# Mercedes me connect

Stay connected any time, anywhere.

Mercedes *me*

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

### Safety and Service – Mercedes me connect helps to keep you and your car safe

Check your car's washer fluid level, tyre pressure and battery level from your phone so you'll be ready for every journey.

### Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock<sup>2</sup> you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

### Mercedes-EQ specific services

Check your charging status on the go and programme your pre-entry climate control and charging settings remotely. The Mercedes-EQ specific navigation considers electrical range, topography and charging stations.

### Infotainment – Online and Entertainment services from Mercedes me connect

Love music? Get a 3-month free subscription to Tidal when you connect your car.

### Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect

Forgot where you've parked? Parked Vehicle Locator<sup>1</sup> will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the Mercedes me connect store at [shop.mercedes-benz.com/en-gb/connect](https://shop.mercedes-benz.com/en-gb/connect)

<sup>1</sup>Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

<sup>2</sup>Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

Images shown are for illustration purposes only

# Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice, touch or gesture (where fitted) input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

## Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC<sup>1</sup> lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you
- MBUX is able to understand which individual seat the request has come from, and will therefore only respond to their specific request (e.g. adjusting the temperature for just the front passenger)

## Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touch controls on the centre console, as well as touch control buttons on the steering wheel

## Personalisation

- Turn the new EQS into your very own Mercedes-Benz by personalising driving modes, radio stations, ambient lighting and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

## Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a charging station? Just ask your MBUX – it will tell you the answer

<sup>1</sup>LINGUATRONIC off-board functions are currently only available for three years

# ZYNC

The future of in-car entertainment

Bridging the worlds of automotive, software and entertainment, ZYNC's premium in-car digital entertainment platform provides video streaming, on-demand content, interactive experiences, local video programming, sports, news, gaming and much more.

## Consisting of:

- Mercedes-Benz channel providing promotional content and other key brand assets
- Movies featuring original tracks, dubbing and subtitles for 28 languages
- Over 1,500 hours of readily available content
- Over 8,000 hours of content by 2023
- Vehicle specific How-To video guides built in

With new content being added regularly, the entertainment programmes can be viewed on the central display, or the passenger display (if the Hyperscreen package is fitted).

The prerequisite for ZYNC is an active Mercedes me account with the MBUX Entertainment package, which is currently free of charge for one year from booking and can then be extended for a fee in the Mercedes me portal.

ZYNC shown with the Hyperscreen package (code PAG & 445) - standard on Mercedes-AMG EQS 53

# Driving Assistance package and Driving Assistance package Plus Cares for what matters.

The new EQS comes with standard ground-breaking innovations in safety, comfort and driving functions, to help you stay safe on the road.

**Driving Assistance package<sup>1</sup>** (code P20) – designed and priced as a package **Standard on AMG Line**

## Blind Spot Assist

**Active Distance Assist DISTRONIC** now responds to stationary road users to prevent collisions up to 80 mph (previously 37 mph)

**Active Lane Keeping Assist** with enhanced comfort thanks to active steering intervention (instead of braking intervention) and additional hazard indication

Active Lane Keeping Assist

<sup>1</sup>Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

**Driving Assistance package Plus<sup>1</sup>** (code P79) – designed and priced as a package **Standard on all model lines, except AMG Line**

**Active Blind Spot Assist** expanded with blind spot monitoring towards the front and side. Additional hazard indication of the blind spot warning system as well as exit warning function

**Active Brake Assist with cross-traffic function** now with turning manoeuvre function (responding to (among other things) crossing pedestrians when making a turn). Operating range on urban routes expanded to 74 mph (previously 44 mph)

**Active Distance Assist DISTRONIC** now responds to stationary road users to prevent collisions up to 80 mph (previously 37 mph)

**Active Emergency Stop Assist:** now able to assist in manual mode (previously on in DISTRONIC mode). Optional lane change by one lane (at 49 mph where no obstacles detected)

**Active Evasive Steering Assist:** now responds to cyclists and ends of tailbacks in addition to pedestrians. Operating range on urban routes expanded to 67 mph (previously 44 mph)

**Active Lane Keeping Assist** with enhanced comfort thanks to active steering intervention (instead of braking intervention) and additional hazard indication

**Active Speed Limit Assist** ensures detected speed limits are automatically adopted as the set speed for Active Distance Assist DISTRONIC

**Active Traffic Sign Assist**

**Congestion emergency braking function**

**Emergency corridor function**

**Exit warning function when hand moves towards the door handles**

**Extended automatic restart on motorways**

**Hazard display via ambience lighting**

Increased availability and cornering performance on carriageways with **Active Steering Assist**, more stern warnings to put hands on the steering wheel with new capacitive steering wheel

**PRE-SAFE® PLUS and Impulse Side with body-raising function:** when a rear-end collision threatens, PRE-SAFE® PLUS can initiate preventive measures, including warning following traffic and locking the brakes on standstill

**Route-based speed adjustment with end of traffic jam function and Active Stop-and-Go Assist** adaption of speed before curves, roundabouts and junctions with end of traffic jam function

# Benefits of driving Mercedes-EQ

MERCEDES-EQ

The EQS is the first all-electric luxury saloon from Mercedes-EQ. With it, Mercedes-EQ is redefining this vehicle segment. The EQS is also the first model to be based on the modular architecture for luxury and executive-class electric vehicles.

## No road fund licence

Mercedes-EQ vehicles have no local emissions – this means you pay no road tax.

## Cleaner vehicle discount

Mercedes-EQ battery electric vehicles are congestion charge and ultra low emission zone charge exempt in London.

## Business benefits

With 100% first-year capital allowances<sup>1</sup> and 2% BIK tax, electric cars offer significant benefits to businesses and employees.

## Performance

Instant torque provides a whole new dimension to driving performance.

## Refinement

Acoustically optimised glass and a near-silent powertrain means that driving Mercedes-EQ provides a sensory experience of luxurious refinement.

<sup>1</sup>100% first-year capital allowances only apply to vehicles less than 50 g CO<sub>2</sub>/km

# EQS

# MERCEDES-EQ

Vehement power immediately from standstill: An electric motor at the rear axle converts electrical into mechanical energy, and delivers impressive forward thrust. The intelligent operating strategy of the powertrain components supplies the power always wherever it is needed at the moment – efficiently and nearly silently.

## EQS 450+

Battery electric vehicle, 360 hp/265 kW  
Electric range 405–452 miles – WLTP

OTR from **£105,610<sup>1</sup>**

## Mercedes-AMG EQS 53 4MATIC+

Battery electric vehicle, 658 hp/484 kW  
Electric range 317–347 miles – WLTP

OTR from **£161,860<sup>1</sup>**

### Standard equipment

AIRMATIC air suspension

Charging cable for wallbox and public charging stations, Type 2 (Mode 3) – 5 metres

Charging socket

Charging system – rated at 11kW AC (EQS 450+)

Charging system – rated at 22 kW AC (Mercedes-AMG EQS 53 4MATIC+)

Charging system – rated at 200 kW DC

Charging socket

Pre-entry climate control

Radar-based recuperation

### Technical details

Electric range<sup>2</sup> 317–452 miles

#### Charging time

Public Rapid charger (200 kW DC) 10–80%<sup>3</sup> 31 mins

Wallbox (22 kW AC) 10–100%<sup>4</sup> 5 hrs

Wallbox (11 kW AC) 10–100%<sup>4</sup> 10 hrs

Home wallbox (7.4 kW AC) 10–100%<sup>4</sup> 15 hrs 30 mins

Range power consumption, combined<sup>2,5</sup> 171–237 Wh/km

Battery type (capacity) lithium-ion (108.4 kWh)

Capacity on-board charger 11 kW AC (EQS 450 +); 22 kW AC (Mercedes-AMG EQS 53 4MATIC+); 200 kW DC

### Attention

Please be aware that external factors such as weather, gradient and ambient temperature amongst others can significantly impact range.

Please also note that internal factors such as driving style and climate control settings etc. can also significantly impact range.

Using the pre-entry climate control when plugged into a charge point will ensure the perfect ambience and ensure that your car is just how you like it, as well as making sure that your battery isn't used unnecessarily to heat/cool the vehicle (maximising range).

<sup>1</sup>The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£780.00 incl. VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price. <sup>2</sup>Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO<sub>2</sub> figures can be found at <http://www.mercedes-benz.co.uk/WLTP>. <sup>3</sup>Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–80% charge using public rapid charging at 200 kW. <sup>4</sup>Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three-phase) or standard socket (single-phase). <sup>5</sup>Specified voltage and current values refer to network infrastructure and can be limited by the vehicle.

# Mercedes me Charge Features

Mercedes *me*

Mercedes me Charge provides access to a multitude of public charging stations located in shopping centres, hotels or at motorway services. A smartphone app as well as the vehicle's navigation system show the precise location, current availability and price at the selected charging station.

## Tens of thousands charging stations in the UK

Growing network of charging providers includes bp pulse the largest charging network in the UK. Customers also get six months free bp pulse membership which reduces the electricity price when charging.

## Access to fast-charging stations

Enables customers to get access to charging stations of different providers with:

- Mercedes me app
- RFID card
- Mercedes-EQ Vehicle Head unit

## Charging settings and pre-entry climate control

Enjoy your feel-good temperature when you enter your vehicle. You can simply preheat or precool the interior by setting the temperature via the Mercedes me app. In addition, the current charge status can be retrieved at any time using the Mercedes me app.

## Navigation with Electric Intelligence

Offering you the greatest possible planning security on the road. Many items of information, such as a fast and convenient route, current state of battery charge, weather data and charging infrastructure, are interlinked. A convenient and time-efficient route is then suggested to you, including charging stops if necessary.

## Charging with IONITY

IONITY unlimited – free rapid charging for one year at all IONITY stations.<sup>1</sup>

## Green charging

All charging using Mercedes me Charge, will be retrospectively 'greened' by Mercedes-Benz. Please click [here](#) for more info.

## Transparent and easy billing

One invoice charging processes for payment.

## Easy access

Charging stations are displayed in Mercedes me app and in MBUX multimedia system.

## No fees

Mercedes me Charge is standard with EQS.

<sup>1</sup>With the Mercedes me connect IONITY unlimited service, charging costs are only included for EQS customers for one year from activation of the service. Please note that this exclusive offer is applicable to the first registered owner of the vehicle only and expires at the end of a period of one year from the activation of the service and cannot be transferred to third parties

Mercedes me Charge Tariffs

Mercedes *me*

For more transparency and predictability, enjoy numerous features tailored to your charging habits with the new Mercedes me Charge fixed-priced tariffs S, M and L. Owners of a new Mercedes-EQ model will be entitled to the Mercedes me Charge tariff L free of charge for the duration of 12 months.

### Tariff L

Recommended for 'frequent drivers'

Choose our tariff L to benefit from the best fixed prices for public charging, including discounted rapid-charging at IONITY charging stations<sup>1</sup> as well as all Mercedes me Charge features. This tariff is recommended for frequent and long-distance drivers.

Consisting of:

- All Mercedes me Charge features
- Fixed prices per kWh (AC: £0.45/kWh; DC: £0.53/kWh)<sup>2</sup>
- IONITY rapid-charging stations discounted (£0.53/kWh)<sup>1</sup>

**Free of charge for the duration of 12 months.**

**Thereafter:**

**£10.90/month**

### Tariff M

Recommended for 'regular drivers'

Should you wish to downgrade your tariff package after 12 months but still want to benefit from fixed prices, discounted rapid-charging at IONITY charging stations and complete transparency, choose tariff M. This tariff is recommended for regular drivers.

Consisting of:

- All Mercedes me Charge features
- Fixed prices per kWh (AC: £0.52/kWh; DC: £0.61/kWh)<sup>2</sup>
- IONITY rapid-charging stations discounted (£0.61/kWh)

**£4.90/month**

### Tariff S

Recommended for 'casual drivers'

Should you wish to downgrade your tariff package after 12 months, there is the option to go for tariff S, which still offers you all the Mercedes me Charge features based on flexible prices per kWh. This tariff is recommended for casual drivers.

Consisting of:

- All Mercedes me Charge features
- Flexible prices per kWh

**£0/month**

<sup>1</sup>With the Mercedes me connect IONITY unlimited service, charging costs are only included for EQS customers for one year from activation of the service. Please note that this exclusive offer is applicable to the first registered owner of the vehicle only and expires at the end of a period of one year from the activation of the service and cannot be transferred to third parties

<sup>2</sup>Tariff rate excludes the BP Pulse charging network    Price information is not guaranteed and is subject to change. Definitive price information can be found on the Digital Charging Solutions page: <https://eu.charge.mercedes.me/web/en/daimler-gb/tariffs>

# Home charging with bp pulse Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a home charger. Charge your vehicle with the home charger up to 3x faster than using a standard domestic socket.

## Home charging with bp pulse: £999\* incl. VAT and standard installation

### Key benefits of bp pulse:

bp pulse is one of the only full-service charging solution providers in the UK – producing and installing tens of thousands of their own smart-enabled and reliable Homecharge units across the country.

A comprehensive 3 year warranty.

The standard installation package includes up to 15 m of external cabling.

It comes with a bundled offer of 3 month free subscription to the public network and 250 free miles of charge.

The bp pulse home unit is designed from the ground up to be user friendly, future proofed and feature packed with an exciting roadmap of over the air updates ahead.

The bp pulse public network consists of over 9,000 charging bays across the UK with the best rates on a subscription basis.

Choice of tethered or un-tethered units.

### OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.<sup>1</sup> To find out whether you are entitled please contact your local Mercedes-Benz Agent.

### Questions?

Please contact your local Mercedes-Benz Agent to submit an enquiry to your chosen charging partner on your behalf. To find your local Mercedes-Benz Agent, please click the button at the top right hand corner.

### Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

\*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

<sup>1</sup>The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). For full details and eligibility criteria for the OZEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>.

# Home charging with Pod Point

Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a home charger. Charge your vehicle with the home charger up to 3x faster than using a standard domestic socket.

## Home charging with Pod Point: £875\* incl. VAT and standard installation

### Key benefits of Pod Point:

Pod Point is one of the leading provider of EV charging in the UK with over 120,000 home chargepoints installed.

A comprehensive 3 year 'swap out' warranty is included.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

Built-in earthing protection removes the needs for expensive earth rods.

The Pod Point public network consists of over 6,200 charging bays across the UK with over 80% of the charge points free to use.

The standard installation package includes up to 15m of external cabling.

Choice of tethered or un-tethered units.

### OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.<sup>1</sup> To find out whether you are entitled please contact your local Mercedes-Benz Agent.

### Questions?

Please contact your local Mercedes-Benz Agent to submit an enquiry to your chosen charging partner on your behalf. To find your local Mercedes-Benz Agent, please click the button at the top right hand corner.

### Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

\*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

<sup>1</sup>The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). ## Services

Geofencing – available to use free of charge for three years following activation<sup>1</sup>, denotes a specific area and notifies via push message when the vehicle leaves or enters this area

Parked vehicle locator – available to use free of charge for three years following activation<sup>1</sup>, shows the position of the parked vehicle in a radius of approx. 1.5 km

Personalisation – available to use free of charge for three years following activation<sup>1</sup>, stores settings such as the radio station or navigation destination in the personal driver profile and enables these to be used in vehicles with the same telematics generation, the profile can be linked to the key, and the functions can therefore already be activated before getting in

Programming of auxiliary heater/ventilation

Remote door locking and unlocking – available to use free of charge for three years following activation<sup>1</sup>, provides convenient remote monitoring

Remote retrieval of vehicle status<sup>1</sup> – shows mileage, tyre pressure, washer fluid level, etc.

Remote vehicle finder – available to use free of charge for three years following activation<sup>1</sup> indicators activated via the app help to draw attention to the vehicle, for example in large, confusing car parks

Sliding sunroof/windows with remote closing and opening including ventilation function to use free of charge for three years following activation<sup>1</sup> for a breath of fresh air in the vehicle available

Send2Car function – available to use free of charge for three years following activation<sup>1</sup>, sends selected addresses via the app to the vehicle's navigation system, for example POIs or restaurants

Stolen Vehicle Help (free of charge for 3 years from activation) – this service reduces the bureaucratic effort required and gives you an advantage in terms of time. In the event of theft, you can report it to the police. You can transfer the police file number (depending on country) plus the relevant vehicle and owner information quite simply via app to our certified partner's security centre. This centre will then coordinate with the local police station to track your vehicle

Valet protect – available to use free of charge for 3 years following activation<sup>1</sup> notifies via the app when the ignition is switched on/off and when the vehicle moves outside a defined radius (1 km, 2.5 km or 5 km)

# Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your EQS.

### Velour floor mats CLASSIC, set, 4-piece

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo. Available in three colours, black, space grey and macchiato beige, these mats are precision-tailored to your Mercedes-Benz. They can be clip-fastened to the floor of the vehicle to prevent slipping. Elegant, high-quality tufted velour mats with embroidered Mercedes-Benz label.  
black: A29768003089J74  
space grey: A29768003081D57  
macchiato beige: A29768003088U20

### Coolbox

Be it cool drinks, a picnic or baby food: the thermoelectric refrigerator box cools upon request and is the perfect companion on any day out. Thanks to its extra thick insulation it can cool up to 5°C, but a max. of 20°C under the outside temperature. It fits perfectly into every Mercedes-Benz vehicle and holds 13 litres. (A0008205409)

### Rear spoiler

A rear spoiler from Mercedes-Benz significantly boosts the car's aerodynamics. Tailored to the contours of the vehicle for a sporty design. Top-class materials produce a high-quality feel. (primed: A2977930100)

### DUO plus child seat, with ISOFIX

Mercedes-Benz 'DUO PLUS', suitable for children between the ages of around 9 months to 4 years (9-18 kg). Featuring ISOFIX attachments to make securely fitting the child seat even easier. The TopTether also offers additional safety. The height-adjustable shoulder belt and three seat positions offer additional comfort. The cover with an exclusive design can be removed and washed. This has been tested to Mercedes-Benz requirements. (A0009704302)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information

# Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO<sub>2</sub> emissions. A first year rate for each taxation band will apply. The table below shows the bands (A–M) created by the DVLA and the corresponding Road Fund Licence. CO<sub>2</sub> emissions and the relevant Excise Duty are shown on the model pricing page.

Band	CO <sub>2</sub> emissions (g/km)	First year rate petrol and RDE2 diesel (£)	First year rate alternative fuel (£)	Electric vehicles		Alternative fuel vehicles		Petrol/diesel vehicles	
				Standard rate (£)	Premium rate (£) <sup>1</sup>	Standard rate (£)	Premium rate (£) <sup>1</sup>	Standard rate (£)	Premium rate (£) <sup>1</sup>
A	0	0.00	0.00	0.00	0.00	0.00	0.00	0.00	0.00
B	1 to 50	10.00	0.00	0.00	0.00	170.00	560.00	180.00	570.00
C	51 to 75	30.00	20.00	0.00	0.00	170.00	560.00	180.00	570.00
D	76 to 90	130.00	120.00	0.00	0.00	170.00	560.00	180.00	570.00
E	91 to 100	165.00	155.00	0.00	0.00	170.00	560.00	180.00	570.00
F	101 to 110	185.00	175.00	0.00	0.00	170.00	560.00	180.00	570.00

# Services and insurance

## Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your EQS, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz. With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation. You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

[Click here for more information](#)

## Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects<sup>1</sup> and up to 30 years warranty against perforation due to corrosion from the inside out.<sup>2</sup> What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.<sup>2</sup>

## Battery Warranty

The battery comes with a 10-year 155,000-mile warranty.

## Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover<sup>3</sup>. It gives you 7 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[Apply for First Cover](#)

<sup>1</sup>Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents

<sup>2</sup>Subject to full Terms and Conditions, dependent on date of registration, available upon request

<sup>3</sup>Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance
