-liter biturbo V-12, the Mercedes-AMG G 65 4MATIC outputs more power and torque than any SUV in production: a pavement-trembling 621 hp and 738 lb-ft, good for 0 to 100 km/h in 5.3 seconds. Twin turbos operate at up to 1.5 bar boost, while liquid-to-air intercooling, rapid-multispark ignition, and high-speed engine management deliver instant response at all rpm. The result is power that feels both mighty and effortless at once.

Standalone Options

While the G-Class comes virtually fully equipped, a selection of options lets you tailor it to your taste.

Stainless-steel brush guard

Available on all models

A stainless-steel front brush guard, polished to a brilliant finish, frames the headlamps and the grille.

Heated steering wheel

Available on G 550 4MATIC / Standard on Mercedes-AMG models /
Replaces standard wood/leather wheel on G 550 4MATIC

Heating elements beneath the Black Nappa leather trim of the steering wheel rapidly take the chill out of your hands on a cold morning. After a few minutes, the heating level is automatically reduced to maintain lasting comfort.

Black Piano Lacquer wood/leather steering wheel

Available on all models / Requires Black Piano Lacquer wood or AMG carbon fibre trim / Replaces standard heated steering wheel on Mercedes-AMG models

Black Piano Lacquer wood accents the steering wheel to match the impossibly deep finish of matching cabin trim, or as an elegant complement to the AMG carbon fibre trim.

AMG Performance steering wheel

Available on Mercedes-AMG models / Not available on G 550 4MATIC

In addition to a thickly padded and aggressively contoured rim that's hand-sewn in Nappa leather, the AMG Performance steering wheel incorporates perforated leather side grips and a flattened bottom section.

Standalone Options cont.

While the G-Class comes virtually fully equipped, a selection of options lets you tailor it to your taste.

DINAMICA roof liner

Available on G 550 4MATIC / Standard on Mercedes-AMG models

A lavish DINAMICA roof liner in a rich Anthracite color completes the finely tailored ambience of the handcrafted G-Class cabin.

designo Exclusive Leather Package

Available on Mercedes-AMG G 63 4MATIC / Standard on Mercedes-AMG G 65 4MATIC / Not available on G 550 4MATIC

For the ultimate expression of G-Class craftsmanship, comfort, and style, this exclusive interior treatment features the deeper embrace of AMG sport front seats, with the inserts for all the seats and door panels swathed in diamond-stitched *designo* Nappa leather in any of five color choices, plus solid Black. The seat bolsters, as well as the upper and lower dash, are all trimmed in *designo* Black Nappa leather.

Burl Walnut wood trim

Available on all models

Hand-polished Burl Walnut wood trim graces the dash and all four doors, lending the G-Class cockpit a further air of refinement and exclusivity. A steering wheel with matching wood trim is also available.

Anthracite Poplar wood trim

Available on Mercedes-AMG G 65 4MATIC / Standard on Mercedes-AMG G 63 4MATIC and G 550 4MATIC

With a distinctive mottled grain and dark charcoal-grey stain, hand-finished Anthracite Poplar wood heightens the mystique while enriching the luxury of the G-Class cabin.

Standalone Options cont.

While the G-Class comes virtually fully equipped, a selection of options lets you tailor it to your taste.

designo Black Piano Lacquer wood trim

Available on all models

designo wood trim provides an extraordinary degree of handcrafted beauty and workmanship. Using the same crafting technique as the finest orchestral instruments, Black Piano Lacquer wood adds an elegant, extravagant excitement to the dash and doors. Matching trim on the steering wheel is included as well.

designo Champagne White Piano Lacquer wood trim

Available on all models

designo wood trim provides an extraordinary degree of handcrafted beauty and workmanship. Elegant Champagne White Piano Lacquer wood is finished using the same process as a white grand piano, and fitted to the dash and doors.

designo Poplar Satin Light Brown Matte wood trim

Available on all models

designo wood trim for the dash and doors provides an extraordinary degree of handcrafted beauty and workmanship. With a distinctive mottled grain and modern, low-sheen Light Brown finish, Poplar wood heightens the mystique while enriching the luxury of the G-Class cabin.

AMG carbon fibre trim

Available on G 550 4MATIC and Mercedes-AMG G 63 4MATIC / Standard on Mercedes-AMG G 65 4MATIC

Derived directly from racing, genuine carbon fiber trim combines handcrafted beauty and workmanship with AMG's pure performance pedigree. A steering wheel trimmed in *designo* Piano Black Lacquer wood and Nappa leather can also be combined with this trim option.

Standalone Options cont.

While the G-Class comes virtually fully equipped, a selection of options lets you tailor it to your taste.

Rear Seat Entertainment system

Available on all models / Requires Black Piano Lacquer wood or AMG carbon fibre trim, plus wood/leather steering wheel

Flat screens behind the front head restraints offer first-rate entertainment to the second row. Multiple input sources let passengers enjoy DVDs and video games together or independently, with two sets of wireless headsets and wireless remotes, plus a DVD player under the rear seat as well as the standard in-dash DVD/CD player. Auxiliary inputs can connect portable gaming devices, video cameras or other devices. Audio can play via the vehicle sound system or discreetly through each headset.

AMG Special Paint Edition

Available on Mercedes-AMG models / Not available on G 550 4MATIC

Make a bold statement with any of five exclusive paint colours: Crimson Red, glowing Alien Green, ultraviolet Galactic Beam, golden Solar Beam, or fiery Sunset Beam. Contrasting Gloss Black paint sets off the roof, fender flares, side mirrors, bumpers and spare tire surround. Inside, *designo* Black Nappa leather features topstitching color-keyed to the body paint, while AMG carbon fibre trims the cabin.

Adjustable suspension

Available on G 550 4MATIC / Not available on Mercedes-AMG models

Electronically adjustable shock absorbers can vary their damping via driver-selectable Sport and Comfort modes, or automatically in critical driving situations. During highly dynamic movements, the vehicle's Electronic Stability Program (ESP) can instantly adjust the settings automatically, working strategically with ESP's throttle and brake intervention to enhance stability.

Silver-painted brake calipers

Available on Mercedes-AMG models / Not available on G 550 4MATIC

Silver-painted AMG brake calipers are available in place of the standard red calipers at no extra charge. They're also included with the AMG Special Paint Edition when Alien Green, Galactic Beam or Crimson Red exterior paintwork is selected.

Standalone Options cont.

While the G-Class comes virtually fully equipped, a selection of options lets you tailor it to your taste.

19" AMG 5-spoke wheels (Black)

Available on G 550 only

Substantial and stylish, the available 19" AMG 5-spoke wheels feature five grooved spokes with a Black satin finish, encircled by a thin silver perimeter that sets off each tire.

20" AMG 5-spoke wheels (Matte Black with high-sheen finish)

Available on Mercedes-AMG models / Not available on G 550 4MATIC

Aggressive in size and menacing in appearance, available 20" AMG 5-spoke wheels feature five blade-like spokes with a Matte Black finish, encircled by a high-sheen silver perimeter.

20" AMG 5-spoke wheels (Titanium Grey with high-sheen finish)

Available on Mercedes-AMG G 65 4MATIC only

Available 20" AMG 5-spoke wheels feature five blade-like spokes with a high-sheen finish and dark grey inlays within each spoke. Their slightly less aggressive sizing is suitable for customers preferring such a setup for their everyday driving conditions.

21" AMG 5-spoke wheels (Black)

Available on Mercedes-AMG G 65 4MATIC only

A matte black finish takes the design of the 21" AMG twin 5-spoke wheels to the dark side of performance. While their specs match the standard Mercedes-AMG G 65 4MATIC wheels, their appearance further accentuates the dominating power of the V-12 SUV. An ultrathin silver perimeter sets off the high-performance tires.

Mercedes-Benz Genuine Accessories

Exclusively engineered to fit your car and your life, they're the best way to make your G-Class unmistakably yours while keeping it genuinely Mercedes-Benz.

Car care products

Keep the interior and exterior of your vehicle looking their best with our exclusive, specially formulated interior and exterior car care kits.

Cargo area tray

Protect your cargo-area carpeting with this durable, easy to clean plastic insert with 2" sides. Custom-formed to fit the cargo area of your vehicle.

Navigation update

Owning a navigation system is one thing. Keeping it up to date is another. Mercedes-Benz map update software keeps your maps and Points of Interest current with the latest information.

Wheel upgrades

Choose from a wide selection of stunning wheels to accentuate your style.

Mercedes-Benz Genuine Accessories cont.

Exclusively engineered to fit your car and your life, they're the best way to make your G-Class unmistakably yours while keeping it genuinely Mercedes-Benz.

Winter wheel & tire packages

Winter wheels and tires can play a major role in your safety and your vehicle's handling and performance on icy, snow-covered roads. Winter tires offer increased traction in harsh conditions and can reduce stopping distance by up to three car lengths.

Style and Travel Series

These elements attach behind the front head-restraint posts, and are simple to fit and remove. The modular system centers on a base support that can be combined with the product of your choice – universal hook, coat hanger or folding table.
