Mercedes-Benz User Experience Premium

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

- Activated by the keywords “Hey Mercedes” or via touch control buttons on the steering wheel, the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection. If you’re feeling chilly, just say “Hey Mercedes, I feel cold” and MBUX will adjust the temperature for you
- MBUX is able to understand different accents and will adjust to you over time

Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the optional 7-inch rear tablet, as well as touch control buttons on the steering wheel

Personalisation

- Turn the new S-Class into your very own Mercedes-Benz, thanks to the biometric authentication with voice recognition in every seat, face recognition (with 3D driver display), finger print scanner and PIN protection
- Take your personal profiles with you between cars – vehicle settings are no longer stored locally but within the user profile, which is connected to the customer’s Mercedes me account
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX – it will tell you the answer

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or a different price. ¹LINGUATRONIC off-board functions are currently available for three years and can be extended via the Mercedes me store

Revolutionary technology

MBUX augmented reality head-up display makes the front windscreen part of the digital cockpit. With the help of transparent projections onto the windscreen, the driver's field of vision is enhanced with relevant information about the current driving situation.

12.8-inch OLED touchscreen central display with augmented reality, fingerprint scanner, haptic feedback and integrated climate controls.

MBUX 7-inch rear tablet with the ability to control many on-board functions.

12.3-inch 3D driver display provides a clear three-dimensional representation of the driving situation and other road users, along with warning and navigation information.

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or a different price.

Mercedes me connect

Stay connected any time, anywhere.

Mercedes *me*

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service – Mercedes me connect helps to keep you and your car safe

Check your car's oil level, tyre pressure and fuel from your phone so you'll be ready for every journey.

Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect

Forgot where you've parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the Mercedes me connect store at shop.mercedes-benz.com/en-gb/connect

Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

ZYNC

The future of in-car entertainment

Bridging the worlds of automotive, software and entertainment, ZYNC's premium in-car digital entertainment platform provides video streaming, on-demand content, interactive experiences, local video programming, sports, news, gaming and much more.

Consisting of:

- Mercedes-Benz channel providing promotional content and other key brand assets
- Movies featuring original tracks, dubbing and subtitles for 28 languages
- Over 1,500 hours of readily available content
- Over 8,000 hours of content by 2023
- Vehicle specific How-To video guides built in

With new content being added regularly, the entertainment programmes can be viewed on the central display.

The prerequisite for ZYNC is an active Mercedes me account with the MBUX Entertainment package, which is currently free of charge for one year from booking and can then be extended for a fee in the Mercedes me portal.

Plug-in Hybrid Electric Vehicle (PHEV)

Benefits of driving a plug-in hybrid.

Our plug-in hybrids feature either a petrol or diesel powertrain, combined with a High Voltage battery and electric motor. Enjoy hybrid mode for maximum efficiency, or all-electric mode for local emission-free driving.

Lower road fund license

Plug-in hybrid vehicles have lower emissions – this means you pay less for road tax.

Cleaner vehicle discount

Plug-in hybrid models qualify for the 100% cleaner vehicle discount within the London Congestion Charge zone.

Business benefits

With 100% first-year capital allowances¹ and lower Company Car tax, electric cars offer significant benefits to businesses and employees.

[Click here for more information](#)

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or a different price. ¹100% first-year capital allowances only apply to vehicles less than 50 g CO₂/km

Plug-in Hybrid Electric Vehicle (PHEV) The Mercedes-AMG S 63 E Performance.

Plug-in hybrid vehicles enjoy the same functionality of full Hybrid technology, with the added benefit that they can be charged from an external electricity source.

Mercedes-AMG S 63 E Performance

Petrol – 3,982 cc, 8-cylinder, 612 hp/450 kW

Electric motor – 190 hp/142 kW

Available as:

Mercedes-AMG S 63 E Performance Touring and
Mercedes-AMG S 63 E Performance Night Edition

OTR from **£186,015¹**

Standard equipment

Acoustic ambient protection – the tone pitch changes depending on the driving conditions. You can therefore also differentiate whether you are braking or accelerating. Above 19 mph, the system is basically deactivated since wind and tyre noise tend to dominate at higher speeds

Charging cable – Mode 3 cable (5 metres, straight) for wallbox and public charging stations

Charging socket

Charging system rated at 11kW AC

Haptic accelerator pedal with ECO Assist

Pre-entry climate control

Radar-based recuperation

Remote and Charging Services Plus

Technical details

Equivalent All-Electric Range (EAER) ²	20 miles
Charging time	
Wallbox (11 kW AC, 3-phase) 10–100% ⁴	3 hrs 15 mins
Range power consumption, combined ^{2,5}	332 kWh/100 km
Battery type (capacity)	lithium-ion (13.1 kWh)
Capacity on-board charger	3.7 kW AC

¹The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£730.00 incl. VAT), new vehicle registration fee (£55.00), fuel (£50.00 incl. VAT), and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price

²The indicated values were determined according to the prescribed measurement method – Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging

³Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–80% charge using public rapid charging at 60 kW

⁴Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three-phase) or standard socket (single-phase)

⁵The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency

--------	------------	----------------	--------	-------------	------------	--------------	--------------	-------------------------	---------------------	-----------------	--------------------	---------------------	----------------	------------------------

Mercedes me Charge

One registration, one contract, one billing.

Mercedes *me*

Mercedes me Charge provides access to a multitude of public charging stations located in shopping centres, hotels or at motorway services. A smartphone app as well as the vehicle's navigation system show the precise location, current availability and price at the selected charging station.

Tens of thousands charging stations in the UK

Growing network of charging providers includes bp pulse the largest charging network in the UK. Customers also get six months free bp pulse+ membership which reduces the electricity price when charging.

Access to fast-charging stations

Enables customers to get access to charging stations of different providers with:

- Mercedes me app
- RFID card
- Mercedes-EQ Vehicle Head unit

Green charging

All charging using Mercedes me Charge, will be retrospectively 'greened' by Mercedes-Benz. Please click [here](#) for more info.

Transparent and easy billing

One invoice charging processes for payment.

Easy access

Charging stations are displayed in Mercedes me app and in MBUX multimedia system.

No fees

Mercedes me Charge is standard for one year with discounted IONITY rapid-charging for one year.

[Book a test drive](#)[Find your S-Class](#)[Find a Showroom](#)

Mercedes me Charge Tariffs

Mercedes *me*

For more transparency and predictability, enjoy numerous features tailored to your charging habits with the new Mercedes me Charge fixed-priced tariffs S, M and L. Owners of a new Plug-in Hybrid model will be entitled to the Mercedes me Charge tariff M free of charge for the duration of 12 months.

Tariff L

Recommended for 'frequent drivers'

Choose our tariff L to benefit from the best fixed prices for public charging, including discounted rapid-charging at IONITY charging stations as well as all Mercedes me Charge features. This tariff is recommended for frequent and long-distance drivers.

Consisting of:

- All Mercedes me Charge features
- Fixed prices per kWh (AC: £0.45/kWh; DC: £0.53/kWh)¹
- IONITY rapid-charging stations discounted (£0.53/kWh)

£10.90/month

Tariff M

Recommended for 'regular drivers'

Should you wish to downgrade your tariff package after 12 months but still want to benefit from fixed prices, discounted rapid-charging at IONITY charging stations and complete transparency, choose tariff M. This tariff is recommended for regular drivers.

Consisting of:

- All Mercedes me Charge features
- Fixed prices per kWh (AC: £0.52/kWh; DC: £0.61/kWh)¹
- IONITY rapid-charging stations discounted (£0.61/kWh)

Free of charge for the duration of 12 months.

Thereafter:

£4.90/month

Tariff S

Recommended for 'casual drivers'

Should you wish to downgrade your tariff package after 12 months, there is the option to go for tariff S, which still offers you all the Mercedes me Charge features based on flexible prices per kWh. This tariff is recommended for casual drivers.

Consisting of:

- All Mercedes me Charge features
- Flexible prices per kWh

£0/month

¹Tariff rate excludes the BP Pulse charging network Price information is not guaranteed and is subject to change. Definitive price information can be found on the Digital Charging Solutions page: <https://eu.charge.mercedes.me/web/en/daimler-gb/tariffs>

Home charging with bp pulse Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a home charger. Charge your vehicle with the home charger up to 3x faster than using a standard domestic socket.

Home charging with bp pulse: £999* incl. VAT and standard installation

Key benefits of bp pulse:

bp pulse is one of the only full-service charging solution providers in the UK – producing and installing tens of thousands of their own smart-enabled and reliable Homecharge units across the country.

A comprehensive 3 year warranty.

The standard installation package includes up to 15 m of external cabling.

It comes with a bundled offer of 3 month free subscription to the public network and 250 free miles of charge.

The bp pulse home unit is designed from the ground up to be user friendly, future proofed and feature packed with an exciting roadmap of over the air updates ahead.

The bp pulse public network consists of over 9,000 charging bays across the UK with the best rates on a subscription basis.

Choice of tethered or un-tethered units.

OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.¹ To find out whether you are entitled please contact your local Mercedes-Benz Agent.

Questions?

Please contact your local Mercedes-Benz Agent to submit an enquiry to your chosen charging partner on your behalf. To find your local Mercedes-Benz Agent, please click the button at the top right hand corner.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

¹Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

¹The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). For full details and eligibility criteria for the OZEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>.

Home charging with Pod Point

Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a home charger. Charge your vehicle with the home charger up to 3x faster than using a standard domestic socket.

Home charging with Pod Point: £875* incl. VAT and standard installation

Key benefits of Pod Point:

Pod Point is one of the leading provider of EV charging in the UK with over 120,000 home chargepoints installed.

A comprehensive 3 year 'swap out' warranty is included.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

Built-in earthing protection removes the needs for expensive earth rods.

The Pod Point public network consists of over 6,200 charging bays across the UK with over 80% of the charge points free to use.

The standard installation package includes up to 15m of external cabling.

Choice of tethered or un-tethered units.

OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.¹ To find out whether you are entitled please contact your local Mercedes-Benz Agent.

Questions?

Please contact your local Mercedes-Benz Agent to submit an enquiry to your chosen charging partner on your behalf. To find your local Mercedes-Benz Agent, please click the button at the top right hand corner.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

Driving Assistance package¹ Cares for what matters.

The new S-Class comes with standard ground-breaking innovations in safety, comfort and driving functions, to help you stay safe on the road.

Standard on all S-Class and Mercedes-AMG S-Class model lines.

Active Blind Spot Assist expanded with blind spot monitoring towards the front and side. Additional hazard indication of the blind spot warning system as well as the exit warning function via the ambient lighting

Active Braking Assist with cross-traffic function now with turning manoeuvre function (responding to (among other things) crossing pedestrians when making a turn). Operating range on urban routes expanded to 74 mph (previously 44 mph)

Active Distance Assist DISTRONIC now responds to stationary road users to prevent collisions up to 80 mph (previously 37 mph)

Active Emergency Stop Assist: now able to assist in manual mode (previously only in DISTRONIC mode). Optional lane change by one lane (at 49 mph where no obstacles detected)

Active Evasive Steering Assist: now responds to cyclists and ends of tailbacks in addition to pedestrians. Operating range on urban routes expanded to 67 mph (previously 44 mph)

Active Lane Change Assist aids the driver with changing lanes by means of steering torque as soon as the driver initiates the change by activating the direction indicator

Active Lane Keeping Assist with enhanced comfort thanks to active steering intervention (instead of braking intervention). Additionally hazard indication via the ambient lighting

Active Speed Limit Assist ensures detected speed limits are automatically adopted as the set speed for Active Distance Assist DISTRONIC

Increased availability and cornering performance on carriageways with **Active Steering Assist**, more stern warnings to put hands on the steering wheel with new capacitive steering wheel

PRE-SAFE® PLUS and Impulse Side: when a rear-end collision threatens, PRE-SAFE® PLUS can initiate preventive measures, including warning following traffic and locking the brakes on standstill

Route-based speed adjustment with end of traffic jam function and Active Stop-and-go function adaption of speed before curves, roundabouts and junctions with end of traffic jam function

Traffic Sign Assist now warns of inadvertently running a stop sign or red light

Type-specific rendering of detected road users across several lanes on the driver display

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

Become the AMG expert

Unleash a new level of performance.

Step into the world of performance and experience the AMG brand at Mercedes-Benz World – from the powerful sound of the engines to the smell of the leather to the unmistakable design of our vehicles.

Mercedes-Benz World invites all Mercedes-AMG customers to a complimentary adrenaline-packed driving experience. Feel the sensational AMG driving performance, develop your driving skills and even try your hand at power-sliding on the Wet Skid Circle. With expert one-to-one guidance from a Driving Specialist in the passenger seat, experience every inch of our Handling Circuits, Dynamic Straight and low friction surfaces.

[Click here for more information](#)

TERMS AND CONDITIONS

The following customers only are eligible: The first purchaser/registered keeper of a newly registered Mercedes-AMG. The complimentary Training must be booked and taken within 12 months of delivery of your Mercedes-AMG, the Training is offered on specific days only and subject to availability. Upgrades are available for an additional cost, details upon request. Transferable to individuals who reside at the same postal address only. Mercedes-Benz UK Limited reserves the right to amend or withdraw this Training experience. Attendees must hold a full UK driving licence. Attendees will be required to sign the Mercedes-Benz World Driving Risk Acknowledgement prior to undertaking the Training experience. The Training experience is also subject to the Mercedes-Benz World Terms and Conditions, as applicable. Invitation is emailed to the customer post-delivery, permission via the customer contact preferences must be given to enable Mercedes-Benz World to contact. Mercedes-Benz demonstrator vehicles are not eligible.

Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your S-Class.

Coolbox

Be it cool drinks, a picnic or baby food: the thermoelectric refrigerator box cools upon request and is the perfect companion on any day out. The thermoelectric refrigerator box cools to up to 5°C, but a max. of 20°C under the outside temperature. This portable coolbox has a textile coating, fitted pockets and a capacity of 13 litres. The coolbox is powered via a 12-volt socket. (A0008205409)

Velour floor mats EXCLUSIV, driver's/co-driver's mat, 2-piece

Exclusive velour mats with exceptionally deep, thick pile, featuring metal badge with Mercedes-Benz lettering. Available in various colours to match your interior. Mercedes-Benz floor mats have to undergo rigorous testing before they are deemed worthy of the star logo. The mats are precision-tailored to your Mercedes-Benz. They can be clip-fastened to the floor of the vehicle to prevent slipping. (A22368065039K26)

Reversible mat

This anti-slip mat by Mercedes-Benz protects the boot floor during loading and unloading. Made from 100% polyester. Double-sided: with rubberised, non-slip side and high-quality velour side. Prevents cargo from sliding around. Protects the load compartment floor from dirt and damp. Easy to clean with warm water. (A2236807604)

Velour floor mats EXCLUSIV, rear, 2-piece

Exclusive velour mats with an exceptionally deep, thick pile. Available in various colours to match your interior. Mercedes-Benz floor mats have to undergo rigorous testing before they are deemed worthy of the star logo. The mats are precision-tailored to your Mercedes-Benz using the vehicle's original CAD data. They can be clip-fastened to the floor of the vehicle to prevent slipping. (A22368082039K26)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Authorised Repairer for more information Images shown are for illustration purposes only

¹Figures according to Directive 80/1269/EEC in the currently applicable version ²The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging ³The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency ⁴Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-80% charge using public rapid charging at 60 kW ⁵Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-100% charge using a wallbox (three-phase) or standard socket (single-phase)

³All figures are based on a standard specification with the smallest tyre size available in the UK

⁴The choice of wheels and transmission may affect CO₂ emissions and corresponding Road Fund Licence

⁵The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK

Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO₂ emissions. A first year rate for each taxation band will apply. The table below shows the bands (A-M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions and the relevant Excise Duty are shown on the model pricing pages.

Band	CO ₂ emissions (g/km)	First year rate petrol and RDE2 diesel (£)	First year rate alternative fuel (£)	Electric vehicles		Alternative fuel vehicles		Petrol/diesel vehicles	
				Standard rate (£)	Premium rate (£) ¹	Standard rate (£)	Premium rate (£) ¹	Standard rate (£)	Premium rate (£) ¹

Services and insurance

Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your S-Class, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz. With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation. It also covers the cost of all recommended service items including brake fluid, spark plugs, air filters, fuel filters and screen wash. You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

[Click here for more information](#)

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects¹ and up to 30 years warranty against perforation due to corrosion from the inside out.² What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.²

Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover³. It gives you 7 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[Apply for First Cover](#)

¹Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents ²Subject to full Terms and Conditions, dependent on date of registration, available upon request
³Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance
