# Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

## Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC<sup>1</sup> lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you
- MBUX is able to understand different accents and will adjust to you over time

## Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touchpad on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

## Personalisation

- Turn the new V-Class into your very own Mercedes-Benz by personalising driving modes, radio stations, ambient lighting and much more
- Your personal settings can be saved in different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

## Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX – it will tell you the answer

<sup>1</sup>The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

<sup>1</sup>LINGUATRONIC off-board functions are currently only available for three years

# Driving Assistance package<sup>1</sup>

The Driving Assistance package<sup>1</sup> contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency.

## Standard on Exclusive

Active Distance Assist DISTRONIC

**Active Distance Assist DISTRONIC<sup>2</sup>** helps maintain the desired distance from the vehicle in front

**Active Emergency Stop Assist<sup>2</sup>**: immediate emergency braking if evasion is impossible

**Active Speed Limit Assist** ensures detected speed limits are automatically adopted as the set speed for Active Distance Assist DISTRONIC

**Active Steering Assist**: targeted steering intervention to prevent unintentional drifting out of lane

**Emergency corridor function**

**Extended automatic restart on motorways**

**Route-based speed adaptation**

<sup>1</sup>Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein    <sup>2</sup>This safety and assistance system feature is also standard on Premium

# Mercedes me connect

Stay connected any time, anywhere.

Mercedes *me*

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

### Safety and Service – Mercedes me connect helps to keep you and your car safe

Check your car's oil level, tyre pressure and fuel from your phone so you'll be ready for every journey.

### Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect

Forgot where you've parked? Parked Vehicle Locator<sup>1</sup> will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the Mercedes me connect store at [shop.mercedes-benz.com/en-gb/connect](http://shop.mercedes-benz.com/en-gb/connect)

### Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock<sup>2</sup> you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

<sup>1</sup>The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers  
<sup>2</sup>Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model  
<sup>3</sup>Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

# Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

## Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC<sup>1</sup> lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you
- MBUX is able to understand different accents and will adjust to you over time

## Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touchpad on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

## Personalisation

- Turn the new Marco Polo into your very own Mercedes-Benz by personalising driving modes, radio stations, ambient lighting and much more
- Your personal settings can be saved in different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

## Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX – it will tell you the answer

The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

<sup>1</sup>LINGUATRONIC off-board functions are currently only available for three years

# Mercedes me connect

Stay connected any time, anywhere.

# Mercedes *me*

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

### Safety and Service – Mercedes me connect helps to keep you and your car safe

Check your car's oil level, tyre pressure and fuel from your phone so you'll be ready for every journey.

### Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect

Forgot where you've parked? Parked Vehicle Locator<sup>1</sup> will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the Mercedes me connect store at [shop.mercedes-benz.com/en-gb/connect](http://shop.mercedes-benz.com/en-gb/connect)

### Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock<sup>2</sup> you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

<sup>1</sup>The connection of the communication module to the mobile phone network including the emergency call system depends on the respective network coverage and availability of network providers

<sup>2</sup>Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

<sup>3</sup>Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

V-Class					Marco Polo				
Design	Technology	Model lines	Upholstery	Model prices	Personalisation	Standard equipment	Genuine accessories	Additional information	

# Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your V-Class or Marco Polo.

### Load compartment tub, shallow

The boot tub is suitable for transporting shopping. The tub shape with its slightly raised edge is precision-tailored to the load area. Made from impact-resistant, non-slip polypropylene. Structured surface holds separately available stowage crate in place. (A4478140041)

### Stowage crate

The robust plastic stowage box creates order in the boot. The box can be divided into two sections using the enclosed rigid dividing element and be combined with the Mercedes-Benz boot tub thanks to the ribbed structure at the bottom. Capacity: 51 litres. (A0008140400)

### Load compartment tub, deep

Keeps the load compartment clean and protects it from scratches. Made from lightweight, robust plastic. (A4478140141)

Shallow load compartment tub pictured

### Alustyle basic carrier bars for rails, two crossbars

Elegant aluminium bars, precision-tailored to the body of your vehicle, offer a multifunctional basis for a range of Mercedes-Benz transport accessories: ski and snowboard racks, bicycle racks or roof boxes. Crash-tested. Easy to fit to roof rails. Maximum roof load: 100 kg. Usable width: 135 cm. (A4478902000)

### Mercedes-Benz roof box 450

An aerodynamic design, tailored to your Mercedes-Benz. In extremely durable material. Designed for quick, optimised attachment to the basic carrier bars. Particularly convenient loading and unloading thanks to the option of double-sided opening. Lockable from both sides. (A0008400300)

### Retrofit roof rails (for V-Class Extra Long)

For retrofitting roof rails to models which are not factory-fitted with roof rails. Kits consist of roof rails and the required mounting hardware. Complete kit, providing a fast, simple way to retrofit roof rails to the standard roof. (A4478400400)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information    Images shown are for illustration purposes only

V-Class					Marco Polo				
Design	Technology	Model lines	Upholstery	Model prices	Personalisation	Seating configurations	Standard equipment	Genuine accessories	Additional information

[Accessories Configurator](#)[Book a test drive](#)[Find your V-Class](#)[Find a Showroom](#)

#### **BABY-SAFE plus II child seat, with ISOFIX**

Suitable for children up to around 15 months of age (up to 13 kg), the seat features automatic child seat recognition and standard automatic airbag shutoff for use on the front passenger seat with airbag. The ISOFIX attachment system comes as standard; but can be used with vehicle's three-point seat belt as an alternative. (A0009701302)

#### **DUO plus child seat, with ISOFIX**

Suitable for children between the ages of 9 months to 4 years (9 to 18 kg), the seat offers optimum protection in the event of an accident. Sitting, reclining and sleeping positions are adjustable with one simple manoeuvre. A system that grows along with your child: the harness height is easy to adjust in seven stages – with central, one-pull belt length adjustment. (A0009701702)

#### **KIDFIX XP child seat, with ISOFIX**

Suitable for children between the ages of 3.5–12 years (15–36 kg) and securely attached to the vehicle by means of ISOFIX or the vehicle seat belt. The seat's strengths include its exemplary side impact protection, courtesy of the energy-absorbing XP-PAD, which reduces impact in the event of a collision. Large, padded side wings also enhance side impact protection. Adjustable belt guides and headrest allow the seat to grow with your child. (A0009702302)

#### **Head restraint modular system**

Carefree travel with Mercedes-Benz Style & Travel Equipment. The head restraint elements are simple to fit and remove. The modular system centres around a base support which can be combined with a coat hanger, universal hook, folding table and tablet mount. Base support (A0008103300) Coat hanger (A0008103400) Folding table (A0008160000) Bag hook (A0008140000)

Please speak to your local Mercedes-Benz Authorised Repairer for offers and discounts on these products.

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information

# Services and insurance

## Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your V-Class or Marco Polo, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz. With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation. It also covers the cost of all recommended service items including brake fluid, spark plugs, air filters, fuel filters and screen wash. You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

## Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects<sup>1</sup> and up to 30 years warranty against perforation due to corrosion from the inside out.<sup>2</sup> What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.<sup>2</sup>

## Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover<sup>3</sup>. It gives you 7 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[Apply for First Cover](#)

<sup>1</sup>Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents      <sup>2</sup>Subject to full Terms and Conditions, dependent on date of registration, available upon request  
<sup>3</sup>Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance
