THE S-CLASS OF SUVs

THE MEASURES THAT *MATTER*

The true measure of a 7-passenger SUV isn't by length or width. When it comes to keeping your family secure, treating you well, and being ready for any adventure—not to mention misadventure—the new GLS excels in the dimensions that matter most: the strength and depth of its character.

To anyone who's ever asserted "Nothing's too good for my family," you'd probably feel like Gottlieb Daimler and Karl Benz knew just what you meant. Daimler's own personal motto—"The best or nothing"—has inspired Mercedes-Benz for 130 years. And while Benz patented the first car, his wife Bertha took it and their two sons on the first road trip, just two years later. When Daimler developed the first all-wheel-drive vehicle in 1907, his son Paul served as its lead engineer. Family values have always run high in the Mercedes-Benz family.

When it came time to develop a spacious and capable 7-passenger SUV for your family, the deeply held values of Mercedes-Benz played every major role: The decades of industry-leading safety systems. Generations of fine craftsmanship. The legacy of setting new performance records, from the racetrack to far from the beaten track.

And the luxury that doesn't just indulge human desire, it understands human nature. So while most large luxury SUVs can only claim pickup trucks as their gene pool, the GLS comes from a line of overachievers—including the flagship sedan that lends it the "S" in its name.

If you have yet to drive the GLS, or ride in all three of its seating rows, you're in for a surprise. Its AIRMATIC® air suspension mates the precise handling of a Mercedes-Benz to a supple ride, even in the third row, over rough terrain, or when laden with cargo. Its safety innovations help prepare for accidents before they happen, and help you avoid them in the first place. Its cabin teems with elegant wood, user-friendly technology, and thoughtful luxury. When you compare 7-passenger luxury SUVs—from how they look, to how they look after you—every dimension of the GLS will show you: Family matters.

2017

KEY FEATURES

IT *TREATS* YOUR PRECIOUS CARGO
LIKE PRICELESS *TREASURES*
AND YOUR *CARGO*
LIKE *PRECIOUS* CARGO

TECHNOLOGY

User-friendly innovations to keep you connected, engaged and refreshed. Intuitive controls to keep your world within reach.

COMAND® with 8" color screen and touchpad*

Mercedes me with smartphone app, Remote Start, and in-car Internet¹

MAGIC VISION CONTROL® heated wiper/washers*

ACTIVE CURVE SYSTEM*

SAFETY

Groundbreaking safety systems that look ahead, and all around. Active and autonomous systems to help you avoid accidents.

Radar-based Active Brake Assist collision mitigation

ATTENTION ASSIST®

PRE-SAFE®

Intelligent Drive suite of active safety systems*

Rearview or 360° camera system*

PERFORMANCE

Abundant torque with athletic reflexes. Air ride for 3-row comfort. Multiple drive modes, from Comfort to Sport to Slippery.

V6 turbo diesel, gasoline V6 and V8 biturbo, or AMG V8 biturbo engines

DYNAMIC SELECT drive modes

Efficient 4MATIC® all-wheel drive

Self-leveling, height-adjustable AIRMATIC® air suspension

DESIGN

Bold new style with brilliant details. A spacious shape that slices the air. And an authoritative stance to match its confident moves.

Standard 19" or 21" wheels²

Active LED headlamps*

LED taillamps

Night Package*

LED-illuminated running boards*

Power tilt/sliding Panorama roof*

LUXURY

First-class seating and space for seven. Easy access to every row. Luxuries to make each of them a special place.

Heated, ventilated* and massaging* front seats

Split-fold/reclining second row, 3rd-row EASY-ENTRY

3rd-row power-fold

Multicolor LED ambient lighting*

Two choices in surround sound*

*Optional or not available on some models. Please see back of brochure.

A detailed, high-contrast black and white photograph of a Mercedes-Benz GLS engine bay. The image shows the complex arrangement of components, including the large, sculpted 'twin power dome' hood with the Mercedes-Benz star emblem, various air filters, and the 'V8' and 'AMG' badges. The lighting highlights the metallic textures and the precision engineering of the powertrain.

PERFORMANCE

PERFECT FOR *MOVING* OUT

Despite its cavernous cabin, Mercedes-Benz engineers would never be satisfied with an SUV that maneuvers like a moving van. They gave the GLS exuberant engines, nimble all-wheel drive, and 4-wheel independent air suspension – so it drives like a true Mercedes-Benz, not like a truck.

With ample space and abundant luxury, the GLS surely lets you live large. But it doesn't make you drive large. From its tight turning circle to its suite of systems to enhance its agility, ability and stability, driving a GLS feels like driving a Mercedes-Benz. Because you are—from its 4-wheel independent suspension, to the quick reflexes of its steering, to the immediate response of its acceleration and braking. Where other large SUVs lumber, it feels limber—whether you've got the youth soccer team on board, or a boat and trailer out back.³

Beneath the sculpted “twin power dome” hood of a GLS is any of four turbocharged powerplants. There's a clean diesel V6 that combines 457 lb-ft of torque with over 600 miles of highway driving range on a tank of fuel.⁴ Three gasoline engines—a V6, a V8, and a handcrafted AMG V8—combine biturbo power with advanced rapid-multispark ignition that can fine-tune itself during each combustion cycle. On every GLS, high-pressure Direct Injection squeezes the most power out of every drop of fuel, with fewer emissions left over. Every GLS also delivers 100% of its peak torque at 2,000 rpm or less,

for strong pull whether you're merging from an onramp, moving out from a stoplight, or conquering a mountain.

A new 9-speed automatic transmission and 4MATIC® all-wheel drive⁵ team up to make the most of all this torque. A wider range of gears, all more closely spaced, adds up to smoother shifts, stronger acceleration, and greater efficiency. 4MATIC precisely distributes torque to the wheels that can use it best based on their available traction at any instant. So if one, two or even three tires slip, power is sent where torque can become traction.⁶

AIRMATIC® suspends the GLS on a literal cushion of air, balancing comfort and handling automatically as roads and loads vary. It lowers at higher speeds to enhance stability and save fuel. Or you can raise it to negotiate deep ruts or steep driveways. Crosswind Assist teams with AIRMATIC to seamlessly compensate for side gusts and passing trucks. And for more extreme driving, the available ACTIVE CURVE SYSTEM* features variable stabilizers, while an Off-Road Package⁷ adds hardware and software expressly engineered for rugged terrain.

*Optional or not available on some models. Please see back of brochure.

PREMIUM PERKS

From the chair-height third row, to the reclining second row, to the heated, power driver seat with memory, it's clear that the entire GLS cabin is an upgrade from ordinary SUVs. Its comforts are innovative, and its craftsmanship is exquisite. The driver-seat memory stores your settings for the 4-way power steering column and side mirrors. There are no fewer than five choices in hand-finished wood trim. LED ambient lighting is available in three colors you can change anytime. The rear cabin can enjoy heated 2nd-row seats or a third zone of climate control.* And the front seats can help keep you cool in summer, or offer a rejuvenating massage anytime.*

NIGHT LIFE

Can the GLS turn night into day and vice-versa? Almost. Its dynamic LED headlamps* generate whiter, brighter light that's more like natural daylight. They also adjust their beams to your steering actions and to traffic ahead, to shine more light where you need it, without causing glare for other drivers. By day, distinctive LED Daytime Running Lamps help get you noticed—both by oncoming drivers and admiring pedestrians. And to better express the dark side of the V8 models, a new Night Package renders a number of the styling elements on their front, sides, rear and roof in dramatic gloss black. All to help you see, be seen, and be part of the scene.

FIRST-CLASS ACCOMMODATIONS

TOUCHPAD CONTROLS

The vivid 8" color screen is easy on the eyes in many ways. It's set high in the central dash, closer to your line of sight—a feat made possible by not burying it under an ungainly padded visor. And unlike touch screen systems, its rotary or touchpad* controller is on the console—where your hand falls naturally. Using clear illustrated and animated menus, the COMAND® system puts entertainment, navigation⁸ and convenience settings within easy reach. The touchpad works a lot like your smartphone, so you can pinch to zoom its 3D maps, swipe through menus, and even write an address with your finger. Without leaving fingerprints on the screen.

VIRTUAL VIEWS

The rearview camera displays a live color view of the area behind your GLS on the central in-dash display when you shift to Reverse.⁹ Steering-dependent on-screen guidelines make it easier to negotiate parking spaces and avoid curbs. A special mode helps you line up the GLS to attach a trailer.

With the Parking Assist Package, the Surround View System composes four cameras into one birdseye view of your car and surroundings. While Parking Pilot's ultrasonic sensors help you detect nearby obstacles and size up open parking spaces. It'll even park your GLS for you, automatically.¹⁰

FIRST-IN-CLASS INNOVATIONS

INTELLIGENT DRIVE

An advanced network of multirange radar, stereo cameras and other sensors, Mercedes-Benz Intelligent Drive includes industry-leading standard and available assists that can help make driving safer, less stressful or simply more enjoyable.

Standard Active Brake Assist uses radar to help detect if you're approaching a vehicle ahead too quickly. It can alert you to brake, or even initiate braking autonomously.¹¹ ATTENTION ASSIST® helps detect a driver getting drowsy on longer trips.¹² Trailer Stability Assist helps subdue trailer sway while towing.³ All of these systems are standard equipment.

ADVANCED ASSISTS

The Driver Assistance Package adds a suite of innovations. Distance Pilot DISTRONIC® cruise control uses radar to adapt your speed to the flow of traffic, even if it's stop-and-go.¹³ Its Steering Pilot feature helps keep you centered between lane markings automatically when using the cruise control.

Active Blind Spot¹⁴ and Lane Keeping Assists¹² help ease driving on multilane roadways. And thanks to its cameras and sensors, groundbreaking systems of Intelligent Drive can alert you to cross-traffic or pedestrians in your path ahead, or help prepare for an impending collision from behind.¹⁵

DRIVING PERFORMANCE

WHERE IT'S FROM

Affalterbach, Germany, is an orchard town where trophies are harvested. It's the home of AMG, where for nearly 50 years, championship racecars have been created by a team of people who are not just racers. They're dreamers. Visionaries. And perfectionists. They develop technologies that heighten power, like patented NANOSLIDE® cylinder walls that slash friction and wear. They shatter limitations: Rear-biased AMG Performance 4MATIC® clings to pavement yet delivers nimble balance. And they turn victory on the track – breaking Formula 1® records and by far the most winning name in the DTM (German Touring Car Championship) – into vehicles that conquer the streets of the world, and the hearts of its most passionate drivers.

IS WHAT IT CAN DO

The idea behind the AMG GLS 63 is not to make a racecar out of an SUV. Though it's tempting to call it a 7-seat sports car, the result is an SUV of superlatives, from massive thrust to meticulous luxury. Its handcrafted 577-hp AMG V8 biturbo engine and AMG SPEEDSHIFT® PLUS 7G-TRONIC transmission can catapult you to 60 mph in 4.5 seconds,¹⁶ while it cossets you in supple AMG Exclusive Nappa leather. Filling its flared fenders are AMG® wheels in a 21" cross-spoke design or 22" multispoke option, both also offered in dramatic matte black. A new Night Package renders various styling elements in gloss black. And the teamwork of its AMG Sport Suspension based on AIRMATIC®, Adaptive Damping System Plus, and ACTIVE CURVE SYSTEM carries out the visual promise of those supersized wheels. All told, the AMG GLS 63 might be the most confident, luxurious and yes, sporty 7-seater on the road today.

THE *ONLY* OPTION
IT DOESN'T *OFFER*
IS *FOR YOU* TO
SAY "IF ONLY"

ILLUMINATING SOUND

With room for seven, you're bound to have a wide spectrum of musical tastes on board. So the GLS can stream audio from your Bluetooth® phone, or via apps¹ like iHeartRadio.® You can explore local HD Radio,® or nationwide SiriusXM Radio* with a 6-month trial.¹⁷ Two surround sound systems* are available: An 830-watt harman/kardon LOGIC7® system with 13 speakers and a sub. Or a Bang & Olufsen® BeoSound™ system with 1,200 total watts. Its 14 active speakers include two illuminated Acoustic Lens tweeters. Passengers in the second row can enjoy movies, gaming or both at once with a dual-screen, multi-input Rear Seat Entertainment system.*

ILLUMINATED GROUND

There's a certain magic to driving a Mercedes-Benz. Call it pride, joy or satisfaction, it's only natural to sneak an extra glance at the iconic Star in its grille whenever you approach your GLS. To further this emotion, the side mirror housings integrate logo projectors. Whenever the vehicle's illuminated entry system is activated, the blue and white Star and Laurel shines on the pavement to welcome you and guide your step.

The glow of illuminated front door sills* welcomes you as you open the door. Once in the cabin, ambient lighting* can cast a glow in three hues: warm Solar, cool Polar or calm Neutral.

LUXURIOUS ON A GRAND SCALE

ILLUSTRATED INFO

The 8" COMAND® screen unifies the many entertainment and navigation* features and options of the GLS, but it does a lot more, too. COMAND lets you personalize vehicle features from seating options to lighting settings. It can also display a variety of helpful information, from 3D navigation maps with building profiles, to live traffic cams and other online apps from *Mercedes me*.¹ With the Off-Road Package, it can show you the vehicle's steering angle, lateral tilt and chassis settings—all useful if you take your GLS into rugged terrain.⁷ It can even become an entirely different interface for music, messaging and more with Apple CarPlay™ or Android Auto.¹⁸

IMPECCABLE TAILORING

The GLS blends strength with civility in a way that makes it both a part of the Mercedes-Benz SUV family and a luxury flagship alongside the S-Class Sedan. Within its highly rigid unibody you'll be coddled in finely crafted refinement. Its fastidiously stitched upholstery is precisely fitted by hand to each of its seven ergonomically contoured seats. An enticing palette of colors and styles lets you tailor your GLS to your own needs and wishes. Depending on model, your choices range from the year-round comfort, easy care and legendary durability of MB-Tex, to extra-supple, hand-selected *designo* Nappa leather with diamond-stitched seat and door inserts.

REFINED TO THE *TINIEST* DETAIL

GRACEFUL ENTRY

Does it seem that most three-row SUVs make it hard to get to a place you'd rather not go anyway? Enter the GLS. Literally. Its standard EASY-ENTRY feature moves either side of the 2nd-row seat forward with the touch of one handle, so you can enter the third row gracefully from either side door. And once you do, you'll find another surprise: comfort. Unlike pickup-truck-based competitors, the 4-wheel independent AIRMATIC® suspension in the GLS eliminates the solid rear axle, allowing for chair-height seating with generous legroom and a smoother ride. A power EASY-ENTRY feature* makes it even more convenient to enter and exit the roomy third row.

TASTEFUL FINISHES

In true Mercedes-Benz fashion, the GLS wraps its industry-leading innovation in a tradition of craftsmanship that runs generations deep—a delectable mix of art and state-of-the-art. Silver-ringed gauges and metallic cabin details elegantly coexist with vivid color displays. The multifunction steering wheel is hand-stitched in Nappa leather, while putting the features you use most as close as your thumbs. It's also available with heating or with accents of hand-finished wood to match the dash and doors. No fewer than five wood cabin trim options include low-sheen Natural Grain Brown Ash, high-gloss Anthracite Poplar and deep Black Piano Lacquer.

*Optional or not available on some models. Please see back of brochure.

CONFIGURATIONS

MODES AND LOADS OF FUN

From mountain roads to mountains of luggage, the GLS is engineered to take it all in stride. Its versatile seating goes from 7 adults to 93.8 cubic feet in seconds. And with DYNAMIC SELECT, you can reconfigure the performance of the GLS to fit your surroundings—or your state of mind.

You'd expect a large SUV to have seats that fold down to make a lot of cargo room, but the GLS gives that premise a twist—quite literally. Just the turn of a multi-position knob on the console lets you set up your GLS to fit almost any situation of driving, hauling, carrying, climbing, or even just cruising along at a leisurely pace.

The system is called DYNAMIC SELECT, and each of its modes fine-tunes the powertrain and chassis to suit your driving conditions. Five core programs—Comfort, Sport, Slippery and Off-Road, plus an Individual mode that you can customize for yourself—adapt the throttle response, shifting behavior, steering feel, AIRMATIC® air suspension and more. Models with the Off-Road Package also add a more intense Off-Road+ program, while the AMG GLS 63 adds a Sport+ mode as well.

The versatile GLS cabin offers an even greater number of configurations to fit your needs, and your stuff. The 3rd-row seats power-fold in a 50/50 split. The second row folds in a 60/40 split, to create a fully flat and richly carpeted load floor that's more than 6.5 feet long.¹⁹

Mercedes me makes it easy to stay connected to your car, and your life. It can make any trip easier, more enjoyable, or more entertaining. And it'll bring you a world of rewards for being part of the family.

CHANGING WHAT'S REMOTELY POSSIBLE

Any time, any place

Life is better when you're connected. You don't have to leave your world behind when you're in your Mercedes-Benz. And you can have access to your car even after you park and walk away. It's all possible with *Mercedes me*.¹

Convenience at your fingertips

The *Mercedes me* website and smartphone app let you control features of your vehicle, interact with your dealer, and more. Your own homepage and the free app for Android® and iPhone® make it easy to plan ahead or be spontaneous.

Your car in your pocket

With the *Mercedes me* app,[†] you can remote-start your car, lock or unlock its doors, and keep an eye on it if you valet-park. And you can look up a destination or address and send it to your car's navigation system, all from your phone.

INSPIRING THE JOURNEY

Be part of something special

When you drive a Mercedes-Benz, you're part of the family. *Mercedes me* lets you follow along on featured road trips, learn about special events, and find out how you can join in on them.

Get the Star treatment

Get exclusive perks at world-class resorts when you stay at a partner hotel of *Mercedes me*. Visit MBUSA.com/mercedesme to find out more.

Enjoy the personal touch

Beyond its advanced, user-friendly technology, *Mercedes me* is a team of helpful people who genuinely care. Expert concierges are always on call to help you—from reservations to travel plans to assistance with virtually any request. And you can reach them anytime from wherever you use your smartphone.

SMOOTHING THE WAY

Ownership, simplified

From managing your Mercedes-Benz Financial Services account to reaching out to your dealer, *Mercedes me* makes it easy. Even if you have more than one Mercedes-Benz, you can access them all from the same app.

Technology, demystified

Get the most from the innovative features in your vehicle with helpful how-to videos and downloadable manuals—from your computer or the mobile app. You can even reach out to your dealer's expert Product Concierge.

Service, on your side

Is it time for service or maintenance? You can make an appointment right from the *Mercedes me* app. Flat tire, dead battery, or out of fuel? You can summon Mercedes-Benz Roadside Assistance to your side, 24/7, with a few taps.²¹

TOGETHER WHEREVER: mbrace

It's perfectly natural to develop an emotional attachment to your Mercedes-Benz. With mbrace, enjoying a technological connection is just as easy.

Mercedes-Benz mbrace® puts the power of *Mercedes me* to work for you—from apps to WiFi—when you're in your car, and remote vehicle features when you're not. Four mbrace packages let you tailor its many benefits to fit your life.

5 years of mbrace Connect included

Every new Mercedes-Benz comes with five years of mbrace Connect at no additional charge. It's the core mbrace package but it's far from basic, with remote features and in-car Internet.

Mercedes me app includes:	In-car features include:
Remote Start	Gas Stations & Fuel Prices
Remote Door Lock/Unlock	HERE™ Local Search
Remote Horn & Lights	Remote Diagnostics
Send2Benz™	Roadside Assistance
Valet Protect	Point-of-Interest Download
Vehicle Finder	Traffic Cameras
Curfew Minder	Yelp
and more	and more

mbrace Secure 6-month trial included

Peace of mind comes from automatic SOS calling after an accident, stolen vehicle tracking, and other security benefits.

Features include:
Automatic Alarm Notification
Automatic Collision Notification
SOS/Emergency Call
Stolen Vehicle Location Assistance
Agent-assisted Remote Door Lock/Unlock
Agent-assisted Vehicle Information
Safe Ride
and more

mbrace Concierge 3-month trial included

Live assistance from trained professionals, from tickets to a show to travel planning. An expert can even help you find a point of interest, and then guide you there, turn-by-turn.

Features include:
Mercedes-Benz Concierge
Point of Interest Destination Download
Turn-by-Turn Route Assistance
Location-based Traffic and Weather

mbrace Entertain 3-month trial included

Streaming audio and in-car WiFi for you and your passengers.

Features include:
iHeartRadio®
TuneIn® world radio
In-vehicle WiFi

GENUINE ACCESSORIES

Genuine Mercedes-Benz Accessories are engineered to exacting standards of quality, appearance and fit. They help make your car more of what you want or need it to be—from grille to liftgate, wheels to roof racks, cabin to cargo area. There's no better way to make your SUV all your own, while keeping it 100% Mercedes-Benz.

GLS Accessories include:

Illuminated Star NA with Driver Assistance Package or on AMG GLS 63

All-season floor liners

Cargo area tray and cargo box

Cargo net

Roof box Requires basic carrier

Ski/snowboard rack Requires basic carrier

Bicycle rack Requires basic carrier

Folding table Requires Base Module

Coat hanger Requires Base Module

The personal rewards of striving to be the best are even more meaningful in the development of young people than they are for automobiles. Instilling the values of leadership, goal-setting, discipline and teamwork in youth is an investment in everyone's future. It's why Mercedes-Benz USA is collaborating with the Laureus Sport for Good Foundation, with an ongoing commitment to train and place hundreds of coaches for after-school and in-school sports programs in communities around the country. Sports offer kids more than the chance to be physically active and have fun. It's also an opportunity to have a mentor who can guide them, help them learn how to deal with major life issues, and help them grow stronger not just physically but in their character. As a Mercedes-Benz driver, you become a part of this effort to give hundreds of thousands of kids a better life today, and all of us a brighter tomorrow.

ENDNOTES

- * Item is optional or not available on some models. See Packages and Options listing in this brochure or visit MBUSA.com for more information.
- Mercedes me and Mercedes-Benz mbrace® services operate only where cellular and GPS satellite signals are available, which are provided by third parties and not within the control of Mercedes-Benz USA, LLC. Five years of the mbrace Connect package are included with new-vehicle sales and leases at an authorized Mercedes-Benz dealer. Subscriber Agreement is required for service to be active. Secure, Concierge and Entertain services require acceptance of the complimentary mbrace Connect services, and paid subscriptions after their trial periods. Some services are only available on select vehicles. Your PIN is required to use certain services. WiFi and streaming apps require Premium Package, and an mbrace Entertain subscription. Connection may be limited by cellular signal. Apps may be introduced, updated or deleted at varying dates, and may also require a vehicle software update. Some services may be limited or restricted in some areas. Driver is responsible for complying with traffic and other laws. Mobile app is compatible with Apple iPhone® models running iOS 7.0 or later, and Android-based phones running OS 2.3 or later. See your dealer or MBUSA.com/mercedesme for details.
 - Wheel sizes vary by model. See Packages and Options listing.
 - Read Operator's Manual before towing. In some states, aftermarket trailer brakes are required. See dealer for details.
 - 2017 EPA estimated fuel economy. Compare the estimated mpg to the estimated mpg of other vehicles. You may get different mileage depending on how fast you drive, weather conditions and trip length. Driving range based on fuel tank capacity and estimated highway fuel economy.
 - AMG SPEEDSHIFT® PLUS 7G-TRONIC transmission and AMG Performance 4MATIC all-wheel drive on AMG GLS 63.
 - No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Performance is limited by available traction, which snow, ice and other conditions can affect. Always drive carefully, consistent with conditions. Best performance in snow is obtained with winter tires.
 - Off-road driving should only be attempted by drivers with the necessary skill, experience and understanding of the vehicle's limits. Read Operator's Manual before driving off-road or in deep water.
 - While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or visual displays once the vehicle has been stopped in a safe place. Maps do not cover all areas or all routes within an area. Online features require a subscription and one or more mbrace Packages.
 - Rearview camera and Surround View System do not audibly notify driver of nearby objects and are not a substitute for actively checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of dirt, ice or snow on the cameras.
 - Parking Pilot with Parking Assist is not a substitute for driver attention to the immediate surroundings, as well as any people, animals or vehicles in or approaching the vehicle's maneuvering range. System cannot determine if a space is legally available or of a suitable surface for parking. See Operator's Manual for additional information, tips and warnings.
 - Active Brake Assist may not be sufficient to avoid an accident. It does not react to certain stationary objects, nor recognize or predict the curvature and/or lane layout of the road or every movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely. See Operator's Manual for system's operating speeds and additional information and warnings.
 - Driving while drowsy or distracted is dangerous and must be avoided. ATTENTION ASSIST® and/or Lane Keeping Assist may be insufficient to alert a fatigued or distracted driver of lane drift and cannot be relied on to avoid an accident or serious injury. See Operator's Manual for system's operating speeds and additional information and warnings.
 - Distance Pilot DISTRONIC® adaptive cruise control is no substitute for active driving involvement. It does not adapt cruising speed in response to stationary objects, nor does it predict the curvature and lane layout of the road ahead or the movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely.
 - Blind Spot Assist may not be sufficient to avoid all accidents involving vehicles in your blind spot and does not estimate the speed of approaching vehicles. It is not to be used as a sole substitute for driver awareness and checking of surrounding traffic conditions. See Operator's Manual for system's operating speeds and additional information and warnings.
 - System cannot prevent a collision, and does not alert the driver of an impending collision or system activation. It does not intervene if vehicle is backing up, and does not apply the brakes if the driver is accelerating or if Active Parking Assist is operating.
 - Stated rates of acceleration are estimated based upon manufacturer's track results and may vary depending on model, environmental and road surface conditions, driving style, elevation and vehicle load.
 - The purchase of a new, satellite radio-enabled vehicle includes a 6-month introductory subscription to the Sirius All Access package, as well as a 5-year introductory subscription to SiriusXM Traffic and SiriusXM Weather when equipped with the Premium 2 or Premium 3 Package. SiriusXM Traffic and Weather services are available for select markets. SiriusXM Satellite Radio, SiriusXM Traffic and SiriusXM Weather subscriptions are sold separately or as a package after trial period. If you decide to continue your subscription after your trial, the plan you choose will automatically renew and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change.
 - Apple CarPlay™ is a product of Apple Inc. Android Auto is a product of Google Inc. Device and app providers' terms and privacy statements apply. Requires connected compatible device and data plan. Apps, content and features are selected solely by their providers. Connection to apps and streaming services may be limited by the device's network connection. Data usage is routed through device and subject to fees, charges and restrictions in user's wireless plan. Vehicle's factory audio/information interface, including COMAND® navigation and the apps of Mercedes-Benz mbrace®, may not be used simultaneously with Apple CarPlay or Android Auto. When Apple CarPlay or Android Auto is in use, the steering-wheel voice control button accesses Siri® or Google voice recognition software for voice commands.
 - Unsecured cargo can become hazardous in a collision. Always secure cargo using the floor-mounted tie-downs.
 - Steering wheel options may not be ordered together.
 - Roadside Assistance repairs may involve charges for parts, service and towing. Vehicle must be accessible from main roads. Depending on the circumstance, these services may be provided by an outside provider, courtesy of Mercedes-Benz Roadside Assistance. Restricted roadways, acts of nature and vehicle accessibility may limit our ability to provide services to you. For full details, eligibility requirements, and limitations/exclusions of Sign and Drive services, as well as the Roadside Assistance Program, please see your dealer.

[†]Available Summer 2016.

The online world of Mercedes-Benz is one of many ways you can enjoy being part of the family. You can keep up to date with news and events, or take in an entertaining film. You can get more from your vehicle with helpful tutorial videos and downloadable manuals. And you can check out photos from other Mercedes-Benz drivers and fans, and—perhaps best of all—share yours as well.
