## Sustainable production.

The Rastatt factory, where the new EQA is built, reduced its CO<sub>2</sub> output by 58% from 2011–2019 and all our Mercedes-Benz factories around the world plan to be CO<sub>2</sub> neutral by 2022.

## Sustainable materials.

To ensure the responsible mining of cobalt, lithium and other battery raw materials, Mercedes-Benz has already made the IRMA Standard for Responsible Mining a contractual component for all future vehicle projects.

## Sustainable mobility.

Locally emission-free driving pleasure, virtually silent with full access to inner city zones. All our vehicles come as standard with an external acoustic warning to alert pedestrians or cyclists at speeds under 19 mph.

# Mercedes me Charge - Green charging

To promote the use of electricity from renewable energies, Mercedes-Benz uses guarantees of origin to 'green' the charging process.

This ensures that an equivalent amount of electricity from renewable resources is fed into the grid to compensate for the charging of your EQA.

All new EQAs have Mercedes me Charge as standard and the Green Charging guarantee is included with this.

# Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice, touch or optional gesture input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Multi-gesture touchpad control

MBUX multimedia system with DAB digital radio

## Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC<sup>1</sup> lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you

## Personalisation

- Turn the new EQA into your very own Mercedes-Benz by personalising driving modes, radio stations, ambient lighting and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

## Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touchpad on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

## Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a charging station? Just ask your MBUX – it will tell you the answer

<sup>1</sup>LINGUATRONIC off-board functions are currently only available for three years

# Mercedes me connect

Stay connected any time, anywhere.

# Mercedes me

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

## Safety and Service – Mercedes me connect helps to keep you and your car safe

Check your car's washer fluid level, tyre pressure and battery level from your phone so you'll be ready for every journey.

## Infotainment – Online and Entertainment services from Mercedes me connect

Love music? Get a 3-month free subscription to Tidal when you connect your car.

## Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect

Forgot where you've parked? Parked Vehicle Locator<sup>1</sup> will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Retailer or visit the Mercedes me connect store at [shop.mercedes-benz.com/en-gb/connect](http://shop.mercedes-benz.com/en-gb/connect)

## Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock<sup>2</sup> you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

## Mercedes-EQ specific services

Check your charging status on the go and programme your pre-entry climate control and charging settings remotely. The Mercedes-EQ specific navigation considers electrical range, topography and charging stations.

<sup>1</sup>Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

<sup>2</sup>Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

# Benefits of driving Mercedes-EQ

**MERCEDES-EQ**

Mercedes-EQ couple the locally emission free, refined drive and effortless powertrain of an electric vehicle with the luxury, elegance and high-quality craftsmanship of a Mercedes-Benz.

[› Click here for more information](#)

## Lower running costs

We've partnered with Go Ultra Low, a joint Government and car industry campaign, to give you unbiased advice on making the switch to an electric car. Use Go Ultra Low's cost saving calculator to see how much you can save. Click **here** to discover more.

## Performance

Instant torque provides effortless driving pleasure.

## No road fund licence

Mercedes-EQ vehicles have no local emissions – this means you pay no road tax.

## Cleaner vehicle discount

Mercedes-EQ battery electric vehicles are congestion charge and ultra low emission zone charge exempt in London.

## Business benefits

With 100% first-year capital allowances<sup>1</sup> and 2% BIK tax, electric cars offer significant benefits to businesses and employees.

## Refinement

Acoustically optimised and a near-silent powertrain means that driving Mercedes-EQ provides a sensory experience of luxurious refinement. All our vehicles come as standard with an external acoustic warning to alert pedestrians or cyclists at speeds under 19 mph.

<sup>1</sup>100% first-year capital allowances only apply to vehicles less than 50 g CO<sub>2</sub>/km

# EQA

# MERCEDES-EQ

The EQA is the first all-electric member of the compact car family from Mercedes-Benz. Offering locally emission-free, efficient driving combining driving pleasure and performance with dynamic design.

## EQA 250+

Battery electric vehicle, 190 hp/140 kW  
Electric range 309–328 miles – WLTP

## EQA 300 4MATIC

Battery electric vehicle, 228 hp/168 kW  
Electric range 258–267 miles – WLTP

## EQA 350 4MATIC

Battery electric vehicle, 292 hp/215 kW  
Electric range 258–267 miles – WLTP

### Standard equipment

Acoustic ambient protection – the tone pitch changes depending on the driving conditions. You can therefore also differentiate whether you are braking or accelerating. Above 19 mph, the system is deactivated since wind and tyre noise tend to dominate at higher speeds

AC charging system rated at 11 kW AC

Charging cable for wallbox and public charging stations, Type 2 (Mode 3) – 5 metres

Charging socket

DC charging system rated at 100 kW DC

Pre-entry climate control

Radar-based recuperation

Suspension – comfort suspension as standard

### Technical details

Electric range <sup>1</sup>	258–328 miles
Charging time	
Public Rapid charging (100 kW DC) 10–80% <sup>2</sup>	32 min (35 min for EQA 250+)
Wallbox (11 kW AC) 10–100% <sup>3</sup>	5 hrs 45 min – 6 hrs 30 min
Home wallbox (7.4 kW AC) 10–100% <sup>3</sup>	8 hrs 30 min – 10 hrs
Range power consumption, combined <sup>1,4</sup>	186–177 Wh/km
Battery type (capacity)	lithium-ion (66.5 kWh)
Capacity on-board charger	11 kW AC; 100 kW DC

### Attention

Please be aware that external factors such as weather, gradient and ambient temperature amongst others can significantly impact range.

Please also note that internal factors such as driving style and climate control settings etc. can also significantly impact range.

Using the pre-entry climate control when plugged into a charge point will ensure the perfect ambience and ensure that your car is just how you like it, as well as making sure that your battery isn't used unnecessarily to heat/cool the vehicle (maximising range).

<sup>1</sup>Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO<sub>2</sub> figures can be found at <http://www.mercedes-benz.co.uk/WLTP> <sup>2</sup>Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–80% charge using public rapid charging at 100 kW <sup>3</sup>Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three-phase) or standard socket (single-phase) <sup>4</sup>Specified voltage and current values refer to network infrastructure and can be limited by the vehicle

# Mercedes me Charge Features

# Mercedes *me*

Mercedes me Charge provides access to a multitude of public charging stations located in shopping centres, hotels or at motorway services. A smartphone app as well as the vehicle's navigation system show the precise location, current availability and price at the selected charging station.

## Tens of thousands charging stations in the UK

Growing network of charging providers includes bp pulse the largest charging network in the UK. Customers also get six months free bp pulse membership which reduces the electricity price when charging.

## Access to fast-charging stations

Enables customers to get access to charging stations of different providers with:

- Mercedes me app
- RFID card
- Mercedes-EQ Vehicle Head unit

## Charging settings and pre-entry climate control

Enjoy your feel-good temperature when you enter your vehicle. You can simply preheat or precool the interior by setting the temperature via the Mercedes me app. In addition, the current charge status can be retrieved at any time using the Mercedes me app.

## Navigation with Electric Intelligence

Offering you the greatest possible planning security on the road. Many items of information, such as a fast and convenient route, current state of battery charge, weather data and charging infrastructure, are interlinked. A convenient and time-efficient route is then suggested to you, including charging stops if necessary.

## Charging with IONITY

Discounted IONITY rapid-charging for one year at all IONITY stations.

## Green charging

All charging using Mercedes me Charge, will be retrospectively 'greened' by Mercedes-Benz. Please click [here](#) for more info.

## Transparent and easy billing

One invoice charging processes for payment.

## Easy access

Charging stations are displayed in Mercedes me app and in MBUX multimedia system.

## No fees

Mercedes me Charge is standard with EQA.

# Mercedes me Charge Tariffs

For more transparency and predictability, enjoy numerous features tailored to your charging habits with the new Mercedes me Charge fixed-priced tariffs S, M and L. Owners of a new Mercedes-EQ model will be entitled to the Mercedes me Charge tariff L free of charge for the duration of 12 months.

## Tariff L

**Recommended for ‘frequent drivers’**

Choose our tariff L to benefit from the best fixed prices for public charging, including discounted rapid-charging at IONITY charging stations as well as all Mercedes me Charge features. This tariff is recommended for frequent and long-distance drivers.

Consisting of:

- All Mercedes me Charge features
- Fixed prices per kWh (AC: £0.30/kWh; DC: £0.39/kWh)<sup>1</sup>
- IONITY rapid-charging stations discounted (£0.26/kWh)

**Free of charge for the duration of 12 months. Thereafter: £16.20/month**

## Tariff M

**Recommended for ‘regular drivers’**

Should you wish to downgrade your tariff package after 12 months but still want to benefit from fixed prices, discounted rapid-charging at IONITY charging stations and complete transparency, choose tariff M. This tariff is recommended for regular drivers.

Consisting of:

- All Mercedes me Charge features
- Fixed prices per kWh (AC: £0.35/kWh; DC: £0.45/kWh)<sup>1</sup>
- IONITY rapid-charging stations discounted (£0.45/kWh)

**£4.90/month**

## Tariff S

**Recommended for ‘casual drivers’**

Should you wish to downgrade your tariff package after 12 months, there is the option to go for tariff S, which still offers you all the Mercedes me Charge features based on flexible prices per kWh. This tariff is recommended for casual drivers.

Consisting of:

- All Mercedes me Charge features
- Flexible prices per kWh

**£0/month**

<sup>1</sup>Tariff rate excludes the BP Pulse charging network

# Home charging with bp pulse Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a home charger. Charge your vehicle with the home charger up to 3x faster than using a standard domestic socket.

## Home charging with bp pulse: £999\* incl. VAT and standard installation

### Key benefits of bp pulse:

bp pulse is one of the only full-service charging solution providers in the UK – producing and installing tens of thousands of their own smart-enabled and reliable Homecharge units across the country.

A comprehensive 3 year warranty.

The standard installation package includes up to 15m of external cabling.

It comes with a bundled offer of 3 month free subscription to the public network and 250 free miles of charge.

The bp pulse home unit is designed from the ground up to be user friendly, future proofed and feature packed with an exciting roadmap of over the air updates ahead.

The bp pulse public network consists of over 9,000 charging bays across the UK. Average costs are between £0.30–£0.55 per kW across fast, rapid and ultra-rapid charge points with the best rates on a subscription basis.

Choice of tethered or un-tethered units

### OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.<sup>1</sup> To find out whether you are entitled please contact your local Retailer.

### Questions?

Please contact your local Retailer to submit an enquiry to your chosen charging partner on your behalf. To find your local Retailer, please click the button at the top right hand corner.

### Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

\*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

<sup>1</sup>The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). For full details and eligibility criteria for the OZEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>.

# Home charging with Pod Point Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a home charger. Charge your vehicle with the home charger up to 3x faster than using a standard domestic socket.

## Home charging with Pod Point: £875\* incl. VAT and standard installation

### Key benefits of Pod Point:

Pod Point is one of the leading provider of EV charging in the UK with over 120,000 home chargepoints installed.

A comprehensive 3 year 'swap out' warranty is included.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

Built-in earthing protection removes the needs for expensive earth rods.

The Pod Point public network consists of over 6,200 charging bays across the UK with over 80% of the charge points free to use.

The standard installation package includes up to 15m of external cabling.

Choice of tethered or un-tethered units.

### OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.<sup>1</sup> To find out whether you are entitled please contact your local Retailer.

### Questions?

Please contact your local Retailer to submit an enquiry to your chosen charging partner on your behalf. To find your local Retailer, please click the button at the top right hand corner.

### Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

\*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

<sup>1</sup>The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). <sup>1</sup>The indicated values were determined according to the prescribed measurement method – Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. Battery Electric Vehicles (BEV) require mains electricity for charging, range figures determined with the battery fully charged. <sup>2</sup>Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO<sub>2</sub> figures can be found at <http://www.mercedes-benz.co.uk/WLTP> <sup>2A</sup>A different first year rate of Vehicle Excise Duty (Road Fund Licence) applies for new cars. Please refer to page 45 for the relevant rate for the second and subsequent years <sup>3</sup>The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£780.00 incl. VAT), new vehicle registration fee (£55.00) and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price

# Driving Assistance package

The Driving Assistance package<sup>1</sup> contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency.

**Driving Assistance package<sup>1</sup>** (code PAY) – designed and priced as a package

**Available on all models**

**Total incl. VAT £1,495.00**

Active Distance Assist DISTRONIC

Active Brake Assist

Active Blind Spot Assist

## Active Distance Assist DISTRONIC

- Active Speed Limit Assist
- Extended automatic re-start on motorways
- Route-based speed adaptation with end of traffic jam function

**Active Blind Spot Assist with Exit warning function** can warn the driver of vehicles in the blind spot when driving or when opening the door to exit the vehicle

## Active Steering Assist

- Active Emergency Stop Assist with SOS function – immediate emergency braking if evasion is impossible
- Active Steering Assist prevents unintentional drifting out of lane through targeted steering intervention

**Active Brake Assist** with turning manoeuvre function, cross-traffic function and congestion emergency braking function

**Evasive Steering Assist** can support the driver in making evasive manoeuvres if, in a dangerous situation, he/she moves to avoid any pedestrian detected by the system

## Active Lane Keeping Assist

**Pedestrian warning function near pedestrian crossings**

<sup>1</sup>Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

# Trailer coupling with ESP® trailer stabilisation

**Trailer coupling with ESP trailer stabilisation<sup>1</sup>** (code 550)

**Available on all models**

**Total incl. VAT £750.00**

Expand your transport options: with this practical equipment you can hitch up both trailers or caravans and also mount cycle racks. The trailer coupling is ready for use in no time at all – and can be folded in again behind the rear bumper just as quickly when it is no longer needed.

Operating safety is the top priority: to fold out the trailer coupling, you must first unlock it via the control button in the boot. As soon as the button light goes out, the trailer coupling is correctly engaged and is therefore ready for use.

Even when driving you can benefit from a comprehensive safety concept: the ESP® trailer stabilisation is able to intervene automatically in critical situations when driving with a trailer. The associated sensor system detects the trailer independently as soon as the electric plug is connected to your vehicle.

The ESP® stabilisation functions are automatically active from a speed of 40 mph. When undesired oscillating motions are detected, the Trailer Stability Assist actively dampens these with the aid of alternate brake actuation of each individual wheel. In most cases this is already sufficient to reduce dangerous oscillations. If necessary, the system additionally reduces the speed: for this, the engine torque is reduced and the vehicle is braked via all four wheels.

<sup>1</sup>Please be aware fitment of this option will impact expected range

## Battery and Charging

	AMG Line Sport	AMG Line	AMG Line Premium
11kW AC on-board charger	●	●	●
66.5 kWh battery	●	●	●
100 kW DC on-board charger	●	●	●
CCS-2 connector (Combined Charging System, compatible with AC and DC)	●	●	●
Charging cable – Mode 3 cable (5 metres), enables you to charge the vehicle battery via the wallbox or at public charging stations at up to 11kW	●	●	●
IONITY – one year, Rapid charging with IONITY	●	●	●
Mercedes me Charge – three year subscription – fully integrated access to a host of public charging stations. A single contract covers all billing. One-time registration and activation as part of Mercedes me connect. Use via app, MBUX multimedia system or RFID card	●	●	●

## Steering and Suspension

Comfort suspension	●	●	●
Cruise control	●	●	●
DYNAMIC SELECT – three different drive programs: ECO, COMFORT and SPORT. Five recuperation levels: D Auto (ECO Assist, standard setting); D + (coasting); D (low recuperation); D - (medium recuperation); D - - (high recuperation)	●	●	●

## Exterior

Adaptive Highbeam Assist	●	●	●
AMG Line bodystyling	–	●	●

EASY-PACK tailgate	●	●	●
Electrically operated panoramic glass sunroof	–	–	●
Heat-insulating dark-tinted glass	●	●	●
LED high-performance headlamps	●	●	●
Mirror package – automatically-dimming interior and exterior driver's mirrors; heated electrically-folding exterior mirrors	●	●	●
Parking package with reversing camera	●	●	●
Polished aluminium roof rails	●	●	●
Progressive bodystyling	●	–	–
Surround lighting with projection of brand logo	●	●	●
Windscreen wipers with rain sensor	●	●	●

## Wheels

18" alloy wheels – 5-spoke design, aerodynamically optimised, painted black with a high-sheen finish, 235/55 R18 tyres on 7.5J × 18 ET53.5 wheels (code R31)	●	–	–
18" AMG alloy wheels – 5-spoke design, aerodynamically optimised, painted high-gloss black with a high-sheen finish, 235/55 R18 tyres on 7.5J × 18 ET53.5 wheels (code RQQ)	–	●	–
19" AMG alloy wheels – 5-twin spoke design, aerodynamically optimised, painted high-gloss black with a high-sheen finish, 235/50 R19 tyres on 7.5J × 19 ET53.5 wheels (code RTF)	–	–	●
Summer tyres	●	●	●

## Standard equipment

● Standard      – Not available

## Interior

Ambient lighting – 64 colours, Colour changing based on temperature setting. Dynamic mode: atmospheric colour changes thanks to slow, stepless transition between different colours. When plugging in the charging cable, each state of charge is visualised for approx. 30 seconds, similar to the LED in the charging socket: establishing connection (pulsating yellow), ready to charge (continuous yellow), battery is being charged (pulsating green), battery full (continuous green)	●	●	●
Auto-dimming interior mirror	●	●	●
Door sills	●	–	–
Door sills – illuminated with 'EQA' lettering	–	●	●
Double cupholder	●	●	●
Floor mats – AMG	–	●	●
Floor mats – velour	●	–	–
Interior Light package	●	●	●
Multifunction sports steering wheel in nappa leather	–	●	●
Multifunction steering wheel in leather	●	–	–
Pedals – aluminium with rubber studs	–	●	●
Pedals – rubber	●	–	–
Rear armrest with through-load feature	●	●	●
Seat Comfort package – including manual front passenger seat height adjustment, manual seat cushion angle adjustment for the driver and front passenger and driver manual seat cushion depth adjustment for improved seating comfort thanks to a 60 mm greater supporting surface for the thighs	●	●	●

Seats – comfort seats	●	–	–
Seats – heated front seats	●	●	●
Seats – sports seats	–	●	●
Shift paddles	●	–	–
Shift paddles – galvanised	–	●	●
Stowage compartment with retractable cover	●	●	●
Stowage package – 12V socket left of the luggage compartment; collapsible crate under load compartment floor; map pockets on backs of the front seats; stowage compartment under load compartment floor (lockable); twin USB charging ports in the rear (type C)	●	●	●
THERMOTRONIC automatic climate control	●	●	●

### Paint, Trim and Upholstery

Paint – non-metallic	●	●	●
Roof lining – black fabric	●	●	●
Trim – aluminium	–	●	●
Trim – spiral-look	●	–	–
Upholstery – ARTICO man-made leather	●	–	–
Upholstery – ARTICO man-made leather/DINAMICA microfibre	–	●	●

# Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your EQA.

**DUO plus child seat, with ISOFIX**

Safe and secure: children between the ages of 9 months and 4 years (weight 9 to 18 kg) will enjoy travelling in the 'DUO plus' child seat from Mercedes-Benz. The seat offers optimum protection in the event of an accident. A quick change of position: sitting, reclining and sleeping positions are adjustable with one simple manoeuvre. (A0009704302)

**KIDFIX XP child seat, with ISOFIX**

Support and safety for older children too: The KIDFIX XP child seat is suitable for children between the ages of 3.5 to 12 years (body weight of 15–36 kg). It is securely attached to the vehicle using ISOFIX. The front-facing seat can also be secured in place using the 3-point seat belt. (A0009704902)

**Coolbox**

Be it cool drinks, a picnic or baby food: the thermoelectric refrigerator box cools upon request and is the perfect companion on any day out. Thanks to its extra thick insulation it can cool up to 5°C, but a max. of 20°C under the outside temperature. It fits perfectly into every Mercedes-Benz vehicle and holds 13 litres. (A0008205409)

**Floor mats trays, dynamic squares, front, 2 piece**

Made from robust, washable TPE material for heavy use. Completely covers the footwell. The higher edges and the surface design keep dirt and water at bay. Branded with the distinctive Mercedes star logo. (A24368086009051)

**Door handle recesses, large, 2-piece**

High-shine door handle recesses in chrome design. Protect the recess behind the door handle from scratches and offer a high-quality, individual look. (A2057604000)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Retailer for more information

Images shown are for illustration purposes only

--------	----------------	------------	-------------	-----------	--------------	----------------------	------------	--------------	-----------------	--------------------	---------------------	----------------	------------------------

**Boot tub, shallow**

For everyday transport choose the easy-care boot tub. The shape of the tub, with its slightly raised edge, is optimally tailored to the load area. Structured surface prevents the load from sliding around. (A2438140000)

**Stowage crate**

The robust plastic stowage box creates order in the boot. The box can be divided into two sections using the enclosed rigid dividing element and be combined with the Mercedes-Benz boot tub thanks to the ribbed structure at the bottom. Capacity: 51 litres. (A0008140400)

All the above accessories are subject to availability and compatibility. Please ask your Mercedes-Benz Retailer for more information      Images shown are for illustration purposes only

# Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO<sub>2</sub> emissions. A first year rate for each taxation band will apply. The table below shows the bands (A–M) created by the DVLA and the corresponding Road Fund Licence. CO<sub>2</sub> emissions and the relevant Excise Duty are shown on the model pricing page.

Band	CO <sub>2</sub> emissions (g/km)	First year rate petrol and RDE2 diesel (£)	First year rate all other diesel (£) <sup>1</sup>	First year rate alternative fuel (£)	Electric vehicles		Alternative fuel vehicles		Petrol/diesel vehicles

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price  
<sup>1</sup>Applies to all Mercedes-Benz diesel models which do not comply with RDE (Real Driving Emissions) Step 2 Certified (Euro 6d)  
<sup>2</sup>Premium rate only applicable to vehicles where the list price is over £40,000 including any factory-fitted options, standard UK delivery charge and VAT

# Services and insurance

## Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your EQA, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz.

With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation.

You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

[› Click here for more information](#)

## Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects<sup>1</sup> and up to 30 years warranty against perforation due to corrosion from the inside out.<sup>2</sup> What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.<sup>2</sup>

## Battery Warranty

The battery comes with an eight-year 100,000-mile warranty.

## Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover<sup>3</sup>. It gives you 7 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Retailer. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[› Apply for First Cover](#)

<sup>1</sup>Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Retailers

<sup>2</sup>Subject to full Terms and Conditions, dependent on date of registration, available upon request

<sup>3</sup>Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance
