The V-Class. As large as life.

Climb aboard and be prepared to enjoy every mile of the way in the V-Class. It is as multi-faceted as your life and as marvellous as your dreams. With a characteristic design that can be tailored to your preferences, right down to the smallest details. Offering an agile and comfortable driving experience which is unrivalled at comparable levels of fuel consumption. And with unparalleled hallmark Mercedes-Benz comfort and safety standards. To ensure that family journeys are even more relaxed affairs, recreational adventures are even more thrilling and shuttle-bus passengers reach their destinations in unprecedented comfort and style. The V-Class: taking great motoring to a new dimension!

Class comes in many guises.

THE BEST IN EVERY FORMAT.

Experience the V-Class using the Mercedes-Benz catalogue app for the iPad® or the "Mercedes-Benz Guides" app for smartphone or tablet computer (iOS and Android). The apps include a whole series of films and animations as well as further additional content such as the mobile version of the Owner's Manual, and are available free from the Apple® iTunes® Store (iOS) or the Google Play Store.

Detailed fuel consumption figures are to be found under "Technical data".

The images may show accessories and optional equipment that can be deselected from, or added to, the standard equipment.

Magnificent. And one of a kind.

The V-Class was developed for life's pleasures and challenges. Its powerful and distinctive lines make it a real eye-catcher – especially in the new EXCLUSIVE equipment line and the AMG Line. It's big on the inside, too: its variable space concept, the intelligent assistance and safety systems and the innovative multimedia systems offering excellent connectivity plus Mercedes me connect to render your personal mobility even more simple and convenient make the V-Class unique in its segment. Its powerful drive system offers thrilling driving experiences and whets the appetite for life's upcoming pleasures and challenges.

Class with a capital V.

The high-quality interior of the V-Class introduces a new favourite place into your life. An exclusive cockpit awaits you in an accomplished design featuring a selection of premium-quality materials. The panoramic sliding sunroof¹ treats you to even more light and air. The 2 temperature-controlled double cup holders or the refrigerated compartment² will ensure you have the appropriate drinks to hand. And if you're out on the road at night, the mood-enhancing ambient lighting in the V-Class AVANTGARDE and V-Class EXCLUSIVE will provide an incomparably soothing atmosphere.

¹ The panoramic sliding sunroof is available as an option. It is part of the scope of equipment of the V-Class EXCLUSIVE.

² The centre console with integrated refrigerated compartment is available as an option. It is part of the scope of equipment of the V-Class EXCLUSIVE.

Practical vehicles can be so attractive.

The V-Class is a treat to behold from any angle. Its lines are harmonious and distinctive – as befitting a genuine Mercedes-Benz passenger car. From the expressive front featuring a dynamically shaped radiator grille through the dynamic side lines to the functional rear end with the attractively designed tail lights. For those who still want more, we have put together 5 attractive design and equipment lines and design packages, such as the V-Class EXCLUSIVE and the AMG Line, for example. To make the V-Class yet more exclusive, yet sportier and yet more your very own V-Class.

Celebrating space.

Whether for the small joys of everyday life or for leisure excursions, the V-Class is ready to go. There is ample space for whatever you need to take with you, plus plenty of great ideas to make loading and unloading a straightforward matter. The separately opening tailgate¹ is a case in point. Its space-saving opening system and the optionally available luggage compartment stowage tray with 2 shopping crates² make loading and unloading absolute child's play. Opening and closing the optional electric EASY-PACK tailgate³ couldn't be easier, either – a push of a button is all it takes. The multiple and varied seat configurations and adjustment options of the V-Class also make it more than versatile enough to keep up with the needs of your children.

¹ Optional for the V-Class, standard for the V-Class AVANTGARDE and the V-Class EXCLUSIVE. ² Shopping crates are available for the long and extra-long vehicle length variants. ³ Optional for the V-Class and the V-Class AVANTGARDE and standard for the V-Class EXCLUSIVE.

Space to revel in.

Amaze your passengers – with the dynamic character and prestige appeal of the V-Class. The optional AVANTGARDE Interior Design package¹ featuring exclusive nappa leather – in marron, black or silk-beige – and trim in brushed aluminium-look immediately offers a thrilling reception. An elegantly spacious setting which exudes an even more congenial ambience in the bright and welcoming light entering through the panoramic sliding sunroof¹. The seating concept demonstrates well-conceived versatility, allowing a 6-seater to be transformed into an MPV for up to 8 people in next to no time, for example.²

¹ Optionally available, standard for the V-Class EXCLUSIVE. ² 8 seats are available in conjunction with a 3-passenger bench seat in the 2nd rear row, for example. The seating configuration shown here consists of 4 individual seats in the rear. Contact your Mercedes-Benz dealer for more information.

Sporting pleasures.

Power and driving comfort combine to produce a refined sporty character. You will be delighted at the power and agility of the V-Class on the road. The drivetrain and suspension reconcile agility and comfort to perfection. For all its space inside, the V-Class demonstrates excellent manoeuvring capability even in tight situations on the road and boasts a small turning circle. With plenty of variable space to accommodate sports equipment, the V-Class is the ideal vehicle to support your sporting aspirations.

Come rain, storm or snow.

You divide your time between the urban jungle and the countryside around it? No problem at all for the V-Class with the permanent all-wheel drive system 4MATIC¹ – it will just fit in with your lifestyle. Thanks to the electronic traction system 4ETS, the V-Class will stay with you through thick and thin, through wet and slippery and through ice and snow. The focus is always on safety, comfort and dynamic handling. The weather becomes irrelevant, whatever the road conditions while you and your fellow passengers are out and about.

¹ 4MATIC permanent all-wheel drive is only available in conjunction with 7G-TRONIC PLUS.

Safe to say it's a role model.

A partner you can always rely on. With its assistance and safety systems the V-Class will support you in many driving situations, providing for a safer, more relaxed and assured driving experience. The Mercedes-Benz Intelligent Drive safety concept comprises state-of-the-art systems such as the optional DISTRONIC Distance Pilot¹, the LED Intelligent Light System², COLLISION PREVENTION ASSIST³ and the 2 optional parking packages with Active Parking Assist and reversing camera or the 360° camera which is without parallel in the segment. All this ensures that you and your passengers can enjoy every mile in safety on board the V-Class. And other road users also benefit from the exemplary safety offered by the V-Class.

¹ With COLLISION PREVENTION ASSIST. ² Optional for the V-Class, standard for the V-Class AVANTGARDE and the V-Class EXCLUSIVE. ³ COLLISION PREVENTION ASSIST is optionally available either separately or in conjunction with the optional Driving Assistance package.

Fuel consumption down. Pulse rate up.

The V-Class combines low fuel consumption and emissions with high ride comfort and agile handling in masterly fashion. With its powerful and fuel-efficient engines running on as little as 5.9 l per 100 km¹ the V-Class points the way to a bright future.

¹ V 220 d with BlueEFFICIENCY package in conjunction with 7G-TRONIC PLUS. Detailed fuel consumption figures are to be found under "Technical data".

What makes a car a Mercedes?

Tradition brings with it responsibilities: in our case, above all the responsibility to innovate. We have taken hitherto unknown routes. Milestone after milestone. It's a journey that led to the first vehicle with a crumple zone, the first ABS, the first diesel passenger car. The first car. But much as we enjoy looking back, we still prefer looking forward.

Mercedes-Benz Intelligent Drive – our vision of accident-free driving. We develop intelligent technologies that actively support drivers and noticeably reduce the strain of driving. The V-Class is already available with a series of invaluable assistance systems. These help by automatically maintaining a steady distance to the vehicle in front, can brake to slow the vehicle if necessary¹ and can warn of imminent rear-end collisions or of vehicles in the driver's blind spot. Potentially dangerous situations are recognised earlier than ever – and thus more often avoided.

BlueEFFICIENCY – our vision of emission-free driving. Sustainability is an important concept and one that we aim to apply in every aspect of what we do. From environmentally compatible production techniques through to alternative drive concepts. The V-Class, for example, includes the ECO start/stop function.

Mercedes-Benz Design – history written in flowing lines. A particular sensitivity for design and the mood of the times, allied to a meticulous attention to detail, has always enabled us to develop fascinating, holistically conceived and stylish design icons for tomorrow's world. Fascination is the central thread that runs through everything we do at Mercedes-Benz. From the initial idea, through design models to the moment when a vision becomes reality. From the first impression of the exterior through to the inner qualities such as the use of the finest materials or pioneering operating concepts – model after model, Mercedes-Benz applies sensual purity and perfection in design to create something new and, at the same time, to achieve a recognition factor for its products. It is this quality of design that has led to the V-Class being honoured with the Red Dot Award. Sensuous, dynamic lines, intelligently applied advanced technology and high-class appeal add up to make it an MPV for today, a persuasive blend of elegance and sportiness.

¹ DISTRONIC PLUS with COLLISION PREVENTION ASSIST.

Our next great innovation revolves around you.

Prepare to be inspired, surprised and thrilled by new services, products and experiences at **www.mercedes.me**. You are also warmly invited to check out our Mercedes me stores in major cities such as Hamburg, Munich, Milan, Moscow, Tokyo or Hong Kong.

Mercedes me will be available in selected countries from September 2016. Please contact your authorised Mercedes-Benz dealer for more information.

Mercedes me. Welcome to your Mercedes-Benz world.

You have new questions, Mercedes-Benz has a new answer for you: Mercedes me. Your point of access to a fascinating world of personalised services from Mercedes-Benz. Offering innovative, individualised mobility, connectivity, finance and other services, as well as special brand experiences. All subject to continual development. Innovative, simple and cutting-edge: **www.mercedes.me**

Join us – on your smartphone, tablet or PC. And let's shape tomorrow's world together.
Any time, anywhere.

Mercedes me connect is all about networking the vehicle with the driver – and more besides: the car is becoming part of the way we live, providing added comfort as well as the reassurance of being permanently connected, even while on the move. Mercedes me connect includes Standard Services, which are able to provide you with automatic support in the event of a breakdown or an accident, and Remote Online Services – the option enabling vehicle settings to be carried out by smartphone – and lots more.

Mercedes me finance offers you various routes to your vehicle of choice. Mercedes-Benz Financial Services finds the ideal leasing, financing and insurance solution together with you – tailored to your needs. Our leasing products enable you to drive the latest models at all times while enjoying maximum flexibility, as you pay not for acquisition of the vehicle, but only for its use. You also benefit from attractive monthly instalments. Our financing arrangements enable you to pay for your new Mercedes-Benz in a way that suits your personal budget. You can tailor your monthly instalments to your needs by deciding on an appropriate down-payment and term for your contract. Our individual insurance solutions offer reliable protection for your budget and your vehicle on attractive terms. Once a contract is in place, you can conveniently manage your finance applications online.¹

Mercedes me inspire offers special brand experiences and an opportunity to engage in an inspiring dialogue. We aim to share our ideas with you and we would like to know your ideas and wishes. So that we can always offer you the best solutions. A community is available to this end, and you will also find a growing range of offerings and experiences which go beyond the traditional vehicle-related topics – from areas such as events, travel and lifestyle.

Mercedes me move offers access to the intelligent mobility solution moovel: this mobility app pools the offerings from various mobility providers to find the ideal route from A to B. car2go is the pioneer and market leader worldwide in free-floating car sharing, and car2go black stands for smartphone-based car sharing with Mercedes-Benz B-Class vehicles. With the mytaxi app you can order a taxi, track its approach live and pay for your journey in a convenient manner.

Mercedes me assist makes easy work of organising maintenance for your vehicle, providing a convenient online means of locating a Mercedes-Benz dealer in your neighbourhood and arranging a service appointment. The digital service report keeps you up to date on performed service work at all times. The report is available to you online just one day after a service. In addition to the current service report, you can also view your vehicle's complete service history and service intervals, and you can print this information out if you so wish.

¹ Depending on market availability.

Our service: the perfect fit for your Mercedes.

Beyond the car itself, you also acquire something priceless – an exclusive partnership with Mercedes-Benz. For you, this means safety, independence and motoring free of any worries. In other words: the reassuring feeling of driving a Mercedes.

The best for your Mercedes. No-one knows your Mercedes better than our experienced specialists at the Mercedes-Benz workshops. The comprehensive range of services and the high standard of quality ensure that your vehicle is in top condition. We use proven Mercedes-Benz GenuineParts and special tools to this end.

The best for you. Motoring free of any worries right from the word go: with the tailor-made Mercedes-Benz Service Contracts. These offer you the benefits of a reliable basis for long-term planning, permanent control over costs, fixed monthly rates and cost transparency. Plus ideal protection from additional workshop costs.

The best for your mobility. The Mercedes-Benz Mobilo¹ insurance package provides for motoring free of any worries throughout Europe – covering breakdowns, accidents, minor mishaps and vandalism. The benefits offered by Mobilo include on-the-spot assistance, a replacement vehicle, towing and overnight hotel accommodation, for example. This mobility guarantee is automatically on board for the first two years after initial registration, and can subsequently be renewed for a period of up to 30 years in all. Whenever you need assistance, you can reach us free of charge throughout Europe on 00800 1 777 7777².

↘ FIND OUT MORE

For the full information on Mercedes-Benz Service Contracts, go to www.mercedes-benz.com/servicevertraege – or ask your authorised Mercedes-Benz dealer to draw up an individual offer for you.

¹ Our general terms and conditions apply. The period of validity is extended after each service carried out by an authorised Mercedes-Benz service partner until the due date for the next service – up to a maximum of 30 years after initial registration. ² Roaming charges may apply when calling from abroad.

What would motorsport be without Mercedes-Benz?

The first vehicle to ever win an automobile race was powered by a Daimler engine. The first Mercedes was a racing car. The Silver Arrows – a true legend. Mercedes-Benz has a long tradition of involvement with the world of sport. Motorsport shapes the brand and every vehicle bearing the Mercedes star to this day. Discover the brand's unique history first-hand: at the Mercedes-Benz Museum in Stuttgart.

↘ FIND OUT MORE

Discover just what has been moving the world for 130 years and take a journey through time as well as through the history of the automobile at the Mercedes-Benz Museum. More than 1500 exhibits await you on 16,500 m² of floorspace, including unique gems such as the oldest surviving Mercedes from 1902 or the legendary gull-wing models. What would Mercedes-Benz be without motorsport?

3 June 1934 marked the beginning of the Silver Arrows legend in the International Eifel Race at the Nürburgring. Today this legend is more alive than ever: in 2015 the Silver Arrows works team MERCEDES AMG PETRONAS won the Formula 1 constructors' and drivers' titles for the second year in a row. The value of these successes extends way beyond the race track: every mile raced advances the development of lightweight materials and hybrid technology, among other things, for series production.

Mercedes-Benz F1 W07 Hybrid, 2016 season.

Efficient driving enjoyment: from 5.9 litres per 100 km.¹

Agile performance and high efficiency – the 3 torquey 4-cylinder diesel engine variants boast superior handling and low fuel consumption. The top-of-the range V 250 d variant with an output of 140 kW (190 hp) and peak torque of 440 Nm is particularly high on driving enjoyment and low on fuel consumption. The V 250 d features the overtorque technology², which briefly boosts the output by 10 kW (14 hp) and adds 40 Nm of torque. This provides it with impressive acceleration from 0 to 100 km/h in 9.1 s. It requires surprisingly little fuel for this top performance, and the innovative BlueTEC catalytic converter technology is kind on the environment.

THE ENGINE VARIANTS

V 200 d with an output of 100 kW (136 hp) and peak torque of 330 Nm
V 220 d with an output of 120 kW (163 hp) and peak torque of 380 Nm
V 250 d with an output of 140 kW (190 hp) (+10 kW [+14 hp] ²) and peak torque of 440 Nm (+40 Nm ²)

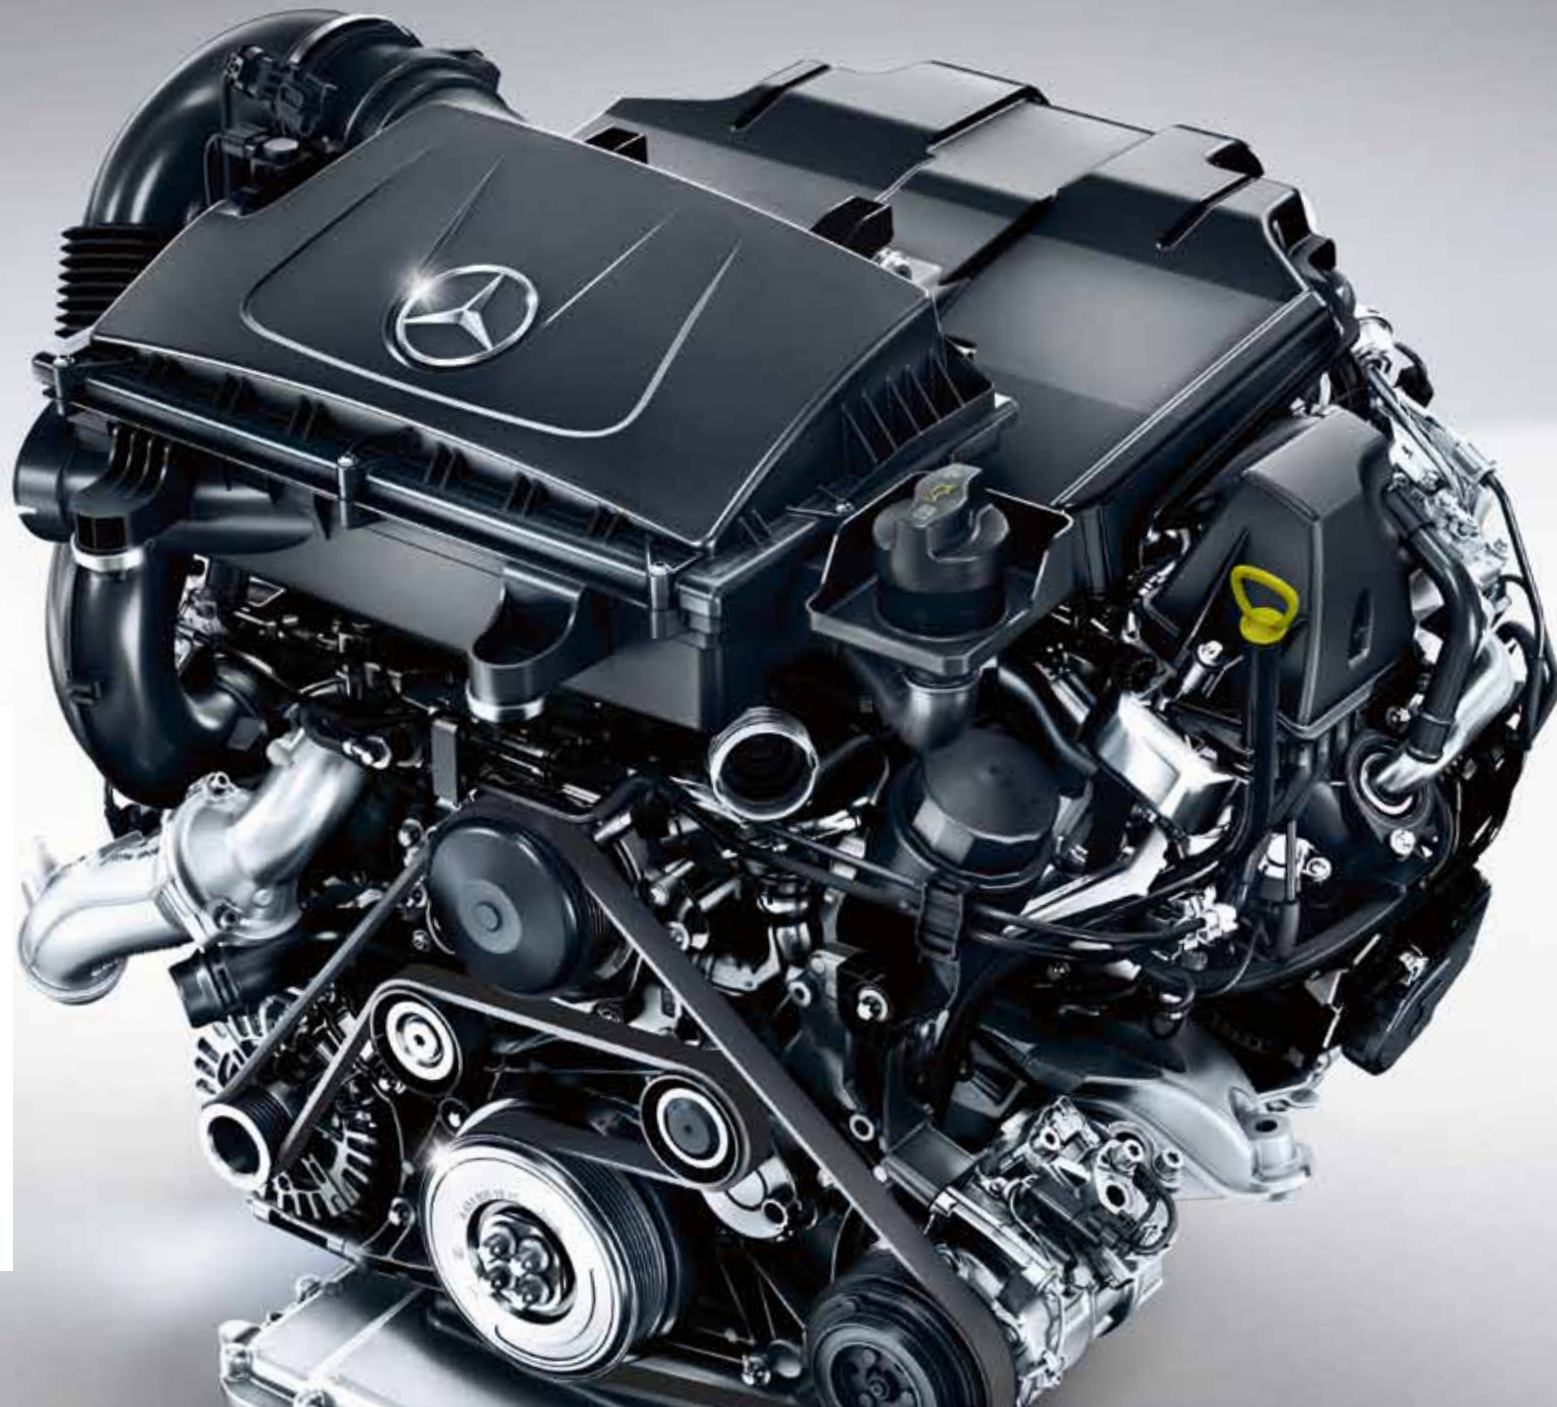

BlueEFFICIENCY PACKAGE³

The ECO start/stop function switches off the engine temporarily when the vehicle is stationary, which helps to reduce consumption, particularly in urban and stop-and-go traffic.
The enhanced Fuel Efficiency alternator reduces the strain on the engine.

↘ FIND OUT MORE

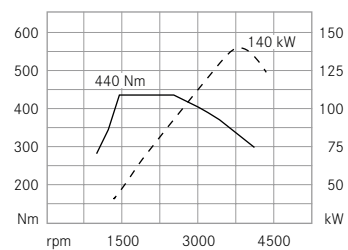

The full technical details for the V-Class can be found on page 66ff.

¹ V 220 d with BlueEFFICIENCY package. Only in conjunction with 7G-TRONIC PLUS. ² Brief boosting of output and torque via overtorque technology is activated in DYNAMIC SELECT modes "C", "S" and "M". ³ The BlueEFFICIENCY package is optionally available for the engine variants with 6-speed manual transmission and features as standard for all engine variants with 7G-TRONIC PLUS.

V 250 d

The V 250 d provides maximum torque of 440 Nm in the speed range between 1400 and 2400 rpm.

Engine speed rpm

Torque in Nm

Output in kW

Transmissions for ultra-smooth shifting.

Whether comfort-oriented or sporty, both the 6-speed manual transmission and the 7G-TRONIC PLUS¹ 7-speed automatic transmission manage the two modes masterfully. The 7 finely stepped gears of the 7G-TRONIC PLUS keep engine speeds, noise and consumption at a low level. The driver can use the DYNAMIC SELECT switch² to influence the shifting characteristics with the aid of the

4 transmission modes “C”, “E”, “S” and “M”. A boon when overtaking: the overtorque technology³ supplies brief bursts of 10 kW (14 hp) more output and an additional 40 Nm of torque, while in mode “S” the transmission delays upshifts until a higher engine speed is attained. Alternatively, the driver can shift gear manually with the DIRECT SELECT steering wheel shift paddles in “M” mode.

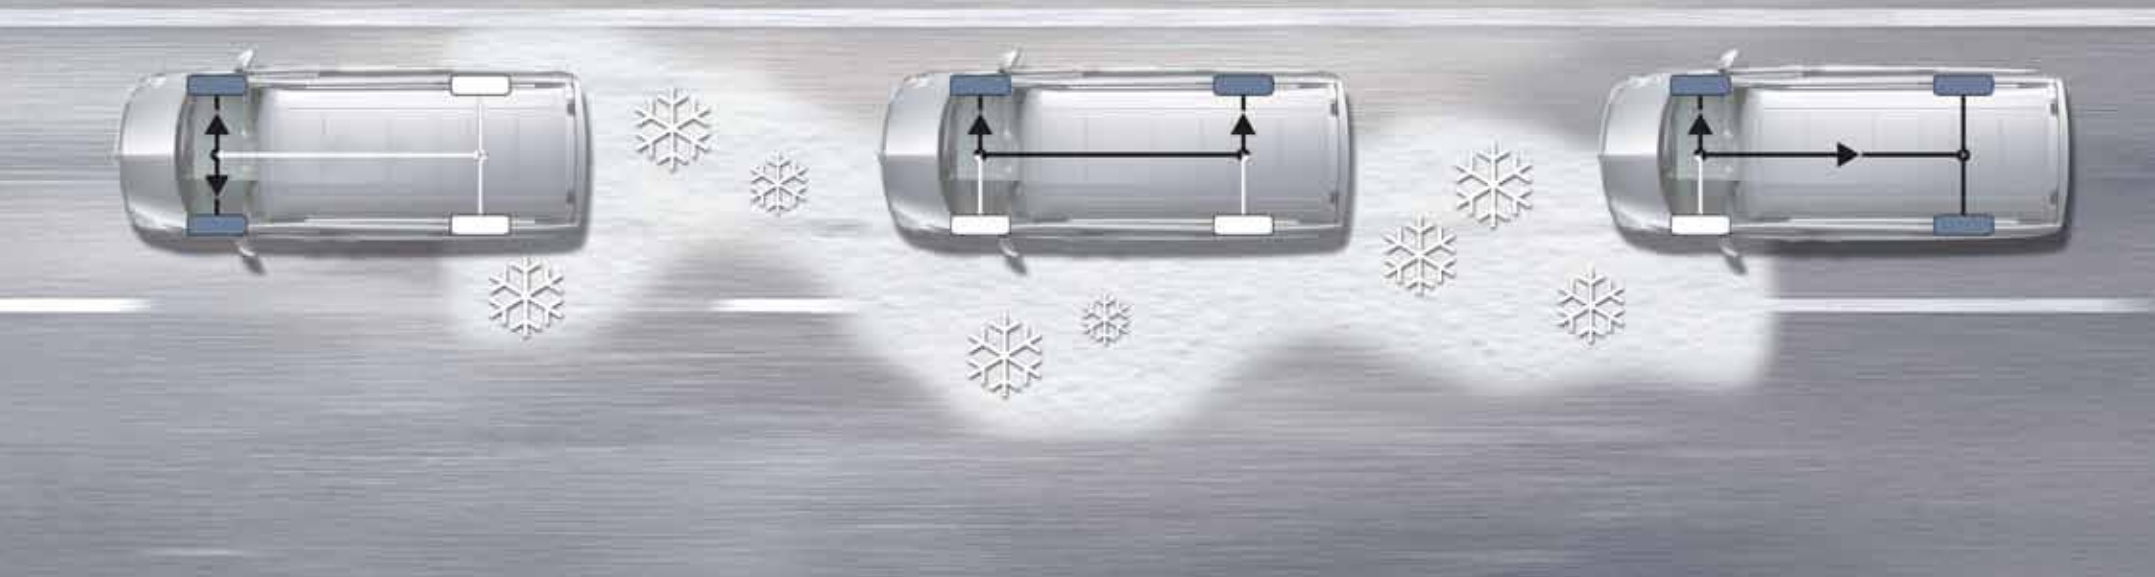

THE SUSPENSION VARIANTS

The **comfort suspension** (standard) provides for pleasant handling with low noise coupled with good driving dynamics.

The **sports suspension** (optional) delights with its great dynamism and agility.

The **AGILITY CONTROL suspension** with selective damping system (option)⁴ combines agility with very high ride comfort.

¹ The 7G-TRONIC PLUS automatic transmission features as standard on the V 250 d and the V-Class EXCLUSIVE. For the other engine variants it is available as an option for the V-Class and the V-Class AVANTGARDE. ² The DYNAMIC SELECT switch is part of the standard scope of equipment with the 7G-TRONIC PLUS automatic transmission. ³ The overtorque technology is standard for the V 250 d and the V 250 d 4MATIC. ⁴ Part of the scope of equipment for the V-Class AVANTGARDE.

4MATIC all-wheel drive¹: safeguarding stability.

4MATIC permanent all-wheel drive¹ helps the V-Class to master difficult road conditions with aplomb. Its excellent traction enhances driving dynamics and improves handling. The power is distributed at a front-to-rear ratio of 45 to 55. On slippery, slick ground the wheels with insufficient traction can be braked with the help of the 4ETS Electronic Traction System. At the same time, drive torque is delivered to the wheels with good traction. As the all-wheel-drive system does not alter the height of the vehicle, the V-Class remains suitable for underground car parks when fitted with 4MATIC.

¹ Optionally available for V 200 d, V 220 d and V 250 d, only in conjunction with 7G-TRONIC PLUS.

Mercedes-Benz Intelligent Drive: visionary.

Mercedes-Benz Intelligent Drive stands for innovative driving assistance and safety systems. It provides for unique driving comfort and an exemplary standard of safety on board the V-Class. The highlight is the optional Driving Assistance package, which combines 4 assistance and safety systems. These systems help the driver to maintain a minimum distance from the vehicle in front, to detect vehicles in the driver's blind spot and to avoid inadvertently straying out of lane. In difficult situations they can help to avoid accidents and/or reduce their severity. The Lane Tracking package is additionally available, comprising Blind Spot Assist and Lane Keeping Assist.

↘ FIND OUT MORE

Mercedes-Benz Intelligent Drive, the generic term we use for the intelligent technologies that actively support drivers and help to relieve strain. Discover more at:
www.mercedes-benz-intelligent-drive.com

Integral safety concept: guardian angels.

The exemplary standard of safety offered by the V-Class has been confirmed by an independent body: in the Euro NCAP Test conducted in 2014 it put in an excellent showing, securing the top 5-star rating. The extensive safety equipment in the V-Class is based on the integral safety concept from Mercedes-Benz, which comprises 4 phases: from safe driving through preventive protection in the event of danger and on-demand protection in an accident to damage limitation after an accident.

SAFE DRIVING

The safety and assistance systems for safe driving support the driver and help to avoid dangers. The diversity and quality of the systems are exemplary among MPVs. The standard equipment includes Crosswind Assist and ATTENTION ASSIST, which can warn the driver on detecting typical signs of drowsiness. Additional systems are optionally available to make driving the V-Class even safer and more comfortable. The LED Intelligent Light System¹, for example, which improves visibility by adapting the lights to the prevailing light, road and weather conditions.

IN THE EVENT OF DANGER

The V-Class offers exemplary safety equipment which can initiate anticipatory protection measures in the event of danger. The optionally available PRE-SAFE[®] anticipatory occupant protection system, for example, which is able to recognise critical driving situations in good time and

provide precautionary measures to protect the vehicle's occupants. The measures include reversible tensioning of the seat belts in the front, the closing of any windows and roof systems that may be open, plus – in conjunction with electric seat adjustment – moving the front passenger seat into a more favourable position in the event of an accident.

IN AN ACCIDENT

The extensive equipment with airbags and further restraint systems can offer exemplary protection in the V-Class in the event of an accident. Airbags, windowbags and thorax-pelvis sidebags for driver and front passenger are standard equipment. The optional windowbags in the rear² extend the airbag protection to the passenger compartment. The ISOFIX child seat securing system provides a convenient means of attaching corresponding child seats to the individual seats in the rear or the outer seats on the 3-seater bench in the rear.

AFTER AN ACCIDENT

The immediate initiation of suitable rescue measures after an accident is crucial. In the V-Class various mechanisms which are dependent on the type and severity of accident can lessen the consequences of accidents and enable rapid rescue. These include activation of the hazard warning lights and the crash-responsive emergency lighting, automatic engine shut-off and unlocking of the doors.

↳ BETTER SAFE THAN SORRY

Informative animated films on almost all safety technologies are available in the Mercedes-Benz TechCenter.

<http://techcenter.mercedes-benz.com>

¹ Optional for the V-Class, standard for the V-Class AVANTGARDE and the V-Class EXCLUSIVE. ² Only in conjunction with long vehicle variant.

Assistance systems. Sparing your nerves.

It's a pleasure to be on the road in the V-Class. But there are traffic situations in which support can be welcome and helpful. With this in mind, a comprehensive range of assistance systems is available for the V-Class to take the strain off the driver and lend support in critical situations – in urban and rural driving or on the motorway. The V-Class can even provide help with manoeuvring into and out of parking spaces, if the driver so desires.

THE ASSISTANCE SYSTEMS

The **DISTRONIC Distance Pilot** automatically maintains a safe distance to the vehicle in front.

Blind Spot Assist can help to avoid accidents when changing lane, for example on motorways.

The **Lane Keeping Assist** function can help prevent accidents due to the vehicle unintentionally leaving its lane.

Standard-fit **Crosswind Assist** helps prevent lateral drift resulting from gusting crosswinds.

COLLISION PREVENTION ASSIST combines a proximity and collision warning with the BAS PRO brake assist function.

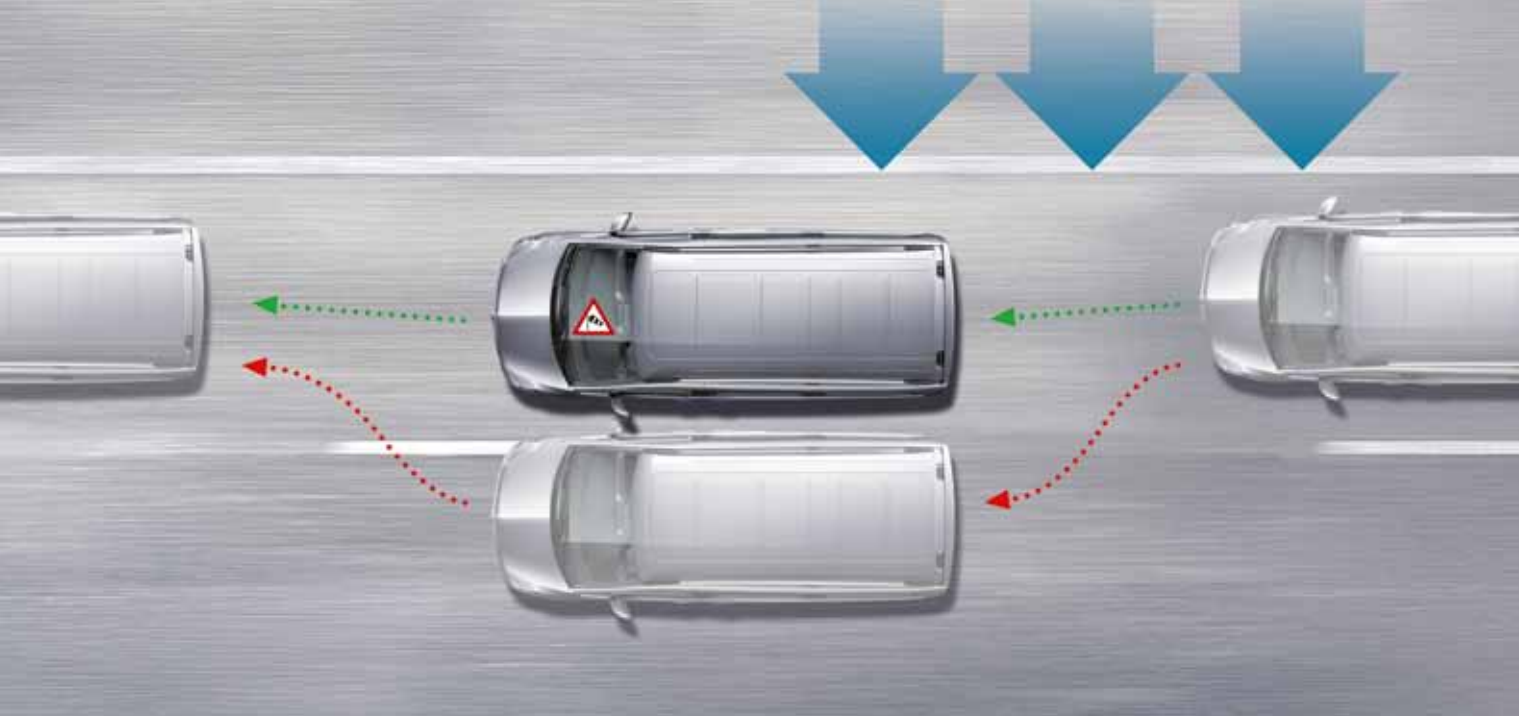

Traffic Sign Assist¹ helps the driver by continuously displaying any speed limits, no-entry and overtaking restrictions that it identifies, as well as the end of such restrictions.

Active Parking Assist helps the driver when searching for a parking space and also when manoeuvring into and out of parking spaces.

▾ FIND OUT MORE

Mercedes-Benz Intelligent Drive, the generic term we use for the intelligent technologies that actively support drivers and help to relieve strain. Discover more at: www.mercedes-benz-intelligent-drive.com

¹ Belongs to the scope of equipment of the COMAND Online multimedia system.

High-end infotainment.

The **COMAND Online**¹ multimedia system covers virtually every need when it comes to infotainment, navigation and communication in the vehicle. The fast hard-disc navigation system with high-quality topographic map display takes account of “Live Traffic Information”² (real-time traffic information, country-specific), enabling dynamic route guidance to help avoid traffic jams and reduce journey times.

The scope of equipment further includes a brilliant Media Display, an internet browser, an integrated 80 GB hard disc and a DVD drive. In addition to innovative operation via the ergonomic touchpad with Controller, voice control of the multimedia system is also possible with LINGUATRONIC. Remote Online even enables a remote link to the vehicle via smartphone, in order to check the mileage or fuel level, for example.

FURTHER INFOTAINMENT OPTIONS FOR YOUR V-CLASS:

Audio 20 USB (standard) provides innovative options in terms of information, entertainment and communication in the vehicle.

Audio 20 CD (option) can be operated in a variety of ways and features a CD player.

The **Garmin® MAP PILOT** (option) turns Audio 20 CD into a fully fledged navigation system with 3D map display.

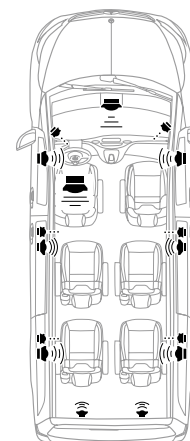

The **digital radio** (option) impresses with a wide choice of stations, good reception and stunning sound quality.

¹ COMAND Online is optionally available for the V-Class and the V-Class AVANTGARDE. It features as standard on board the V-Class EXCLUSIVE. A Bluetooth®-capable mobile phone or smartphone with data option is required in order to use all the functions of COMAND Online. ² Included with COMAND Online free of charge for the first 3 years.

Burmester® surround sound system: making music.

The **Burmester® surround sound system**¹ brings exciting surround sound into the vehicle with its perfectly tuned amplifier and speaker system. Together, the 15 speakers (six more than with standard Audio 20 USB) and bass reflex loudspeaker provide a 640-watt sound experience. The multi-channel surround sound technology provides impressive sound in every seat. The classy Burmester® logo hints at the high-quality of the Burmester® surround sound system. Making conversation easier is a front-to-rear **voice amplification system**², which uses a microphone integrated into the overhead control panel to feed the voices of the driver and front passenger through to the loudspeakers in the rear.

-  Centre fill speaker
-  Tweeters
-  Sub-woofer/mid-range speaker
-  Midrange speaker
-  Bass speaker
-  Surround speaker

15 loudspeakers and one bass reflex box are perfectly matched to the vehicle and ensure a first-class, feel-good audio experience.

¹ Standard for the V-Class EXCLUSIVE or available as an option for the V-Class and V-Class AVANTGARDE. ² Only available in conjunction with Burmester® surround sound system and COMAND Online.

The wonder of space.

The V-Class has ample capacity to transport up to 8 people and plenty of luggage. 4 comfortable individual seats are installed in the rear as standard¹. Comfortable 2- or 3-passenger bench seats are optionally available to increase the number of potential rear passengers to 5 or 6. When a particularly large amount of load space is required, guide rail systems with a quick-release attachment mechanism allow complete removal of the seats. With a maximum load compartment length of 2.88 m in the extra-long version (long version: 2.65 m, compact version: 2.41 m), even bulky items can be easily accommodated. With the seats in the rear completely removed, up to 5010 litres (long version: 4630 l, compact version: 4200 l) of load compartment space are available.

¹ Optionally deselectable.

BUNK PACKAGE¹

3-passenger bench seat as comfort bunk in the 2nd rear seat row with 2 drawers and bed extension

Individual seat, 1st row on the left in conjunction with long vehicle variant as standard, individual seat on right in 1st row optionally available for long vehicle variant

Dark-tinted glass in the rear side windows and the rear window

TABLE PACKAGE

Folding table

Detachable cup holders in the side walls

12 V socket in rear

Nets on the backrests of the individual seats in the rear

¹Not available for extra-long vehicles.

Comfort zone.

Driver and front passenger sit on ergonomic comfort seats in the V-Class. Continuous electric adjustment¹ of the seats and head restraints is optionally available for added comfort. The appurtenant practical memory function stores the seat and head restraint settings of up to 3 people. The individual settings can be quickly restored at the push of a button following a change of driver or front passenger. The high standard of seating comfort is also maintained in cold or hot weather. The optional seat heating¹ controls the seat temperature to ensure pleasant conditions. Climatized seats in the front¹ and climatized individual seats in the rear¹ also enhance climate comfort and the well-being of the driver and passengers.

¹ Optional for the V-Class and the V-Class AVANTGARDE, standard for the V-Class EXCLUSIVE.

A light and airy setting.

The high-quality panoramic sliding sunroof¹ with its large glass areas allows a great deal of light into the interior, giving it a bright, welcoming feel-good atmosphere. The front part of the sliding roof can be opened electrically, offering an additional means of ventilation. A two-section electric roller blind provides convenient sun protection. The panoramic sliding sunroof measures 1900 mm x 1120 mm and has a glazed area of more than 2 m².

¹ The panoramic sliding sunroof is optionally available for the long version of the V-Class and the long version of the V-Class AVANTGARDE. It forms part of the scope of equipment for the V-Class EXCLUSIVE.

Standard equipment.

Featuring high-quality materials and accomplished design, the comprehensive scope of standard equipment for the V-Class already offers impressive comfort, variability and safety.

↘ FIND OUT MORE

However good it may look, this is just an initial impression. Full details of the standard specification may be found in the price list, which can also be viewed online.

EXTERIOR HIGHLIGHTS

40.6 cm (16-inch) steel wheels with hub caps, fitted with 195/65 R16 tyres

Guide rail system with quick-release attachment system to install and remove the rear seats

The AVANTGARDE equipment line.

Pleasant aesthetics and exclusive design. The standard equipment of the V-Class AVANTGARDE makes it difficult to resist. And numerous optional equipment items are also available – to meet your specific needs, right down to the smallest detail.

EXTERIOR HIGHLIGHTS

43.2 cm (17-inch) 5-spoke light-alloy wheels, painted vanadium silver, with 225/55 R17 tyres

LED Intelligent Light System

Separately opening rear window

Waistline trim strip and chrome trim on the rear

Second sliding door on left

AGILITY CONTROL suspension with selective damping system

INTERIOR HIGHLIGHTS

Comfort seats in Lugano leather

High-gloss dark brown ash wood-look trim, also in rear

Multifunction steering wheel in nappa leather with chrome trim and shift lever in nappa leather

Ambient lighting

Illuminated rear grab handle with reading light

The EXCLUSIVE equipment line.

This equipment line offers an exciting new interpretation of luxury: the panoramic sliding sunroof – unique in the mid-size van segment – gives the vehicle a light and airy atmosphere. Convenient features include the large centre console with a refrigerated compartment and the thermal cup holders. Exclusive trim in brushed aluminium look plus chromed air vents round off the interior. The exceptional nature of this vehicle is indicated on the outside by an “EXCLUSIVE” badge.

EXTERIOR HIGHLIGHTS

“EXCLUSIVE” badge on the front wings

AVANTGARDE Exterior Sports package

Panoramic sliding sunroof

Parking package with 360° camera

48.3 cm (19-inch) 16-spoke light-alloy wheels, painted black with high-sheen finish

INTERIOR HIGHLIGHTS

Trim in brushed aluminium look

Air vents: nozzle rings and cross struts in silver chrome

DINAMICA roof liner, black or porcelain

AVANTGARDE Interior Design package

Driver's seat and front passenger seat electrically adjustable with memory function

Climatised seats for driver and front passenger, including seat heating and ventilation

Climatised seats in rear

Centre console with refrigerated compartment

AMG Line¹.

Sportiness and individuality are heightened by a combination of typical AMG features and high-quality details.

On the exterior, elements including the 48.3-cm (19-inch) AMG light-alloy wheels, an AMG spoiler lip, the AMG front apron, AMG rear apron with chrome-plated load sill protection as well as the AMG side sill panels form part of the equipment. The sports suspension and the 43.2 cm (17-inch) brake system make a more sporty handling style possible. The interior is enhanced by sport pedals, carbon-fibre-look trim and other exclusive appointments.

EXTERIOR HIGHLIGHTS

AMG front apron
AMG rear apron with load sill guard in chrome ²
AMG side sill panels
AMG spoiler lip
48.3 cm (19-inch) AMG 7-twin-spoke light-alloy wheels ³
Sports suspension, or AGILITY CONTROL suspension as an option
43.2 cm (17-inch) brake system, brake callipers with "Mercedes-Benz" lettering

INTERIOR HIGHLIGHTS

Carbon-fibre-look trim
Air vents: nozzle rings and cross struts in silver chrome
Roof liner in black
Sports pedals, brushed aluminium with black rubber studs

¹ The AMG Line is optionally available for the V-Class, the V-Class AVANTGARDE and the V-Class EXCLUSIVE. For the V-Class it is only available in conjunction with sliding door on the left, separately opening rear window, leather steering wheel and metallic paintwork. ² The AMG rear apron is not available for the compact length. ³ Also available as separate equipment item.

Exterior Sports package and Interior Design package.

Those wishing to upgrade their V-Class further or to enhance its sporty appeal may choose to order the Exterior Sports package or Interior Design package, both of which are optional. The Exterior Sports package perfects the sporty character of the V-Class, for example through the addition of 43.2 cm (17-inch) light-alloy wheels and sports suspension. The Interior Design package enhances the interior and gives it an individual, sporty character, for example with comfort seats in Lugano leather and trim elements.

THE SCOPE OF THE EXTERIOR SPORTS PACKAGE INCLUDES:

43.2 cm (17-inch) 20-spoke light-alloy wheels, painted tremolite grey, with 225/55 R17 tyres

Brake callipers with "Mercedes-Benz" lettering

Sports suspension

Optional: AGILITY CONTROL suspension

THE SCOPE OF THE INTERIOR DESIGN PACKAGE AT A GLANCE:

Comfort seats in Lugano leather in black or crystal grey

Steering wheel and manual shift lever in nappa leather

Matt anthracite wave-look trim

Optional: high-gloss black piano-lacquer-look trim

Sports pedals in brushed aluminium

AVANTGARDE Exterior Sports package and AVANTGARDE Interior Design package.

The exclusivity and dynamic flair of the V-Class AVANTGARDE can be enhanced further with the optional packages. The AVANTGARDE Exterior Sports package¹ with its 45.7 cm (18-inch) light-alloy wheels, sports suspension and large brake system conveys an added sense of sportiness, both visually and in terms of driving dynamics. The AVANTGARDE Interior Design package¹ impresses with exclusive appointments such as comfort seats in exclusive nappa leather and the upper part of the dashboard in a leather look with topstitching.

THE SCOPE OF THE AVANTGARDE SPORTS PACKAGE INCLUDES:

45.7 cm (18-inch) 5-twin-spoke light-alloy wheels, painted tremolite grey, with 245/45 R18 tyres

43.2 cm (17-inch) brakes on the front axle

Brake callipers with "Mercedes-Benz" lettering

Sports suspension

Optional: AGILITY CONTROL suspension

Chrome badge in the bumper

¹ Standard for the V-Class EXCLUSIVE.

THE SCOPE OF THE AVANTGARDE INTERIOR DESIGN PACKAGE AT A GLANCE:

Comfort seats with contrasting topstitching, in nappa leather in black, marron or silk beige

Leather-covered armrests for the seats and in the doors

Upper part of dashboard in leather look with topstitching

Multifunction steering wheel in nappa leather with chrome trim and shift lever in nappa leather

High-gloss dark anthracite ebony wood-look trim

Optional: matt anthracite wave-look trim

Optional: high-gloss dark brown ash wood-look trim

Optional extras.

On the road with those special extras. The optional extras for added comfort, safety and variability allow further refinement of the V-Class according to individual needs and preferences.

- 1 The **panoramic sliding sunroof** allows plenty of light and air into the interior, ensuring a bright, welcoming atmosphere.
- 2 The **centre console with integrated refrigerated compartment** underscores the luxurious passenger-car feel with 2 temperature-controlled double cup holders, a multimedia box, an armrest and various stowage facilities.
- 3 The **EASY-PACK tailgate** opens and closes automatically at the simple press of a button.
- 4 The **roof rail carrier bars** are designed for fast and flexible mounting of various Mercedes-Benz transport solutions.
- 5 The **Mirror package** helps to ensure a higher level of comfort with dimming mirrors and ambient lighting.
- 6 The **electrically adjustable driver's seat** offers convenient adjustment and a practical memory function¹ | not shown
- 7 With the aid of the **Media Interface cable kit**, portable end devices can be integrated into the vehicle's control and display system | not shown
- 8 All set for the **use of tablet PCs** in the rear: the scope of equipment includes one USB port for power supply in the driver's seat and the front passenger seat respectively | not shown

¹ The scope of equipment also includes an electrically adjustable front passenger seat.

Ex factory driving aids.

Mercedes-Benz driving aids and seat modifications enable people with handicaps to drive to the office, go shopping or visit friends without having to rely on support from anyone else. Steering wheel turning knob, pedal extensions or hand control units: Mercedes-Benz equips the vehicle according to individual wishes. The “MFD Touch” multifunction knob additionally makes it easy to operate indicators, the horn, the lights and other functions with one hand. The ex factory driving aids from Mercedes-Benz offer the benefit of full warranty cover for the vehicle and avoid the need for retrofitting. It goes without saying that all the products are carefully examined, tested and approved by the Mercedes-Benz development department.

THE FOLLOWING DRIVING AIDS ARE AVAILABLE FOR THE V-CLASS:

- 1 Steering wheel turning knob | not shown
- 2 “MFD Touch” multifunction knob
- 3 Manual combination switch/cruise control lever on right | not shown
- 4 “Classic” hand control unit | not shown
- 5 “Easy Speed” hand control unit
- 6 Pedal cover | not shown
- 7 Relocation of accelerator pedal to left-hand side (electric) | not shown
- 8 Pedal extensions
- 9 Relocation of seat approx. 50 mm to the rear | not shown
- 10 Tailor-made seats | not shown

↘ FIND OUT MORE

Further information is to be found in the brochure “Driving aids and seat adjustments – now ex factory”.

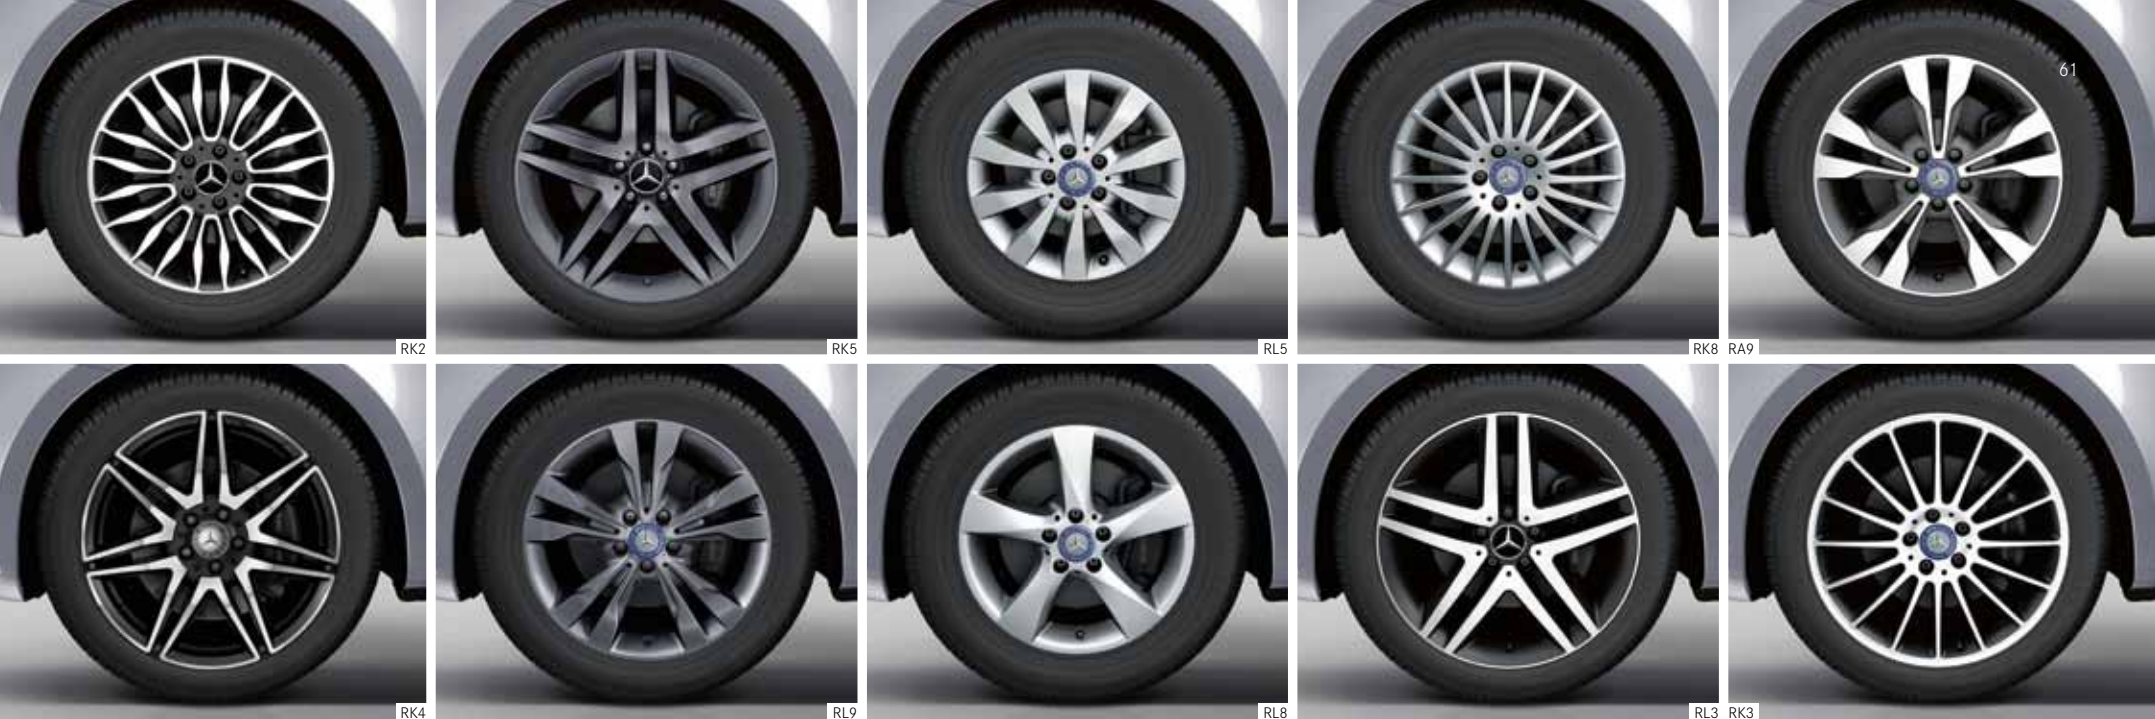

Genuine Accessories.

Mercedes-Benz Genuine Accessories allow you to individualise your V-Class even further to fulfil your exact needs. Mercedes-Benz Genuine Accessories are optimised to suit your vehicle, and meet stringent requirements in terms of quality and safety.

- 1 **Rear-mounted cycle rack, on tailgate.** Optimised for safe and simple mounting on the tailgate. With a maximum load capacity of 70 kg, it can take 4 bicycles or 2 e-bikes (pedelecs) of virtually any make and size. Lockable.
- 2 **CLASSIC all-season mat.** Made of robust washable plastic to cope with the toughest use. Modern design with recessed sector and raised border. Marked with a distinctive Mercedes star.
- 3 **CLASSIC velour floor mat.** Elegant, high-quality tufted velour mats, with embroidered Mercedes-Benz lettering. Available in the original colours to match the interior of your V-Class.

- 4 **iPad® Rear Seat Integration.** The tilting, swivelling bracket enables your iPad® to be placed in both a vertical and a horizontal position. Available for iPad® 4, iPad® Air, iPad® Air 2.
- 5 **Mercedes-Benz roof box 400 with a capacity of approx. 400 l.** With handle strip for greater convenience of opening and closing. Available in the colours matt silver and black metallic. Maximum payload 75 kg.
- 6 **Load compartment tub, shallow.** The practical way to protect the load compartment from dirt build-up and scratches.

Wheels.

The V-Class always stands on attractive wheels. The large light-alloy wheels lend it a particularly individual look and underline its sporty character. The appearance of the steel wheels is enhanced by a standard-specification hub cap.
