

THE NEW B-CLASS.

Mercedes-Benz

HI, LIFE: THE NEW B-CLASS.

The new B-Class combines dynamism and comfort with plenty of very versatile space. The design is impressive right down the line, too: forward-raked radiator grille with single louvre, sizeable Mercedes-Benz central star and the new headlamp design ensure a charismatic appearance. Whether it's in everyday life or leisure time – the innovative MBUX control concept and the high practicability make the B-Class an ideal companion.

HI, SPACIOUSNESS.

Compact exterior, generous interior: in the compact car segment the B-Class impresses with lots of space and high variability to meet any challenge. Open the EASY-PACK tailgate conveniently at the press of a button and discover the spaciousness and diverse range of uses made possible by sliding rear seats and folding seat backrests: for a maximum load compartment capacity of up to 1540 litres.

HI, TECH.

The second-generation MBUX multimedia system knows you very well – and is now even more intuitive and even more capable of learning. Control the diverse functions conveniently via finger navigation on the 26 cm (10.25-inch) media display, intuitively via voice control or via the new multifunction sports steering wheel with capacitive touch control panels. As an option the Burmester® surround sound system will adjust itself precisely to your entertainment wishes.

The fingerprint sensor shown is currently not available.

A close-up, artistic shot of a car's interior door panel. A horizontal blue ambient light strip is illuminated, running across the panel. Below it, a circular speaker with a blue grille is visible. The panel has a textured, perforated surface. The background shows the car's window and side mirror, with a bright, hazy light source creating a soft glow.

HI, INTERIOR.

The interior impresses with its clear design and a high level of functionality. New trim finishes such as the “Star Pattern” and the new upholstery colour sage grey / black are among the features which lend the newly designed interior that special something. On request the ambient lighting adds colourful highlights with its 64 different colours.

HI, INNOVATION.

The B-Class comes as standard with luxury front seats, impressing with its ideas for conserving resources. The centre seat and backrest surface of the standard seat covers are made of 100% recycled material, for example from recycled PET bottles. The newly designed centre console also offers an additional stowage compartment as well as a sophisticated switch panel.

The fingerprint sensor shown is currently not available.

Mercedes me.

With the Mercedes me connect services and the corresponding Mercedes me Apps you experience added convenience, safety, driving enjoyment and digital support, because they provide you with important information and practical functions for your Mercedes, both in the vehicle and on your smartphone.¹

¹To use the Mercedes me connect services, you must create a Mercedes me ID and agree to the Terms of Use for the Mercedes me connect services. The services shown and their availability and functionalities depend in particular on the vehicle model, year of manufacture, selected optional equipment and country.

Burmester® surround sound system (Optional).

Experience extra performance and exclusivity courtesy of the legendary Burmester® sound. The high-performance speakers deliver first-class surround sound. You can specifically optimise this for the front and rear seats to intensify the listening pleasure. A quality that is also visible thanks to the high-quality Burmester® lettering.

Panoramic sliding sunroof (Optional).

Lets more sunshine into your life: the steplessly retractable panoramic sliding sunroof ensures a pleasantly light ambience and a refreshing feeling when driving with it open. When viewed from the outside, the generous sliding sunroof likewise makes a unique visual impression, as it lends lightness and exclusivity to the exterior.

MULTIBEAM LED headlamps (Optional).

See the world in a new light: the adaptive MULTIBEAM LED headlamps in the new B-Class impress with an even more precise design. And provide excellent illumination of your field of vision. The rear lights also shine out in a new design. On closer inspection, you can even recognise the Mercedes-Benz star pattern.

Progressive.

With the Progressive equipment line you can add highlights on and in your B-Class in a targeted way. The visible tailpipe trims in chrome underscore the dynamic credentials of the Sports Tourer on the exterior. In the interior you have a larger selection of colours and materials to choose from for the seat covers.

HIGHLIGHTS ON THE EXTERIOR

Radiator grille with central Mercedes star in addition to single louvre in matt grey

Visible tailpipe trim elements and rear apron with trim in chrome

43.2 cm (17-inch) 10-spoke light-alloy wheels (25R), aerodynamically optimised and painted in black with a high-sheen finish
