**Imagine if...**

**...you could connect with your Mercedes-Benz?**

With Mercedes me connect, you can; with Remote Online services<sup>1</sup> that include trip planning, maintenance management and vehicle tracking, plus more.

Getting connected is easy. Just set up your Mercedes me account and get in touch with your Mercedes-Benz Retailer to connect your vehicle to your profile to access your Mercedes me connect services.

**...you knew beforehand that you need to stop for fuel?**

Simply check the fuel level and mileage range from your phone wherever you are. You can also check tyre pressure and washer fluid level. (For electric cars, you can check battery charge state.)

**...your Mercedes could tell you where it's parked?**

You no longer need to ask yourself where you left your car; with Mercedes me connect you can locate your car from your smartphone or tablet within a mile radius.

1. PARKED VEHICLE LOCATOR  
2. VEHICLE TRACKER

3. REMOTE RETRIEVAL OF VEHICLE STATUS

### **...you could lock your Mercedes, even if you're miles away?**

The uncertainty of whether you've forgotten to lock the car is only human. To make sure your Mercedes-Benz is safe and secure, you can simply lock the car remotely via your PC/Mac, tablet or smartphone.

### **...your Mercedes told you when your service is due?**

Being connected means essential data is constantly sent to your Mercedes-Benz Retailer so they know when it is time for a service. Your Retailer can then contact you with a tailor-made service quote.

### **...your Retailer already knows which parts need replacing?**

As surprising as this sounds, with telediagnostics your Retailer can recognise remotely if certain parts are due for replacement, contacting you to book an appointment and making sure the relevant parts are in stock when you arrive, getting you back on the road as quickly as possible.

### **...you could just push a button to deal with a breakdown?**

Should your car break down, with a simple press of the button everything is taken care of – from breakdown assistance to vehicle recovery.

### **...your Mercedes called for help?**

Your Mercedes comes with an SOS button. Press it if you need urgent help and you will be contacted by the emergency response centre.<sup>2</sup> In the event of an accident where airbags or seatbelt tensioners have been activated, a call is placed automatically. Your GPS position is sent to the response teams to initiate rescue efforts.<sup>3</sup>

### **The Mercedes that thinks and acts for you.**

Contact your Retailer to get connected, or go to [www.mercedes.me](http://www.mercedes.me) for more details.

<sup>1</sup>This is available as an option in conjunction with Audio 20 CD, and standard with COMAND Online. Remote Online is standard with electric drive and plug-in hybrid. Use of the Remote Online equipment option is limited to three years from first registration of the vehicle and can then be extended at extra cost.

<sup>2</sup>A call is placed via the car's sim card, rather than the customer relying on their mobile phone.

<sup>3</sup>This feature is still available to customers without Mercedes me connect services. The customer is not required to accept the terms and conditions on the portal to activate this feature. For all other features the customer will have to accept terms and conditions on the portal to activate them.

# Mercedes-Benz Finance

## Why should you finance with Mercedes-Benz?

At Mercedes-Benz we believe a great driving experience should be matched by an equally great ownership experience. That is why we put just as much thought, time and effort into designing our finance options, our service plans and our insurance cover as we do into our vehicles.

We are not in the business of simply providing a loan to fund the purchase of your dream vehicle. We look on it as a journey that we take with you, from the moment you choose your new Mercedes-Benz, to helping you in choosing your next one.

If you would like to find out more about any of our current offers, simply call into your local Mercedes-Benz Retailer where one of our Business Managers will be more than happy to talk you through anything you need to know.

## Helping you find the right solution.

You should find our finance packages are more convenient than a traditional personal loan because:

- Funds are immediately available – no waiting for cheques or loans to clear.
- There is no security required – either against your home or other assets.
- We have clear and transparent rates – the APR we quote is the APR you get.
- We have friendly Business Managers – experts in vehicle finance who can talk you through all of your plans in detail.

One of our most popular finance products is Mercedes-Benz Agility (our Personal Contract Purchase product). We also offer Contract Hire, Operating Lease and Hire Purchase solutions. If you would like to find out more about these speak to your Retailer or visit [www.mercedes-benz.co.uk/fandi](http://www.mercedes-benz.co.uk/fandi).

## Mercedes-Benz Agility (our PCP product).

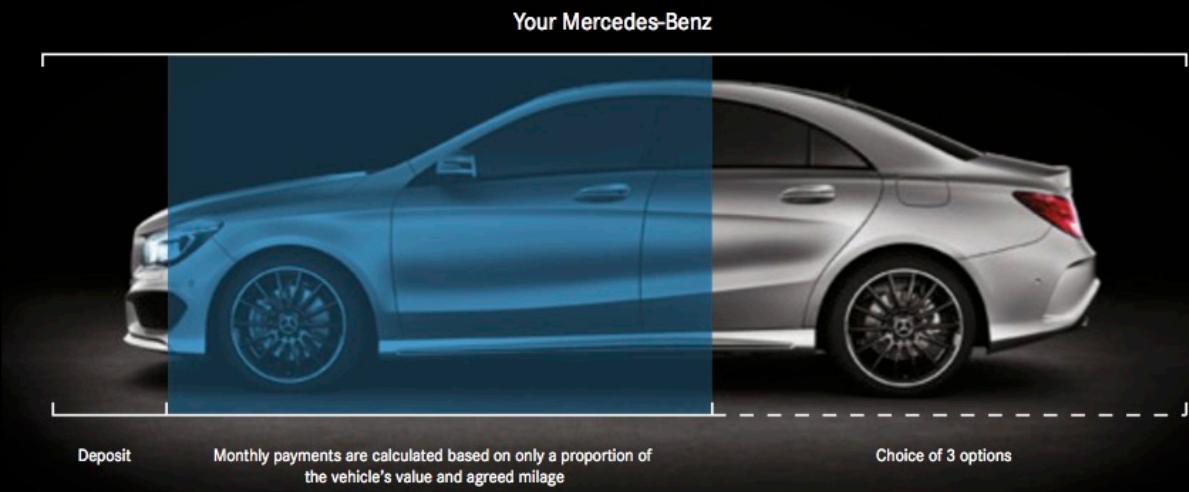

At the start of an Agility agreement, you put down a deposit and decide the term of your agreement and your annual mileage. You will be advised of the Guaranteed Future Value, which offers you the reassurance of knowing exactly what you will need to pay to own the vehicle outright in the future (this is known as the Optional Purchase Payment).

Throughout your agreement you simply pay your agreed monthly payments and when the agreement comes to an end you either purchase, hand back or part-exchange your vehicle.

## Agility features:

- Fixed regular payments mean you can easily budget.
- Payments are based only on a proportion of the vehicle's value, keeping your monthly payments lower.
- Our Guaranteed Future Value avoids the risk of unplanned depreciation of your vehicle.
- You defer your ownership decision until the end of the agreement.

\*Please note the 'Purchase Activation Fee' of £10 will be debited from your account \*To find out more information about our Vehicle Return Standards please visit <http://mercedes-benz.co.uk/vrs>

## At the end of your agreement you have three options to choose from.

### Option 1: Purchase your Mercedes-Benz.

Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.<sup>1</sup> This will complete the purchase of your Mercedes-Benz, leaving you free to simply enjoy your vehicle.

### Option 2: Hand back your Mercedes-Benz.

If you decide to return your vehicle to us, it must be in line with our Vehicle Return Standards,\* as vehicle condition, excess mileage and other charges may be payable.

### Option 3: Part-Exchange for a new vehicle.

Purchase your Mercedes-Benz by paying the Optional Purchase Payment and Purchase Activation Fee.<sup>1</sup> This will complete the purchase of your Mercedes-Benz, leaving you free to part-exchange for a new vehicle.
