

THE NEW A-CLASS

Mercedes-Benz

CLASS FOR EVERY DAY.

Automotive luxury for every day: the new A-Class Hatch blends effortless sportiness with luxury-class comfort and brings a new sense of dynamism to the compact segment. Discover a flexible everyday companion that lets you tackle any challenge with class.

DYNAMIC FROM EVERY PERSPECTIVE.

The perspective from which most observers will perceive the new A-class. With the new LED rear lamps that come as standard and the distinctive rear diffuser, the new A-Class is perfectly prepared for interested glances.

*Overseas model shown. Night package shown not available in Australia.

EXPRESSIVE FRONT-END DESIGN FOR MAXIMUM PRESENCE.

More than ever before, the exterior of the new A-Class epitomises emotion and sporty aspiration. It all starts with the progressive front end, with its striking radiator grille with Mercedes-Benz pattern and flat, optional MULTIBEAM LED headlamps*. And then follows through with accents such as the powerdomes on the downward-sloping bonnet.

*Overseas model shown. Night package shown not available in Australia.

*MULTIBEAM LED headlamps optionally available on A 200 and A 250 4MATIC as part of the Plus Package. Standard on AMG models.

RELAXATION BEGINS WHILE DRIVING.

Simply drive off and arrive relaxed. The new A-Class pampers you as required with premium comfort highlights. Enjoy the emotively appealing ambient lighting and immersive listening experience with the optional legendary Burmester® surround sound system** on every journey.

*Overseas model shown. Progressive Line shown not available in Australia. Sun Yellow paint shown available on A 45 S 4MATIC+ only.
**Burmester® surround sound system optionally available as part of the Plus Package. Standard on AMG models.

COMFORT FOR EVERY DAY.

The high-quality and innovative interior welcomes you with striking design: from the multifunction sports steering wheel with Touch Control buttons to the digital display and control elements.

*Overseas model shown. Fabric seats shown not available in Australia.

Media display with 10.25-inch LCD colour display.

The second generation of the innovative MBUX Entertainment System* makes the interior of the new A-Class even more digital. Experience this intuitive operating system on the standard 10.25-inch media display.

*Unless stated otherwise, all use of applications, multimedia, connectivity and software solutions (Applications and Data Content) contained within or associated with the vehicle are provided to users subject to terms and conditions. In some cases, the Applications and Data Content may be provided by third parties, not Mercedes-Benz Australia/Pacific Pty Ltd (MBAuP) and may be subject to third party terms and conditions. Whilst MBAuP shall use its reasonable endeavours to provide an uninterrupted experience, we cannot guarantee ongoing or uninterrupted supply noting that such services may be subject to interruption, change, discontinuance or limitations. In some circumstances, specific features or services may no longer be able to be supplied or will need to be supplied in a different form (eg where there is a change to our third party service providers on which the feature or service relies; where there is a regulatory change or change in law affecting the feature or service; where, in our discretion, we amend or replace the feature or service). We will make reasonable efforts to inform you of such changes where they materially affect the services you receive. Please refer to the relevant terms and conditions for more information including device compatibility, connectivity and capability requirements.

MULTIBEAM LED.

On the motorway, on rural roads or in urban traffic: the adaptive MULTIBEAM LED headlamps* use intelligent lighting functions to illuminate the road surface for you in accordance with the situation, so ensuring outstanding visibility. This is because the headlamps react to the current traffic situation with the aid of individually controlled LEDs.

*MULTIBEAM LED headlamps optionally available on A 200 and A 250 4MATIC as part of the Plus Package. Standard on AMG models.

New 3-twin-spoke multifunction sports steering wheel.

You can also look forward to next-generation steering controls in the new A-Class. The 3-twin-spoke multifunction sports steering wheel in black nappa leather* includes seamlessly integrated Touch Control buttons that make operation easy thanks to intuitive inputs.

*Leather upholstery may contain some areas upholstered with synthetic ARTICO material to increase durability and reduce long-term wear and tear.

New light-alloy wheels in a progressive design.

Last but not least, the flush light-alloy wheels play a key role in the self-assured appearance of the A-Class. The new wheel designs underscore its sporty character.

*Wheels shown available as optional equipment.

AMG Line.

Demonstrate that you value sportiness. The distinctive AMG Line bodystyling gives your A-Class a closer resemblance to the AMG models. Further elements in the interior, such as the sports seats with integrated head restraints, reinforce this expressive overall impression. The sporty engine sound also offers plenty of additional driving pleasure.

*Fingerprint scanner depicted not available in Australia.

THRILL FOR EVERY DAY.

Every Mercedes-AMG is a masterpiece in its own right, with an unmistakable character. What unites our performance vehicles and sports cars is their irrepressible sporting spirit. Their passion for top performance. It is generated at the point where engineering skill meets a very special attitude: the spirit of AMG. We believe that you have to keep on challenging limits in order to achieve new goals. We accept nothing as a given. Because limits are imposed by people, and it's also people who can overcome them. It's this attitude that enables us to achieve outstanding performance for motor racing – and for the road.

Welcome to the world of AMG.

The best for the engine:
Mercedes-Benz genuine engine oils.

*Figures stated (including declared fuel consumption and emission figures) are determined by testing under track and/or standardised laboratory conditions which are (where applicable) conducted in accordance with ADR 81/02. The figures stated are for the purposes of comparison amongst vehicles tested under the same technical procedures only. Real world figures (particularly acceleration, fuel consumption and emission figures) may vary and are influenced by many additional factors such as, fuel quality, individual driving style, load, traffic, environmental and road conditions, ambient temperatures and vehicle condition.

Dimensions.

All figures in millimetres. The dimensions shown are mean values. They are valid for vehicles with standard equipment and in unladen condition.

Please note: Changes to the design, form, colour and the product specification may have been made to the product since publication of this ePaper on July 2023. Images may show accessories and items of optional equipment which are not part of standard specification. This publication is distributed internationally.
