AMG
DRIVING PERFORMANCE

Standard and available equipment vary by model. Please see back of brochure.

SOCIAL CLIMBING

IT'S THE DOORS IT CAN OPEN

A Mercedes-Benz coupe is never a mere two-door sedan. Its unique magic captures the passion of driving and the romance of the road. Infuse it with the character of an SUV and the soul of an AMG sports car, and you'll have the GLE Coupe. There may be no end to the doors it can open.

Let's get right to it: With four doors, a power liftgate and a commanding stance, "coupe" is probably not the first word that comes to mind when you see this out-of-the-box reimaging of the GLE. But if you think about the qualities that have long defined a Mercedes-Benz coupe, you'll realize the term is a tailor-fit: It's a fusion of racing-bred performance and finely tailored luxury. A sleek profile with a tautly arching roof. And a feeling of driving enjoyment that can be shared by all aboard.

The GLE Coupes embody this spirit even more strongly because they are part of the Mercedes-AMG bloodline—born from a stable of thoroughbreds and raised to carry on a tradition of ever-advancing performance. From the small German orchard town of Affalterbach, AMG has been conquering tracks and earning trophies for nearly

half a century. The people of AMG are more than racers. They're dreamers, visionaries and perfectionists. They develop technologies that heighten power, like patented NANOSLIDE® cylinder walls that slash friction and wear. They shatter limitations, creating rear-biased all-wheel drive that's tenacious yet nimble. They break Formula 1® records. They're far and away the most winning name in the DTM (German Touring Car Championship). And they turn victory into vehicles that conquer the streets of the world, and win the hearts of its most passionate drivers.

While the GLE is not a traditional coupe or SUV, it takes both to new dimensions: Versatile room with racing-bred verve. A supple cabin on a rugged, capable chassis. And a coupe that's notable not for how many doors are on it, but for how it takes tradition and blows its doors off.

2017

KEY FEATURES

IT CAN TURN *POWER, GRIP* AND *UNMISTAKABLE AUDACITY* INTO *PROWESSION, GRIT* AND *UNDENIABLE AUTHORITY*

PERFORMANCE	DESIGN	SAFETY	LUXURY	TECHNOLOGY
Thoroughbred performance with the AMG pedigree. Air suspension and multiple drive programs for varying loads and roads.	The confident stance of a Mercedes-Benz SUV. The toned muscle and wind-honed lines of a Mercedes-AMG Coupe.	Groundbreaking safety systems that watch the road ahead, and all around. Active and semi-autonomous systems to assist you.	Sumptuous, supportive seating. Impeccably tailored cabin appointments. And a giant glass Panorama roof to bring the sky indoors.	User-friendly innovations to keep you connected, engaged and in charge. Intuitive controls to keep your world within reach.
AMG-enhanced V6 biturbo or handcrafted AMG V8 biturbo engine	Bold SUV strength with the athletic stance of a coupe	Radar-based Active Brake Assist collision mitigation	Heated, ventilated* and massaging* front seats	COMAND® with 8" color screen and touchpad
AMG DYNAMIC SELECT drive modes	21" or 22" wheels*	ATTENTION ASSIST®	Reclining and split-folding rear seats, power liftgate	<i>Mercedes me</i> with smartphone app, Remote Start, and in-car Internet ²
AMG Performance 4MATIC® all-wheel drive with rear bias	Active LED headlamps and LED taillamps	PRE-SAFE®	Power tilt/sliding Panorama roof	Apple CarPlay™ and Android Auto
Self-leveling, height-adjustable AMG AIRMATIC® sport suspension	Aero-aggressive AMG body styling	Intelligent Drive active safety suite including Distance Pilot DISTRONIC®*	Multicolor LED ambient lighting*	ACTIVE CURVE SYSTEM*
	Generous room for 5 adults, or up to 60.7 cu ft of cargo ¹	Surround View camera system*	Two choices in surround sound*	KEYLESS-GO®

*Optional or not available on some models. Please see back of brochure.

PERFORMANCE

MIGHT BECOMES WILL

Nobody admires a might-do attitude. A GLE Coupe converts can-do into done well. More than just an attitude, it has the aptitude to wield its massive torque with precision, and to turn agility and ability into accomplishment. Might is not a word in the GLE Coupe's lexicon. But mighty is.

Lurking beneath the twin power domes of a GLE Coupe hood is a performance legacy that AMG keeps driving into the future. Advanced technologies yield greater power from less displacement, and instantly dispatch it to the wheels that can best turn torque into traction.

An AMG-enhanced biturbo V6 can rush the AMG GLE 43 from 0 to 60 mph in 5.6 seconds.³ Under its distinctive engine cover, high-pressure Direct Injection and rapid-multispark ignition team up to optimize performance with millisecond speed and molecular precision. Higher turbo boost helps the compact 3.0L V6 output 362 hp and 384 lb-ft of torque. An AMG-enhanced 9G-TRONIC 9-speed puts all that power at your feet, or fingertips.

A handcrafted AMG 5.5L biturbo V8 thrusts the 577-hp GLE 63 S to 60 in 4.1 seconds. An AMG SPEEDSHIFT® PLUS 7G-TRONIC expertly channels the V8's torrent of torque (561 lb-ft) over a wide span of revs (from 1,750 to 5,250 rpm), for a rush of response in any situation.

AMG Performance 4MATIC® all-wheel drive sends 60% of either coupe's torque to the ultrawide rear tires on 21" or 22" wheels.* It's a setup engineered to balance all-season SUV confidence with legendary AMG agility.

PASSENGER PARADISE

There's even more to the GLE than its fusion of a coupe soul and SUV muscle. Its cabin offers the spaciousness and finery of a Mercedes-Benz luxury sedan. The commanding view from the heated front seats can be further enhanced with cooling ventilation as well as multicontour adjustment with a massage feature.* Upholstery is finely tailored in an array of colors, materials and sew patterns. The rear seat is among the widest in class, with seatbacks that can be heated* and recline to several positions. The standard power Panorama roof lets all five passengers take in the sun and stars via a heat-rejecting tinted glass panel that tilts up or slides open.

DRIVER'S DELIGHT

A vivid 8" color screen is set high in the central dash. Its sleek slimline design lets it be placed closer to your line of sight, while its rotary/touchpad controller is located on the console—where your hand falls naturally and comfortably. The COMAND® system's illustrated and animated menus help make the GLE's extensive entertainment, navigation⁴ and convenience settings easy to reach, and easy to grasp. The touchpad works a lot like your smartphone, so you can pinch to zoom its 3D maps, swipe through menus, and even write an address with your finger. Nearby controls adjust the air suspension and driving modes of AMG DYNAMIC SELECT.

TAKES CARE OF YOU LIKE A COUPE

ROOM TO ROAM

Power-open the GLE Coupe's sloping liftgate and you'll find 23 cubic feet of richly carpeted space under its removable cargo cover. That's virtually the same as the GLE SUV—one of the roomiest in its class. The rear seats fold down in a 60/40 split, nearly tripling the cargo capacity to 60.7 cubic feet.¹ The cargo area features a side parcel net, grocery bag hooks, and a 12V power port. There's also a household-style 115V power outlet in the rear seating area, useful for keeping your devices charged on the go. It's also ideal for plugging in a game console or other device, especially if you opt for the dual-screen, multiple-input Rear Seat Entertainment system.

WELCOME HOME

The excitement of driving a GLE Coupe starts before you even get in. To acknowledge your anticipation, its illuminated entry system shines a Three-Pointed Star on the pavement from each side mirror. Once underway, the GLE Coupe's arching white LED Daytime Running Lamps help get you noticed—both by oncoming drivers and admiring pedestrians. By night, active LED headlamps generate whiter, brighter light that's more like natural daylight. They also adapt their beams to your steering actions and to traffic ahead, to shine more light where you need it, without creating glare for other drivers. Wide, wraparound LED taillamps leave a lasting impression.

TAKES CHARGE LIKE AN SUV

ARTFUL AMBIENCE

THE GLE cockpit wraps its industry-leading innovation in a tradition of craftsmanship. Classic analog gauges elegantly coexist with vivid color displays, both ideally suited to convey their vital information. The multifunction steering wheel is hand-stitched in Nappa leather, while putting the features you use most as close as your thumbs. An AMG Performance steering wheel with DINAMICA microsuede side grips is also available. Six cabin trim options range from low-sheen Natural Grain Brown Ash wood, to carbon fiber and Black Piano Lacquer. And the glow of multicolor ambient lighting* can outline the cabin in any of three driver-selectable hues.

ADVANCED ASSISTS

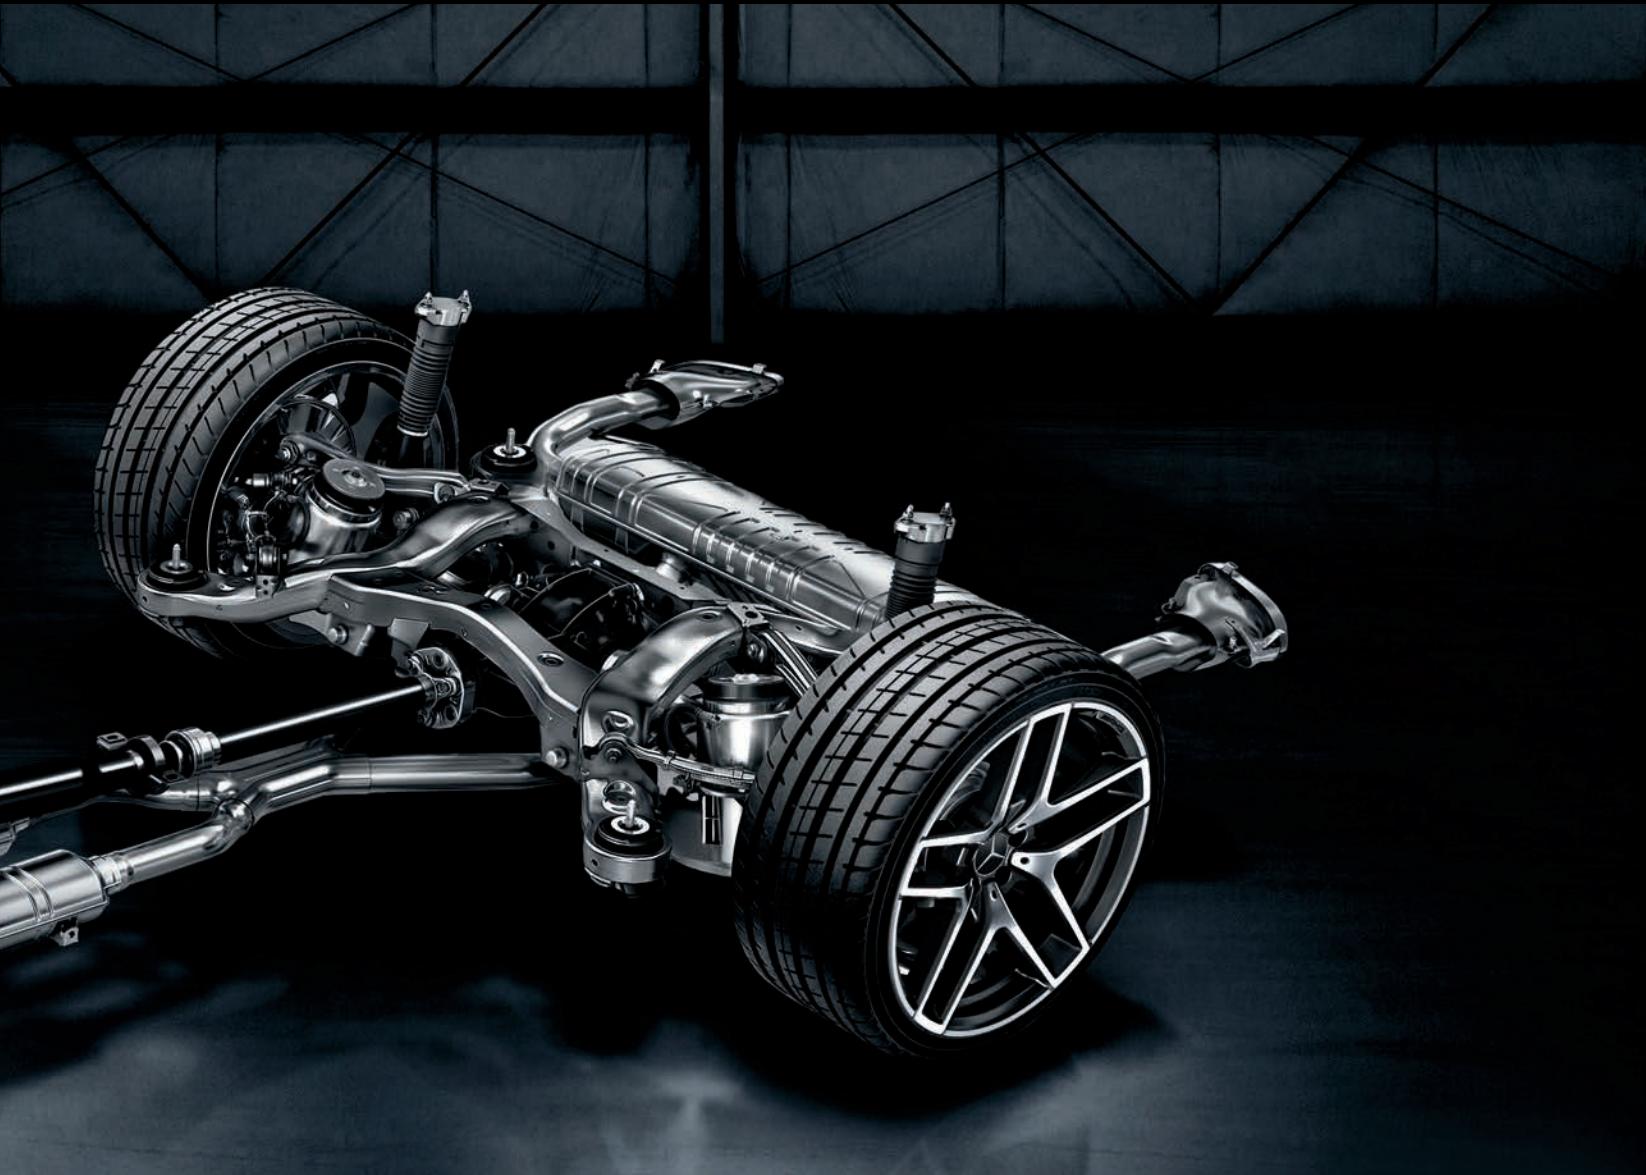

An advanced network of radar, cameras and other sensors, the assists of Mercedes-Benz Intelligent Drive can help make driving safer, less stressful and more enjoyable. Active Brake Assist helps detect if you're approaching a vehicle ahead too quickly. It can alert you to brake, and initiate braking if you don't.⁵ Distance Pilot DISTRONIC[®] cruise control* adapts to the traffic flow—even stop-and-go⁶—while Steering Pilot helps keep you centered in your lane. Active Blind Spot⁷ and Lane Keeping Assists⁸ help ease driving on multilane roads. Other systems can alert you to cross-traffic or pedestrians in your path, or help prepare for an impending rear collision.⁹

*Optional or not available on some models. Please see back of brochure.

*Optional or not available on some models. Please see back of brochure.

BRUTE FINESSE

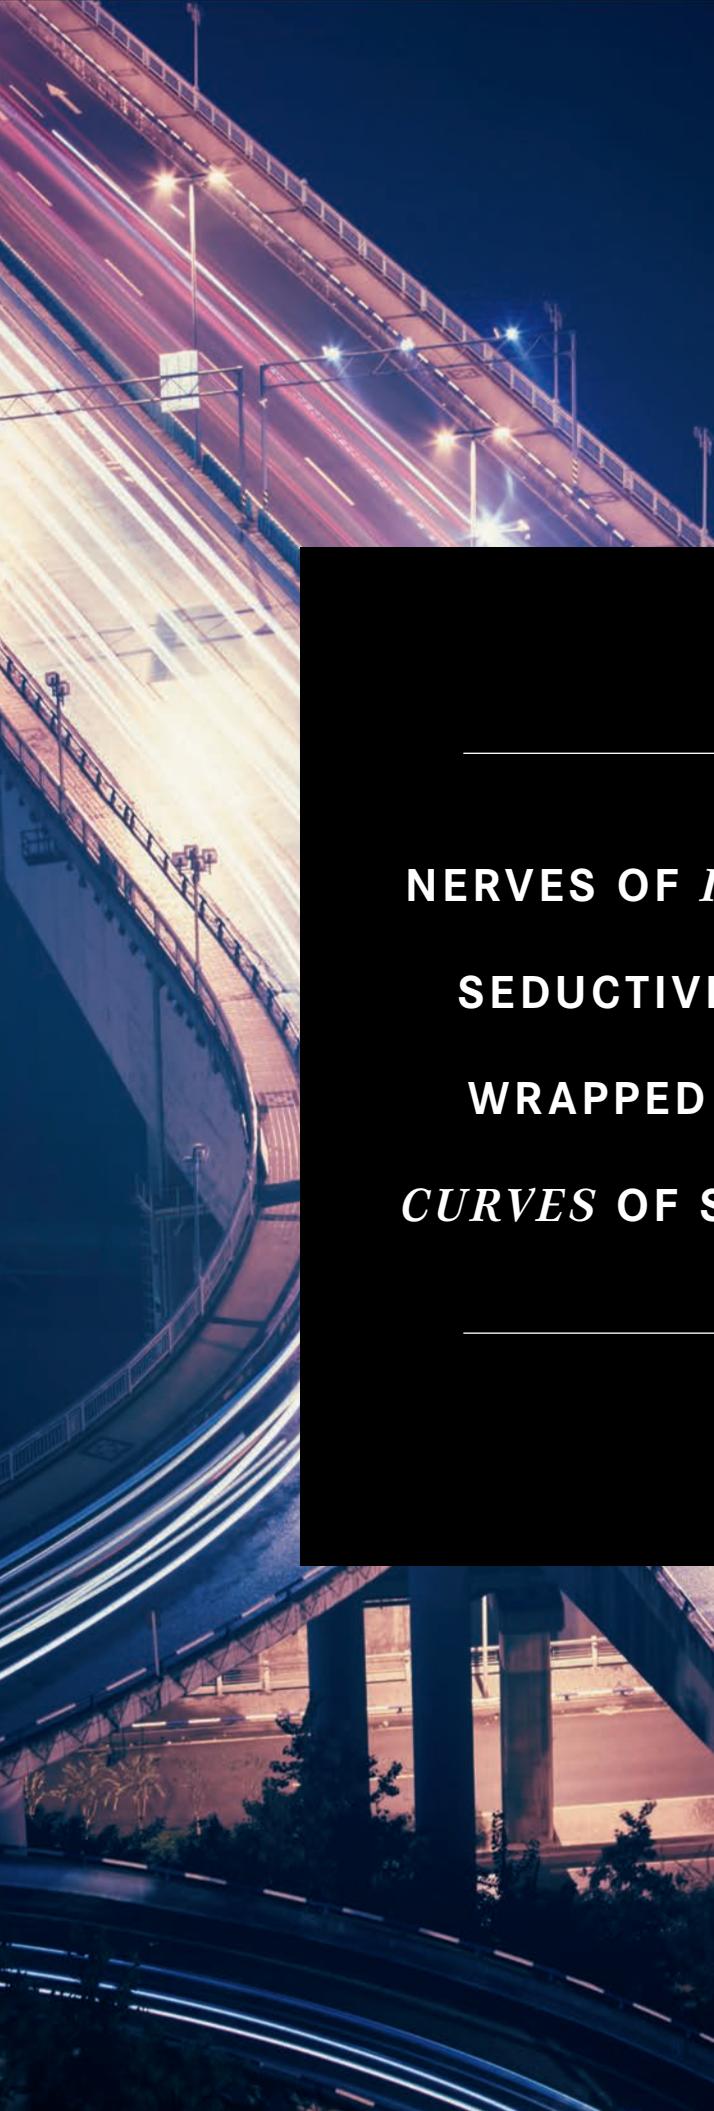

Want a straight answer on how well an SUV drives? Throw it a curve. The GLE Coupe will be quick to respond, with an advanced 4-wheel independent, electronically controlled, multimode, height-adjusting air suspension. It not only has the brawn to rise to the occasion. It also has the brains to lower. And the confidence to let you decide.

With the GLE, Mercedes-AMG has raised the performance coupe to a higher power, and a higher standard. Its muscular body rides on an even more athletic chassis that converts pressure into poise.

At each corner is a substantial 21" or 22" wheel—10" wide at the front axle and no less than 11" wide at the rear—plus a sizable disc brake and a multimode air spring-strut. The AMG Sport Suspension based on AIRMATIC® adapts instantly to driving dynamics. It firms up in corners, lowers to enhance stability and efficiency at speed, and lets you adjust its ride height. With five modes, AMG DYNAMIC

SELECT lets you vary the suspension, steering, throttle, shifting, ESP® and even the exhaust sound with a twist of a console control.

Crosswind Assist seamlessly helps negate the effects of side gusts or passing trucks. And the ACTIVE CURVE SYSTEM* employs electrohydraulically variable front and rear stabilizer bars. In hard corners, they tighten to minimize body lean—even more so in the Sport modes of AMG DYNAMIC SELECT. In gentle turns or straight-ahead driving, they relax to enhance ride comfort. Curvy roads to heavy loads, a GLE Coupe takes it on with strength, and in stride.

Mercedes me makes it easy to stay connected to your car, and your life. It can make any trip easier, more enjoyable, or more entertaining. And it'll bring you a world of rewards for being part of the family.

CHANGING WHAT'S REMOTELY POSSIBLE

Any time, any place

Life is better when you're connected. You don't have to leave your world behind when you're in your Mercedes-Benz. And you can have access to your car even after you park and walk away. It's all possible with *Mercedes me*.²

Convenience at your fingertips

The *Mercedes me* website and smartphone app let you control features of your vehicle, interact with your dealer, and more. Your own homepage and the free app for Android® and iPhone® make it easy to plan ahead or be spontaneous.

Your car in your pocket

With the *Mercedes me* app, you can remote-start your car, lock or unlock its doors, and keep an eye on it if you valet-park. And you can look up a destination or address and send it to your car's navigation system, all from your phone.

INSPIRING THE JOURNEY

Be part of something special

When you drive a Mercedes-Benz, you're part of the family. *Mercedes me* lets you follow along on featured road trips, learn about special events, and find out how you can join in on them.

Get the Star treatment

Get exclusive perks at world-class resorts when you stay at a partner hotel of *Mercedes me*. Visit MBUSA.com/mercedesme to find out more.

Enjoy the personal touch

Beyond its advanced, user-friendly technology, *Mercedes me* is a team of helpful people who genuinely care. Expert concierges are always on call to help you—from reservations to travel plans to assistance with virtually any request. And you can reach them anytime from wherever you use your smartphone.

SMOOTHING THE WAY

Ownership, simplified

From managing your Mercedes-Benz Financial Services account to reaching out to your dealer, *Mercedes me* makes it easy. Even if you have more than one Mercedes-Benz, you can access them all from the same app.

Technology, demystified

Get the most from the innovative features in your vehicle with helpful how-to videos and downloadable manuals—from your computer or the mobile app. You can even reach out to your dealer's expert Product Concierge.

Service, on your side

Is it time for service or maintenance? You can make an appointment right from the *Mercedes me* app. Flat tire, dead battery, or out of fuel? You can summon Mercedes-Benz Roadside Assistance to your side, 24/7, with a few taps.¹⁷

TOGETHER WHEREVER: *mbrace*

*It's perfectly natural to develop an emotional attachment to your Mercedes-Benz. With *mbrace*, enjoying a technological connection is just as easy.*

Mercedes-Benz *mbrace*® puts the power of *Mercedes me* to work for you—from apps to WiFi—when you're in your car, and remote vehicle features when you're not.² Four *mbrace* packages let you tailor its many benefits to fit your life.

*5 years of *mbrace Connect* included*

Every new Mercedes-Benz comes with five years of *mbrace Connect* at no additional charge. It's the core *mbrace* package but it's far from basic, with remote features and in-car Internet.

Mercedes me app includes:

Remote Start	Gas Stations & Fuel Prices
Remote Door Lock/Unlock	HERE™ Local Search
Remote Horn & Lights	Remote Diagnostics
Send2Benz™	Roadside Assistance
Valet Protect	Point-of-Interest Download
Vehicle Finder	Traffic Cameras
Curfew Minder	Weather
and more	and more

In-car features include:

Automatic Alarm Notification
Automatic Collision Notification
SOS/Emergency Call
Stolen Vehicle Location Assistance
Agent-assisted Remote Door Lock/Unlock
Agent-assisted Vehicle Information
Safe Ride
and more

**mbrace Secure* 6-month trial included*

Peace of mind comes from automatic SOS calling after an accident, stolen vehicle tracking, and other security benefits.

Features include:

Automatic Alarm Notification
Automatic Collision Notification
SOS/Emergency Call
Stolen Vehicle Location Assistance
Agent-assisted Remote Door Lock/Unlock
Agent-assisted Vehicle Information
Safe Ride
and more

**mbrace Concierge* 3-month trial included*

Live assistance from trained professionals, from tickets to a show to travel planning. An expert can even help you find a point of interest, and then guide you there, turn-by-turn.

Features include:

Mercedes-Benz Concierge
Point of Interest Destination Download
Turn-by-Turn Route Assistance
Location-based Traffic and Weather

**mbrace Entertain* 3-month trial included*

Streaming audio and in-car WiFi for you and your passengers.

Features include:

iHeartRadio®
Tuneln® Radio
In-vehicle WiFi

GENUINE ACCESSORIES

Genuine Mercedes-Benz Accessories are engineered to exacting standards of quality, appearance and fit. They help make your vehicle more of what you want or need it to be—from grille to liftgate, wheels to roof racks, cabin to cargo area. There's no better way to make your SUV all your own, while keeping it 100% Mercedes-Benz.

GLE Coupe Accessories include:

Illuminated Star NA with Premium 3 Package

Cargo mat

Rear bumper protector

Cargo net

Telescopng cargo bars

Chrome hood fins

The personal rewards of striving to be the best are even more meaningful in the development of young people than they are for automobiles. Instilling the values of leadership, goal-setting, discipline and teamwork in youth is an investment in everyone's future. It's why Mercedes-Benz USA is collaborating with the Laureus Sport for Good Foundation, with an ongoing commitment to train and place hundreds of coaches for after-school and in-school sports programs in communities around the country. Sports offer kids more than the chance to be physically active and have fun. It's also an opportunity to have a mentor who can guide them, help them learn how to deal with major life issues, and help them grow stronger not just physically but in their character. As a Mercedes-Benz driver, you become a part of this effort to give hundreds of thousands of kids a better life today, and all of us a brighter tomorrow.

Learn more about how Mercedes-Benz USA believes in giving back at MBUSA.com/community

END NOTES

- * Item is optional or not available on some models. See Packages and Options listing in this brochure or visit MBUSA.com for more information.
- 1 Unsecured cargo can become hazardous in a collision. Always secure cargo using the floor-mounted tie-downs.
- 2 *Mercedes me* and Mercedes-Benz mbrace® services operate only where cellular and GPS satellite signals are available, which are provided by third parties and not within the control of Mercedes-Benz USA, LLC. Five years of the mbrace Connect package are included with new-vehicle sales and leases at an authorized Mercedes-Benz dealer. Subscriber Agreement is required for service to be active. Secure, Concierge and Entertain services require acceptance of the complimentary mbrace Connect services, and paid subscriptions after their trial periods. Some services are only available on select vehicles. Your PIN is required to use certain services. WiFi and streaming apps require an mbrace Entertain subscription. Connection may be limited by cellular signal. Apps may be introduced, updated or deleted at varying dates, and may also require a vehicle software update. Some services may be limited or restricted in some areas. Driver is responsible for complying with traffic and other laws. Mobile app is compatible with Apple iPhone® models running iOS 7.0 or later, and Android-based phones running OS 2.3 or later. See your dealer or MBUSA.com/mercedesme for details.
- 3 Stated rates of acceleration are estimated based upon manufacturer's track results and may vary depending on model, environmental and road surface conditions, driving style, elevation and vehicle load.
- 4 While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or visual displays once the vehicle has been stopped in a safe place. Maps do not cover all areas or all routes within an area. Online features require a subscription and one or more mbrace Packages.
- 5 Active Brake Assist may not be sufficient to avoid an accident. It does not react to certain stationary objects, nor recognize or predict the curvature and/or lane layout of the road or every movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely. See Operator's Manual for system's operating speeds and additional information and warnings.
- 6 Distance Pilot DISTRONIC® adaptive cruise control is no substitute for active driving involvement. It does not adapt cruising speed in response to stationary objects, nor does it predict the curvature and lane layout of the road ahead or the movement of vehicles ahead. It is the driver's responsibility at all times to be attentive to traffic and road conditions, and to provide the steering, braking and other driving inputs necessary to retain control of the vehicle. Drivers are cautioned not to wait for the system's alerts before braking, as that may not afford sufficient time and distance to brake safely.
- 7 Blind Spot Assist may not be sufficient to avoid all accidents involving vehicles in your blind spot and does not estimate the speed of approaching vehicles. It must not be used as a sole substitute for driver awareness and checking of surrounding traffic conditions. See Operator's Manual for system's operating speeds and additional information and warnings.
- 8 Driving while drowsy or distracted is dangerous and must be avoided. ATTENTION ASSIST® and/or Lane Keeping Assist may be insufficient to alert a fatigued or distracted driver of lane drift and cannot be relied on to avoid an accident or serious injury. See Operator's Manual for system's operating speeds and additional information and warnings.
- 9 System cannot prevent a collision, and does not alert the driver of an impending collision or system activation. It does not intervene if vehicle is backing up, and does not apply the brakes if the driver is accelerating or if Active Parking Assist is operating.
- 10 Read Operator's Manual before towing. In some states, aftermarket trailer brakes are required. See dealer for details.
- 11 Parking Pilot is not a substitute for driver attention to the immediate surroundings, as well as any people, animals or vehicles in or approaching the vehicle's maneuvering range. System cannot determine if a space is legally available or of a suitable surface for parking. See Operator's Manual for additional information, tips and warnings.
- 12 Rearview camera and Surround View System do not audibly notify driver of nearby objects and are not a substitute for actively checking around the vehicle for any obstacles or people. Images displayed may be limited by camera field of view, weather, lighting conditions and the presence of dirt, ice or snow on the cameras.
- 13 The purchase of a new, satellite radio-enabled vehicle includes a 6-month introductory subscription to the Sirius All Access package, as well as a 5-year introductory subscription to SiriusXM Traffic and SiriusXM Weather. SiriusXM Traffic and Weather services are available for select markets. SiriusXM Satellite Radio, SiriusXM Traffic and SiriusXM Weather subscriptions are sold separately or as a package after trial period. If you decide to continue your subscription after your trial, the plan you choose will automatically renew and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change.
- 14 Apple CarPlay™ is a product of Apple Inc. Android Auto is a product of Google Inc. Device and app providers' terms and privacy statements apply. Requires connected compatible device and data plan. Apps, content and features are selected solely by their providers. Connection to apps and streaming services may be limited by the device's network connection. Data usage is routed through device and subject to fees, charges and restrictions in user's wireless plan. Vehicle's factory audio/information interface, including COMAND® navigation and the apps of Mercedes-Benz mbrace®, may not be used simultaneously with Apple CarPlay or Android Auto. When Apple CarPlay or Android Auto is in use, the steering-wheel voice control button accesses Siri® or Google voice recognition software for voice commands.
- 15 Steering wheel options may not be ordered together. Heated steering wheel replaces standard flat-bottom steering wheel with a round design.
- 16 Spare tire is replaced with TIREFIT sealant and a portable air pump.
- 17 Roadside Assistance repairs may involve charges for parts, service and towing. Vehicle must be accessible from main roads. Depending on the circumstance, these services may be provided by an outside provider, courtesy of Mercedes-Benz Roadside Assistance. Restricted roadways, acts of nature and vehicle accessibility may limit our ability to provide services to you. For full details, eligibility requirements, and limitations/exclusions of Sign and Drive services, as well as the Roadside Assistance Program, please see your dealer.
